Sir,-

With reference to your letter of the 12th instant, I beg to say that cheque for your June quarter salary as teacher of the Telegraph Creek Indian Day School is going forward addressed to you at 1445 - 13th Ave. West, Vancouver, B.C.

Owing to a change in our accounting system, there has been some delay in forwarding cheques for the past quarter. The Department regrets any inconvenience that has been caused you in this regard.

Your obedient servant,

J. D. Sutherland.

Dear Sir:

To date I have not received grant due June 30th 1932 on receipt of my Quarterly Returns as Teacher at Telegraph Creek B.C.

I have communicated with Mr Harper Reed, Indian Agent at Telegraph Creek and have not as yet received any reply.

The reason I write is that I had depended on this for my fare to Telegraph Creek for the opening of School. If in the meantime, my cheque has not been mailed would it be possible to obtain same. Thanking you for an early reply.

Yours Truly,

Don. C. McLevitt.

Sir,

I beg to submit herewith the Telegraph Creek Assisted Day School Return ending June 29 th 1934.

It will be observed that it is far from good, the reason for this being that the Indians are now feeling the depression to some extent, and have all moved out to their fish camps and other such places where Moose and living is easier to obtain.

Also to some little extent Mr Will Thorman, now in charge of his late father's Mission, that of Thaltan Village, has started in, to teach some of the children residing out at the Fish Camp, which is a very good idea indeed; and it is thought that this movement will grow in size.

There are, of course, more White and Halfbreed children attending the Telegraph Creek School now so that the loss of some Indian Children is not so serious to the school its-self, but does cut down the Teachers Salary.

I am.

Sir,

Your obedient servant.

	NOTE: To December 31st, 1944, the Department allowed \$2.00 a month for tuition of Indian children attending white schools in B.C. Since January 1st, 1945, we have been allowing \$3.50 a month. If the amount payable to the Telegraph Creek Public School was computed at these rates the payment would be much higher than that requested by the Official Trustee and under these circumstances I recommend that the account be paid at \$91.00.

The attached voucher No. 91,
covering an account for tuition grant for Indian
children attending Telegraph Creek Public School, is
submitted for payment.

I am unable to calculate how
the teacher arrives at his figures, but respectfully
suggest the Department tax the account at the standard
rate.

The teacher was advised that
up until December 31, 1944, the former rate of \$20.00
for each child, based on average attendance, would be
effective, and that from January 1, 1945 the increased
rate of \$35.00 should be charged.

RE: Telegraph Creek Public School

Application is made herewith for
five dozen tooth brushes to be used by the Indian children
attending the Telegraph Creek Public School during the
1952-53 school year.

The new water system for the school
is nearly completed at this time and will be in operation
before the start of the school year. This will enable the
teachers to supervise the oral hygiene of the pupils.

Sir,-

I beg to acknowledge the receipt of your letter of the 21st ultimo, requesting authority to purchase ten desks for the Telegraph Creek Day School.

As you are aware, this is a combined White and Indian School and the capital expense is really not the concern of this Department. We allow a fair grant towards the teacher's salary and it is felt that the local school trustees should supply the necessary equipment other than the books required for the Indian children in attendance.

Sir,

Assistant Commissioner C.C. Perry Esq from
Victoria. B.C? is now paying this Agency a visit of in-
spection.

Upon visiting the local school it was found
that the seating accommodation for the Indian Scholars
was short a matter of 10 desks.

I was then instructed to write the Department
requesting that some assistance be given this school and
that 10 Desks be furnished for the Indian children's use.

If this request can be granted, may an Order Wire be
sent to Indian Agent Ball of Vancouver B.C. instructing
him to order this number of Desks from The Crown Manufac-
turing Coy of Vancouver B.C. and that same be despatched
at once, so that the last river boat going up the Stikine
River might bring same.

The sizes of the desks required would be all medium.

TELEGRAPH CREEK
INDIAN DAY SCHOOL

Several of the 19 Indian children who attend the Provincial Public School are in need of better desk accommodation, there being insufficient desks for their use. Agent Reed was advised to ask the Department to authorize the purchase of new desks as may be reasonably required, not exceeding ten in number. Some school books are also wanted for which the Agent will make requisition. It is thought that assistance should be granted in the manner suggested, since no school tax is imposed in the district either upon white or Indians and the school is remotely situated. In a conversation with one of the local school trustees, Mrs. Hyland, I was advised that difficulty is experienced in securing from the Provincial Education Department sufficient equipment for the proper carrying out of school work here. No doubt, lack of school taxation in Telegraph Creek is responsible.

COMMISSIONER'S OFFICE,

VICTORIA, B.C. September 15, 1930.

Sir:

I beg to refer to the report of the Assistant Indian Commissioner dated August 30th in regard to his inspection of the Stikine Indian Agency. On page ten (10) he refers to School Affairs at Telegraph Creek. This portion of the report was sent to the Provincial Department of Education which points out that that Department provides free of cost to rural districts all pupils' desks that are required in any of the rural schools of the Province, and that all that is necessary is for the School Board to apply to the Education Department giving the actual number of desks of each size (small, medium or large) that are needed at the school. The district itself is expected to provide all other necessary equipment and supplies for the teacher. As a large number of Indian children are in attendance at Telegraph Creek the Superintendent of Education considers it to be in order for the Department of Indian Affairs to make a small yearly grant of say \$25.00 to \$30.00 for school supplies and maintenance.

I have sent instructions to Agent Reed to take the matter of the school desks up with the School Board at Telegraph Creek with a view to their making requisition for necessary school desks.

With regard to other equipment and maintenance, I would recommend that this Department provide a grant as indicated by the Superintendent of Education. The same could be expended when necessary by arrangement between the Indian Agent, the local Trustees and Board of Education.

Your obedient servant,

W. E. Ditchburn.

I have your 45/18852 of the 15th ultimo, with reference to a combined public and Indian day school at Telegraph Creek. I wish to correct the impression that there is a large attendance of Indian children at this school. For the past year, the average attendance has been but 6. The Department pays the teacher \$500 for the academic year and provides classroom supplies to the extent of about \$20 per annum. In view of this, do you still think that we should make a yearly grant towards maintenance?

Dear Sir:

I have the honour to acknowledge receipt of Departmental letter dated October 4th, No. 158-5-5, with reference to the accommodations for Indian children at the combined public and Indian day school at Telegraph Creek.

In reply thereto I beg to say that during the visit of the Assistant Commissioner to Telegraph Creek he was informed that there were 19 Indian children enrolled and on referring to these in my communication of September 15th as being a large number, this was intended to be comparative as the institution is but a small rural school. In view of the fact that the Department is already providing classroom supplies to the extent of about \$20.00 per year, I beg to say it is thought that if the grant referred to in my previous letter is to be made the amount therein should be inclusive of the \$20.00 referred to by the Department. I would suggest that the grant be made elastic as between \$20.00 and \$30.00 per year and should be drawn upon as the interest of the Indian children at this school may demand upon the record of attendance and the Agent's reports.

Sir:-

In reference to the Rev. Mr. Swartout's application for permission to open a school at Ucluelet, and according to your instructions in letter of 17th. of July 623 J.2. I have the honor to report that I spoke to the Indians on this subject during my visit there the end of July, and found that the Indians had been chary in making promises with regard to a school, they having been promised a teacher before on two occasions and been disappointed; however they expressed themselves as being very anxious to have their children taught and offered the use of a house for teaching in till Mr. Swartout settled on a site for erecting a school-house, they also offered to give a piece of land for the purpose. The tribe number 172 and there should be an attendance of 20 pupils. Mr. Swartout would like to make a trial of the school before building.

Sir,

W. W. G.

I have to acknowledge the receipt of your letter of the 13th instant enclosing Mr Agent Guillod's report on the application of the Rev. Mr Swartout for permission to establish an Indian School at Ucluelet, which report should have accompanied your letter of the 29th ulto: and in reply I have to refer you to the concluding paragraph of Departmental letter of the 10th inst: in which you were informed that the Department could make no payment for this school, no funds for the purpose having been provided.

Your obedient servant,

Sir,

In answer to your letter of the 18th Inst 430 K2 I beg to state that the name of the Tribe referred to, in my Tabular statement is Cowhulhlat the Band number on last Census 172 No of children 45, of School age 22 - The number of children and young people likely to attend school 20. Since Mr Swartout's application I have had no opportunity of meeting the whole of the Tribe, those I spoke to expressed their wish to have a school but said they would not make great promises till they saw the school started as they had been promised a school by Missionaries several times before which promises had not been fulfilled. The name of the Reserve on which the school is to be established is St. Tatso it is situated near the entrance of Uchuelet Arm, Western side of Barclay Sound. I think if the school is opened the attendance would only be good two quarters in the year, during the winter months; it is hard to give an opinion as to the utility of the school without making a trial, which as Mr Swartout has obtained permission to use the late Agency House on that Reserve will not be difficult or expensive.

In connection with the Rev^d Mr Swartout's application for permission to establish an Indian school at Ucluellet in the West Coast Agency I have the honour to enclose herewith Mr Agent Guillod's last report relative thereto.

This Report appears to contain all the information requested in your letter of the 10th instant. I beg however to explain that in the "Annual Report of the Department for Indian Affairs" for the year ending 30th June 1893 the name of the Tribe is spelled Emek-wil-lah-ah whereas Mr Guillod spells the name Ew-lah-wil-lah substituting u for m in the first syllable of the name of the Tribe and e for w in the second syllable.

Mr. Hayter Reed,

Deputy Superintendent General of Indian Affairs,

O t t a w a.

Dear Sir:-

I am instructed by the Foreign Mission Committee of the Presbyterian Church in Canada, to make application to the Government for a grant to an Indian School at Uclulaut. The facts concerning it, are the following:-

1. The School was opened about the beginning of September, 1894.
2. Mr. Swartout, our Missionary, a practical teacher of Normal School standing, and of some years experience, is at present, taking charge of the school, and reports that there are 45 names on the roll of whom 23 are between 5 and 17 years of age, of the remainder 19 are over 17 years, and 3 or 4 are outsiders temporarily residing in that vicinity.
3. The average attendance, so far, has been only 10 or 11, which is partly owing to the location of the building, but chiefly due to the untamed character of the people.

Mr. Swartout cherishes the hope that after some time, and considerable patient struggle, the average will be twenty (20) at least.

(2) Mr. Reed.

4. The F. M. C., has engaged another competent teacher, Mr. J. W. Russell, who is also a young man of experience, and devoted to the welfare of the Indians. He expects to enter upon his duties in a few days.

5. Application was made last year for a grant for a School at this point, by Mr. Swartout, through Mr. Guillo, the Agent at Alberni. That correspondence is in the hands of the Department. It was therefore thought well to renew the application this year to the Department directly, and thus avoid delay.

Hoping the Government will give this application favorable consideration, and find it possible to make such a grant as the facts of the case will justify.

I have the honor to acknowledge the receipt of your letter of the 27th ultimo making application for a grant to an Indian school at Uclulukt, in British Columbia, which you state was opened about the beginning of September last; and in reply I beg to say that, owing to the great reductions which will be made in our Estimates for next year, the Department will be unable to contribute anything towards the maintenance of this school. No provision will be made for any new schools, and in fact some already in operation will, I fear, have to be discontinued.

My Dear Sir:-

Yours of the 13th., inst., reporting that the Indian Department has been able to make a payment of \$150.00 to the teacher at Uclulaht has been submitted to our Executive, and I am instructed to express our cordial thanks for this contribution to our work.

I think we all realise the difficulties incident to Departmental work, and appreciate your efforts to assist us in this and in other Schools. I trust it will be possible for you to secure an annual grant, and in doing so you may feel assured that you are contributing towards the support of men who command our absolute confidence. I do not think we have in all our service better men than Mr. Swartout and Mr. Russell, whose educational attainments and moral worth fit them in an eminent degree for the responsibilities laid upon them. Already we are receiving reports that are very encouraging, as to their influence in that region.

Dr. Moore has kindly sent me your letter, dated Aug. 20th, as to the liquor trade in British Columbia, which I shall submit in due time to our Committee. I can now assure you, in advance,

Sir,

You will recollect the sad death of the Rev. M. Swartout of Ucluelet. His widow & daughter, a girl of perhaps 20 years of age remain there & the Church propose to allow them a salary to carry on the school & attend to evangelistic work among the Indians. The suggestion is that Mrs. Swartout should carry on the day school but should have permission to allow her daughter to assist or take her place in the school if her health should not always allow her to teach. The girl passed for the High School a year or two ago & is a very quiet steady lady. Mrs. Swartout is also, I think quite qualified to teach such a school but neither of them have a certificate & the Church writes me asking if that fact or allowing them both to teach would interfere with the grant from the Dept. I am going to Ucluelet next week & will have an opportunity to notice how they get on with the work but meantime have the honor to enquire whether you would have any objection to Mrs. Swartout being appointed teacher, tho not holding a diploma & also whether the daughter might be allowed to assist in the teaching occasionally, subject of course to there being no falling off in the work of the school. They are not of course well off & the Church would like to help them. I do not think there would be any danger of deterioration to the school.

I am sorry if we neglected to notify you of Mr. Vanderveen's application and to seek the Department's approval of his appointment. The correspondence with him was conducted in October last, although he did not enter upon his duties until February.

In his application he states that he has had a High School education, - followed by a special course at Cornell University. Before going west he had two year's city mission work, and during the three years of his service at the Regina School, whilst he was farm instructor, he came into touch with every department of the work on the Reserve, as well as the school. We felt that we could scarcely expect to get a man with better qualifications for so secluded a spot as Ucluelet. He was very highly recommended by Mr. Heron, the principal of the Regina school, as well as by Rev. Mr. Henry, Presbyterian minister at Regina. So far I believe the indications are that the appointment is a good one. He seems to have entered into his work with a good deal of interest and writes as though enjoying it.

The frequent changes amongst the workers in the Indian work is embarrassing, but I think we are gradually getting a higher grade into the service. We have probably on the Plains one or two yet who are not very efficient, but all the others are, I believe, capable and doing satisfactory work. I hope Mr. Vanderveen's appointment will meet with your approval.

I am,

Yours sincerely,

RFM/MBA.

I have the honor to enclose herewith a copy of a letter, dated the 29th ultimo, No. 733/5, received from Mr. Agent Neill of the West Coast Agency respecting the sad death of the Rev. M. M. Swartout of Ucluelet some months ago by which the Ucluelet Indian day school is deprived of the services of one who for some years past labored faithfully to instruct the youth of the band in the subjects usually taught at such institutions.

The work hitherto carried on by Mr. Swartout now devolves upon his widow and daughter who, from the statements made by the Agent, are quite qualified to teach such a school, although neither of them, as he remarks, holds a certificate. Under the circumstances I would ask that for the present at any rate Mr. Neill's suggestion be given effect.

Report dated, - June 21st, 1916.

This school is not making much contribution to the
solution of the Indian problem.

There is a shortage of pupils at Ahousat boarding
school. If five pupils were taken each year from this
reservation and enrolled in the Ahousat boarding school,
then the Uclulelet day school could be closed and I am
satisfied that the results from an educational standpoint
would be much more satisfactory.

This (object) change could perhaps be brought
about now as Mr. Vanderveen expects to become the
principal of Ahousat boarding school in place of Mr.
Ress who has resigned.

Work at Barkley Sound.

Dr. Wilson, District Superintendent for British Columbia, reported that he had, on the recommendation of the Synod's Committee, conferred with the Women's Missionary Society, re the best method of carrying on the mission work among the Indians and the white population of Barkley Sound.

On motion of Dr. Wilson, the Board decided:

(1) That J. T. Ross, missionary and teacher at Ucluelet, be asked to conduct services at Kildonan Cannery and Numuckmus, as well as at Ucluelet, provided the Government will allow Mrs. Ross to take charge of the school in his absence.

(2) To recommend that the Women's Missionary Society provide Mr. Ross with \$200 per year for travelling expenses.

Dear Mr. Scott:-

In your communication to us dated August 20th, in reference to Ucluelet, you write as follows:-

"I think it would be well to continue the day school at Ucluelet as formerly. I note that the attendance there has been very satisfactory, and, pending some arrangement to place the children in boarding schools, the day school should be kept in operation".

Following your suggestion, we have retained Mr. Ross as teacher at Ucluelet. In looking up our files I find that we are only receiving from the Government at the rate of \$400 per year for this work. Would it not be possible for the Government to increase the salary of Mr. Ross? You are giving us at the rate of \$750 a year for Mr. Vanderveen, the teacher at Ahousaht. It would seem reasonable that a rule which applies to a school like Ahousaht should also apply to Ucluelet. Will be glad if you can increase the salary of the teacher at Ucluelet beginning January 1st, 1918.

Yours sincerely,

REPORT OF INSPECTOR CAIRNS ON THE UCLUELET DAY SCHOOL.

513253

Attendance is not at all satisfactory. Parents are not interested in education.

Mr. Ross has now resigned as teacher.

Mrs. Chas. Clark of Toronto, Secretary of Indian Work for the W.M.S. of the Presbyterian Church, was present during my inspection of this school.

She informed me that they had engaged a qualified ~~teacher~~ and experienced teacher to take charge of this school, -September 1st, 1918.

RECOMMENDATION,-

I would most respectfully recommend that the Agent of this reservation visit the Indians after their return from fishing and notify them of the fact that a capable teacher had come to take charge of their school and further that the Department expected them to send their children regularly to school.

If after this warning they do not send their children to school, the Agent should get the names of some two or three of the most irregular pupils and place these on one of the boarding schools.

This, I believe, would stimulate the attendance.

I may inform you that it has not been the policy of the Department to pay the railway fares of teachers going to take charge of Indian schools.

The Department would be prepared to pay a salary at the rate you mention, viz.- \$750.00 per annum, for a qualified teacher and, if Miss Lawrence is willing to take charge of this school on these terms, the Department would be glad to accept her services. Dear Mr. McLean:-

118335/1.

Yours of April 12th to hand, re the appointment of a teacher to Ucluelet School. You will, by this time, have my letter of the 12th, in which I suggest the name of Miss Gertrude Lawrence. I think the Department should give the \$50 extra and make her salary \$75 a month for the teaching months.

I am not sure whether you have been in the habit of closing the school at Ucluelet during July and August. If you are planning to do this during the present summer, it would hardly be worth Miss Lawrence's while going forward.

Has it been the policy of the Government to pay the railroad fare of the teachers going to work, or will Miss Lawrence have to take care of this expense herself?

I have taken up the matter of accommodation of the teacher with our W.M.S. and they notify me that we have a mission house at Ucluelet which can be used by Miss Lawrence. She is quite prepared to take possession of this. I understand that the house has been furnished in part at least by our women so the teacher should be very comfortable. Mr. Ross may be in the house now but he will leave soon. I do not expect he will live in Ucluelet, as this will not be the centre of his work. He will, of course, take charge of the work at Ucluelet.

Dear Mr. McLean:- No. 118335/1.

Since writing you the other day, re teacher for Ucluelet, I have had an interview with Miss Gertrude Lawrence. Miss Lawrence was teacher at the Assiniboia School, Saskatchewan for some time, and I understand gave very satisfactory service to the Government. The reports we had from our representatives indicate that she was a very efficient teacher. She is willing to take the work at Ucluelet, but, of course, could not do so at a salary of \$400.00 a year. When she was in Saskatchewan, the Government paid her \$720 per year. Salaries have gone up a little since that, so I would judge that she should receive \$75 a month for the ten teaching months. She would be satisfied with a salary of \$750 per year.

Kindly let me know if you approve of the appointment of Miss Lawrence at this salary.

Dear Mr. McLean:-

118335/1.

Yours of March 18th to hand, in which you advise us that Mr. J. T. Ross, teacher at Ucluelet Indian Day School on the Pacific Coast has tendered his resignation. We had a similar notice from Mr. Ross.

At the meeting of our Board of Home Missions held last week, there was before us a request from the Presbytery of Victoria, recommending "that Rev. J. T. Ross be appointed missionary at Barkley Sound". We agreed to the appointment of Mr. Ross as missionary. He will now give all his time to this work. He has been provided with a motor boat and will do the work of missionary on the Sound.

This leaves the day school at Ucluelet without a teacher. I have taken this matter up with our Home Mission Convener for the Presbytery and with our District Superintendent, Dr. Wilson. They assure me that it would be quite impossible for them to secure a teacher for \$400. You will remember that I wrote you January 7th in regard to this. You replied January 14th, that the Department is unable to allow more than \$400. As the arrangement has been previously, our Board gave Mr. Ross

\$500 and the Department gave him \$400, making a salary of \$900. Now that Mr. Ross is to give all his time to missionary work, I presume it will be necessary to employ a teacher who will give all her time to teaching.

Kindly advise us what we should do in the matter.

Sir, -

In a recent report on the Ucluelet day school, Inspector Cairns makes the following recommendation, -

"I would recommend that the Agent of this reserve visit the Indians after their return from fishing and notify them of the fact that a capable teacher had come to take charge of their school and further that the Department expected them to send their children regularly to school."

You will be good enough to carry out the Inspector's recommendation as soon as the Indians have returned to their village. If the children are not sent regularly to school, you should enforce the regulations strictly. Possibly, if you made an example of some of the worst offenders it would have a beneficial effect on the rest.

After your visit to this reserve, the Department will expect to receive from you a report stating what success you had in carrying out these instructions.

Reverend Sir,-

Inspector Cairns has informed the Department that you have secured a qualified teacher for the Ucluelst day school.

In your letter of April 15th, last, you stated that you expected that Miss Lawrence would take charge. Is this the teacher you have in view or have you obtained someone else?

If it is not Miss Lawrence would you kindly state the qualifications, experience etc. of the person that is to teach.

Dear Dr. Scott,-

I have just had a letter from the Women's Missionary Society, intimating that Miss Gertrude Lawrence, teacher at the Indian Day School at Ucluelet, has withdrawn her resignation sent in some time ago. Apparently her health has improved somewhat and we are very glad to notify you accordingly, as Miss Lawrence has been such a satisfactory teacher.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, March 13, 1920.

MEMORANDUM.

Mr. Scott, -

Rev. Mr. Edmison, Secretary of the Board of Home Missions of the Presbyterian Church, requests that Miss Gertrude Lawrence be appointed teacher of the Ucluelet Day School at a salary of \$900.00 per annum, to succeed the present teacher, who is resigning on March 31st, next.

Miss Lawrence's record in the service of the Department is as follows, - She was appointed teacher at the Assiniboine Day School in September, 1910, at a salary of \$550.00 per annum. This was increased to \$720.00 on the first of January, 1911, and she remained at this school until June 30th, 1916. She was appointed teacher at Ucluelet on September 4th, 1918, at \$750.00 and remained there until June 30th, 1919, when she was transferred to the Cote's Day School at the same salary and left there on December 31st, last. It is now requested that she be again appointed teacher at Ucluelet at an increased salary of \$900.00 per annum.

OK
She has a Second Class Professional Ontario Certificate, with normal training, and also a Second Class Professional Certificate for Alberta.

Inspector Cairns, reporting on her work at Ucluelet, states that the school had a successful year, largely due to the fact that the teacher has been zealous and efficient. She knows how to present a lesson so as to interest the pupils. Her reason for leaving Ucluelet was lack of accommodation, and she thought the salary should equal that paid to the public school teachers in the same community.

I should be pleased to be informed as to whether her

Dear Mr. McLean,-

I have just received a letter from Dr. G. A. Wilson, our District Superintendent for British Columbia, in which he intimates that Rev. J. F. Ross who has charge of the Indian school at Ucluelet, has resigned. His resignation is to take place Mar. 31st. Dr. Wilson says that he has been fortunate in securing Miss G. Lawrence a former teacher and he is taking the liberty of offering her the school at a salary of \$900 per year, here work to begin April 1st. I trust this will be satisfactory to the Department. Miss Lawrence gave satisfaction to all concerned when she had charge of this work before.

Yours sincerely,

Dear Sir,-

At the meeting of the Executive of our Board held last week I conferred with Dr. Wilson, our District Superintendent from Vancouver, in regard to securing a teacher for Ucluelet. Dr. Wilson strongly advised that a male teacher should be sent to an isolated point like Ucluelet. It does not seem possible to keep a lady teacher there for any length of time. While we had our missionary Mr. Ross living there, the teacher stayed with them and seemed contented, but now the situation is different. Dr. Wilson says he could secure a male teacher but fears he could not accomplish this with a salary of \$750. He thinks he could secure a man on the coast for \$900 or \$1000. Through ^{him} I learn that the Government is already paying \$900 to some of the Indian teachers on the coast, and at schools where the attendance is no larger, if as large. I will be glad to know by return mail if you can see your way clear to provide a salary of \$900 if we can secure the man.

Yours sincerely,

I beg to inform you that we are advised by our Indian Agent at Port Alberni, B. It will be necessary to obtain the services of another teacher to succeed Miss Lawrence, to begin duties on or about the 1st of November, next. I shall, therefore, be pleased if you will take up the matter of nominating a suitable teacher for this school, and submit the name, qualifications and experience of the teacher obtained. I may add that a change was made in the summer holiday period at this school. It was found that the average attendance was higher during the summer than the other months of the year, as most of the Indians are on the Reserve during that time. Dear Sir,

Enclosed is a letter which has just been forwarded to me (from the reserve at Uchueh, B.C.)— from the Inspector of Taxation, Vancouver, disputing my last Income Tax return.

On account of the change which was made a year ago in the payment of the day-school teachers, I received only \$810 salary for 1923, instead of \$900. That meant \$225 for the March and June quarters, \$90 for the September quarter, and \$270 for the December quarter. With the \$150 bonus, there was a total of \$960, instead of the \$1050 which I had reported for the previous 3 years.

I am wondering whether all Day-school teachers lost in the same way by the change ^{in payment}, or whether it was an oversight that I did not receive the \$90 which I thus lost.

I will be glad to have you look into

Sir:

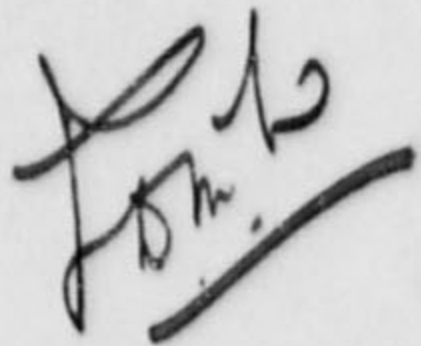

I have to refer to official letter of the 17th instant, regarding the obtaining of the services of a teacher for the Ucluelet Indian Day School. We are informed by the Presbyterian Church authorities that Miss Gertrude Lawrence intimated to them that she had changed her mind and would remain as teacher for a while at least. It will, therefore, not be necessary to secure another teacher at the present time. As a change was made in the holiday period at this school, in accordance with your request of June 5th, last - the school being closed during the months of September and October - it is presumed that Miss Lawrence will return in time to resume duties on the first of November, next.

Dear Mr. McLean:-

I received yours of Sept. 17th, re the appointment of a teacher to Ucluelet Indian Day School. Miss Lawrence, in the early summer, intimated her desire to give up the work at Ucluelet but in a communication we received about September 1st, she intimated that she had changed her mind and would remain for a while at least. So I think it will not be necessary to secure any one just now.

Yours sincerely,

ENCLOSURE.

Madam,-

I have to acknowledge the receipt of your letter of the 4th instant, with reference to the amount paid you as teacher of the Ueluelet Indian Day School during the calendar year 1923. I am enclosing a letter which you may forward to the Inspector of Taxation at Vancouver.

With reference to the last paragraph of your letter, I beg to say that salaries of teachers of Indian day schools are paid according to the school year which begins on September 1st and ends June 30th.

From September 1, 1923, payments have been made on a basis of ten teaching months in the school year and in your case this means a payment of \$90.00 for September and \$270.00 for each of the other quarters. Previous to September 1, 1923, salary was paid on a quarterly basis and you were then paid \$225.00 a quarter, or, \$900.00 for the school year. You have not, therefore, been underpaid.

Your obedient servant,

Dear Dr. Scott,-

I have just had word from our District Superintendent, Dr. G. A. Wilson, in which he intimates that he has engaged Mr. Donald McDevitt as school teacher for Ucluelet. He is a certified teacher and has taught in Alberta. He is prepared to live in the Mission House and may take some services in addition to teaching. He will take charge immediately and Dr. Wilson says he feels sure that he will do good work. We have informed him that he will receive \$900 from the Government. Dr. Wilson tried to get Miss Currie but she was not able to accept the appointment.

I trust this appointment meets with your approval.

Yours sincerely,

I have yours of December 16th. re the supply of a teacher for the Ucluelet Indian Day School. I saw Dr. Wilson, our District Superintendent for British Columbia, last week, and he promised me that a teacher will be engaged without delay.

I showed him your letter in which you suggested the names of Miss Lenora Currie, and Miss M.D.L. Pickles, of Denman Island. He said that he had already offered the position to someone but had not had a definite reply. If the lady to whom he has offered the position does not accept, he will engage Miss Currie.

Hope to write you in a few days submitting a name for your approval.

With further reference to your letter of the 13th inst. on the subject of the opening at the Indian Day School at Ucluelet, I would be much obliged if you would advise the Secretary of the Home Missions that if he wants a teacher in a hurry I can recommend him two local girls, one Miss Lenora Currie of Alberni, who was brought up at the Indian School, and therefore has considerable knowledge of their language and customs, and the other is Miss M.D.L. Dear Dr. Edmison:

I wish to draw to your attention that the Ueluelet Indian Day School, on the west coast of Vancouver Island, has been closed for over a year, due to the inability of your Society to find a suitable teacher. Prior to 1918, the missionary on the reserve taught the school, but for seven years a Miss Gertrude Lawrence was the incumbent. She lived with the missionary.

I am very desirous of having this activity re-opened and I should be grateful if you would let me know if you have a missionary at this point. If so, there should be no difficulty in securing a young lady who would be well qualified for the post. If there is no missionary there, could you not secure someone with teacher's qualifications and arrange for his early incumbency? The Department will allow \$900 for the academic year for the teaching services.

We wrote to the General Secretary of Home Missions, United Church of Canada, who is associated with us in the conduct of the school; but he has not made a nomination of a suitable worker. I am writing again today and I trust that the class will commence some time in January. There is no teacher's residence at this school, but there is good accommodation at the missionary's home. Dear Dr. Scott:

I am asked by a resident of Ucluelet, B.C., to ask why there is not a teacher for the Indian day school there. He says that he is on the School Board and the Indians are applying to him to be permitted to attend the White School. My friend says he took it up with the head of the Union ^{Church} Mission Society and was told they could not find a suitable teacher. By that he means somebody that will do missionary work as well. So far as teachers are concerned it is notorious - there is a large surplus available. I could name one or two in Alberni.

My friend seems to think that your Department gives a grant of around \$1000. a year but if I recollect right it is only \$75.00 a quarter - is it not? At the

I am told that there are nearly thirty children available. I have the honour to request the Department, s
attention to my No, 231/29 of 13th instant, re the suggested clo-
sing of the Ucluelet Day School for the summer holidays, and advise
the Department that Dr, Guy, F, Palmer on the 16th instant found it
advisalbe to close the school for two weeks owing to several fresh
cases of Measles having occurred among the Indians, and the school
was so closed.

As several of the Indians whose families are not
effected are moving to other points to avoid the disease, the atten-
dance at the school after two weeks, if it is then found advisa-
ble to re-open the school, would so materially reduced that the
number of schollars would not warrant it, I have therefore inst-

in my letter above quoted.

Sir:

I have your letter of the 10th instant, with further reference to the summer holiday period at the Ueluelet Indian Day School. In this connection it is noted that the Indians will be leaving for the various fishing plants at the end of this month and that the number of pupils who would remain after that time would not warrant keeping the school open until the middle of August, as was authorized by the Department. This school may therefore close for the summer holidays at the end of the present month until the first of October, next. You should inform the teacher.

Sir:-

I have the honour to refer to Department letter No 159-27-1 of June 22nd, re the closing of the Ucluelet Day for the summer holidays.

I beg to advise the Department that owing to the fishing season being early this year, that is, fish running earlier than usual, a majority of the Indians whose children form the pupilage of the Ucluelet Day School, will be leaving Ucluelet for the various fishing plants at the end of this month and the number of pupils that will be at Ucluelet after that time will not warrant keeping the school open until the middle of August as authorized by the Department letter above quoted. The Department's permission to close the school for the summer holidays at the end of July is requested please

I have the honour to submit for the consideration and decision of the Department the suggestion of the teacher of the Indian Day School at Ucluelet, B.C. that the said school should delay the summer holidays until the middle of August, provided that the attendance remains such as to warrant that action.

I beg to recommend the above suggestion. The attendance at the school is still good and is likely to remain fair until about the second week in August when the Indians will in all probability move to fishing plants for dog salmon fishing.

Should the Indians move from the vicinity of the school, unexpectedly, before that time the Department will be so advised immediately.

I have the honour to refer to Department letter No. 159-27-1, dated Ottawa June 15th, 1927, re closing the Ucluelet Day School for summer holidays, and in accordance with instructions contained in the latter para thereof beg to advise the department that Mr. Mc Devitt, the teacher at that school has this day informed me that after August 15th the attendance at that school will be reduced to about 6 pupils, owing to the parents of the pupils leaving Ucluelet for the various fishing plants,

In view of the teachers report of shortage of pupils, I am advising the teacher to close the school for the summer holidays from 14th instant until October 16th both dates inclusive, as by that date it is believed a sufficient number of pupils will have returned to Ucluelet to warrant the school being again opened, I respectfully request the approval of the Department of the action taken.

Sir:-

On making the customary Reserve patrol when in Ucluelet and investigating certain reports that had been given by Indians, according to your instructions I investigated the reported religious activities at the Ucluelet Indian Church on the Itatsoo # 1 Reserve.

On Sunday 26th. February, 1933. at 10,P.M. I arrived at the Ucluelet Indian Church on the Itatsoo Reserve. There I found the Indians and Miss Ryckman together with a Mrs. Moore(a sister of Miss Ryckman, the teacher and missionary), engaged in a strange religious practice. These practices seemed to consist of working the Indians up to a frenzy and then they would all chant and some of the Indians would come up to the front of the Church and face the wall and after some time had elapsed they would start to break into an unintelligible gibberish, this gibberish was neither English, Chinook or the Indian language. I watched for some time and then the Indians started to leave the front of the Church, then noticed that there were several prostrate on the floor and that there was, what appeared to be a sheet, or some white cloth fastened up to the wall and that the Indians had been facing this. During the time I was there I heard no religious instruction of any kind, but songs were chanted and religious ejaculations were heard throughout the crowd. Mrs. Moore was at all times at the front of the church and was passing through the Indians and inciting them in these demonstrations, ~~with~~ Miss Ryckman was at the rear of the church, holding her hands over her head and chanting. I left the vicinity of the church shortly after the closing of the services at 11.45, p.m. and proceeded to the M. S. Duncan Scott where I made my verbal report to you.

I have enquired from some of the most reliable Indians re these services and they all report that it is the practice to hold them very late at night and that they are held every night but Monday.

March 7th,1933.

Sir:-

As requested by you,I made a patrol of the
Ueluelet Indian Reserve(Itatsoo No 1.)on Sunday March 12th 1933.

On arriving near the Church my attention was called to unusual sounds aparently coming from the vicinity of the church,I went ove over to that building and looked through the window,there were about a dozen persons in the Church,two of whom were white women, and the rest Indians,they were practicing what appeared to be some form of religeous ceremony or rite,they were chanting,moaning and posturing and making uninteligable noises also waving their arms and gesturing,there was some object on the wall at the end of the church,that they seemed to be attracted to,I could not make out what it was, I arrived at the church at approximately 11 p m and left at approximately 12 m n at which time the service was still continuing.

On questioning an Indian youth(one Willie Tutube)who was on the sidewalk by the Church,he informed me that one of the white women taking part in the service was Mrs Moore,a sister of Miss,E.B.Ryckman the United Church Missionary teacher at the Ueluelet School,Mis Rickman was the other,he also stated that these services are held a number of times each week and that they often lasted until 2 or three oclock in the morning.

Sir:-

I have the honour to acknowledge receipt of the Department's letter of April 18th re religious activities at Ucluelet Day School, with reports from the R.C.M.P and Provincial Police of B.C. bearing on the matter.

I beg to advise the Department that those reports were intentionally sent to the Department, they having been omitted from this Agency monthly report for March, the letter accompanying them so stated.

Re the above mentioned matter, I beg to advise the Department that for some two months ^{reports} had been reaching this office verbally, of unusual religious ceremonies being carried on at the Ucluelet Church and conducted by Miss, E.B. Ryckman the teacher at Ucluelet school and assisted by her sister Mrs. Moore, these verbal reports were made by whites as well as Indians and apparently were causing ridicule of the religious denomination which the Ucluelet Church represents. As I am not conversant with the regular form of worship practiced by the United Church and did not consider myself competent to judge whether the ceremonies being carried on at Ucluelet were the regular form of worship or not, I requested the R.C.M.P and the B.C. Police to attend at one or more of these meetings and make a report on what actually happened, the enclosed reports were made of meetings that took place on entirely different dates.

After having received these reports I sent copies of same to the Rev. F.E. Pitts, who is an ordained Minister of that faith, for his information and if he considered it advisable, his action. Mr. Pitts later informed me verbally that he reported the matter to the United Church Mission Board at Toronto. To ensure that the Department being conversant with what had occurred, the attached reports were submitted to Ottawa.

I am convinced of the wisdom of the Department's intended action to request the United Church to change the teaching service at Ucluelet as I feel sure that a change would benefit the teacher herself and be in the interest of the Church.

Reverend Sir:

The Department has received, through Mr. Agent Frost, Port Alberni, B. C., reports from the R. C. M. P. and the Provincial Police of British Columbia, regarding an investigation made by them into the religious activities being carried on by Miss E. B. Ryckman, the teacher of the Ucluelet Indian Day School, and her sister, Mrs. Moore. The Agent states that he also forwarded copies of these reports to the Reverend F. E. Pitts, Principal of the Alberni Indian Residential School, who informed Mr. Frost that he had reported the matter to the United Church Mission Board, Toronto.

In view of these reports, it is considered that a change in teaching service should be made at this school for the coming academic year and Miss Ryckman notified that her services will not be required after the 30th of June, next. Mr. Agent Frost states he feels sure "that a change would benefit the teacher herself and be in the interests of the Church".

I should be pleased if, after consideration of the enclosed reports, you would inform the Department whether you would approve of a change of teacher at this school. If so, the services of a qualified teacher should be obtained, to begin duties when the school re-opens after the summer holidays, on or about September first, next. The Department understands that Mr. Barry, Inspector of Indian Schools for B. C., has a number of applications of qualified teachers. Should a successor to Miss Ryckman be appointed, the name, qualifications and experience should be submitted, in due time, to the Department for approval.

Ottawa, May 12, 1933.

Sir:

I have your letter of the 4th instant, regarding the religious activities being carried on by the teacher of the Ucluelet Indian Day School and enclosing copies of reports from the R. C. M. P. and the Provincial Police of British Columbia, bearing on the matter.

The Department is forwarding copies of these reports to the authorities of the United Church, Toronto, and recommending that Miss Ryckman's services be dispensed with at the end of June, next, and another teacher engaged for the coming school year. When we have the nomination of the church authorities of the teacher whom they recommend, you will be advised.

1933.

Dear Mr. Sutherland:

Re: Ucluelet Indian Day School.

Following the communications which were addressed to us concerning the situation at Ucluelet, our Superintendent of Missions in British Columbia, Dr. S. S. Osterhout, made a personal visitation. He was in the village for three and a half days and recommends that the services of Miss Elizabeth Ryckman be discontinued. We have therefore notified Miss Ryckman that her services will not be required after June 30th and that the Board of Home Missions will be responsible for her transportation to her home.

I desire to nominate for the position of teacher at Ucluelet Mr. Neil D. Perry, B.A. Mr. Perry is a graduate of the University of British Columbia; has been very prominent in student activities, and was a member of the Inter-Varsity Debating Team last winter which debated against other Canadian Universities and representatives from both Great Britain and the United States. He has had quite extended experience in the leadership of boys' groups and is very highly recommended by a personal friend of mine, Rev. Bruce Gray, M.A., B.D., who has for four years been assistant minister at our largest church in Victoria. Mr. Gray was for years Travelling Secretary of the Student Movement in Canada and the United States and I have every confidence in his judgment.

At my request, Mr. Perry has interviewed Captain Barry and will take the Normal Course at Victoria during July.

I hope that this nomination will be satisfactory to the Department of Indian Affairs and feel sure that, although Mr. Perry is only twenty-three years of age, he is a candidate of more than ordinary ability.

Yours very sincerely,

Dear Sir: Yours May 12th - #159-27-1

In reply to your letter relating to the case at Ucluelet I beg to state that Mr. Beaton is now in British Columbia and will be attending the Annual Conference in the city of Vancouver. I am forwarding to him the material which I have received in connection with this case and when he returns we will write you further concerning our decision in the matter.

For some time we have been investigating these reports and we hope to be able to send one of our officers to Ucluelet before the end of June.

With kind regards,

I remain,

Yours faithfully,

Victoria, B.C. 1st September, 1934.

C.C. Perry, Esq.,
Assistant Indian Commissioner for B.C.,
Box 666,
Victoria, B.C.

Dear Sir:-

I have been informed this morning that Mr. Neil Perry, at present teacher of the Indian Day School at Uclulet, has been appointed Secretary of the Economic Council working under the Provincial Government, and that he wishes to resign his position as teacher of the above School. I have instructed Mr. Perry to forward a written resignation to the Department explaining the circumstances of the case through Mr. Indian Agent Frost.

Dr. Wilson of the First United Church, Victoria, and Professor Farr, Victoria College, have had conferences with me this morning with regard to the future of the work at Uclulet. I understand that the authorities of the United Church of Canada, on the recommendation of the above named gentlemen, intend to nominate the below mentioned candidate as teacher and missionary at Uclulet Indian Day School.

Mr. Charles Storch,
1048 Lyall Street,
Victoria, B.C.

I may say that I have interviewed Mr. Storch today and see no reason why he would not make a success of the work as teacher at Uclulet. He is a member of the United Church of Canada; twenty-six years of age; trained at Victoria Normal School 1928-29 and holds a first-class B.C. Teacher's certificate. He has full second year standing in the University of British Columbia and almost four years' experience teaching in the ungraded and graded Provincial schools. Mr. Storch is well recommended by the Provincial Inspectors and Principals under whom he served. He has taught the Sunday School at the First United Church, Victoria, for eight years, and his class of boys is the largest in any Sunday School in Victoria. Mr. Storch can lead the Church singing at Uclulet as well as teach this subject in the Day School. He is in very good health, six feet three tall and weighs one hundred and eighty pounds.

Mr. Perry.

I understand that it is quite possible that Mr. Storch will marry Miss Irene Helgesen, who is twenty-four years of age and a fully trained nurse, today.

As it is necessary that the teacher of the Uclulet Indian Day School should proceed from Victoria either by boat this evening or at latest by stage tomorrow, the United Church are instructing Mr. Storch to take over Mr. Neil Perry's work, pending his appointment by the Department of Indian Affairs. I would therefore ask you to communicate with the Department in this matter, if possible by night letter. I may say in conclusion that I think Mr. Storch a very good candidate for the position left vacant by Mr. Perry's resignation.

Dear Sir:

Re: Indian Day School, Ucluelet, B.C.

I regret to report that just on the eve of the opening of school, Mr. Neil D. Perry, B.A., received an appointment as Secretary to the Chairman of the Advisory Committee set up by the Provincial Government. Mr. Perry's work had been so eminently satisfactory that we were exceedingly sorry to lose him from our Indian personnel.

I desire to nominate for Ucluelet, Mr. Charles Storch. He is twenty-six years of age; holds a first-class British Columbia certificate; has had several years' teaching experience; has been interviewed by Captain Barry; and altogether seems to be a very good type of man for an isolated Indian village like Ucluelet. He is married, his wife being a graduate nurse.

I shall be glad to hear from you at your convenience as to whether this appointment meets with your approval and what salary is to be allowed Mr. Storch.

TORONTO, July 6, 1938.

Mr. R. A. Hoey,
Superintendent of Welfare and Training,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Mr. Hoey:

You will remember that, when I was in your office, you spoke about the need of making changes in our teaching staff in British Columbia at Ucluelet and at Alberni. I took the matter up when I was there, and secured the co-operation of the officials in British Columbia.

I also interviewed Miss Pitts, and talked to her about the work and the desire to have a change made.

From the report submitted by Captain Barry - which you showed me - I gathered that there was every disposition on his part to have both Mr. Von Storch and Miss Pitts given an opportunity to make good somewhere else.

I beg, therefore, to nominate to your department as the Teacher at Klemtu, Mr. Charles Von Storch.

4900
For Ucluelet I beg to nominate Mr. E.B. Severson who has been our Missionary-Teacher at Port Essington. I know that Captain Barry's report concerning Mr. Severson was not too enthusiastic, but at the same time I gathered that he might have another opportunity in a different type of community. That is why we are nominating him for Ucluelet.

For Campbell River I beg to nominate Miss Ketha Pitts who has been serving at Alberni.

With kindest regards, believe me,

Yours sincerely,

Geo. Dorey.

AGENT'S REPORT FOR SEPTEMBER 1938.

EX'D.

At Alberni Day School the attendance was very small due to so many being away at the hop fields. The classroom was very bright and clean, and the children are doing much better under the new teacher.

At Ucluelet Day School, the attendance also was low for the same reason, but it will increase within a few days. The new teacher, Mr. Severson, has made a great change for the better in the building and appearance of the school. Dear Doctor Dorey:

With reference to your letter of the 24th instant the Department approves the appointment of Mr. A.D. Noble as teacher of the Ueluelet Indian Day School. He will be allowed salary at the rate of \$90.00 a teaching month plus the cost-of-living bonus. This will be paid at the rate of approximately 11% a month. It is noted from your letter that his appointment will date from November 1, 1941.

Yours truly,

Ucluelet Day School shows a great improvement under the new teacher, Mr. Noble. Attendance is very fair.

Classroom and grounds well kept and tidy.

Necessary repairs have been carried out to classroom and fuel has been supplied. The mid-day meal supplied at this school has done much for the children, some of whom were undernourished or neglected at home. Health of the school is good.

Dear Doctor Dorey:

I desire to refer to your letter of October 24 and my reply of October 27, 1941, in connection with the appointment of Mr. A.D. Noble as teacher of the Ucluelet Indian Day School. I have recently received a report from Commissioner MacKay in which he states that Mr. Noble's services are unsatisfactory and, as a result, Commissioner MacKay recommends that we dispense with his services at the end of the current academic year. I understand that Commissioner MacKay has discussed the matter with Rev. W.P. Bunt, who will, no doubt, communicate with you.

While there is no necessity for any immediate action in this matter, I thought you would appreciate hearing from me so that you can arrange for another teacher for this school for the academic year 1942-43.

Yours truly,

Extract from report of Inspector Barry on his visit to the Ucluelet Indian Day School on March 20, 1942;

Though I have not the official file with me I believe that Mr. Noble was only given a temporary appointment as teacher of the Ucluelet Indian Day School. It is quite obvious that he is not a success at that school, and I would recommend that he be not employed as a teacher of an Indian day school after the end of the present academic year.

The progress of the children at Ucluelet this year has been most unsatisfactory. It is very difficult for me to believe that Mr. Noble has in fact taught the pupils anything of a worth while nature.

Major MacKay's comments on the above:

I beg to forward herewith Inspector Barry's report on the Ucluelet Indian Day School which was inspected on March 20th.

It will be observed that Inspector Barry found the progress of the children at the Ucluelet School most unsatisfactory.

I may say that I discussed this report with Reverend W.P. Bunt, Superintendent of Home Missions for the United Church of Canada in British Columbia, a few days ago and informed him that in view of its adverse character, that it was very doubtful if the Department would consider the employment of Mr. Noble after the close of the current school year. Mr. Bunt informed me that he was not surprised to hear that Mr. Noble's work was unsatisfactory as he had received reports to this effect himself.

We have from Mr. Noble his cheques for January and February, \$95.40 each. As you know, some of our teachers return their cheques to us and we send them their salaries in twelve payments. However, that is not your concern. It is simply an explanation of why I am writing.

Could you let us know what was paid to Mr. Noble for November and December, and how these cheques were made up, as well as how the amount of \$95.40 is arrived at in his case? Sorry to trouble you, but I know that you have all the information in the world at your command.

Dear Doctor Dorey:

With reference to your letter of the 18th instant, the following payments have been made to Rev. Bishop Black, teacher of the Ueluelet Indian Day School:

Month	Gross Salary and Bonus	Retirement Fund	Income Tax	Net Salary
October	\$105.30	\$4.50	\$10.94	\$ 89.86
November	105.30	4.50	-	100.80
December	105.30	4.50	-	100.80

You will note from the above that as his salary is \$90.00 a month he is being paid bonus at the rate of 17%. This is due to the fact that he has not yet submitted a cost-of-living bonus form. As you state he is a married man he is entitled to a higher bonus. I am, therefore, writing him direct enclosing the necessary form and requesting him to complete and return it to this office.

You will also note from the above that an amount of \$10.94 was assessed against him in October for income tax. However, in December he submitted a T.D. 1 form and the amount deducted in October was refunded to him in December. Consequently he has actually been paid \$100.80 for each of the three months of October, November and December.

REPORT ON WEST COAST AGENCY YEAR ENDING MARCH 31st, 1943.

Schools.

Ucluelet Day School.

United Church.

Teacher - Rev. Bishop Black.

Situated on the reserve at Ucluelet, the classroom has been moved from the mission house to the Church building and has an average of eleven pupils.

While the classroom is kept reasonably clean and tidy, it is very old and decrepit, and defies all effort to give it an attractive or pleasing appearance.

Health has not been good, many pupils having suffered from mumps and influenza.

Pupils at this school are showing good progress.

Light mid-day meal is provided.

Vocational training is given by parents, who are all fishermen, or engaged in canning and processing fish.

Dear Sir,

I have written today to the Indian Agent, Mr Ashbridge in Port Alberni B. C. also to our General Secretary Dr. G. Dorey, re the Easter School Vacation, as the date brings it so near our Annual Conference, I thought perhaps the Department would be kind enough to allow me to teach all through April and close the school ^{equal to} May 10th to 17th inclusive this would be ^{equal to} six of the seven days allowed for Easter Vacation.

If this can be granted please let me know as early as possible. I would not have written direct, but I thought the local Agent had power to grant this request. He informs me it must pass at Headquarters, so to save time I am writing to you.

Please forgive me if this is out of order.

Yours truly,

Bishop Black

Dear Sirs,

Re my recent leave of absence
to attend the Victoria Presbytery, I wish to state
I am very sorry I was absent when the
Provincial Inspector came to examine my school.
It was very unfortunate and I sincerely hope
you will not regard Mr. Ashbridge to blame
for the event, or if you criticize his action
you have a right to criticize my actions also.

First I asked the Agent for two days
intending to board the Mail Boat at 3 p.m. or
3-30 p.m. or may be as late as 4 p.m. Having
an arrangement with an Indian to take me over.
You cannot I have found rely upon the Indian
they do not even notify you when they cannot
fulfil a contract, I was left on the float alone.

I had a serious epidemic of the on the
Reserve with the result on Wednes. only four
children came, whole families were stricken.
At recess one of the four went home sick
and the others seemed ready to follow

So when I saw the Mail Boat arriving ~~early~~ and knowing I had to walk two miles to Albion Bay to board it I did not call the school but gave the three children credit for attendance. If I have done wrong I ask forgiveness, I am sorry.

Then I was told the Speedboat came every Sunday, I had done so for two previous Sundays and it was not until I arrived in Port Alberni that I discovered it only came when chartered. To be sure of returning Sunday I had to place \$40⁰⁰ in the hands of Mr. Riley. I was in a predicament. I called at the Agency to ask for another day under the circumstances i.e. Monday. Mr. Ashbridge was in Victoria, the secretary told me he would be there until Friday. I went to Victoria hoping to get the Agents' permission to close the school on Monday, with the "Flu" so bad I thought another day would be wise rather than a loss. I may conscientiously say that had I been at the Reserve I doubt whether there would have been more than three children present at school on the Thursday morning.

Having found myself compelled to break the school law, I thought I would teach on Saturday. I found myself with the "Flu" in bed all Sat and most of Sunday. I had it all that week and the following Saturday was completely

exhausted and unable to teach. I spent that Saturday in bed. Well I yet had hopes of getting that extra day's teaching in during March. I didn't want to say anything about the matter to the Agent who had so kindly given me the two days. But it seems the devil will out. I find he has heard through some means or other of my action.

Well allow me to state that I believe in justice and I will be as fair as I can. I took the liberty of giving the children credit for a day's schooling they have not yet had but (D.V.) and health permitting I am planning to teach an extra day during the Easter vacation. I realize this does not exempt me from breaking the letter of the school law but it does fulfil the spirit.

Will you kindly forgive me, and allow me to make this amends. If my actions are too bad for this, all I can say is, I am sorry and I will have to face the consequences. Please understand I did not know the Inspector was coming or was already in Uchelet, if he had phoned on arrival I would gladly have cancelled a trip on which I had set my heart.

Hoping this will explain my part in this case
Yours respectfully
Bishop Black.

Dear Mr. Hoey:

Re: Ucluelet Indian Day School

I have a long letter from Rev. Bishop Black, who tells me that he has got into serious trouble by absenting himself from his school. I heard about it when I was in Vancouver and I rather expected to hear from you in the meantime. Mr. Black was very anxious to attend the Victoria Presbytery, in order to hear the Moderator, Dr. Schlater. I gather that he had asked Mr. Ashbridge for a two days' leave of absence, but, through a combination of circumstances, he was not able to return for Monday. I think he did everything he could, but he did not get back in time to teach on the day when the Inspector had gone to inspect the school.

I shall be very glad if you will let me know what action the Department contemplates. I should like to have the opportunity of discussing the matter with you when I am in Ottawa before anything definite is done. I think Mr. Black is doing a reasonably good piece of work as a teacher, and I am sure that he had no intention of breaking a rule when he started out. I have had no copies of letters which you have sent him, and consequently can only write from what Mr. Black tells me.

Yours sincerely,

GD.MLT

Hoey

P.S. Mr. Black says in his letter that when the Agent wrote to say that the Provincial Inspector would examine the School, he said, "I think the Inspector will write you and fix the date of his coming." Without in any way condoning Mr. Black's going away, I think it would be well for the Inspector to let the teachers know when he is coming, because in some of these remote places anything can happen to close the school.

Ueluelet Day School was inspected and found disappointing. Only three pupils were in class room, although three more dribbled in forty minutes late.

The classroom is old and, while being superficially clean, it has a very untidy and dirty appearance. Children were not clean or tidy. Condition of this school is not good.

Dear Madam:-

In reply to your letter of October 1, 1943, concerning the Retirement Fund of your late husband Reverend Bishop Black. According to our records it has been ascertained that there is a credit in the Retirement Fund of \$40.50 together with whatever interest that will have accrued at 4% per annum up to the time of withdrawal. The amount of \$40.50, plus 4% interest may be used in wording the description of this credit when arrangements are made for the probate of the Will. This amount may only be released on the submission of a notarial copy of the probated will and a cheque will be issued in favour of the Estate of the Reverend Bishop Black.

Dear Sir, -

Sometime ago I wrote your office asking that a check might be made on the amount listed as payable to the estate of my husband, Rev. Bishop Black. On August 5 you quoted \$40.53 as the amount to his credit. My question is this - \$4.50 per month was deducted and interest at the rate of 5% is quoted. Should not the amount have been \$45⁰⁰ plus interest or \$60⁰⁰ plus interest? I want to be certain

This will acknowledge your letter of August 2, addressed to Mr. R.A. Hoey, Superintendent of Welfare and Training, Indian Affairs Branch, Ottawa, advising that the will of the late Reverend Bishop Black is to be probated.

In connection with the above and in reply to your enquiry, I wish to advise that the two cheques payable to the Reverend Bishop Black for \$101.52 and \$5.00 are a part of the estate.

In addition to the above, our records show that a further cheque for \$5.00 was issued and mailed, on or about July 24, to the Reverend Bishop Black, Ucluelet, B.C., covering janitor services at the Indian Day School for the month of June, 1943.

The account covering the purchase of two cords of wood at \$10.00 per cord has been received in the Department and a cheque covering this will be issued in the course of a few days, payable to the Estate of the Reverend Bishop Black.

There is also an amount of \$40.53 to the credit of the Reverend Bishop Black in the Retirement Fund Account of the Finance Department. This amount may only be released on the submission of a notarial copy of the probated will and will issue in favour of the Estate of the Reverend Bishop Black.

All of the above amounts are a part of the estate and should be listed by you in your statement of assets.

I would advise that for some time there has been considerable dissatisfaction on the part of the Indian Agent and this office with regard to Ucluelet Indian Day School, and in this connection I enclose herewith Mr. Indian Agent Ashbridge's letter of the 3rd ultimo and the 12th instant, from which it would appear that the conditions in the school have been far from satisfactory. I would further advise that the Departmental teacher, the Reverend Bishop Black died on the 6th instant from heart failure.

This matter has been discussed with Mr. Bunt, and it has been decided to recommend the closing of the school until the prospect of considerable improved attendance warrants its reopening, and that in the meantime the children be transferred to Alberni Indian Residential School which is below its quota.

If the Department approves that this action be taken I would request that you advise the United Church and this office.

I beg to refer to your letter, dated May 11th, 1943, in connection with the Ucluelet Day School, and to report that the school building is very old and gives a very poor impression to the casual visitor, while being kept as clean as is possible under the circumstances. The surroundings are poor, being situated on the edge of the reserve, and the walks and grounds have a depressing appearance.

Attendance at this school is very poor and the parents are difficult to deal with, unless stern measures are employed. Owing to the majority of the parents being employed by the cannery, one mile distant, children are either left home with little or no care, or are taken to the cannery with them, hence the absence from school. The present teacher, Reverend Bishop Black, apparently lacks initiative and experience in dealing with Indians, and is essentially a missionary, inclined to placate the parents and allow the children to dominate the school, rather than insist in attendance and use kindly firmness in his dealings with the pupils.

In view of the unfortunate record of this school over the past few years and the poor prospects of instituting a worthwhile day school, also in the interests of the neglected children, I would respectfully recommend that this school be closed and the remaining eligible pupils be absorbed by the Alberni Residential School. Attendance at this school at inspection in April was 3, at May inspection 5. Three of these arrived one hour late on both occasions.

D. M. MacKay, Esq., Indian Commissioner, P.O. Box 70,
Vancouver, B.C.

215-15-5374.

In reply to your letter of June 8th, 1943, re
school conditions at Ucluelet, I beg to report average
attendance as below, as taken from Teacher's Quarterly
Reports:

March 1941	...	7.73	
June 1941	..	8.24	
Dec. 1941	..	12.13	
March 1942	..	14.93	
June 1942	..	12.9	
Dec. 1942	..	9.6	
March 1943	..	9.1	
June 1943	..	6	
			<u>Average 10.07.</u>

Not having the return for period ending June
1943, I have given approximate attendance based on my
last two inspections, at which times there were three
pupils present.

While I regret recommending closure of a day
school, the conditions prevailing at this school over a
period of the last two years make such a recommendation
necessary in the interests of the children. Since Mr.
Severson left this school, it has gradually deteriorated
and what few pupils have attended have made no progress
whatever.

To Whom it may Concern:

Miss Ella Bone has taught in the Padgate S. D. No. 3320 for the past two years, giving good satisfaction. She is a young woman of excellent character, pleasing personality, has good discipline and is conscientious in her work. With her musical ability she has accomplished much in the children's singing.

She has also taken an active part in the social affairs of the district and should be an asset to any community.

It therefore gives me pleasure to recommend her.

Report of Progress of Work. Nov. 1942.
Grades One and Two. Thirty-seven pupils.

The discipline is good but considerable freedom exists which is so essential to the successful conduct of a primary room. Many of the exercises undertaken provide for movement and dramatics; singing played an important part in the activities observed.

The reading in both grades is well advanced and correct methods are being followed in this subject in Grade One. Writing, language work and number relations are securing close attention in Grade One and commendable results are secured. The Enterprise section in the Curriculum is being put into effect but can be extended with advantage.

Miss Bone has a kindly manner and has won the love of the little people. She is capable and is effective in the classroom.

Re: Ucluelet Day School
Your File 159-27-1, July 23rd, 1943

The above-named school has been closed since 1943 for the reason that the available pupilage was insufficient to warrant its continued operation. Present indications are, however, that there will be approximately thirty children of the Ucluelet Band who could attend the day school if a teacher can be secured, in addition to which there may be a few children available from the Toquart Reserve, a short distance away.

It is recommended that the Department authorize the opening of this school and if such action is approved an attempt will be made to secure a teacher.

INSPECTION OF SCHOOLS:

Ahousat Day School on day of inspection had an attendance of only three pupils; two of whom could not read. This was partly due to families being away at the Canneries. On the whole this school was very disappointing, and I feel that the teacher is wasting her time. Day schools is emphasized. The school at Ucluelet should be re-opened if a teacher can be found. Season day schools also should be conducted at Nootka, Kildonan, and Ceepeece, as the parents cannot leave their children behind when employed at the Canneries; and the Residential schools cannot accommodate them. In consequence there are several over school age who cannot obtain an education.

Sir:

I have your letter of the 5th instant, in which you request that authority be granted to postpone the annual summer holidays at the Ucluelet Indian Day School until September, next.

In reply I beg to say that, as there would be a better attendance during the regular period for taking the summer holidays, the Department will agree to the school being continued during the months of July and August and the annual holidays taken during September and October, next. You will be good enough to inform the teacher accordingly, and arrange with her to continue teaching until the 1st of September, next, on which date the holidays begin.

Sir,-

I have your letter of the 8th instant, relative to the request of the teacher of the Ueluelet Indian Day School to postpone the taking of the summer holidays at that school until the end of August owing to the likelihood of there being a regular attendance of the Indian children. In reply I beg to say that, if the teacher and yourself are of the opinion that the school should be continued in operation until that time, the Department will approve of this arrangement. As this school was re-opened in January last, having been closed for nearly two years, it is considered that it might be to the advantage of the Indian children to have the school continued as long as there is a sufficient number in attendance to warrant keeping the school open.

I should be pleased to hear from you about the middle of August next in further reference to the question of holidays.

I have your letter of the 10th instant, with further reference to the summer holiday period at the Ueluelet Indian Day School. In this connection it is noted that the Indians will be leaving for the various fishing plants at the end of this month and that the number of pupils who would remain after that time would not warrant keeping the school open until the middle of August, as was authorized by the Department. This school may therefore close for the summer holidays at the end of the present month until the first of October, next. You should inform the teacher.

Sir:

I have to inform you the authorities of the United Church of Canada, under whose auspices the Ucluelet Indian Day School is conducted, advise the Department that they have notified Miss Elizabeth Ryckman, the teacher, that her services will not be required after the 30th ultimo. They have nominated Mr. Neil D. Perry, B. A., to succeed her for the coming school year.

The Department is approving of the appointment of Mr. Perry, with salary at the rate of \$90 per teaching month, less 10% during the present fiscal year. I would request that, when Mr. Perry begins duties, you will give him any assistance you can in his work.

Dear Mr. Sutherland:

Re: Miss Elizabeth Ryckman,
Ucluelet.

I have a letter from Miss Ryckman this morning, asking for a month's salary in lieu of holidays. In view of the fact that she has given four years of continuous service at Ucluelet, what would the attitude of the Department of Indian Affairs be towards making her an allowance? Miss Ryckman has been in a very difficult and isolated place and is leaving the service of the Board of Home Missions and the Department permanently.

Yours very sincerely,

Sir:

I have your letter of the 7th instant, relative to the request which you received from Miss Ryckman, teacher of the Ucluelet Indian Day School, who is retiring from the position, to be granted one month's salary in lieu of holidays.

In reply I regret that there are no funds provided for an additional one month's salary for the academic year 1932-33. Miss Ryckman's services terminated as from June 30th, last and she received ten months' salary during the teaching year ending that date. Besides, the regulations of the Auditor General and the Treasury Board prohibit the granting of any gratuity for service less than ten years.

I am in receipt of a letter from the Reverend George Dorey, in which he advises that Reverend Bishop Black, teacher of the Ucluelet Day School, died on July 7. I understand from Dr. Dorey that it will not be possible to secure another teacher for this school during the coming academic year. I would therefore appreciate it if you would consult the Reverend Mr. Bunt with reference to making arrangements to have the children from Ucluelet placed in the Alberni Residential School for September first, provided there is accommodation for them within the number of regular grant-earning pupils.

I have the honour to report having just completed inspection of the Ucluelet Day School, at which time I found three lights of glass broken in the school room windows, also the lining of the stove required to be replaced.

As it is necessary to have this done as early as possible, I beg to request authority to purchase same locally. Estimated cost would be:

Glass, 3 pieces 10 x 12	.75
Putty, 2 lbs.	.30
Stove lining	<u>4.00</u>

(?) Ucluelet Day school also shows a little better attendance. School and pupils both found clean and tidy. Grounds and sanitary arrangements are in good order. Class was attentive and apparently making good progress. Although pupils live in close proximity to this school. it is thought that the provision of a mid-day meal would be amply repaid in the health of the pupils, as the parents are poor and fishing very bad.

Extract for 159-27-5

Original on 159-27-6

Extract from Inspector Barry's report on the
Ucluelet Indian day school dated April 11, 1939.

The desks should be placed on strips of wood as in most other schools. This will not involve much expenditure. Mr. Indian Agent Ashbridge knows just what should be done if the necessary authority be given by the Department. At the present time the desks are not screwed down to anything and the children are in consequence learning poor habits of posture.

UCLUELET DAY SCHOOL

This school opened on November 4th, with Mr. A.D. Noble as teacher. The school is showing already a great improvement and it is thought that Mr. Noble will be very successful.

Mid-day meal is being given to pupils and attendance is steadily improving. Repairs to schoolroom have all been attended to, and fuel supplied.

I would refer you to Department Cheque No. 69781, which has been received here, made out to the Cowichan Indian Agency Trust Account. Particulars read: Accountable Advance for labour repairs to the Ucluelet Indian Day School.

This school is not in the Cowichan Agency and, as I was not expecting any such amount for Indian Day School repairs, here, I telephoned Mr. N. W. Garrard, at Alberni, to find out if he was expecting funds for this purpose. Having been informed in the affirmative I put the cheque through our Cash Book and made a deposit -- then wrote a cheque for the two hundred dollars (\$200.00) and sent it to the West Coast Agency Trust Account. I hope this is in order.

Kindly make the necessary corrections in Ottawa.

Your File 159-27-5 (E.1)

Supt. Garrard has recommended an expenditure of approximately \$100 for the purchase of an oil burning circulator heater, stove pipes, etc., for the Ucluelet Indian Day School.

The present heater, the wood burning type, is apparently in a dangerous condition and should be replaced. Due to the difficulty in obtaining fuel wood on the West Coast installation of an oil burning heater is considered to be preferable and the expenditure is recommended for approval.

CHIEF TREASURY OFFICER

By now you will have received a copy of Mr. Indian Superintendent Moore's letter of August 14th with regard to Departmental cheque 69781.

Due to a stenographic error made here, this cheque for \$200.00 required by Mr. Indian Superintendent Garrard was requisitioned for Mr. Indian Superintendent Moore.

It is presumed that you will be writing to Mr. Moore directly concerning the action which he has taken to remedy this matter.

Re: Ucluelet Indian Day School

As you are aware we propose re-opening the above mentioned school in September and have secured the services of a teacher. It is essential that minor repairs to the teacherage be carried out prior to that time and Mr. Garrard has estimated the cost of material and labour at \$350.00. The work contemplated involves repairs to the sidewalk, outbuildings and porches and redecoration of the interior.

I would recommend that the Department approve the necessary expenditure and that an accountable advance of \$200.00 be forwarded to Mr. Garrard to meet labour costs.

Re: Sports Equipment-
Ucluelet Indian Day School

I am enclosing a requisition from the above-named school for sports equipment dated January 15, 1949.

The equipment can be purchased in Vancouver for an approximate price of \$24.00 and as the school is apparently without any sports equipment it is recommended that the expenditure be approved.

Re: New School - Ucluelet, B.C.

Ext
District School Inspector Davey recently conducted a survey of the school age and pre-school age children on the Ucluelet Reserve, West Coast Agency, and those on the Toquart Reserve, less than a mile away, and found that the enrolment from the Ucluelet Reserve was twenty-five and that there were fifteen or sixteen school age children from the Toquart Reserve who could attend if classroom space was made available. It is apparent, therefore, that the two-room school with teacher's quarters will be necessary to meet our requirements at that point. Mr. Davey also ascertained that erection of a one-room school at Clahoose was unnecessary and consequently, it is recommended that the appropriation for schools at these two points be combined, thus making available a total of \$28,000.00 for the erection of the required two-room school at Ucluelet. Subsequently Mr. Davey visited Ucluelet with a representative of National All-Steel Buildings Limited, who have now submitted the attached tender in the amount of \$23,700.00, for the erection of a Quonset building in accordance with the plan attached.

Questionnaire completed by Superintendent Garrard with regard to this school building, is also enclosed, but I gather from Mr. Neary's various letters that we are not in a position to consider the erection of pre-cut, prefabricated or Quonset buildings until we have investigated the possibilities of securing firm tenders on the erection of the Department's standard school building. If this is correct, have you sufficient information to proceed with the advertisement immediately, or if not, will you please let me know what additional information is required.

We will make the necessary arrangements to transfer \$14,000.00 from the Cla-coose project to the Ucluelet School. I note that a two-room school will be required and presume that plan 889 is indicated. This is the standard school without electricity and I feel it should be quite satisfactory at Ucluelet. Please find attached a draft advertisement which has been prepared for your consideration. If you approve, please wire here immediately, when we will arrange to have it published at once.

I am sending three sets of blueprints and specifications for plan 889 to both Mr. Garrard and yourself.

I would suggest that National All-Steel Buildings, Limited re-submit their tender in accordance with the advertisement.

Ucluelet Indian Day School.

Upon receipt of your army message we made the following three recommendations to the Deputy Minister:

- (1) That a two-room school be erected at Ucluelet in place of a one-room school
- (2) That the sum of \$14,000. be transferred from the Clahoose project to the Ucluelet project.
- (3) That an advertisement for tenders for the construction of this school be inserted in the newspapers recommended by Mr. Garrard.

You have already received sets of blueprints and specifications. I am now sending you the following documents also required in connection with the calling of tenders for this project:

- (a) Tender forms
- (b) General instructions to tenderers
- (c) Tender envelopes.

Memorandum:

CHIEF TREASURY OFFICER.

Ucluelet Indian Day School
Clahoos Indian Day School.

In our Main 1949-50 Estimates is the sum of \$14,000.00 for the erection of one-room schools and residences on each of the above reserves in the West Coast Indian Agency.

We have now received a recommendation from Mr. Indian Commissioner Arneil reading as follows:

"District School Inspector Davey recently conducted a survey of the school age and pre-school age children on the Ucluelet Reserve, West Coast Agency, and those on the Toquart Reserve, less than a mile away, and found that the enrolment from the Ucluelet Reserve was twenty-five and that there were fifteen or sixteen school age children from the Toquart Reserve who could attend if classroom space was made available.. It is apparent, therefore, that the two-room school with teacher's quarters will be necessary to meet our requirements at that point. Mr. Davey also ascertained that erection of a one-room school at Clahoos was unnecessary and consequently it is recommended that the appropriation for schools at these two points be combined, thus making available a total of \$28,000.00 for the erection of the required two-room school at Ucluelet".

Therefore, would you please take the necessary action to have \$14,000.00 transferred from the Clahoos project to the Ucluelet project as recommended by Mr. Arneil and concurred in by myself.

DEPUTY MINISTER

Ucluelet Indian Day School.

Included in our estimates for 1949-50 is the sum of \$14,000.00 for the erection of a one-room school and teacherage on the Ucluelet Indian Reserve, West Coast Agency, British Columbia.

We have now received a letter from Mr. Indian Commissioner Arneil in which he states as follows:

" District School Inspector Davey recently conducted a survey of the school age and pre-school age children on the Ucluelet Reserve, West Coast Agency, and those on the Toquart Reserve, less than a mile away, and found that the enrolment from the Ucluelet Reserve was twenty-five and that there were fifteen or sixteen school age children from the Toquart Reserve who could attend if classroom space was made available. It is apparent therefore, that the two-room school with teacher's quarters will be necessary to meet our requirements at that point. Mr. Davey also ascertained that erection of a one-room school at Clahoose was unnecessary and consequently it is recommended that the appropriation for schools at these two points be combined, thus making available a total of \$28,000.00 for the erection of the required two-room school at Ucluelet".

In view of the information now received, I would recommend as follows:

- (1) That a two-room school be erected at Ucluelet in place of a one-room school

- (2) That the sum of \$14,000. be transferred from the Clahoose project to the Ucluelet project.
- (3) That approval be given to the attached requisition to the Departmental Purchasing Agent for the insertion of the attached advertisement in the newspapers indicated.

Memorandum:

CHIEF TREASURY OFFICER,

Ucluelet Indian Day School
Clahoose Indian Day School

In our Main 1949-50 Estimates is the sum of \$14,000.00 for the erection of one-room schools and residences on each of the above reserves in the West Coast Indian Agency.

We have now received a recommendation from Mr. Indian Commissioner Arneil reading as follows:

"District School Inspector Davey recently conducted a survey of the school age and pre-school age children on the Ucluelet Reserve, West Coast Agency, and those on the Toquart Reserve, less than a mile away, and found that the enrolment from the Ucluelet Reserve was twenty-five and that there were fifteen or sixteen school age children from the Toquart Reserve who could attend if classroom space was made available.. It is apparent, therefore, that the two-room school with teacher's quarters will be necessary to meet our requirements at that point. Mr. Davey also ascertained that erection of a one-room school at Clahoose was unnecessary and consequently it is recommended that the appropriation for schools at these two points be combined, thus making available a total of \$28,000.00 for the erection of the required two-room school at Ucluelet".

Therefore, would you please take the necessary action to have \$14,000.00 transferred from the Clahoose project to the Ucluelet project as recommended by Mr. Arneil and concurred in by myself.

Re- Tenders for Ucluelet School

With reference for tender in construction of a new Indian School at Ucluelet. I wish to advise that two local tenderers, Souther Construction Co. and Turner Contractors are submitting their tenders, however it may not reach Ottawa until July 9th due to a shortage of tender forms in this office. It was necessary to obtain additional blue-prints and forms from the Commissioner's office in Vancouver.

The Contractors advised that tenders have been dispatched air-mail.

UCLUELET INDIAN DAY SCHOOL

Dear Bill:

The tenders for the above school have been
opened and the following three were received:

- (1) Souther Construction Company,
Port Alberni, B. C.\$42,612.
- (2) Turner Contracting Company,
Port Alberni, B. C. 46,600.
(Telegram only)
- (3) National All-Steel Buildings,
Vancouver, B.C. 23,700.

Naturally, this last plan is for a Quonset type
building and calls for the school complete as all their two-
room school and teacherage plans ~~last~~ plumbing and electrical
work. The price quoted is on the understanding that it will be
in time for the work to be started by the end of July, 1949.
You will probably have details of this quotation in your office
or can obtain them from National All-Steel Buildings. If
Inspector Davey and yourself are agreed, we are prepared to
recommend the acceptance of this lowest tender and to submit

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report:

THAT the Indian Affairs Branch of the Department of Mines and Resources has provided for the construction of a two-room Indian Day School and attached teachers' residence on the Uclualet Indian Reserve in the West Coast Indian Agency, Province of British Columbia, for the education of the Indian children living there;

THAT, in accordance with the provisions of the Public Works Act, tenders have been advertised for in local and trade newspapers;

THAT we have received, as a result of these advertisements, the following three tenders:

- | | |
|--|-------------|
| (1) National All-Steel Buildings, Vancouver, B.C. ... | \$23,700.00 |
| (2) Souther Construction Company,
Port Alberni, B.C. | \$42,612.00 |
| (3) Turner Contracting Company, (telegram only)
Port Alberni, B.C. | \$46,600.00 |

THAT the above tenders have been examined by Departmental officials and it is found that that of the Souther Construction Company complies with the conditions outlined on tender forms as prepared by the Indian Affairs Branch and the plans and specifications as prepared by the Lands and Development Services Branch;

THAT the tender of the National All-Steel Buildings, Limited, is for a Quonset type school;

THAT similar low-cost schools of this type, erected by provincial and municipal school authorities, have been examined by our officials and found to be satisfactory;

THAT Departmental officials, therefore, recommend the acceptance of the lowest tender, namely that of National All-Steel Buildings, Limited, of Vancouver, British Columbia, in an amount of \$23,700.00;

THAT funds are available for this purpose in Vote 230, 1949-50, Indian Affairs Branch, Department of Mines and Resources.

Memorandum:

DEPUTY MINISTER

Ueluelet Indian Day School.

Included in our Estimates for 1949-50 is the sum of \$28,000.00 for the erection of the above school (originally \$14,000 but increased to this amount when two-room school found to be needed after educational survey).

In accordance with the provisions of the Public Works Act, we called for tenders for the erection of a standard two-room school and teachers' residence on this reserve. When these tenders were opened the following three bids were noted:

- | | |
|---|-------------|
| (1) National All-Steel Buildings, Vancouver, B.C. | \$23,700.00 |
| (2) Souther Construction Co. Port Alberni, B.C. | 42,612.00 |
| (3) Turner Contracting Company, Port Alberni, B.C.
(Telegram only) | 46,600.00 |

The plan for a Quonset building accompanied the tender of National All-Steel Buildings, Limited. The other two firms would of course erect a school by standard methods of construction.

Our Superintendent of Education immediately sent an Airmail letter to Mr. Indian Commissioner Arneil to ascertain whether they were prepared to recommend the erection of this Quonset school, in lieu of our standard plan.

An army message has just been received from Mr. Arneil reading as follows:

"RE YOUR LETTER UCLUELET SCHOOL RECOMMEND
IN THIS CASE ACCEPTANCE OF NATIONAL ALL STEEL BUILDING TENDER."

In view of the following facts I would recommend the approval of the Minister for the attached Submission to Council:

- (1) There is a difference of nearly \$20,000 between the Quonset tender and that of the lowest bidder for standard construction.
- (2) The acceptance of this tender will eliminate the need for either a transfer of funds from another project or the inclusion of additional funds in our Supplementary Estimates.
- (3) The erection of a Quonset type school will take only six to eight weeks and should be ready for occupancy by October.

Acting Director.

of the Privy Council, approved by His Excellency the Governor

General on the 10 AUGUST 1949

8969

The Committee of the Privy Council have had before them a report dated 28th July, 1949 from the Minister of Mines and Resources, representing:

That the Indian Affairs Branch of the Department of Mines and Resources has provided for the construction of a two-room Indian Day School and attached teachers' residence on the Ucluelet Indian Reserve in the West Coast Indian Agency, Province of British Columbia, for the education of the Indian children living there;

That, in accordance with the provisions of the Public Works Act, tenders have been advertised for in local and trade newspapers with the following results:

- (1) National All-Steel Buildings, Vancouver, B.C. ... \$23,700.00
- (2) Souther Construction Company,
Port Alberni, B.C. \$42,612.00
- (3) Turner Contracting Company, (telegram only)
Port Alberni, B.C. \$46,600.00

That the above tenders have been examined by Departmental officials and it is found that that of the Souther Construction Company complies with the conditions outlined on tender forms as prepared by the Indian Affairs Branch and the plans and specifications as prepared by the Lands and Development Services Branch;

That the tender of the National All-Steel Buildings, Limited, is for a Quonset type school;

That similar low-cost schools of this type, erected by provincial and municipal school authorities, have been examined by our officials and found to be satisfactory;

That Departmental officials, therefore, recommend the acceptance of the lowest tender, namely that of National All-Steel Buildings, Limited, of Vancouver, British Columbia, in an amount of \$23,700.00.

That funds are available for this purpose in Vote 230, 1949-50, Indian Affairs Branch, Department of Mines and Resources.

Re: Ucluelet Indian Day School

Superintendent Garrard, reference his letter of November 5th attached, following a recent inspection of the school construction project at Ucluelet, has reported various changes which should be made to the structure before it is completed. These changes which are outlined in his letter have been discussed with National All-Steel Buildings Limited, who are prepared to supply the materials and do the work additional to their contract. They have offered to -

1. Install eight larger sash in the front basement wall
for..... \$280.00
2. Replace the window in the rear cloak room with one
Mono door for..... \$ 75.00
3. Install a 4' x 4' "Alsynite" panel above the front
door for..... \$ 66.50
4. Fit and install 1½" galvanized pipe posts and rail-
ing on both sides of the concrete steps for..... \$150.00
5. Install an additional window in the upstairs living
quarters similar to the one in the living room for \$189.00
6. Provide supervision, transportation, freight, etc.,
in connection with the above-mentioned changes at
a cost of..... \$100.00
- TOTAL..... \$860.00

It is regretted that these improvements were not apparent to us at the time the plan of the building was approved but the fact remains that all of the above listed items, with the possible exception of No.5, are matters which should be attended to before the structure is completed and I would suggest that if authority for the expenditure required cannot be expeditiously secured, I be authorized to enter into a separate agreement with National All-Steel Buildings for each of these improvements.

In a separate letter enclosing a Progress Payment to the Company, I intimated that the building would be completed before December 1st and as the Company's offer is based on acceptance prior to completion of the building, a reply by Army Signals would be appreciated.

Re: Ucluelet Indian Day School

On my recent visit to the above School it was noted that:-

1. The lighting in the basement of this building is inadequate. The windows which are to be installed 30" x 18" being too small to admit sufficient light and it is recommended that the eight openings in the front of the School be increased from 30" x 18" to 30" x 36".
2. This building has only one exit on the ground floor the only other exit from the building being through the furnace room, the approach to which comes within a few feet of the main exit. It is suggested that an additional exit be made where the present plans call for a window at the back of the left end of the building looking at it from the front. A sketch enclosed. This would also decrease the distance to be travelled to get to the upper floor when approaching from the rear where a well will be situated. I believe, this will be a necessity if this building is inspected by a fire Marshall.
3. The front hall has insufficient light. Namely a glass panel in a door which will be approximately 2' x 2' at the most. It is suggested that a 4' x 4' opaque fluted panel be fitted immediately above the door. This can be made out of one panel similar to the one above the landing on the upper floor.
4. That a guard or rail be fitted on both sides of the front steps as the height from the door level to the ground when filled in will be about 6 feet, at present nearly eight.
5. That an additional window similar to the one in the living room be installed in the front of the building opening out of the Lounge? The present windows open on the eastern end and look out on to trees only whereas the one on the front will look seaward and give additional light making this a most pleasant room with a splendid view.

Re: Ucluelet School

There is a well at the Mission House, Ucluelet Reserve, from which we hoped to secure water for the new school but I understand that extensive repairs are required to this well and feel in view of this that it would be advisable for us to have a new well dug closer to the school. The supply of water at a quite shallow depth is assured and Mr. Garrard is of the opinion that the well can be dug, a hand pump installed, etc., for \$100.00.

I would recommend that the expenditure be approved and that I be authorized to instruct Mr. Garrard to proceed.

Re: Ucluelet Indian Day School
Your File 16-11-3 (159)

With reference to your letter of the 9th instant, the Department approves an expenditure of \$100.00 for digging a well and installing a pump at the above school.

We have also received a confirmation copy of a signal from your office dated December 9th. On the file before me at the present time and on which the original of the signal should appear if it reached this office, there is no sign of the original. We therefore approve an expenditure of \$240.00 plus freight for primary tables and chairs required for the second classroom at the Ucluelet Day School.

Re: Ucluelet Day School

Attached is a requisition received from Mr. Superintendent Garrard for supplies for the above-mentioned school. It is recommended that the items marked with a red check be authorized for local purchase.

Authority is requested to purchase a teacher's desk and chair for the new room which will come into operation in January, at a total cost of \$49.95 plus freight.

It is recommended that the Department supply the other items with the exception of the Numeral Frame, which is not recommended.

Re: Ucluelet Indian Day School

I refer to my Army Signals message of December 9th in which I request authority to purchase six primary tables and 30 primary chairs at a cost of \$240.00, plus freight. As it is impossible to secure immediate delivery of this equipment it will be appreciated if the Department can give us an early decision with regard to authorizing this expenditure.

Re: Sidewalk - Ucluelet School

With reference to Supt. Garrard's letter of December 23rd attached, it is regretted that the necessity for the construction of a sidewalk from the village walk to the above-mentioned school was not foreseen and that the cost was not included in our estimate. The walk is necessary, however, and I would recommend that the Department endeavour to make funds to the extent of approximately \$290.00 available.

Re: Sidewalk - Ucluelet School

Would you kindly grant authority for the expenditure of \$290.00 for the construction of a plank walk from the present village walk to the new Ucluelet School. This is required as at present it is necessary to walk through a heavy black mud which is from 5 to 12 inches in depth. There is at present a few planks or boards on the ground but these only serve to stop one from going too deep into the mud.

This walk will require to be approximately 320 feet long and raised off the ground. It is proposed to have this three plants wide the same as the walk which the band have constructed from their Band Funds and which goes through the Village.

The requirements will be 60 pieces of 2 x 12 x 16, 20 pieces 4 x 4 x 16, 400 feet of shiplap is also required for lining the sides of the store-room in the basement as this was not included in the contract.

The cost of this material as obtained from the Alberni Pacific Lumber is \$164.82 plus freight and nails which is estimated at \$35.00.

Labour in this construction and delivery from the wharf at Ucluelet West to the Reserve is estimated at \$90.00 making a total of \$289.82.

Re: Ucluelet Mission Property

Rev, W.P. Bunt, Superintendent of the United Church Board of Home Missions, has approached this Department for compensation for use of the church buildings at Ucluelet and has suggested that inasmuch as the Department did not pay rental for use of the buildings over a period of years the buildings should be repaired before we turn them back to the church.

Supt. Garrard's letter of December 23rd in this connection is enclosed wherein he outlines the expenditures made by the Department on these buildings and suggests that in lieu of rental or further repairs the Department pay the outstanding accounts in connection with the buildings to the amount of \$79.65 and give to the church the oil heater presently used to heat one of the buildings. I doubt whether such a settlement would be entirely satisfactory to Mr. Bunt nor do I feel that it would be reasonable having in mind our use of both buildings over several years, apparently dating back prior to 1934.

 I would recommend that in addition to the settlement suggested by Mr. Garrard the Department pay rental for use of the buildings from September 1st, 1949 to December 31st at the rate of \$25.00 per month which will enable the church to carry out without expense to themselves the minor repairs necessary.

In reply to your letter of December 19, File 16-11-3 regarding the Ucluelet Mission buildings I would advise that the accounts referred to in Mr. Bunt's letter were handed to Mr. Caldwell to be forwarded to Rev. Bunt, as it was arranged at that time, that the Department would repair and renovate the Mission house to the extent of \$350.00 and that the United Church would look after the balance. The balance being \$70.00 for the linoleum and the other small expenses, which Mr. Bunt refers to in his letter being \$7.70 and \$1.95 for a door and lock for the School. I might mention that repairs to the steps were included in the \$350.00 also an additional amount of \$8.80 was later spent by the Department for repairs to the steeple, stopping leaks and to prevent the bell from falling into and through the classroom floor.

Regarding the Mission dwelling the amount expended in the repairs and renovating of this building would more than cover any rentage which might reasonably be expected to be paid. The building is now in a far better shape that it was when the Department took over.

With reference to the School. If this building had not had the small repairs and had a fire kept in it it is doubtful if the building would now be worth making repairs to as the floor of the building was, at that time, covered with mould. However, in view of the fact that the United Church has co-operated to the extent of letting the Department have the use of this building I believe that it would not be amiss for the Department to cover the Accounts which the Rev. Bunt now has in his possession.

In addition the Department has an Oil Heater valued at \$95.00 at present in the building and I would suggest that this might remain there in lieu of making repairs to the Mission Church.

Memorandum to Mr. Robinson:

Re: Ucluelet Indian School
Alberni Agency, B.C.

On February 28 I inspected the school building recently erected by the National All-Steel Buildings Ltd. On this trip I was accompanied by Mr. Garrard, Superintendent, West Coast Agency.

The contract for this structure was awarded on August 18, 1949 and the school was opened January 9, 1950. The contract was let on the contractor's plans dated March 24, 1949 and their letter dated July 5, 1949. The Contractor has not completed his contract in respect to the following items:

(1) Leaks from the Roof

There is definitely at least two leaks from the roof as water runs in at every rainfall into the front bedroom and down the partition between the kitchen and bathroom. I noticed that some of the washers under the screws holding down the corrugated iron are turned upward. This might be the cause of the leaks.

The leaks have existed all winter.

(2) Leaks from End Windows

On both end walls of the concrete basement at the ground floor joists there is indication that water comes down the inside of the end walls of the building. Water also comes in through the classroom ceilings. In my opinion, this water comes from the end walls and enters the walls at the second story windows. At these windows the corrugated iron sheathing butts against the window jambs with no further protection to keep the water out. The plan shows a window trim on the outside and this is not on. I suggest that mastic be applied to the junction of the corrugated iron and the window jamb and that it be covered with the window trim.

(3) Floors

The floors consist of asphalt tile on 3/8" plywood laid on building paper over shiplap. In both classrooms in the hall between them and on the landing of the second floor much of the tile is broken up. This is caused by warping of the plywood. It is evident that the plywood was laid when the shiplap was wet.

The tile on the top tread of the stairs was left protruding over the tread one-half inch, causing it to break off unevenly. This tile should have been set back

Indian Affairs. (RG 10, Volume 6417, file 850-5, part 2)

PUBLIC ARCHIVES

CANADA

ARCHIVES PUBLIQUES

from the edge of the tread with a protective strip of metal or hardwood.

(4) Sags in Floor

The floor in Classroom No. 2 drops noticeably between the supporting partition in the basement and the stair well. I understand that the post at the stairway in the basement was put in after the sag took place. An attempt should have been made to jack this section of floor back into place before the finishing work was done.

(5) Sags in Donnacona

Some sheets of donnacona on the ceiling are sagging. There are no headers at end of sheets and not sufficient nails in the sheets.

(6) Staircase

The type of treads used was for placing between two walls. The exposed end of the treads should be trimmed to make a finished job. The rail and post have not been painted.

(7) Basement Floor

The basement floors, except for the furnace rooms, are an extra to the contract. These floors were badly finished in that sags in the surface allow one-half inch of water to lie in places on the floor. No floor drains were put in the play rooms but a drain was put through the end wall at floor level in the store room. Water only runs out this drain when it becomes deep on the floor.

(8) Leveling Grounds

There are felled trees on the grounds around the building not yet limbed. The backfilling of the building has not been completed. In places water has been lying two feet deep in pot holes against the wall. Much of the water in the basement came from this source.

(9) No heating was supplied to the single teacher's room on the second storey.

(10) The interior painting is very poor for a two coat job.

There has no doubt been condensation in the building, particularly in the basement, from the green concrete. This has been aggravated by seepage from pot holes around the wall, from leaks from the roof and end walls, and from the fact that there never was sufficient heat put on the building to dry out the wet lumber used in construction.

I recommend that the Contractor be required to rectify the items outlined above.

Certified to be a true copy of a Minute of a Meeting of the Committee

PRIVY COUNCIL

CANADA

of the Privy Council, approved by His Excellency the Governor

General on the 10 AUGUST 1949

The Committee of the Privy Council have had before them a report dated 28th July, 1949 from the Minister of Mines and Resources, representing:

That the Indian Affairs Branch of the Department of Mines and Resources has provided for the construction of a two-room Indian Day School and attached teachers' residence on the Ucluelet Indian Reserve in the West Coast Indian Agency, Province of British Columbia, for the education of the Indian children living there;

That, in accordance with the provisions of the Public Works Act, tenders have been advertised for in local and trade newspapers with the following results:

- (1) National All-Steel Buildings, Vancouver, B.C. ... \$23,700.00
- (2) Souther Construction Company,
Port Alberni, B.C. \$42,612.00
- (3) Turner Contracting Company, (telegram only)
Port Alberni, B.C. \$46,600.00

That the above tenders have been examined by Departmental officials and it is found that that of the Souther Construction Company complies with the conditions outlined on tender forms as prepared by the Indian Affairs Branch and the plans and specifications as prepared by the Lands and Development Services Branch;

That the tender of the National All-Steel Buildings, Limited, is for a Quonset type school;

That similar low-cost schools of this type, erected by provincial and municipal school authorities, have been examined by our officials and found to be satisfactory;

That Departmental officials, therefore, recommend the acceptance of the lowest tender, namely that of National All-Steel Buildings, Limited, of Vancouver, British Columbia, in an amount of \$23,700.00.

That funds are available for this purpose in Vote 230, 1949-50, Indian Affairs Branch, Department of Mines and Resources.

Dear Sir:- Re Ucuelet Indian Day School
Your File 16-11-3 .

Our contract for the erection of the above building has been completed except for certain adjustments and repairs as outlined in your Engineer's report dated March 15th, 1950, and for the rough grading of the Play ground.

Since our firm have discontinued business and is now in the process of liquidation, and also because of the fact that the Play ground cannot be graded until next Summer when the land becomes dry, we hereby agree that the sum of one thousand two hundred (\$1,200.00) Dollars be deducted from our contract price and that we thereby be relieved of any further obligations respecting the said contract.

This proposal is in accordance with the arrangement agreed upon at a meeting held in your office this date between yourself and the writer together with your Engineers.

The balance due us on account of the above contract is as follows:-

December 15th, 1949. Draw account No.3-	6616.00
Cheque- 10% deposit with Tender-	2370.00
Total	8986.00
Deduction for uncompleted work-	1200.00

Re: Ucluelet Indian Day School

With reference to Mr. Phelan's letter of March 9th, the original quotation from National All-Steel Buildings and blueprint are returned herewith.

District School Inspector Davey visited this new school shortly after the Company's Final Progress Payment #3 attached hereto, was submitted, and reported quite unfavourably with regard to some of the work. In order to protect the Department it was deemed advisable to have the structure inspected by one of our engineering staff and at the first opportunity Mr. R.M. Martin proceeded to Ucluelet and in due course reported, reference his memorandum of March 15th, attached. A meeting with Mr. DeWolf, General Manager of All-Steel Buildings, and his Construction Supervisor, was subsequently arranged and the defects in the structure were discussed in some detail. We found it difficult, however, to place responsibility for all these defects entirely on the contractor for the reason that no detailed specifications accompanied the contractor's tender and his responsibilities with regard to heating the building during construction, etc., were not clearly defined.

National All-Steel Buildings Ltd., is presently in the process of liquidation and actually they do not now have the facilities for remedying the defects in the structure and to insist on their doing so would inevitably result in considerable delay. Under these circumstances it is considered advisable to have our engineering staff assess the cost of

completing the work and to relieve the contractor of further responsibility by reducing the amount due him under the contract by this cost. Mr. Martin and Mr. Robinson of the engineering staff feel the work could be completed for \$1200.00 and the Company, reference their letter of March 28th attached, is satisfied to have payment due them reduced by this amount in order to quickly conclude the matter. This is desirable from their point of view as they wish to have liquidation of the Company concluded as soon as possible and it is desirable from our point of view because it will enable us to complete payment under the contract from this year's funds.

Mr. DeWolf, in his letter of March 28th attached sets out the amount due the Company under the contract, less the \$1200 deduction. This amount, plus the Company's 10% deposit, totals \$7,786 and payment of this amount to the Company is recommended.

It will be necessary for us to have \$1200 encumbered in the new fiscal year to complete the building but it is unlikely that weather conditions will permit of the necessary work to the playground being carried out until mid-summer.

The new Ucluelet two class-room school was opened in January and attendance there has been good. Re: Ucluelet Indian Day School

We have your signal of April 26th in connection with the contract of the National All-Steel Buildings, Limited. It is noted from your message that \$1,200.00 will complete the building.

We have requested the Treasury Branch to forward the company a cheque for \$5,416.00 which represents the balance due on their contract less the deduction of \$1,200.00.

We are withholding the security cheque for a further period, due to the fact that we had a somewhat similar experience with a firm who constructed a school for us in Alberta last summer. At the time the contract was completed, we received several letters from Sub-contractors stating that their accounts had not been paid, although we had made advance payments on the contract to the firm.

A security cheque is obtained for the protection of the Department, and while we have had no claims from Sub-contractors in connection with this particular building, we feel that it would be in our best interests to retain the security cheque for a further period of time, as mentioned above.

Re: Ucluelet Day School

With reference to Mr. Neary's letter of May 1st and previous correspondence, we propose to complete the above-mentioned building during the month of July. Form 18 showing a breakdown of the proposed expenditure, \$1,200, is enclosed and I would ask that an amount of \$915.00 be forwarded to the B.C. Indian Account to meet labour, equipment rental and other costs.

Presumably a transfer of the \$1,200 from some other project will be necessary in which case I would suggest that the amount necessary be secured from the appropriation for the erection of a school at Gwinaha, Skeena Agency.

We are in receipt of your letter of the 26th instant regarding the proposed expenditure of \$1,200.00 to complete the above school.

It is noted that you recommend transfer of the amount from the sum provided in the current year's appropriation for the Gwinaha School. As soon as this transfer is effected, the advance of \$915.00 will be forwarded to you.

Dear Mr. Arneil, -

I do not appear to have received any reply to my letter of April 5th of this year, concerning the Auditor's report for the West Coast Agency which was dated March 14th. The matter has been brought to my attention again, as the amounts of \$19.30 and \$27.20 referred to in the item marked "Cash Reconciliation" on Page 1 of the report have just been refunded to the Treasury Office connected with Indian Affairs.

I suppose by this time you are familiar with what happened concerning the two cheques which were made payable to Charlie McCarthy and Wilson Robert, for \$27.20 and \$19.30, respectively. The Auditor was wrong in regard to the names and amounts. The report should have read, Charlie McCarthy, \$27.20, and Wilson Robert, \$19.30. The second amount was in connection with a sidewalk to be constructed at the Ueluset Indian Day School. The Superintendent made out a return of labour for the week ending March 31st, 1950, and indicated that Wilson Robert worked 8 hours on the first three days of the week and 3 1/2 hours on Thursday. There is no labour return here for the work which was supposed to have been done by Charlie McCarthy, but Agency cheque No. 88598 for the sum of \$27.20 was issued.

You will realize that the whole procedure in these two cases was very irregular and before making any further comment on the work of this Agency, I would like to have a reply from you as to the question I raised in my letter of April 5th, last, concerning the inspection of the work of this Agency.

Sir,

I have to acknowledge the receipt of your letter of the 5th ultimo in reference to the establishment of a school on the Tahl-Tan Reserve in your Agency.

In reply I beg to say that the Department was unable to await the receipt of your report before making arrangements to have this school re-opened and on the 21st of March His Lordship the Bishop of Caledonia was informed that the Department would pay a salary of \$500.00 to a teacher and an annual rental of \$250.00 for the Mission building for school purposes. Rev. Mr. Thorman, who was previously engaged as Missionary at this point, is to return and is to be assisted in the Mission and school work by his son.

Your suggestion that all religious teaching should be eliminated does not altogether meet with the approval of the Department. In Indian ~~school~~ work it has been found that the school and Mission work go hand in hand to a large extent. Secular education should, however, have precedence in the class-room and Mr. Thorman will be asked to pay particular attention to it.

The Bishop will be asked to have the building put in repair in order that the work may be properly conducted.

The Department hopes that you will give Mr. Thorman and his son every assistance in your power as it wishes to efficiently provide for the education of the Indian

Sir

I have the honor to refer to your letter 357576 of Feb'y 24 last re the advisability of establishing a school on the Sahltan reserve and replying beg to say that I believe that if there was a school properly conducted that it would be a great benefit to the Indians as most of them are anxious to have their children learn to read and write but I would not be in favor of a school conducted as the missionaries did when they were here before what little they learn under such system is of little use to them I have come to the conclusion that missionary work amongst the Indians does not have a very good influence over them and I beg to suggest that if the Department does establish a school that religion would be omitted and in its stead the Teacher conduct regular courses of lecture on honest principles

that is to say teach them to be honest for honesty sake instead of using religion as a cloak and Indian is naturally superstitious and the further his ideas are drawn from ^{that} belief the better for him now I believe that ~~that~~ a proper school would be well attended.

There are at present 45 children of schoolage in the band a few of them attend school at Telegraph Creek and would ~~soon~~ if there was a school on the reserve for the reason that they live and have their homes there and I feel satisfied that a school such as I mention would soon show encouraging results not only with the children but the older ones and great care should be taken in choosing a teacher. The Mission Building is not completed it is about 20 x 30 feet or possibly a little larger. School was held in a room in Mr. Thormans house when he was there it is I would judge about 12 x 12 ft. either building would want repairing. I have not been able to go to Taltan to get the exact measurements a school at Taltan would not materially effect the attendance

Dear Sir,

I am in receipt of your letter of the 21st. Inst. No. 357576 and I am deeply grateful for the promised Grant for the Tahl-Tan school. I have written to Rev. T. P. The steamboat season this summer will only last a month so that it will be desirable to arrange for the school supplies to go up in July. I hope to hear soon from Mr. Thorman. Right Reverend Sir,

I have the honour to acknowledge the receipt of Your Lordship's letter of the 7th instant in further reference to the establishment of a school on the Tahl-Tan Reserve.

In reply I beg to say that, in view of the necessity for immediately accepting or rejecting the offer of Rev. Mr. Thorman and his son to return to this field and resume the work left off some time ago, the Department begs to submit the following offer. A salary of \$500.00 will be paid the teacher and, in view of the fact that the school-house was erected by the Church authorities, an annual rental of \$250.00 will be allowed therefor. Your Lordship will, therefore, receive in salary and rent the amount asked for, but the Department is not prepared to contribute towards the travelling expenses.

At the present time \$500.00 is the maximum salary paid day school teachers in British Columbia, even in the outlying districts, and it is not thought well to make an exception in the case of the Tahl-Tan school; but this proposed arrangement will, it is considered, meet the requirements as stated in Your Lordship's letter.

The Department will also pay for the material necessary to make desks, etc., and will supply books and stationery for the school.

The question of the dispensing of medicines may be left in abeyance. Should Dr. Inglis leave Telegraph Creek arrangements might be made to have a stock of medicines left in Mr. Thorman's possession, and, in any event, the Doctor might be glad to avail himself of the services offered, as it would then be necessary for him to attend to only the more urgent cases.

I trust that this offer will be satisfactory to Your Lordship and that you will be able to make final arrangements for Mr. Thorman's return.

To the Secretary,
Department of Indian Affairs, Ottawa.

Dear Sir,

357576
360004

I am in receipt of your letter No. 357576, dated Feb. 24, in which you say that you will be pleased to hear again from me upon receipt of a reply to my letter to Mr. Cox, Indian Agent, at Telegraph Creek, in regard to the establishing of a school at Tahl-tan.

I wrote to Mr. Cox Nov. 5th. before I had Rev. Mr. Thorman's heroic offer to return from England with his son, who is of age, to take up the school and mission work at Tahl-Tan if I could provide a salary. My letter of Jan. 18th. would explain that I had these two men who had lived there before and knew the language ready to go back and rally the Indians round them.

To this second letter I have not had time to get a reply but to my first letter which simply asked if he approved of reopening the school at Tahl-Tan, if he thought a grant could be secured for this, and also another for the Liard Indians 250 miles in the interior &c. To this he has replied as follows :-

"I have the honor to acknowledge the receipt of your letter of the 11th of Nov. last regarding the Indians of this agency and in reply beg to say that I am very anxious that the Indians should have schools established among them wherever it is practical and think that a school at Tahl-tan would be fairly well attended especially if it was kept open during the summer when the Indians are there, but there is little use in having the children attend only a few weeks when the Indians are in to do their trading and then be taken out in the woods to soon forget what little they

had learned which I fear would be the case with the Liard Band". Please note that this last clause refers to the Liard Indians whom our missionary Rev. Frank Palgrave visited last summer at Liard Post 250 miles beyond Telegraph Creek. The old chief there made a most urgent appeal for a school teacher. Mr. Palgrave laid this before me on his return here. I cannot press for this grant because I know of no one willing to go so far into the Interior away from every remnant of civilization, but the case of Tahltan is different.

Will you allow me to present the urgency of this case as briefly as possible.

1. Rev. Frank Palgrave began and Rev. T. P. Thorman carried on work here under the auspices of the Church of England some years ago. Mr. Thorman reduced the language to writing and translated portions of the Bible, hymns, prayers, readers, teaching school faithfully among young and old without a Government grant. Erecting mission buildings there &c. his wife dying he resigned and owing to expense our Church was unable to send in a missionary to take his place.

2. Last summer as a holiday trip Rev. Mr. Palgrave revisited his old field. The Indians welcomed him most warmly. He taught school for about two months in the summer. They implored him to either come back or send them a teacher. Mr. Cox helped him and the Indians to put a new foundation under the Mission house which is used also as a school. Mr. Palgrave on his way back to England laid the responsibility upon me not to disappoint these Indians.

3. I at once took the matter up, wrote to Mr. Vowel, Mr. Cox, and at a venture to Rev. Mr. Thorman in England. Mr. Thorman responded by offering to come back

with ~~his~~ son if I would pay their travelling expenses from England to Tahltan and give them an adequate salary, pointing out that it is not a "one man mission". I must let them ~~know~~ know so that they can be here in June ready to take the first steamer up the Stickine.

To put the case in a nut-shell -The Church is not responsible for the school. The Government is not responsible for the Mission, but owing to the extreme isolation and the excessive cost the only practicable plan is to work the two together. The Government could not get a teacher to live there on a small grant. The Church will have to decline to reopen the mission and school without an adequate Government grant to the school. For the proposed grant of \$750. (or say \$700) the Government will secure *(through the Church paying the other half)* the services of two men for the school who both understand the language, one with a knowledge of medicine.

- Mr. Cox the Indian Agent favours the reopening of the school at Tahltan.
- Mr. Vowell, the superintendent of I.A., recommends it.
- Mr. Palgrave, the pioneer missionary of the Stickine, urges it with all his power.

- Dr. Inglis of Telegraph Creek admits that it is impossible for him, twelve miles away, to look after these Indians. *(He is thinking of leaving.)*

- Many of the Indians say that if there were a school at Tahltan they would keep away more from Telegraph Creek where they meet with more temptation than in their own village.

As for travelling expenses, though it seems only reasonable that the Government should make some allowance, say from Vancouver to Tahltan, yet I do not press this in the same way.

I earnestly trust that the Government will give me an answer soon

as Mr. Norman will have to give due notice before he will be allowed to leave his parish in England and he must be on hand for the steamer up the Stickine. I am informed that the season will be very short this summer for the steamer. One month most likely.

Sir,

His Lordship Bishop DuVernet has applied to the Department for the establishment of a school on the Tahltan Reserve, and asked a grant for a teacher's salary and for the necessary equipment.

The Department would like to have a report from you, in which you should deal fully with all the phases of the question. You should state the number of children of school age; the distance they reside from the school; the character and habits of the parents; the size, condition, etc., of the building formerly used as a mission house, in which it is proposed to conduct the school. You should also state the probabilities there would be of obtaining and maintaining a full and regular attendance.

The Department will be glad to receive any other information that will enable it to deal intelligently with the Bishop's request.

If a school were erected on the reserve would it be necessary to continue the grant to the white school at Telegraph Creek?

An early reply will be appreciated.

Successors

Referring to my letter to the Department of the 13th of November last, No. 682 R-5, with which was enclosed a copy of a letter of the 5th of the same month received at this office from the Rt. Rev. Du Vernet, Bishop of Caledonia, Prince Rupert, B.C., dealing with the urgency of the question of making what is considered adequate provision for the payment of salaries of certain of the teachers of Indian Day Schools in his diocese, I have the honour to enclose herewith in regard thereto a copy of a communication of the 18th instant recently received from His Lordship dealing with the matter of the desirability of the establishment of a Day School at Tahl-Tan Reserve.

When the reply to the communication addressed by the Bishop to Mr. Agent Cox is received the same will be transmitted to the Department for its information and consideration.

for travelling expenses in the sum of \$100.00 is not, considering the locality and cost of living, at all unreasonable. For a large portion of the year communication with the outside world is practically cut off and it is only during the summer months that ingress and egress to Tahl-Tan and surrounding country can be readily had. As further pointed out by His Lordship it is hardly to be expected that a man can be found who will go to Tahl-Tan at the small stipend paid by the Department to school teachers throughout the Superintendency.

I therefore trust to hear in due course that provision to the extent specified by His Lordship will have been made and that proper accommodation for the number of pupils mentioned will likewise be secured.

The climate on the whole for a large part of the year is most inclement and the country inhospitable thus making the matter of the retention of the services of an efficient teacher a more than ordinary difficulty.

To A. W. Vowell, Esq.,
Supt. of Indian Affairs, B.C.

Dear Sir:-

I am in receipt of your letter of Nov. 12th regarding the establishment of a school at the Tahl-Tan Indian Reserve replying to my letter on the subject. You asked me for more definite particulars, to get which I had to communicate with Rev. T.P.Thorman, now living in England, who built the Mission Buildings at Tahl-Tarn, who knows the language of the Indians there well, who buried his wife and child there, a sacrifice to the cause of the uplifting of the natives. He was heartbroken when we closed the Mission because of the enormous expense. He and his son, who is of full age, are willing to return and take up the work of Mission and School, provided I can finance the work. Formerly the Government rendered no assistance and I did not think the Church could stand the great cost as prices there are so high. In regard to the needs of the Indians, and the importance of the work he writes:- "It is quite a mistake to suppose that they (i.e. the Tahl-Tarn Indians) are but a short time in their village during the year, in my time when they knew their children would be taught many remained the whole year except for a few short "hunts". If they are rallied again they would do the same. I had in my school some 35 to 40 of all ages. With regard to school-house the Mission house built by myself will suffice for a long time but a grant is needed for school furniture, i.e. forms, school materials and medicines as I can do much in that way to aid them."

As I have already said to keep this school and Mission work is a costly matter, there is the expense of getting there, the cost of provisions, fuel, &c. Mr. Thorman says:- "It is not a one man place, on account of the great difficulty of getting fuel. In winter the glass often falls to 65° below zero."

It ~~would~~ scarcely be right to send a young man to live there alone. Hence the advantage of having the two, father and son, for the Mission and School. I am most thankful for this offer and I am writing to Mr. Thorman that I shall accept his offer provided the Indian Department will give a grant of \$750. per annum i.e about half the sum required. And a special grant of \$100. towards travelling expenses.

I now apply definitely for this. Also for the grant for school furniture &c. as specified in the letter.

I shal mail a duplicate of this letter to Mr. Cox, Indian Agent on the Stickine, who cannot now be reached by letter.

As you were formerly in charge of the Cassiar District I can appeal to you on behalf of these Indians. Hoping that I may have some assurance soon to warrant me going ahead in the matter of securing Mr. Thorman for the work, who has already done so much for these Indians and sacrificed so much on their behalf,

I remain,

Yours faithfully,

Right Reverend Sir,

The Department is in receipt of a communication from Mr. Cox, Indian Agent at Telegraph Creek, in which he deals with the proposal to re-open the school on the Tahl-Tan Reserve. Mr. Cox has been advised of the action taken by the Department in official letter to you of March 21st, last.

Mr. Cox states that the Mission building, for which the Department has agreed to pay an annual rental of \$250.00, is not completed and I have to ask Your Lordship to be good enough to take the necessary steps to have the work done in order that Mr. Thorman and his son may not be handicapped in this respect.

Dear Sir,

I beg to acknowledge the receipt of
your letter of June 5th 1911, and this
is my first opportunity for reply.

This is a most isolated spot almost beyond
humanity's reach with few and most un-
certain friends.

With regard to the School on the Indian
Reserve it is all that one can wish for
and reasonably expect.

The attendance is excellent at the
present moment there are 30 children
upon the Register, and the attendance
has been for weeks past 20 to 26 daily.

The conduct is all that can be desired,
and their knowledge rapidly increasing
when one remembers when I re-opened
the School fourteen months ago not one
child knew "A. B. C."

I find if I give any long holidays the
parents of the children would soon rather
so I am reserving the annual holiday time
until the all have for the Fall Hunt for
furs. All the Indians are here now
it is their fishing season, but the Land Yitation
among the B.C. Indians has reached here and
doing much harm paralyzing our efforts
for their good.

The Indian Agent Mr Cox has resigned. (he expressed himself much pleased several times on his visits here at the progress made). No Successor has been appointed, to whom do I send my quarterly School Attendance Reports etc?

Will you kindly cause some quarterly School Return Forms to be sent to me I have none.

I beg to call attention, although I have written once before and received no reply, to the following. —

When I left England to come here the Rep of Caledonia said the Department had allowed \$500 per Ann for the Teacher and \$250 per Ann for the Building —

This Building grant has only been paid for the first Quarter and not since.

The Building is the property of the Church of England and put up at much cost, and I presume this Building grant includes warmth and light.

For seven months in the year (the winter is between seven and eight months here) it costs \$1 per day for wood for School only — Wages are common labourers \$4.25 per day this sum is paid by B.C. Govt.

You will kindly vote \$200 for Building warmth and light is not an excessive allowance. The glass falls in winter to 50 to 60 below zero.

In reply to your Lordships letter of the 7th instant with reference to the payment of the teachers salary and rent of school building on the Tahltan reserve, due the Rev. T.P.Thorman, missionary and teacher at that point, I have the honour to inform you that a cheque was sent Mr Thorman in care of Mr Agent Cox, Telegraph Creek, on May 2nd last, being payment in full of salary as teacher to March 31st last.

The payment of the rent for the December and March quarters, amounting to \$125.00 was overlooked through non-receipt of vouchers from the agent. A cheque for this amount is being sent and the agent instructed to forward vouchers at the end of each quarter.

The Department is pleased to note the good attendance at this school and the success attending Rev. Mr Thormans efforts and regrets that he has been put to inconvenience through the non-receipt of the amount due for the rent of the school building.

Dear Sir,

I am away from my headquarters,
Prince Rupert, so cannot refer to my letter file, but
there is a matter I wish to bring before your
attention.

At great expense I brought Rev T. P.
Thorman and his son (who is over age) from
England to reopen our Tahl-Tan Mission
12 miles above Telegraph Creek on the Stikine
River. I did so after receiving from your
Department the assurance of the sum of \$750.
a year - made up as follows: \$500. for salary
and \$250 for the rent of our Mission building
for school purposes. Mr Thorman reporting that
the building needed repairs I paid for this. The
work was done soon after Mr Thorman's arrival.
He began school almost immediately upon his
arrival about June 9th 1910 and his attendance
has increased, there were 25 names upon the
register last quarter's average daily attendance
was 15.17

On his reporting that he could not live on the
salary promised & fixed by himself before leaving England
I at once telegraphed an increase of \$200.
It will be seen from this that unless the Government
pays its share as promised we may not be able
to keep up the Mission. Mr Thorman reports that no
grant for school-rent was made for the last quarter. Will
you please look into this matter. I expect to visit this Mission next
month.

Rev. Sir,

His Lordship the Bishop of Caledonia has advised the Department of your arrival at Telegraph Creek and no doubt before this time you have commenced your school work. A supply of stationery was sent you sometime ago.

The Department has no printed instructions to give you in reference to your management of this school. It is desired that you will follow the programme of studies as closely as possible and secular education should receive precedence in the school-room. A certain amount of religious instructions may be given, but the Department will expect you to devote most of your time during school hours to the teaching of the regular subjects of study.

A supply of blank forms on which to make returns will be sent you and instructions in reference to making these out quarterly are contained therein. A register will also be sent and certain information for your guidance will be found in that also. The returns and all correspondence in connection with this school should be forwarded to the Department through the office of the Indian Agent, Mr. Cox, who has been asked to give you every assistance in your work as teacher.

It is hoped that your influence with the Indians will lead to the enrollment of all the available children on the reserve and that a regular attendance will be maintained.

Re Tahl-Tan

Sir,

It was my privilege to visit the Indian Village of Tahl-Tan 172 miles up the ~~Sitkine~~ Stikine River and to spend a week there about the first of June last. I spent a whole morning inspecting the school taught by Rev. T. P. Therman. There were about a dozen children present. These children had only been under Mr. Therman's care for two years and knew nothing in the way of education before this. I cannot speak too highly of the progress they have made in reading, writing, spelling, arithmetic, geography &c. also from being wild untamed children they showed in their respectful manners the wonderful influence Mr. Therman has had over them. There is no doubt in my mind that both from the standpoint of the school and the church it is when the Indians are in their own village twelve miles from the contaminating influence of that Telegraph Creek the most effective work can be done.

I have just received a letter from Mr. Therman stating that acting upon the new regulation he has been keeping the school open in July with an attendance of between 16 and 20. Later the Indians will be away for the Fall Hunt when the attendance at school will be small.

On June 6th. I visited the Public School at Telegraph Creek and found five children present, one an Indian child.

I had a long talk with the Indian Agent, Mr. Simpson. He expressed himself as much pleased with the Tahl-Tan Indian Day School, which he visits about once a month, and unlike Mr. Tyson, strengthens instead of weakens the hands of the missionary and teacher.

I have had to pay Mr. Therman

I have had to pay Mr. Therman \$1,200. a year. The cost of living up in this isolated region is excessive. Without the Government grant of \$500. towards salary and \$250. rental for school building I should have to close the Mission. No teacher could live on the Government grant alone.

I have reported my visit to the Department and given my testimony to the good work being done in the school because in a recent letter the Department spoke of closing the school if the attendance did not keep up, and further owing to the migratory habits of the Indians it may be difficult to put in the full number of school days and so under the new rule the salary grant may be reduced. I consider that no school in the Diocese has for the limited period of operation done better work.

It is a difficult problem—the teaching of school when the Indians wander. The former government did not favour increasing the number of Boarding Schools. For the immense outlay the returns are very slight. Children are removed from their parents whose authority is destroyed, and are unfitted for the ordinary life that awaits them when they return after six years absence. I do not know what the present policy of the Department is. I think both Mr. Deasy, and Mr. Simpson favour the Boarding School plan, but they have not had the experience I have had in the difficulties in the way.

Sir,

I beg leave to submit herewith Duplicate copies of Quarterly School Returns, from Mr. Thorman on the Indian School on the Tahltan Reserve, Mr Thorman has requested permission to keep the School open during the Months of July and August in order to take advantage of the opportunity afforded him by the gathering of the Indians who will be resident there during the Salmon Gathering season, I have granted his request, knowing that these Indians will probably move off to their Hunting grounds in September, when their Children will have Holidays, and lose the opportunity that others will have of attending School, You will notice that he has called attention to these facts in his Marginal notes. The Bishop of Caledonia has expressed much surprise at the wonderful progress attained, and will no doubt mention the matter in his Report to the Department. It is Gratifying to know that one so capable of judging the case is highly impressed with the good results attained, and can testify to the good resulting from Mr. Thorman's efforts.

To the Secretary of

Department of Indian Affairs, OTTAWA.

Sir,

I am in receipt of a long letter from Rev. T. P. Thorman of Tahl-tan, Stickine River explaining the causes of a decrease in the average attendance at the Day School during the past year.

It is best for the Indians that they should remain as much as possible on their Reserve so that their children may go to school and young and old may be away from the temptations to drink and immorality which proximity to a white village brings.

The Tahl-Tan Indians receive many inducements to move their families to Telegraph Creek, the white settlement twelve miles away. Indirectly the Government encourages this by providing that the Indian children may attend the Public School for White children in this village. According to Mr. Thorman's letter, when Mr. Tyson, Indian Agencies Inspector, visited Tahl-Tan Reserve last August the Indians put to him the question- "May we live where we like?". Mr. Tyson replied "Yes you may". On hearing this many went off with their families to live at the white village of Telegraph Creek. In three weeks time the attendance at the Indian Day School dropped from 27 to 5. While Mr. Thorman has not seen a case of drunkenness at Tahl-Tan among the Indians it is very different at Telegraph Creek. There the work of the missionary for the

Indian seems to be almost undone. There is also a white-man who keeps 409296
agitating the Indians over the land question, and the sad unrest which
is such an obstacle to our missionary work in these parts has spread
up the Stickine. Many of our missionaries are now utterly disheartened
because of this "land agitation" and Mr. Thorman says this is an other
cause of lack of attendance.

While Mr. Tyson may have been strictly speaking correct in what he
said yet as the Indians would regard him as higher than the Indian Agent
the effect of his words has been most disastrous. Most of our Indian
Agents have said-If you want to live off the Reserve, then you must
renounce the privileges of the Reserve" but in this case the Department
offers school and medical attendance to induce the Indians to live in
a village where through drink and vice they will soon be exterminated.

I understand that the new Indian Agent on the Stickine is alive to
this situation, and is rather inclined to recommend a Boarding School
at Tahl-Tan, but after my financial experience with Boarding Schools
I should hesitate to involve the Church in such.

I think we should give the Day School at Tahl-Tan a fair chance,
and an other trial. I sympathize deeply with Mr. Thorman in his most
isolated post with the thermometer often down to 60 below, and think that
he deserves every encouragement both from the Government and the Church.

I am,

Yours faithfully,

Sir,

Some time ago our clergyman at Tahl-Tan, Upper Stikine River, sent me a copy of his letter to you urging the establishment of a Boarding School for Indian children at Tahl-Tan. In case the original went astray in the winter mail I forward you this copy.

I think the argument for a Boarding School at Tahl-Tan is a very strong one and I shall do all in my power to assist the Government to make such a school, if established, a success, but after my experience with Boarding Schools in the past I could not agree to the Anglican Church being in any way responsible financially for the upkeep of such a school.

Dear Sir

It is a common report that the Indian Land Question is receiving the attention of the Government at this time; and that a Commission has been appointed to inquire into & debate upon the requirements of the different tribes in these parts. Until a movement had been made in this direction it was of little use making mention of educational progress among these people on account of their boycotting all concerned with the Government; a sad state of affairs brought about by a travelling agitator. Now that the Indian mind is pacified to a great extent I will ask the Government to give its accustomed consideration to remarks of a like nature.

For many years the Anglican Mission has been established among this tribe of Indians, who, for the most part, are members of the Church.

It was as far back as the year 1897 that the first school was opened; but this only continued for a space of 6 years. The Government

at ~~the~~ time made no grant. The Mission was helped by a supply of drugs & I believe there was an Indian Agent. However, through lack of support from outside, and the then indifference of the Indians to education, the School was forced to be closed.

In 1910 the School was again opened & was received very favourably by the parents of school children, who lent their utmost support in keeping their children for a time at School. Nevertheless the problem of continuing this school as an educational enterprise is by no means solved yet. There is the eternal drawback of the precarious existence of a nomadic people which allows no long stay in any one place; the Indian spend-thrift manner of living & his love of liquor rob the children of their right in that parents as soon as they have run through the cash in hand are forced to return to the hunting grounds.

These two drawbacks alone mean the everlasting repetition of the premises & slackness of any true discipline.

Then there is the question of morals. I have never seen these lower in standard among any people. True not entirely due to themselves but rather to the cosmopolitan influx during the gold rush of '98. & the want of law & order.

Telegraph Creek some 12 miles away harbours most of the evil. Whiskey may be obtained for the asking; there is profligacy of living between whites & Indians; little boys & girls swear all the filth of camp followers before they can even speak their own tongue decently; manhood is laid waste on all sides; motherhood is sneered at & influences to prevent childbirth are encouraged.

Morals cannot attain a very high standard in such an environment. I appeal now for a school that will give these children an ordinary chance of being brought up in a "Human" way.

Such a school would be welcomed by quite a few families. The parents at Sahl Sau take a keen delight in seeing their children neat & tidy & in getting them to attend regularly at school. A school that would contain all practical virtues combined with some work of hand crafts would be one of the greatest blessings the Government could bestow upon this tribe. And yet it is not desirable to educate the youth here beyond themselves so as to bring discontent among them & to make the girls too proud to marry their own kind. A Boarding & Industrial

TELEGRAPH CREEK

November 30, 1912

Assistant Deputy and Secretary
Department of Indian Affairs,
Ottawa.

Sir.

I beg to submit herewith Agents report on Telegraph Creek school for the month of November 1912.

At the close of the summer holidays the trustees were unable to secure a master for the Telegraph Creek school as there was no certainty of the grant being continued by the Department of Indian Affairs in Ottawa, and the provincial grant of \$90.00 towards the masters salary was considered too low in view of the high cost of living in this country. The school board then communicated with the member for this electoral district, urging him to have the grant from the Department continued, and arrangements were made with the Rev. T.P. Thorman, former school master for the Tahltan school who was then on his way to England, to send his son out to fill the position. Meanwhile as the provincial law called for an attendance of eight pupils before the grant from the local government could be claimed, and there were only two white children of school age, every effort was made to have the Indians with children send their boys to the Telegraph Creek school to make up the required number. Mr. W. Thorman the new master arrived on the 1st of November and immediately opened school with an attendance of 14, Indian children and two whites. Most of these children were formerly on the roll at the Tahltan Mission school but their parents were staying here for the winter, as they can secure steady employment, consequently there are no children at the Tahltan village and there is very little hope of conditions changing later on.

Sir,-

I beg to inform you that T. P. Thorman, Teacher of the Tshltan Indian Day School, in his quarterly return of attendance for the quarter ended March 31st, last, which has just reached the Department, states that there has been a great decrease in the attendance at that school and that there is no likelihood of any better attendance for some months, and, therefore, he suggests that the school had better be closed until a better attendance is assured.

Acting on the teacher's report, the Department considers that, as there ~~is~~ not enough ~~of~~ Indian children to warrant the continuance of this school, it should be closed for a time at least. You can, therefore, inform Mr. Thorman to discontinue the teaching of this school at the end of the current quarter, June 30th, next. When, however, you are satisfied that a sufficient number of Indian families have returned to that place, you can so inform the Department, when the re-opening of this school will be considered. The teacher should forward a return showing the attendance for the current quarter, when the amount of salary and rent due for that period will be paid.

REMARKS.

The report for this quarter shows a great decrease in the attendance. The war has killed all educational enterprises in this vicinity and there is no likelihood on any better attendance for some few months, may be years, to come. Most of the Indians never had ~~more~~ money in hand than would serve to keep them for a few days they saw ahead and now they have nothing at all. They can, however, quite easily keep themselves in the woods on the wild game but the school had better be propogued until better times are in sight. I could not promise any better result than this during the meantime.

Sir:

I beg to submit herewith the following report on the schools of the Stickine Agency recently visited.

SCHOOL AT THALTAN - English Church.

The Indian School at Thaltan has been closed down, owing to the Reverend Mr. Thormen having enlisted. The people of Thaltan have stayed in the Mountains this year more than formerly, for the reason that they can thus get their food supplies more easily. On this account I believe that there is no necessity for having this school open at the present time.

SCHOOL AT TELEGRAPH CREEK - Undenominational.

The Indian School at Telegraph Creek is under the British Columbia Government, and the teacher's name is "Robert Fournier". This school is attended by the Indian children of Dry Town, and there were 12 there on the day I visited the school, accompanied by the Indian Agent. The teacher reports that the children are doing very well, and the building is a good substantial one with good ventilation and very satisfactory sanitary conditions.

The Minister of Indian Affairs,

Dear Sir:-

There is, as you know, a tribe of Indians on the Stikine River above Telegraph Creek. A number of them live in "The Creek" but many of them wish to be again settled at their old village of Tahl-Tan, where it would be much better if they were all living. Your Department evidently has realized this as you made a small grant recently to assist in obtaining a better water supply for the old village. These natives when at Tahl-tan are in touch with both their fishing and hunting and the mothers and children can stay at home while the men are away.

The establishment of a small school there for about five or six months in the summer would be of great value. Mr. Harper Reid, the Indian Agent in that area, also recommends this.

There is a first class man there who could take charge of this school. He is a son of an early missionary there and talks the language of the people, but was educated in England and had taken two years at Oxford before the Great War broke out. He was a tutor for some time in an English family.

I will be glad to hear from you re this matter and trust you will give it favourable consideration. If you place this school under my supervision I shall do all I can to make it as useful as possible. I may say that nearly all the natives who will live at Tahl-tan will be Church of England.

Yours faithfully,

(Sgd.) G. A. Rix.

Memorandum:

MR. BUSKARD,-

I have your memorandum of the 25th instant, forwarding a communication addressed to the Honourable the Minister from Right Reverend G. A. Rix, D.D., Bishop of the Diocese of Caledonia, requesting that a grant be provided towards the conducting of a summer school for the benefit of the Indian children at Tahltan, in the Stikine agency, northern British Columbia.

In this connection I have to say that a day school was in operation at this point for a number of years previous to 1916 - when it was closed for lack of attendance. No school facilities have been provided since that time.

If the church authorities can provide a building for classroom purposes, I would be pleased to recommend that a grant be authorized to pay teacher's salary for, approximately, a five month period during the summer of 1935 and that His Lordship be informed accordingly. In the meantime, the Department can communicate with the local Indian agent, ascertain the number of children that would be available and complete arrangements for the conduct of the school during the summer months. The Bishop requests that this school be placed under his supervision, and he could be requested to nominate a teacher, to begin duties on or about May first, 1935, and teach until the end of September following - a five month period. As requested, I am returning the Bishop's letter.

Sir:

His Lordship the Bishop of the Diocese of Caledonia has requested the establishment of a school, for a period of about five or six months in the summer, for the benefit of the Indian children in the village of Tahltan.

In this connection I would refer to your letter of the 30th ultimo to Mr. Perry, Assistant Indian Commissioner, Victoria, B. C. It is noted that, during the past summer, a school was conducted by Mr. Will Thorman, assisted by his wife, as a voluntary work.

The Department will be pleased to provide a grant towards salary of teacher for approximately a five month period during the summer of 1935. We will also supply any text books and classroom material required. It is presumed that there is a suitable building for carrying on classroom work. We will have no funds to provide or fit up a building, but, it is hoped that, with the present arrangements, suitable accommodation can be provided.

I would request that, in due time, you forward a requisition for the classroom materials required and also forward a nomination from His Lordship Bishop Rix of a suitable teacher. It is considered that, if a school was in operation from, approximately, May first to September 30th, this would meet the needs at this point. You might state the number of children who could attend.

It is to be understood that the summer school at Tahltan will be under the auspices and supervision of Bishop Rix.

You will be written, in a separate communication, regarding school facilities for the Bear Lake or Klappan Indian children.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Therefore, as reported, this Spring, at the request of Chief Charlie Quash, a summer school was started out on the Thaltan Reserve, by Mr. Will Thorman, helped by his wife, which was voluntary mission work. It has worked very well and is certainly approved of, by this Office. An Indian Agent could not do otherwise than be thankful, as it kept all these youngsters out of this very dirty little town. Enclosed please find a letter that Mr. Thorman has directed to this office, covering his work, with also an attached Photo, showing some of his children. He intends to "carry-on" and of course hopes that the Department will see the matter in the right light, and perhaps later on supply some books, etc., for his summer's work. As his children nearly all go out to the woods in the winter with their families, to their registered trap-grounds, of course this school closes during the winter months.

September 25th, 1934.

Mr. Harper Reed,
Indian Office T/C.

Dear Sir

This report of the Summer School at Tahl-Tan is somewhat belated as I've been busy moving, i.e. walking, back and forth from Telegraph Creek to Tahl-Tan which has taken up considerable of my time, in consequence I find myself behind in much of my work.

I opened a day school at Tahl-Tan on June 25th and closed after 36 school days on the 23rd day of August having taught school on 3, 4 and sometimes 5 days a week as I was able to fit in the days with any other work.

10 Ten pupils attended, the names are as follows:- Andrew Dick, James Dick, Mona Etzerza, Charles Etzerza, Mable Henry, Lawrence Henry, Leonard Henry, Pansy Quash, Matilda Quash, Lennox Quash, the first six have at broken intervals attended the school in Telegraph Creek the last four have not previously attended any school. None of these children had attended any school since prior to Easter. These children were in the vicinity of Tahl-Tan since Mid-March when the men folk left their families to go Spring Beaver hunting.

The school closing was made to facilitate the families fall excursion to the mountains for "grease."

There were other children who would have attended school but arrived too late in the season, also the severe summer colds prevalent this year were a drawback.

I have omitted to add that the above mentioned children came from four families and averaged an attendance of 7.9.

The idea of the Mission summer school was not to run in opposition to the Provincial School at Telegraph Creek but to give those children in the vicinity of Tahl-Tan an opportunity to continue their studies, or start them as the case might be without going into the undesirable atmosphere of Telegraph Creek. In addition the spring and summer months are devoted to tanning hides for mocassins and clothing and for drying fish which occupations are not so readily accomplished in Telegraph Creek. *(Take Place on Reserve H.R.)*

While not wishing to minimise the work of the school in Telegraph Creek: Emphatically this is not the place to further their welfare--the tone is far from high--which statement you will agree is correct when you consider the class of homes from which so many of the Provincial Pupils come. These pupils, about 20 in number, are with the exception of two white boys all half breeds, quarter breeds, etc. Indeed, from many years of observation, I consider many of the Indian encampments as being a far more suitable place in which to rear children than in Telegraph Creek.

The school at Telegraph Creek is crowded and if the Provincial Pupils receive their measure of tuition, how can an Indian child unless he be unduly bright keep abreast of the Provincial Pupils?

Without wishing to stretch this report to undue length, as you are already aware of all of the above stated facts I would add that the summer school was received well, well attended and with better luck will be more successful next summer when we hope to have

more equipment. I was late in getting the news around that a school would be held. There was a little background of opposition also as it was thought that it might interfere with the Provincial School. I studiously avoided any friction with the Provincial programme.

There is little likelihood of any of the children, whom I taught this summer, attending Telegraph Creek school or being in the vicinity of Telegraph Creek or Tahl-Tan until next March. This should have been May. Indian families simply cannot afford to come to town until after the Beaded Hunt is finished & the Beaded Hunt will be "Poot" Beaded all gone. H.P. J.A.

Dear Sir:-

May I thank you for your reply to my letter dealing with the matter of a five months native summer school at the village of Tahl-Tan.

I am pleased to be assured of your sympathy for this plan and that you will authorize a teacher for a five month's period in 1935 if the Church will supply a class room and if there are sufficient children to warrant such a venture. I will see to it that a room is provided and I think there will be no doubt about the number of children. Your Agent will be able to inform you re this. The teacher in view is Mr. W. Thorman whose present address is Telegraph Creek. He is an excellent man and greatly interested in the natives.

I would refer you to official letter of the 30th ultimo, regarding the request of His Lordship the Bishop of the Diocese of Caledonia for the establishment of a summer school for the benefit of the Indian children in the vicinity of Tahltan.

In the report which you forwarded, from Mr. W. P. It is noted, he further states: "There were other children who could have attended school but arrived too late in the season, also the severe summer colds prevalent this year were a drawback."

I shall be pleased if you will inform the Department definitely the number of children of school age who would be available for attendance at this school if it is conducted during the summer months of 1935.

Further, I would request that you will state, as near as possible, the number of children who would be available to attend a school at Bear Lake, if same is conducted during the summer months next year.

Your early reply will be greatly appreciated.

On reading through the various correspondence on the Tabl. Tan-summer school. I do not find any reference to the amount of the salary to be granted.

I do not know if Bishop Rie came to any arrangement with the Indian Dept. on this matter for if so, he failed to notify me which may have been an oversight on his part. He may have even overlooked the point altogether.

If this matter has not been dealt with, as I apply to them, i.e. the Indian Dept., or have they a set scale for such schools?

Right Reverend Sir:

I have been directed to acknowledge receipt of Your Lordship's letter of the 13th ultimo, nominating Mr. W. Thorman as teacher for the summer school which it is proposed to open at Tahltan during the coming summer.

In reply I have to say that the appointment of Mr. Thorman is approved. The salary allowed him will be at the rate of \$90 per teaching month. It is understood this school will be opened on or about May first, next, and will be continued for a period of approximately five months. The Department understands there will be an average attendance of 15 children. It is hoped that Mr. Thorman will meet with every success and that this school will prove of benefit to the Indian children.

It is understood that suitable classroom accommodation is available. The classroom supplies considered necessary will be forwarded in due time.

Mr. Harper Reed, the local Indian Agent, is being informed of the approval granted for the appointment of Mr. Thorman and the salary that will be allowed. Further, he is being requested to give Mr. Thorman every assistance he can in the work and in encouraging a regular attendance of the Indian children who will be available.

MEMORANDUM:

The Honourable the Superintendent General,-

Referring to my memorandum dated October 29th, last, regarding the request of His Lordship the Bishop of Caledonia for the opening of a summer school for the benefit of the Indian children at Tahltan, in the Stikine agency, northern British Columbia (Federal District of Skeena), I have now to inform you that His Lordship has nominated Mr. W. Thorman for the position as teacher. Mr. Thorman has the necessary qualifications and conducted classes at this point during the past summer. There are 22 Indian children available and it is expected that there will be an average attendance of 15 children during the period the school is open next summer. It is proposed to open the school on or about May first, next, and conduct it for a period of five months.

I shall be pleased to have your approval of the Bishop's nomination of Mr. W. Thorman as teacher.

Dear Sir:-

It was a great satisfaction for me to get your letter informing me that you were making a grant for a Summer School at Tahl-Tan for teacher's stipend and for necessary supplies for the school. This will be of real value to that area.

I have already suggested the name of Mr. W. Thorman as teacher and assured you of his exceptional qualifications. May I confirm this selection and again say that the Department is fortunate in getting a man so qualified and so interested to have charge of one of its schools.

Requisition for School Supplies-1936

ANGLICAN. TAHLTAN RESERVE -Summer School.

During the summer of 1935, under the above reference, a Summer Mission School was conducted on the Tahltan Reserve, to serve the Fish Camp children living out there - then.

W. P. Thorman. Esq. J.P. was created Teacher, and as the Reports show, the school did a lot of good.

It is understood that the school will be allowed to operate this summer (1936) and Mr Thorman will again act as its Teacher, with the same Salary as that of 1935. Bishop Rix, of Prince Rupert agrees with this, and wishes the school operated.

Therefore, hereunder is a list of school material now found necessary to start up the school, as soon as ever the Indians come in from their Spring Beaver hunt, i.e. early in May.

Dear Sir:

I have your letter of the third instant, enclosing a requisition for school supplies for the Anglican Summer Indian Day School on the Tahltan reserve for the coming summer of 1936. In this connection it is noted that Mr. Thorman, who conducted the school last summer, will again act as its teacher during the coming summer.

The Department will approve of this school being carried on and will allow salary at the same rate as was paid during the summer of 1935, viz.: \$90.00 per teaching month. It is understood that the school will be opened on or about May first, next, and will continue for a period of approximately 5 months. It is noted that this school, during the period it was in operation last summer, did a lot of good work.

The supply of school material considered necessary will be forwarded, addressed to you, Telegraph Creek, B. C., in time to reach Vancouver before April 15th, next. This school is to be conducted under the auspices of the Bishop of Caledonia, and I would request that, when the school opens, you will give the teacher every assistance you can in his work.

A good start seems to have been made, and the probability is that as time goes on and more Indians erect houses, the attendance will be bigger. May I, therefore, urge your department to take this matter under advisement and I trust, you will find it advisable to provide a good school for this somewhat important village in the near future.

(2) In the village of Kitwancoot there never has been any school, either building or teacher. There must be at least a score of children there of school age who are getting no education. Your agent in that district, Captain Mortimer, has discussed this with me and it may be that he has already brought this need to your attention. These people have had a turbulent history, but are now quite ready to work in harmony with the state and a great help to establishing this condition would be in placing a school there.

(5) At Kiskagas a very small native village without any school is anxious for a teacher, they would be satisfied with just the most elementary teaching. Your Agent will probably write re these people and I beg to urge a sympathetic treatment of their case. *This is in Capt. Mortimer's district*

Asking for consideration of the above, I am

Dear Sir:-

I am, as you will see by the letterhead, in Montreal a long way from my western Diocese and as mails are very uncertain to and from the Telegraph Creek region so that I can not well communicate with you through your agent there. I am therefore bringing the following matters directly to your attention.

1. It is our desire to continue the school for natives at Tahl Tan this coming summer as we have in the past and solicit the usual co-operation of your department in this matter. Mr. W. Thorman is our efficient teacher there.

2. I have been informed that it is the purpose of the department to build a school at Dease Lake this spring. There are a number of our Anglican natives there and I believe some Roman Catholics and that the department wishes the school to be run along non-denomination lines. Would your department give me the particulars re this enterprise?

(a) Is the school to be built, and when ready for use?

(b) How long a time in the summer will it be expected to be carried on?

(c) What salary will be paid to a teacher in this very difficult place?

(d) Will the government pay travelling expenses of a teacher going in for the short time the school is to be in operation? I would be glad to get this information as early as possible so that if necessary I could set about the task of getting a suitable man.

3. (e) In the village of Aiyansh, or sometimes called Gitlakdamics, there never has been a building for an Indian day school. A large room in the Mission House being used for this purpose. This is not as suitable as it should be, by any means, which fact is agreed to both by the Inspector of Indian Schools, the Church and the natives themselves. The Indian Agent, Mr. W. E. Collison agrees with this also.

Re:- Thaltan Reserve Summer School. Anglican.

The Rt. Rev. G.A. Rix. D.D. of Prince Rupert B.C. has been respectfully written to requesting that the name of the school teacher be submitted by him, to the Department - for next summer's work on the above Reserve.

There is little doubt but that it will be again Mr. W. P. Thorman, and therefore with his help a list of supplies has been made up and submitted.

This summer school has been opened as from May. 1st until the end of September, but after going into the matter most carefully it is certainly thought that this school should open as at April 1st and close down at the end of September. The reason for this being that all the families move out there at the end of March, and then the men go away for their Beaver Hunt. The Salary paid Mr Thorman as Teacher for this school is at \$90-00 per month.

May the necessary Authority be allowed to again place this very good school into action, once more.

Ottawa, Ont.

Dear Sir:-

I have been reminded by Indian Agent Harper Reed of Telegraph Creek that I should again make application for Mr. William Thorman as teacher at the Tahltan Reserve Summer School. I thought this appointment would probably continue until some change was made. However, I am glad to again suggest Mr. Thorman's name for this post. He has done excellent work and his knowledge of the native language makes him more than ordinarily efficient.

I am writing to the Indian Agent at Hazelton reminding him of correspondence about the appointment of native teachers for Kitwancool and Kisgagas. I do not know what has been done in this important matter, but hope something will come of the discussions which have taken place about it.

With best wishes,

Yours faithfully,

Re:- The Tahltan Reserve Day School-Summer. 1940.

For many years past the above school has done very fine work, and it is considered that it should be allowed to operate again during the coming summer. May the Authority for this be granted, please.

Submitted herewith is a Requisition for school supplies but in addition to this list, the school should be allowed the following equipment.

2. Qrts Fly Tox. 2 Brooms. 2 Qrts Floor Paint. 1. Brush
1. Galv Bucket (for floor washing). which same can be obtained from Vancouver or Wrangell. S.E. Alaska.

The Rt Rev. G.A. Rix D.D. of the Anglican Church in Prince Rupert B.C. has been written to, requesting that he will nominate a Teacher, but it is expected that Mr W. P. Thorman will carry on, as he has done in past years.

This Reserve School was allowed to run for a full six months last year, which is thought quite correct, and the Salary allowed was at the rate of \$90-00 per month

This School is really doing good work, as it gives attention to all the youngsters that spend their summers at the Tahltan Fishing Camp, not far away from the school in the Village.

Dear Sir:-

Will you be good enough to accept my nomination of
the Rev. W. Thorman as teacher of the Tahltan Reserve
Summer Day School for 1940.

Sometime ago I interviewed the B.C. Indian Commissioner
in relation to Mr. J. Hayhurst of Kitwanga. Mrs. Hayhurst
is a qualified teacher at that place and he among other
duties is on constant call by the natives for First Aid
work and the dispensing of medicines. In visiting him a
shorttime ago, he had three most serious accidents to attend
to in one day. It has been customary that a person doing
such work receives some remuneration for it. In fact,
when he was at the village of Greenville last year he
received \$25.00 per month. He is very efficient in this
sort of thing and I have written the Babine Agent on his
behalf, but as I was writing about the first mentioned
matter to you, I venture to bring this urgent matter to
your attention. *I may have brought this to your attention*

Re:- TAHLTAN RESERVE DAY SCHOOL. (summer)
Anglican Mission.

I beg to submit a Report on the above Indian Seasonal Day School, situated in the Tahltan Village and on that Reserve.

Under Authority 158-2-1. February 20 th 1940, permission was granted to operate this school over the summer, for a period of 5 months. Mr (Rev) W.P. Thorman was appointed the Teacher, as in years gone by, and the Salary allowed was at the rate of \$90-00 per month. Replacement of school materials was granted with also some few extras all of which were obtained and forwarded to this school.

Upon going over the Records of School Reports, it is seen that this school has operated for a period of 6 months, and not as originally arranged. As your Agent was on duty in the south part of B.C. during the month of September, it is not known as to if the Department allowed this extra period, or not. Returning after the visit to the South, the September School Report was received from Teacher Thorman without comment, and with pressure of work in this Office was forwarded to the Department; and the extra month not mentioned.

The School has been doing good work, and the attendance fair, but without doubt were the Rev Thorman to insist that other Indian children, belonging to his Mission - were that could and should attend this excellent school - were induced to do so - much extra good work would be accomplished. This would also, perhaps, do away with the attendance of Indian children to the Provincial Day School in Telegraph Creek; during the winter months. Several children spending the summers at the near-by Fish Camp, and on this Reserve, should be made to attend this school.

Here again is a matter for the inspection of Inspector Coleman during his visit to these parts; next summer. It is considered that this school should be reopened next summer as at April First, and that the usual supplies be allowed, with the Salary the same as in past times. It is expected that Mr Thorman will again be nominated as the Teacher, by his Bishop, but this question will be settled at a later date.

It was possible at the opening up of this month to start the Thaltan Reserve Summer Day School, on its seasonal operations which fact was duly reported to the Department. In this rather model Anglican Indian Day School, we have the attendance of 18 children, 11 of which are girls. The education they are receiving is of the best possible under such circumstances, and it is to be regretted that more Telegraph Creek Indian (Town) children are not compelled to attend this school; instead of attending the Provincial Day school, situated within the Townsite of Telegraph Creek, itself.

Dear Mr. Hanson:

I have for acknowledgment your letter of May 14, in which you submit, for departmental consideration, the desirability of operating the above noted school for a period of at least six months.

I regret to state that in view of existing conditions it has not been found possible to include in this year's estimates the amount necessary to operate this particular school for a period longer than five months. In a letter dated February 20, Right Reverend G. A. Rix, D.D., Bishop of Caledonia, was informed that the Department was prepared to allow salary at the rate of \$90.00 per month to a teacher for this school, on the understanding that the school this year would be operated only for a period of five months. It is scarcely necessary to add that, should conditions change, the claims of this and other such schools for a greater measure of assistance will be very carefully and sympathetically considered.

*Inspector Coleman's report on
Stikine Agency, Sept-Oct. 1941.*

Of these, Tahltan, Dease Lake and McDames were visited but the schools were not in session, consequently no examination could be made of the children in their work. These are reported on as follows:--

TAHLTON (Anglican)

This school 19x23 9'6" wall, was erected in 1936 at a cost of about \$300.00 to the Department, some labour or supervision apparently being given by Mr. Thorman. It is well constructed of logs with ample lighting from one side, the floor being covered with roofing material and painted, a common practice in this district. It is equipped with Eleven double home made desks and a drum heater. There is only one latrine for both sexes and another should be constructed, the cost being about \$15.00. Regular school desks, fastened on battens could well be provided for this school when funds are available. There is no blackboard, apart from a piece of black oil cloth about a yard square. I would recommend the supply of two sections of regular blackboard material and chalk rail.

It is noted that the school has an extension at the rear about 12' square, fitted out with stained glass window altar, etc. and that the school is used for Church services. This appears to be the general practice in this agency and I very much question the practice as there are, in my opinion, serious objections to the use of a school room for frequent gatherings of adults owing to the increased risk of infection besides the disorganization of the school set up. The children's desks could hardly be considered satisfactory pews for adults. In addition, the presence of so much religion paraphernalia is somewhat off colour in a class room. If it must remain, I would recommend that it be screened off by suitable doors when school is in session. These remarks apply to the other schools visited, Dease Lake, McDames, although the Rev. Father Carpentier has screened off the altar. The Indians should be induced by the Missionaries to erect separate buildings for church purposes.

The average monthly attendance at Tahltan school varied between 12 and 16. The village is quite small. Grades are as follows:

Grade 1	--	4 pupils.	Average age.	7½
" 2	--	11 pupils.	"	10
" 3	--	3 "	"	12
" 4	--	2 "	"	12½
" 5	--	2 "	"	15½

Boys. 12 Girls 10. Total 22.

While I did not have an opportunity of checking the school work owing to it being closed for the winter, I am dubious of our getting the best results from the tuition given. The teacher is untrained and did not appear to me to have any particular qualifications for the work. He is a lay missionary and anything else that he can pick up. His duties as Coroner and Magistrate is also apt to interfere with his school duties. At that, he probably has the most efficient Indian school in the district. He is at least English speaking, in contrast to the other Indian school teachers.

I made some suggestions to him in respect to school work, but I doubt whether he was appreciative of them.

This school, with proper supervision, should fill the local need.

Following is a list of the texts in use:--

Quance Speller " " "
Smith, Luse & Addison Arithmetic for all Grades.
Bailey Writing for all Grades.

Sir,

Re:- Tahltan Reserve Anglican Day School.
Summer season 1941.

May the correct Authority be allowed to open up the
above Seasonal Day School as at April 1st, 1941

The last letter in regard to this school rendered
to the Department was dated November 25 th 1940,
and the information was submitted that the Salary
allowed, in past years was at \$90-00 per month,
and the length of Term was 5 months. Bishop Rix
D.D. has already written to the Department submit-
ting the name of Mr W.P. Thorman for a Teacher, as
in years past.

As the season has opened, permission was given Mr
Thorman to start teaching, as usual, commencing on
the first of this month. Herewith submitted is a
Requisition covering the present season, for school
Supplies. The Material Brooms -Lysol -Bucket & Brush
could be supplied from this point. If allowed.

It is a pleasure to state that one or two families
have mentioned their intentions of moving out from
this crowded Townsite, to the Tahltan Reserve and will
send their children to this school. This will relieve
the present over-crowding of the local Provincial
Day-school, and be better in every respect.

This matter will be placed in front of Inspector Col-
man upon his visitation to the Reserve, for now the
present school building is not too large, and cer-
tainly will be too small when all these extra child-
ren; expected to attend do arrive there.

It is hoped from a health point of view alone, to say
nothing about the local Town Troubles that crop up
regarding all our children, that many indian families
again reside at Tahltan Reserve, as of old.

A movement is on foot to create a Winter School at
this Reserve, which is not quite favoured by Mr Thor-
man, but as the indians say, if a winter camp is made
here, in every way the indians would reap a benefit.

I am.

Sir,

The Secretary
Indian Affairs Branch
Dept. Mines & Resources Your obedient servant.

Sir,-

Dept. File 158-2-1

I beg to notify the Department that the Tahltan Seasonal Indian Day School on Tahltan Indian Reserve No. 1 will be opened as usual on April 1st, 1942 and continue in session until August 31st, 1942. Mr. W.P. Thorman, who has taught at this school in recent years, will be carrying on in that capacity this year.

OK
A requisition for a few needed supplies is being forwarded under separate cover.

Every effort will be made to have all available children attend the school regularly.

June 20th, 1942.

Sir:

I have received a request from Mr. Ira Day of 17 Mile, Dease Lake Road, B.C. that he be allowed to send his two boys age 8 and 11 years to the Tahltan Seasonal School located on Tahltan I.R.#1, for the months of July and August this year.

Mr. Day in recent years married an Indian woman, Amy Jackson, with whom he had been living for several years. The two boys mentioned are sons of Mr. Day and Amy Jackson.

Owing to the distance which Mr. Day lives from Telegraph Creek it is impossible for him to send his children in here for schooling and he states he is not able to board them out. The Tahltan School is about five miles from Mr. Day's Ranch and the children could travel to school by horse. The school teacher has no objection to teaching these two boys and as the school is not crowded just now I would respectfully recommend that permission be granted to Mr. Day to allow the children to attend provided of course that their attendance does not in any way interfere with the schooling of the Indian Children.

TAHLTAN SEASONAL SCHOOL. This school was inspected during the month. Attendance was only fair and it is felt that sterner methods will have to be employed next year if attendance is to be improved. The feeblest excuse is enough to keep children away and parents show very little co-operation. The school teacher who is also the Anglican Missionary, has little, if any control over the situation. The progress is good at this school and it is a pity that attendance is not better.

Memorandum:

DEPUTY MINISTER.

Re: - Mr. W. P. THORMAN.

The records here indicate that W. P. Thorman has been employed by this Branch as teacher of a seasonal Indian day school in the Stikine agency. This school, which is known as the Tahltan Seasonal School, is a comparatively small building and had at the date of the last inspection - April, 1942 - an enrolment of 11 pupils.

Mr. Thorman was nominated for this school by the Right Reverend G. A. Rix, Anglican Bishop of the diocese of Caledonia. The Bishop, in a letter dated October 15, 1934, states: -

"There is a first class man there who could take charge of this school. He is a son of an early missionary there and talks the language of the people. He was educated in England and took two years at Oxford before the Great War broke out. He was a tutor for some time in an English family."

The acting Indian agent, Mr. R.H.S. Sampson, in his last report on the school, states:-

"The general progress at this school is better than at other seasonal schools in the agency, although even here there appears to be room for much improvement. The schoolroom is small and when attendance increases there will be crowding, as the home-made double desks in use are bulky."

There is very little on file here with respect to the work undertaken and accomplished by Mr. Thorman. The few reports we have, however, would indicate that his work at the school has been satisfactory.

GENERAL INSTRUCTIONS AS TO THE USE OF FORM N.D.T. 1

To be accorded married, householder, widow or widower status, or to be allowed any tax credit in respect of dependents, an employee must complete and file Form N.D.T.1 in duplicate with his employer.

Subsequent to receiving such forms from an employee, the employer is to forward one copy thereof to the Inspector of Income Tax for his district at the time of making his first remittance for National Defence Tax. The other copy of Form N.D.T.1 is to be retained on file by the employer where it will be available at any time for inspection by officers of this Division.

In cases where Form N.D.T.1 is not completed and filed, the employee is to be regarded for tax purposes as a single person without dependents. It will accordingly be apparent that it is unnecessary for single persons without dependents to complete and file Form N.D.T.1.

Where an employee claiming married, householder, widow or widower status or a tax credit in respect of dependents, is engaged by more than one employer during the year it will be necessary for such employee to complete and file Form N.D.T.1 in duplicate with each employer.

Moreover, if during the year any change occurs in the status of an employee, the employee must complete and file with his employer an amended Form N.D.T.1 in duplicate.

Form N.D.T.1 may be obtained from local banks, post offices or from the office of any District Inspector of Income Tax. Section 91 of the Income War Tax Act (National Defence Tax) as amended by Chap. 18 of the Statutes of Canada, 1941 is printed on the reverse side of this Form.

Further information with respect to operation of the tax on and after 1st July, 1941, may be obtained from any District Inspector of Income Tax. (SEE REVERSE SIDE)

SECTION 91 OF THE INCOME WAR TAX ACT

(Being Section 26, 4 Geo. VI., Ch. 34, 1940 (Second Session) as Amended by Section 30, 5 Geo. VI., Chap. 18, 1941.)

NOTE—Section 91, as reproduced below has been declared by Act of Parliament to have come into force on the first day of July, 1941, and to be applicable to all payments on and after that date; provided, however, that the rate of National Defence Tax applicable to the total income of any taxpayer for the calendar year 1941 is to be 3½% wherever 5% is mentioned, and 5% wherever 7% is mentioned in subsection 1 of Section 91.

To Whom Applicable

"91. (1) In addition to any other tax imposed by this Act, there shall be levied and paid upon the income of every person described in paragraphs (a) to (e), both inclusive, of subsection one of section nine of this Act a tax to be known as the National Defence Tax at the rate:

Tax Rates

- in the case of a married person whose spouse is resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, of five per centum if the income exceeds \$1,200 per year; and in the case of a husband and wife having each a separate income, of five per centum if the income of each is in excess of \$660 per year;
- in the case of a single person, or a married person whose spouse is not resident in Canada, or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, of five per centum if the income exceeds \$660 per year and does not exceed \$1,200 per year; or of seven per centum if the income exceeds \$1,200 per year;
- in the case of a widow or widower with a son or daughter resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, and under twenty-one years of age who is wholly dependent upon such parent for support, or with a son or daughter similarly resident and twenty-one years of age or over likewise so dependent on account of mental or physical infirmity, of five per centum if the income exceeds \$1,200 per year;
- in the case of an individual who maintains a self-contained domestic establishment and who actually supports therein a person wholly dependent upon him and connected with him by blood relationship, marriage or adoption, of five per centum if the income exceeds \$1,200 per year;
- in the case of a minister or clergyman in charge of a diocese, congregation or parish, whose duties require him to maintain, at his own and sole expense, a self-contained domestic establishment, and who employs therein on full time a housekeeper or servant, of five per centum if the income exceeds \$1,200 per year;
- in the case of income taxable as provided by subsections two and four of section eleven of this Act, of seven per centum;

Proviso

Provided that there shall be allowed a tax credit of four dollars for the year 1940, fourteen dollars for the year 1941 and twenty dollars for the year 1942 and each year thereafter for each of the following persons resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada and wholly dependent upon the taxpayer:

- a child, grandchild, brother or sister of the taxpayer under twenty-one years of age, or if twenty-one years of age or over wholly dependent on account of mental or physical infirmity;
- a parent or grandparent of a taxpayer wholly dependent on account of mental or physical infirmity;
- a child maintained by the taxpayer in Canada under a co-operative scheme sponsored by the Governments of the United Kingdom and of Canada or any of the provinces of Canada for children brought from the United Kingdom under a Government plan,

except one such dependent on whose account the taxpayer is entitled to have the tax calculated as provided in paragraphs (c) or (d) of this subsection.

Tax Not to Reduce Basic Income

(2) If the tax exigible under the provisions of this section shall cause the income of a single person or a husband or wife to be reduced below the amount of \$660, or in the case of those persons referred to in paragraphs (a), (c), (d) and (e) of subsection one of this section (except a husband or wife where each have an income in excess of \$660) below \$1,200, then to the extent that it would so reduce the income of the taxpayer such tax shall not be payable.

Extra Tax

(3) Taxes imposed by this section, which have not been deducted at the source, shall be increased by the following amounts, which shall be imposed and collected with the tax:

If the tax is \$25.00 but not more than \$100.00, by \$1.00.

If the tax is more than \$100.00, by three per centum of the tax payable.

Persons Not Liable

(4) Income of the following persons shall not be liable to tax under this section:—

- incorporated companies;
- persons and institutions mentioned in paragraphs (a) to (i), both inclusive, and in paragraphs (p) and (q) of section four of this Act;
- municipalities or municipal or public bodies which in the opinion of the Minister perform a function of Government;
- the service pay and allowances of:—
 - warrant officers, non-commissioned officers and men of the Canadian Naval, Military and Air Forces while in the Canadian active service forces, and
 - commissioned officers of the said forces while on active service beyond Canada, or on active service in Canada whose duties are of such a character as are required normally to be performed afloat or in aircraft.

Deduction by Employer

(5) Every employer at the time of payment of earnings to an employee shall deduct and collect the tax imposed on the employee under this section in respect of the earnings of the employee paid on or after the first day of July, one thousand nine hundred and forty-one, if the amount paid (including personal and living expenses or the value of subsistence, if any, furnished to the employee as valued by the employer), daily, weekly, monthly or for such other period, is such that if continued for twelve months would cause the annual earnings of the employee to be in excess of the relevant amount mentioned in subsection one of this section.

Remittance by Employer

(6) Every employer shall, on or before the fifteenth day of the month next following that in which the earnings were due, pay to the Receiver General of Canada the full amount of the taxes so deducted, the first remittance to be made on the sixteenth day of September, 1940.

Deduction From Interest and Dividends

(7) Any person paying interest on bonds, debentures or other like obligations or dividends in respect of shares of stock, irrespective of the amount, to persons registered as the holders of bonds, debentures or like obligations or shares shall deduct and collect an amount of five per centum from each and every such payment made to residents of Canada on or after the first day of July, one thousand nine hundred and forty-one.

Remittance by Corporation

(8) Each incorporated company referred to in subsection seven hereof shall remit the amounts collected to the Receiver General of Canada, on or before the fifteenth day of the month immediately following the date of payment of the interest or dividends, the first remittance to be made on the sixteenth day of September, 1940.

Returns

(9) Every person required to make deductions under this section shall make a return at such time and in such form as the Minister may prescribe showing all deductions made.

Persons Deemed Trustees

(10) Every person deducting any amount under this Act shall be deemed to hold the same in trust for the Receiver General of Canada.

Legal Immunity

(11) No one shall have any right of action against an employer or incorporated company in respect of any moneys deducted as a tax and paid over to the Receiver General of Canada in compliance with or intended compliance with this section.

Forms and Returns Required

(12) Every employee who comes within one of the classes described in paragraphs (a), (c) and (d) of subsection one of this section shall be required to complete such form as the Minister may prescribe as to personal status and dependents and shall file the form with his employer;

Provided that a like form shall be so filed in each case where the facts as given in the form last filed are changed by altered status or by a change in the number of dependents.

Tax Not Fully Paid by Deduction

(13) Every person liable to taxation under this section whose tax hereunder has not been fully paid by deduction at the source, shall, on or before the thirty-first day of March in each year, without any notice or demand, deliver to the Minister a return, in such form as the Minister may prescribe, of his total income during the last preceding year and shall pay any tax due at such times and in such manner as in this Act provided.

Offences and Penalties

(14) Every person failing to deduct or remit or to deduct and remit the tax due pursuant to the provisions of this section at the time prescribed therefor shall be liable to a penalty equal to the amount of tax which should have been deducted and remitted, but the penalty shall not exceed five hundred dollars.

Failure to File Form

(15) Every employee failing to file the prescribed form with his employer pursuant to the provisions of subsection twelve hereof shall have the tax deducted at the source at the rates applicable to an unmarried person, and without regard to the tax credits to which he would otherwise have been entitled in respect of persons dependent upon him for support.

"Employee"

(16) "Employee" shall for the purposes of this section include any person who receives as income any salary, wage, remuneration, hire, emolument, stipend, perquisite, or any similar payment or any indemnity, pension or director's fee, howsoever paid for any services, functions or duties rendered or performed in Canada.

"Employer"

(17) "Employer" shall for the purposes of this section include any person who makes any payment of the descriptions referred to in subsection sixteen of this section.

Records to be Kept

(18) Every person required to deduct the tax hereby imposed from any payment made by him, shall keep an accurate record of all persons to whom any such payments are made, showing their names, residential addresses, the dates and the amounts of such payments and such other information as the Minister may require.

Refunds

(19) The Minister may make a refund to the taxpayer of any amount collected under this section which was not exigible or which the Minister is reasonably satisfied was not exigible under this section, provided the taxpayer applies in writing for such refund within twelve months from the close of the calendar year in which the amount was collected.

Deductions

(20) Income (except salary or other fixed payments referred to in subsection sixteen hereof) shall for the purposes of this section be subject to the deductions provided by paragraphs (a), (b), (f), (k), (l) and (o) of subsection one of section five and to the provisions of section six of this Act.

Exemptions

GENERAL INSTRUCTIONS AS TO THE USE OF FORM N.D.T. 1

To be accorded married, householder, widow or widower status, or to be allowed any tax credit in respect of dependents, an employee must complete and file Form N.D.T.1 in duplicate with his employer.

Subsequent to receiving such forms from an employee, the employer is to forward one copy thereof to the Inspector of Income Tax for his district at the time of making his first remittance for National Defence Tax. The other copy of Form N.D.T.1 is to be retained on file by the employer where it will be available at any time for inspection by officers of this Division.

In cases where Form N.D.T.1 is not completed and filed, the employee is to be regarded for tax purposes as a single person without dependents. It will accordingly be apparent that it is unnecessary for single persons without dependents to complete and file Form N.D.T.1.

Where an employee claiming married, householder, widow or widower status or a tax credit in respect of dependents, is engaged by more than one employer during the year it will be necessary for such employee to complete and file Form N.D.T.1 in duplicate with each employer.

Moreover, if during the year any change occurs in the status of an employee, the employee must complete and file with his employer an amended Form N.D.T.1 in duplicate.

Form N.D.T.1 may be obtained from local banks, post offices or from the office of any District Inspector of Income Tax. Section 91 of the Income War Tax Act (National Defence Tax) as amended by Chap. 18 of the Statutes of Canada, 1941 is printed on the reverse side of this Form.

Further information with respect to operation of the tax on and after 1st July, 1941, may be obtained from any District Inspector of Income Tax. (SEE REVERSE SIDE)

SECTION 91 OF THE INCOME WAR TAX ACT

(Being Section 26, 4 Geo. VI., Ch. 34, 1940 (Second Session) as Amended by Section 30, 5 Geo. VI., Chap. 18, 1941.)

NOTE—Section 91, as reproduced below has been declared by Act of Parliament to have come into force on the first day of July, 1941, and to be applicable to all payments on and after that date; provided, however, that the rate of National Defence Tax applicable to the total income of any taxpayer for the calendar year 1941 is to be 3½% wherever 5% is mentioned, and 5% wherever 7% is mentioned in subsection 1 of Section 91.

To Whom Applicable

"91. (1) In addition to any other tax imposed by this Act, there shall be levied and paid upon the income of every person described in paragraphs (a) to (e), both inclusive, of subsection one of section nine of this Act a tax to be known as the National Defence Tax at the rate:

Tax Rates

- (a) in the case of a married person whose spouse is resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, of five per centum if the income exceeds \$1,200 per year; and in the case of a husband and wife having each a separate income, of five per centum if the income of each is in excess of \$660 per year;
- (b) in the case of a single person, or a married person whose spouse is not resident in Canada, or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, of five per centum if the income exceeds \$660 per year and does not exceed \$1,200 per year; or of seven per centum if the income exceeds \$1,200 per year;
- (c) in the case of a widow or widower with a son or daughter resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, and under twenty-one years of age who is wholly dependent upon such parent for support, or with a son or daughter similarly resident and twenty-one years of age or over likewise so dependent on account of mental or physical infirmity, of five per centum if the income exceeds \$1,200 per year;
- (d) in the case of an individual who maintains a self-contained domestic establishment and who actually supports therein a person wholly dependent upon him and connected with him by blood relationship, marriage or adoption, of five per centum if the income exceeds \$1,200 per year;
- (e) in the case of a minister or clergyman in charge of a diocese, congregation or parish, whose duties require him to maintain, at his own and sole expense, a self-contained domestic establishment, and who employs therein on full time a housekeeper or servant, of five per centum if the income exceeds \$1,200 per year;
- (f) in the case of income taxable as provided by subsections two and four of section eleven of this Act, of seven per centum;

Proviso

Provided that there shall be allowed a tax credit of four dollars for the year 1940, fourteen dollars for the year 1941 and twenty dollars for the year 1942 and each year thereafter for each of the following persons resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada and wholly dependent upon the taxpayer:

- (i) a child, grandchild, brother or sister of the taxpayer under twenty-one years of age, or if twenty-one years of age or over wholly dependent on account of mental or physical infirmity;
- (ii) a parent or grandparent of a taxpayer wholly dependent on account of mental or physical infirmity;
- (iii) a child maintained by the taxpayer in Canada under a co-operative scheme sponsored by the Governments of the United Kingdom and of Canada or any of the provinces of Canada for children brought from the United Kingdom under a Government plan,

except one such dependent on whose account the taxpayer is entitled to have the tax calculated as provided in paragraphs (c) or (d) of this subsection.

Tax Not to Reduce Basic Income

(2) If the tax exigible under the provisions of this section shall cause the income of a single person or a husband or wife to be reduced below the amount of \$660, or in the case of those persons referred to in paragraphs (a), (c), (d) and (e) of subsection one of this section (except a husband or wife where each have an income in excess of \$660) below \$1,200, then to the extent that it would so reduce the income of the taxpayer such tax shall not be payable.

Extra Tax

(3) Taxes imposed by this section, which have not been deducted at the source, shall be increased by the following amounts, which shall be imposed and collected with the tax:

- If the tax is \$25.00 but not more than \$100.00, by \$1.00.
If the tax is more than \$100.00, by three per centum of the tax payable.

Persons Not Liable

(4) Income of the following persons shall not be liable to tax under this section:—

- (a) incorporated companies;
- (b) persons and institutions mentioned in paragraphs (a) to (i), both inclusive, and in paragraphs (p) and (q) of section four of this Act;
- (c) municipalities or municipal or public bodies which in the opinion of the Minister perform a function of Government;
- (d) the service pay and allowances of:—
 - (i) warrant officers, non-commissioned officers and men of the Canadian Naval, Military and Air Forces while in the Canadian active service forces, and
 - (ii) commissioned officers of the said forces while on active service beyond Canada, or on active service in Canada whose duties are of such a character as are required normally to be performed afloat or in aircraft.

Deduction by Employer

(5) Every employer at the time of payment of earnings to an employee shall deduct and collect the tax imposed on the employee under this section in respect of the earnings of the employee paid on or after the first day of July, one thousand nine hundred and forty-one, if the amount paid (including personal and living expenses or the value of subsistence, if any, furnished to the employee as valued by the employer), daily, weekly, monthly or for such other period, is such that if continued for twelve months would cause the annual earnings of the employee to be in excess of the relevant amount mentioned in subsection one of this section.

Remittance by Employer

(6) Every employer shall, on or before the fifteenth day of the month next following that in which the earnings were due, pay to the Receiver General of Canada the full amount of the taxes so deducted, the first remittance to be made on the sixteenth day of September, 1940.

Deduction From Interest and Dividends

(7) Any person paying interest on bonds, debentures or other like obligations or dividends in respect of shares of stock, irrespective of the amount, to persons registered as the holders of bonds, debentures or like obligations or shares shall deduct and collect an amount of five per centum from each and every such payment made to residents of Canada on or after the first day of July, one thousand nine hundred and forty-one.

Remittance by Corporation

(8) Each incorporated company referred to in subsection seven hereof shall remit the amounts collected to the Receiver General of Canada, on or before the fifteenth day of the month immediately following the date of payment of the interest or dividends, the first remittance to be made on the sixteenth day of September, 1940.

Returns

(9) Every person required to make deductions under this section shall make a return at such time and in such form as the Minister may prescribe showing all deductions made.

Persons Deemed Trustees

(10) Every person deducting any amount under this Act shall be deemed to hold the same in trust for the Receiver General of Canada.

Legal Immunity

(11) No one shall have any right of action against an employer or incorporated company in respect of any moneys deducted as a tax and paid over to the Receiver General of Canada in compliance with or intended compliance with this section.

Forms and Returns Required

(12) Every employee who comes within one of the classes described in paragraphs (a), (c) and (d) of subsection one of this section shall be required to complete such form as the Minister may prescribe as to personal status and dependents and shall file the form with his employer;

Provided that a like form shall be so filed in each case where the facts as given in the form last filed are changed by altered status or by a change in the number of dependents.

Tax Not Fully Paid by Deduction

(13) Every person liable to taxation under this section whose tax hereunder has not been fully paid by deduction at the source, shall, on or before the thirty-first day of March in each year, without any notice or demand, deliver to the Minister a return, in such form as the Minister may prescribe, of his total income during the last preceding year and shall pay any tax due at such times and in such manner as in this Act provided.

Offences and Penalties

(14) Every person failing to deduct or remit or to deduct and remit the tax due pursuant to the provisions of this section at the time prescribed therefor shall be liable to a penalty equal to the amount of tax which should have been deducted and remitted, but the penalty shall not exceed five hundred dollars.

Failure to File Form

(15) Every employee failing to file the prescribed form with his employer pursuant to the provisions of subsection twelve hereof shall have the tax deducted at the source at the rates applicable to an unmarried person, and without regard to the tax credits to which he would otherwise have been entitled in respect of persons dependent upon him for support.

"Employee"

(16) "Employee" shall for the purposes of this section include any person who receives as income any salary, wage, remuneration, compensation, hire, emolument, stipend, perquisite, or any similar payment or any indemnity, pension or director's fee, howsoever paid for any services, functions or duties rendered or performed in Canada.

"Employer"

(17) "Employer" shall for the purposes of this section include any person who makes any payment of the descriptions referred to in subsection sixteen of this section.

Records to be Kept

(18) Every person required to deduct the tax hereby imposed from any payment made by him, shall keep an accurate record of all persons to whom any such payments are made, showing their names, residential addresses, the dates and the amounts of such payments and such other information as the Minister may require.

Refunds

(19) The Minister may make a refund to the taxpayer of any amount collected under this section which was not exigible or which the Minister is reasonably satisfied was not exigible under this section, provided the taxpayer applies in writing for such refund within twelve months from the close of the calendar year in which the amount was collected.

Deductions

(20) Income (except salary or other fixed payments referred to in subsection sixteen hereof) shall for the purposes of this section be subject to the deductions provided by paragraphs (a), (b), (f), (k), (l) and (o) of subsection one of section five and to the provisions of section six of this Act.

Exemptions

(21) Save as provided in subsection twenty of this section, income shall be taxed under this section without exemptions, deductions, allowances or credits, and without deductions of contributions by civil servants referred to in section thirteen of the *Civil Service Superannuation Act*, chapter twenty-four of the Revised Statutes of Canada, 1927.

Time for Making Deductions, Etc., May Be Varied

(22) The time for making deductions and remittances as provided for in this section may be varied by regulations made hereunder."

It is the Department's desire that the Tahltan Seasonal School be operated during the current summer. Salary is available for a five-month period at the rate of \$90.00 a teaching month, plus bonus. As you are aware, the school is usually operated from April 1 to August 31. I presume that Mr. W.P. Thorman will resume duties, but, if his services are not available, you should communicate with Rt. Rev. Bishop Rix immediately and have him nominate a teacher. Please let me hear from you as soon as possible. In the event of a new teacher being appointed, new forms will be required. I enclose these.

Sir: Department File 158-2-1.

As instructed in Department letter of March 20th last Mr. W.P. Thorman, teacher at Tahltan Seasonal School, was asked to complete a National Defence Tax form and cost-of-living bonus form. Mr. Thorman completed the enclosed National Defence Tax form last May and turned it into the office and at that time was asked for the cost-of-living bonus form. He stated he would submit it as soon as possible. The National Defence Tax form was held pending receipt of the bonus form. Recently I again enquired regarding the cost-of-living form and Mr. Thorman stated he did not intend submitting another form as he had sent one in last year.

If another cost-of-living bonus form is required please advise me and I will have Mr. Thorman forward same.

Dear Bishop Rix:

I have your letter of February 25th forwarding Mr. Thorman's letter to you of February 1st resigning as teacher of the Tahltan Indian summer school. Mr. Thorman appears very definite in his desire to resign and I have, therefore, recommended to the Department that his resignation be accepted.

Inspector Coleman reported that the lands of the Reserve in use by Mr. Thorman were needed by the Indians for the production of garden produce and the action of the Department in requesting Mr. Thorman to discontinue his use of these lands for this reason has, no doubt, been largely responsible for his resignation. I may say that the Department has for some time emphasized the importance of Indians being encouraged to the fullest possible extent in developing gardens and Mr. Coleman had this in mind in making the recommendation referred to.

It is my intention to visit Prince Rupert in connection with Departmental matters within the next few weeks and should be glad to arrange to call to see you regarding the schools in your diocese and other matters. Mr. Thorman's letter is being returned herewith.

Yours faithfully,

The Bishop of Caledonia,
The Close,

My dear Bishop Rix:

I thank you for your letter of January 10th, in which you mentioned the matter of a School Teacher for Tahl-Tan Summer School for 1944.

With your consent and approval I should wish to be relieved of what has, since April 1943, become a distasteful duty. I have no assurance that the Indian Department will not visit upon me additional indignities. I have suffered an injustice amounting to a persecution at their hands. The Inspector of Indian Agencies Coleman has already written into a document charges of hypocrisy in that I had ulterior motives as a teacher, for gardening was a part of that teaching. I can allow him no further opportunity to exploit his imagination at the expense of what has always been a sincere undertaking. You are aware that the work at Tahl-Tan was first of all devotional and was recognised as such by the previous Agent H. Reed.

Isolated for between five and six months each year, from companionship, regular mail, conveniences of a home, and providing for a separate establishment under a salary never commensurate with the duties. These were never unbearable with a certain appreciation from the Indian Department and fortified by the spirit in which such duties are accepted. When I lack the confidence of the Indian Department I lack the essential that could make me a successful teacher in their employ.

For them to arbitrarily withdraw a privilege which privilege I produced from nothing, is a form of persecution I am unable to accept.

I dutifully request that you favourably consider my most earnest desire to decline any further duties under the Indian Department.

I am,
Your Lordship,
Yours faithfully,

W.P. Thorman.

Stikine Agency,
Telegraph Creek, B.C.,
April 28, 1944.

James Coleman, Esq., Inspector of Indian Agencies for B.C.

Your 1941 inspection report on this agency requested that the ownership of the mission schools be cleared up and the following data is submitted in that respect:

Caribou Hide Seasonal School:- As reported in June 15, 1942, report on this school the building was constructed by Mr. Jim Anglin, a school teacher, assisted by the Indians who cut and skidded logs as well as assisting in the erection of the building. The Department supplied some roofing to the value of about \$100.00 including transportation from Telegraph Creek. The Roman Mission considers the Indians' help as donated and therefore claim complete ownership of the building, the Department's assistance being counted as a grant and not necessarily giving them part ownership. The value of the building is estimated at about \$800.00.

Dease Lake Seasonal School:- The Department supplied about \$225.00 worth of material and the Roman Catholic Mission paid the Indians for their labour getting logs and erecting the building. A good deal of the work was done by the missionary himself. This building is fairly well finished and is now valued at \$1500.00.

Klappan Seasonal School:- The Department supplied \$300.00 for material and equipment and the school was mostly built by the Indians under the supervision of a R.C. priest. The Indians donated their labour and the Mission considers the building is theirs, the Department's assistance being a grant. The value of the building is estimated at \$1200.00.

Lower Post Seasonal School:- A room in the Roman Catholic Mission building at Lower Post is used for school purposes and the Department has no interest in this school.

McDame Creek Seasonal School:- Apart from about \$30.00 worth of lumber for rough desks the Department did not assist in the construction of this school. It was built by the Roman Catholic Mission and the ground floor has been used as a school and church for ten years.

Tahltan Seasonal School:- The building was constructed by the local Anglican Mission with Indian labour, mostly paid. The Department supplied about \$150.00 for material but the Mission considers the building belongs to them. It is valued at about \$1000.00.

Teslin Lake Seasonal Schools:- The two schools here, one Roman Catholic and the other Anglican, are owned by the respective Missions.

None of the buildings for which the Department granted material or equipment would approach the requirements of a modern day school and as the expenditures made by the Department in each case are relatively small compared to the total value of the buildings I would recommend that their interest in each school be turned over to the respective missions to give the missions full ownership. Considering that the buildings have been used several years as

schools without any rental being charged by the Missions, the Department would probably still not object to paying rent as authorized for the Dease Lake and Klappan schools.

The alternative to this suggestion would be to endeavour to purchase the Missions' share in the schools but I would definitely not recommend this course as I believe that it would be far less expensive, even over a period of years, to pay an annual rental of \$75.00 in the case of the Dease Lake and Klappan schools and possibly Lower Post or McDame Creek if either operates, than to purchase these crude log buildings and try to improve them. From past experience it seems that the operation of these bush schools is quite provisional, depending as it does upon whether or not the Indians camp at the location of the school during the usual term. At the present time it seems that any extensive outlay for establishing day school buildings would be unwise, especially in the more remote locations because it is evident that the Indians in this area as a whole are still not inclined to settle permanently in one location. Their houses in and near Telegraph Creek for the most part are used only as stopping over places between their trapping and fishing camps. This has been more evident during the past fall and winter when these people have had to earn their living from the country, as they did prior to the freighting boom from 1941 to 1943 when supplies were going in by this route to Watson Lake Airport. It seems that the life-long habits of the Indians will not easily be changed, even to ensure the education of their children and the more or less temporary bush schools will probably have to serve, at least for the present.

I would refer to the Inspector of Indian Agencies report of 1941 covering the Stikine Agency in which it was stated that there was some question as to the ownership of various Indian seasonal schools in that district and that the Agent had been requested to clear up the matter. Mr. Indian Agent Sampson's letter of the 28th ultimo is enclosed herewith which gives a brief report covering each building.

It will be noted that Mr. Sampson recommends that the title to these buildings remain with the Roman Catholic and the Anglican Church with which I concur.

Schools;

There are no seasonal schools operating in the agency at the present time. The Tahltan school which in former years operated from April 1st to August 31st each year, is closed this year on account of the resignation of the teacher two weeks previous to the scheduled school opening which did not leave any time to secure another teacher.

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. 144

INDIAN DAY SCHOOL REGULATIONS

All Indian schools shall be kept open for not less than 200 days in each year.

Schools shall be opened after the summer holidays on September 1, unless this date should be Labour Day, and shall close for Christmas holidays on December 22.

The winter term will commence on January 3, and end on June 30 in each year.

The following holidays will be allowed during the year:—All Saturdays, Labour Day, all local, municipal, Dominion or Provincial, public fast or thanksgiving days, Victoria Day, the King's Birthday, Good Friday, Easter Monday, the remainder of the week following Easter Monday.

In addition to the above, the Roman Catholic Schools will be allowed as holidays a limited number of holy days of obligation, not exceeding five in all, which will be accounted as teaching days and for which payment of salary will be allowed.

Where in the interest of the school work such action may be desirable, the holidays allowed during the summer (two months) may, upon the recommendation of the local Agent, be taken at some other time of the year, but no change is to be made without the express approval of the Department.

The morning session shall be from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation in this Regulation without Department's approval.

Salaries of teachers will be paid on a basis of ten (10) teaching months in each school year. Salaries will be paid at the end of each quarter, upon receipt of quarterly return. As school is open during one month in the quarter ending September 30 (unless special permission has otherwise been granted), payment of salary for that quarter will be for one month only. During each of the other quarters in the school year—if school is regularly taught—three months' salary will be paid at the end of the quarter.

Summer holidays are not taken into account in payment of yearly salaries. Each school year shall begin and end on the dates mentioned above, and the yearly salary allowed will be paid for the period taught between those dates only, unless, as heretofore stated, special provision has been granted for a change in the holiday period.

All teachers will be required to give at least one month's notice of their intention to resign.

All questions relating to the day school should be referred to the local Indian Agent.

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation in this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of 10 teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return must be added and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I.A. 409

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation in this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of 10 teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

fm
Sir,

AS instructed in your letter dated March 4 th submitted, herewith, is a School Report of the Summer School that has been started on the Thaltan Reserve, under the care of Mr W.P. Thorman.

Considering that many of the families are still in the "woods" due to a late season on their Beaver trapping the attendance is really very good.

The Teacher - Mr Thorman has submitted a sample of work done by a boy named James Dick, which is excellent, but it must be mentioned that his father is the best snow-shoe-maker in the whole Cassiar, which may account for such good showings.

The fishing season has not yet opened up, but when it does this school will reach its maximum benefit for the Indians of that district.

I am.

Sir,

Your obedient servant.

Dear Sir:

I have your letter of the third instant, enclosing a requisition for school supplies for the Anglican Summer Indian Day School on the Tahltan Reserve for the coming summer of 1936. In this connection it is noted that Mr. Therman, who conducted the school last summer, will again act as its teacher during the coming summer.

The Department will approve of this school being carried on and will allow salary at the same rate as was paid during the summer of 1935, viz.: \$90.00 per teaching month. It is understood that the school will be opened on or about May first, next, and will continue for a period of approximately 5 months. It is noted that this school, during the period it was in operation last summer, did a lot of good work.

The supply of school material considered necessary will be forwarded, addressed to you, Telegraph Creek, B. C., in time to reach Vancouver before April 15th, next. This school is to be conducted under the auspices of the Bishop of Caledonia, and I would request that, when the school opens, you will give the teacher every assistance you can in his work.

Yours truly,

A. F. MacKenzie

Oct. 10 th 1935.

Sir,

I beg to submit, herewith Schoolmaster W.P. Thorman's Day School Return, for the Tahltan Anglican Mission School, situated out on that Reserve.

Mr Thorman has continued the school into the month of October, so that his duties for a full month may be completed.

The School is now closed for the winter, most of the Indians having gone to their Trap-Grounds, those that have not, and are able to live in the Townsite of Telegraph Creek, will send their children to the local Provincial Assisted Day School. They will be few.

The local Community, with also your Agent consider that the Tahltan Mission School has accomplished much good this summer, and it is known that better results can be expected for next summer's operations. Much credit is due to Mr Thorman.

I am.

The Secretary.
The Dept. Indian Affairs.
OTTAWA.

Sir,

Your obedient servant.

Mr. Daves

Ottawa,
March 20, 1942.

Dear Sir:

I have your letter of the 28th ultimo in which you advise that Mr. W.P. Thorman will resume duties at the Tahltan Seasonal School on April 1, 1942, and that the school will continue in operation until the end of August, 1942. Salary will be allowed Mr. Thorman at the same rate as last year; namely, \$90.00 a teaching month.

I enclose cost-of-living bonus form, also National Defence Tax form, both of which Mr. Thorman should complete and return to this office as soon as possible.

Yours truly,

Philip Phelan,
Chief, Training Division.

Sir,

Requisition for School Supplies-1936

ANGLICAN. TAHLTAN RESERVE -Summer School.

During the summer of 1935, under the above reference, a Summer Mission School was conducted on the Tahltan Reserve, to serve the Fish Camp children living out there - then.

W. P. Thorman. Esq. J.P. was created Teacher, and as the Reports show, the school did a lot of good.

It is understood that the school will be allowed to operate this summer (1936) and Mr Thorman will again act as its Teacher, with the same Salary as that of 1935. Bishop Rix, of Prince Rupert agrees with this, and wishes the school operated.

Therefore, hereunder is a list of school material now found necessary to start up the school, as soon as ever the Indians come in from their Spring Beaver hunt, i.e. early in May.

Un-usual in the request for Fly Tox, but in this upper country, The Department will understand, it is hardly possible to keep the flies out of a school building. A larger attendance is expected this year, than it was possible to obtain last year.

Sir,

Re:- Tahltan Reserve. Summer Day-School.

I beg to submit herewith the supplies thought necessary for the above Reserve School for the coming summer.

His Lordship Bishop Rix. of Prince Rupert B.C. has advised this Office that the Rev. W. P. Thorman of Telegraph Creek will be the Teacher for the summer, and that he has notified the Department already.

This school has been under Mr Thorman's supervision ever since its start, and good work should be accomplished this season.

Johns
Sir,-

File 158-2-1.

I beg to forward herewith a requisition for school supplies for the Tahltan Seasonal Indian Day School.

With regard to the request for blackboard, in the past the teacher has been using a piece of rubberized cloth about a yard square which is entirely inadequate. Inspector J. Coleman recommended in his inspection report on this Agency last fall that this school be supplied with proper blackboard.

The Fly Tox is badly needed at the school as flies and mosquitoes are troublesome during the months of June and July.

The teacher was requested to keep his requirements as low as possible when submitting the requisition.

Yours truly,

NO 215/12/7224
ALSO TO DATE OF THIS LETTER

158-2-5
P.O. BOX 70
VANCOUVER, B.C. 20th March, 1942.

Dear Sir:-

I beg to advise I am in receipt of an application from Mr. Acting Indian Agent Sampson in the Stikine Agency for authority to expend an amount not exceeding \$25.00 for the construction of an additional toilet at the Tahltan Seasonal Indian Day School on Tahltan Indian Reserve No. 1. At present, there is only one of these toilets in existence for the use of pupils of both sexes, and I would recommend approval of the application.

OK
It is hardly likely that authority for this could be secured and reach Telegraph Creek in time to secure the account before the close of the fiscal year. Consequently, it will be necessary to make it a charge against the fiscal year commencing April 1st next.

Yours faithfully,

D. M. MacKay,
Indian Commissioner for B.C.

Sir,-

During a recent inspection of the Tahltan Seasonal School it was noticed there was no sports equipment in use and I should be pleased if the Department would authorize the purchase of the following softball equipment as soon as possible:

2 Softballs
1 Softball bat
1 Softball Catcher's Mitt.

Yours truly,

The Teacher of the Tahltan Indian Seasonal School has asked that a foot ball be supplied for the children attending this school.

A soft ball outfit was supplied last year but it has been found that the younger children are not able to participate in the soft ball games because they are too small and it is felt that a foot ball would be a more satisfactory piece of sports equipment for this school.

OFFICE OF
INDIAN AGENT

Stikine.

Telegraph Creek. B.C.
May. 24.th. 1939.

Sir,

I beg to submit herewith the Tahltan Reserve Day School Report ending month of April 1939; of which Mr W. P. Thorman is the Teacher.

This school came in for an inspection by Dr Meyer with your Agent recently, and the school was found to be in excellent shape and the children well advanced in their work. Mr Thorman was even giving attention to very young children who reside on that Reserve, thereby keeping the Reserve in good order etc.

However it was found that the Indian Family of Freddy Loodecker had moved up to that location, and two of his children were attending the school, a fact that had come about without this Office having received notice. As these children are undoubtedly belonging to the R.C. Missions, the matter is hereunder outlined.

Freddy Loodecker age 38, who belongs to the Loodecker Telegraph Creek Family, and who are considered to be Anglicans - went out to Dease Lake to live some 8 years ago, and took to wife, one Fanny CHIEF, but up to date they have never married. However during that time the R.C. Mission's Record shows the following children born and christened by them :-

Lorma.	Born Oct-7-30	Baptised	Father Allard	June-10-31
Alma	- Jan-15-32	--	-	June-28-32
Walter	- Nov-14-34	-	-	June-11-35
Clara	- May-2-37	-	-Poullet.	June-6-37.

The wife Fanny is a real nomadic, and so in a way is Freddy and so they wander from place to place, and are always leaving a "dirty" camp behind them. Last Fall they moved in from Dease Lake and during the Fall Lorma attended the local Provincial School, which seemed quite all right, and continued to do so up till until the end of last March. Then the family moved out to the Tahltan Reserve, no doubt because of illness in this Townsite and the overcrowded condition of the local school. Other reasons there may be but if so, same are not known.

Mr Thorman was seen, and stated that Inspector Pragnell when last here said that in some cases, such events could not be helped. This is thought correct in cases that come about in the Interior, but so near civilization as this is, at any rate the Indian Office should have been consulted. Mr Thorman did not even know that the pair were not married, but promised to look into the matter and find out what the intentions of Freddy Loodecker really were.

The R. C. Missions have not a school in the district directly around here; and therefore the children were left where they were; but they are aware of the incident.

May advice be allowed as to if these children should remain at this school, or attend some other.

I am.

Sir,

Your obedient servant

Dear Sir:

I have for acknowledgment a report submitted by you immediately following your visit to the Tahltan Reserve day school.

I must state that I find it exceedingly difficult to grasp the exact meaning of the problems discussed by you in this report. The recommendation you make in the last paragraph is particularly difficult to understand. You state - "May advice be allowed as to if these children should remain at this school or attend some other". You will readily see how difficult it is for the Department to discover what your recommendation actually is.

I am anxious to know if you sought to emphasize the fact that Freddy Loodecker was living with Fanny Chief and that the pair were unmarried or if it was your intention to emphasize the fact that a number of children who are nominally Catholics were in attendance at a school conducted under non-Catholic auspices.

It is the policy of the Department, in so far as it is humanly possible, to provide distinct and separate schools for Catholic and non-Catholic children. It is not always possible, however, to provide these facilities, particularly in the outlying districts of the Dominion. If there is no Roman Catholic day school in the district it is better to have these children attend a school conducted under the auspices of the Anglican Church than no school at all, particularly in view of the fact that the father himself appears to be an Anglican.

An attempt should be made by you, in the interest of the children, to persuade this pair to get married. If they seek relief or assistance from you at any time you would be justified in refusing assistance until they promised you that they would get married. It is somewhat regrettable that certain Indians behave in this way and the Department is dependent almost wholly upon the recommendation of the Agent as to what steps should be taken in an attempt to remedy such conditions.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver, B.C.

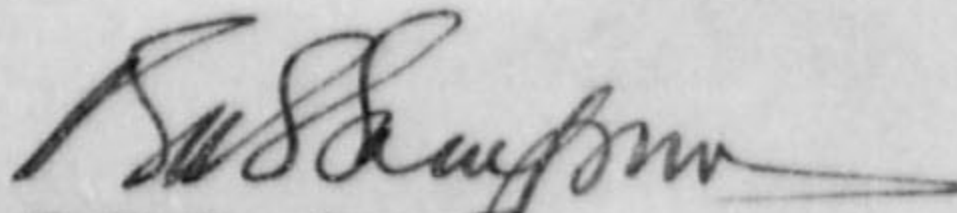

I beg to submit herewith a requisition for manual training tools and supplies for the Tahltan Seasonal Indian School.

The teacher, Mr. W.P. Thorman, has agreed to teach the boys manual training in an old Mission building which he uses for a work shop.

Many of the Indians in this area are naturally skillful with wood-working tools and I believe quite satisfying results will be obtained from the boys if they are instructed in the proper use of tools.

The local stores do not carry a complete stock of tools so it would be appreciated if tenders could be obtained in Vancouver. Pine lumber can be procured locally but it is not very good quality material. It was not possible to obtain a tender from the mill operator as he is out of town just at present.

I enclose herewith application of Mr. Indian Agent Sampson, of Stikine Agency, to purchase manual training tools for the Tahltan Seasonal Ind. School, the cost of which will amount to \$29.15, f.o.b. Vancouver, according to a quotation from Gordon & Belyea Ltd., who appear to be the only firm in Vancouver who can supply these articles without very high priorities.

It will also be noted that Mr. Sampson wishes to purchase lumber for manual training work at a cost of \$7.50.

I would recommend that this application be approved. It would be appreciated if you will kindly advise me in this connection by airmail, due to the uncertainty of the firm quoting on tools being able to maintain their stock.

With reference to your letter of the 18th instant, you may purchase manual training tools for the Tahltan Seasonal School at a cost of \$29.15, f.o.b. Vancouver. You may also authorize an expenditure of \$7.50 for lumber for manual training purposes. It would be appreciated if you would request the Indian Agent to have Mr. Thorman prepare a statement at the end of the current season regarding the work done in manual training. It should be forwarded for our consideration. When the school closes the Principal should take charge of the tools and any lumber left on hand in order that it may be available for 1944.

Ottawa, May 4, 1935.

Sir:

I have your letter of the 6th ultimo, regarding the establishment of a summer school for the benefit of the Indian children at Fort Grahame and enclosing the applications which you received for the position as teacher.

In reply I have to say the Department will approve of this school being conducted for a three month period during the coming summer, from, approximately, June 15th to September 15th, next.

Approval is also granted for the appointment of Mr. Gerard Beauregard, B.A., of St. Joseph's Seminary, Edmonton, as teacher. He was nominated by the Roman Catholic Church authorities. The salary allowed him during the period the school is in operation will be at the rate of \$90 per teaching month.

A requisition has been forwarded to the Government Stationery Office to forward, addressed to you, the supply of classroom material considered necessary. You should arrange to have this forwarded to Fort Grahame, in due time.

With reference to the request that the Department make an advance of \$25 towards the cost of supplies while the teacher makes the journey in to the school and a like amount on his return, I have to say that the amount provided for salary is all we can allow. Present regulations do not permit making advances or payment of any part of the cost of transportation of teachers to and from a school.

Please advise the church authorities and Mr. Beauregard of his appointment and arrange that he arrive at Fort Grahame in time to commence duties on the date above mentioned. The teacher should prepare and forward a return, showing attendance, days taught, etc., at the end of each month, when cheque in payment of salary due will be sent. It is hoped that this school will meet with success during this summer.

MEMORANDUM:

The Honourable the Superintendent General,-

Funds are provided in the Appropriation for Indian Education for the current fiscal year to complete a building for summer day school purposes at Fort Grahame, (Finley Forks Reserve, No. 1 - Federal District of Cariboo) Stuart Lake Agency, B. C.

It is proposed to conduct a school during the coming summer months - June 15th to September 15th. There are 47 children of school age at this point. A few have attended the Lejac Indian Residential School, but the majority have never attended school.

These Indians are all Catholic. The Roman Catholic Church authorities have nominated the services of Gerard Beauregard, B.A., of St. Joseph's Seminary, Edmonton, for the position as teacher. Mr. Beauregard possesses a B. A. certificate and two years' teaching experience.

I would request your approval for the establishment of this school and the appointment of Mr. Beauregard. The salary allowed will be at the rate of \$90.00 per teaching month.

OFFICE OF
INDIAN AGENT

Vanderhoof, B.C., April 6th. 1935.

Sir:-

I would respectfully refer you to official letter dated February 20th. last, File No. 163-12-5, relative to the proposed summer school at Fort McLeod. Also your letter of the same subject in connection with Fort Grahame, File No. 163-13-5.

In the above connection I wish to attach hereto copies of three applications I have received for the position of teacher at these points. You will note that those two received from St. Joseph's Seminary were nominated by the Church authorities, and the other application is from Mrs. Usterstrom, wife of the Manager of the Hudson's Bay Company's post at Fort McLeod. I might say that the reason this application was received was on account of me discussing the question with her last Summer while at Fort McLeod, as I found out while there that she had been a School teacher before she was married. At that time I asked her if she would consider putting in an application for the position should one be available this year, and she said that she would consider the matter and let me know definitely this year, hence the application. That of course was prior to the time that it was thought that it might be advisable to allow the Church authorities to nominate the teachers.

You will please note that the salary expected by these applicants is not mentioned and I would therefore suggest that you allow them the same salary as the Department usually pays to a first year teacher under the same conditions. If it is decided to appoint the two male teachers, I feel that the Church authorities will make arrangements for their transportation up there, but would like to recommend that a grant of \$25-00 be made to each one to cover the cost of supplies while making the journey in, and a like amount for the same purpose on their returning to the line of Railway at Prince George. I mean by that, that the supplies would not be bought for them until they are ready to leave Prince George en route North.

Both these schools should be ready to open by June 15th. and the teachers will be on the ground four or five days before that. That would allow them to run until August 15th. to make up the three months. I trust this will be satisfactory to the Department.

It seems hard for me to get a list of just what articles of school equipment is required for each of these schools, and I feel as if it would be better to leave the matter in the hands of the Department entirely, with the request that you please send me here a shipment of supplies necessary for the Fort Grahame School with approximately 50 pupils, and for the School at Fort McLeod with approximately 30 or 35 pupils. These two shipments should be entirely separate and clearly marked. In making them up please understand that practically all the pupils in each place will be beginners and consequently will not require any advanced books etc. I would suggest that slates and pencils be sent if possible, as well as scribblers etc. Pens and ink will not be required for this year at least. If you could attend to this part of it for me at Ottawa, I would appreciate a list of what you do send.

In acknowledging receipt of your letter of the 13th. inst. file No. 163-12-1. regarding the establishing of proposed day schools at Fort Grahame and Fort MacLeod, I beg to say that in my report of the 30th. ultimo I stated the number of pupils available at each of the above points, viz. 47 at Fort Grahame and 28 at Fort MacLeod.

Regarding the approximate expenditure necessary for the completion of a suitable building at Fort MacLeod for a school, I think that \$200.00 would be the maximum required and should cover the cost of the floor, shingles and lumber for the roof, windows and doors, and might allow something for stove, stovepipe and roof jack. If the Department would send in suitable desks of course it would be much better, otherwise we will have to buy material and have some of the old fashioned kind made, with seats attached and the full width of the building, which will cost another \$75.00.

Excluded
163-13-5
Regarding Fort Grahame, I feel that we might be well advised to buy a few windows for the church building there, improve the roof a little and put some repairs on the floor, as it would be much cheaper than completing the building the Indians are going to put up, and will answer the purpose sufficiently well for three or four years at least until we can see with what degree of success our efforts in this connection are met, by the Indians. Consequently, I would say that I could get along with \$100.00 for Fort Grahame. If the desks have got to be made you can figure on an equal amount to Fort MacLeod.

I would respectfully request that you give me full information regarding just what the Department usually supply to day schools of this kind, also if you are agreeable to allow the Principal of the LeJac School to make arrangements for the teachers.

I beg to acknowledge receipt of your report of the 30th ultimo, with reference to the proposed establishment of day schools at Fort Grahame and Fort McLeod reserves. There are so many demands on our Appropriation, that it is not possible to consider establishing schools at these points this year.

It is noted that the Indians are prepared to get out logs and put up a building, both at Fort Grahame and McLeod, provided the Department assists in supplying some of the material required. You might let me know exactly what expenditure would be required in this regard at each place. You should also state the number of children of school age on each of these reserves. When your reply is received, the Department will have complete information available and the question of establishing schools will receive careful consideration when we are preparing our Estimates for the fiscal year 1935-36.

Referring to Departmental letter 163-12-1 of June 8th. last regarding the possibility of establishing summer schools at Fort Grahame and Fort McLeod, I wish to report that at the former place there are 47 children of school age, none of whom have ever attended any school. No Building is available, except the Church, and it is not very suitable owing to the fact that it is quite dark. However, when I discussed the matter with the Indians they were quite prepared to put up a suitable log building providing the Department would assist them by supplying shingles for the roof, windows and door. There is no one available at this point who would be able to conduct the School, but the Principal of the LeJac Indian Residential School told me that if the Department would establish a school there he would get qualified teachers and the salary would be very reasonable, he did not say the amount but I am sure that any figure the Department would set would be agreeable.

Fort McLeod
Regarding the possibility of establishing a summer school as this point, I wish to report that there are 28 children of school age in this reserve, some of whom have attended the LeJac Indian Residential School. Here again there is not a building available for a school but the Indians agreed to get logs out and put up the building if the Department would assist with the roof, windows and door. There is a woman at Fort McLeod who used to be a school teacher before she married the Factor of the H.B.Co's. post at this point, I know that she would take over the job of teaching but plans to go outside this Fall herself with her own family so that they can attend school, it is therefore doubtful whether she would be available next year or not. However, the same arrangements can be made there as at Fort Grahame, leave the matter of teacher up to the Church who has agreed to supply one. At all events you can instruct me on this point later.

Sir:

I beg to acknowledge receipt of your letter of the 28th ultimo, suggesting the establishment of summer schools at Fort Grahame and Fort McLeod.

It is noted from the last paragraph of your letter that you expect to visit these points during the coming summer. At that time, you should ascertain if buildings are available for school purposes. You should also make enquiries with a view to finding out if there is anyone in the vicinity of these places who would be able to conduct school. The number of children of school age should also be ascertained. When you return you should forward the above information to the Department for our consideration. If it is found that you can make suitable arrangements, the Department will be inclined to give favourable consideration to the establishment of summer schools.

In the event of it being impossible to secure teachers locally, you should state what salary would have to be paid a teacher sent in from outside. For your information, I may add that it is usual in the case of summer schools to have them opened from about June first to August thirty-first of each year.

CANADAOFFICE OF
INDIAN AGENTVanderhoof, B.C.
May 28th., 1934.

Sir:-

During my last visit to Fort Grahame and Fort McLeod during June 1932 I had several requests at meetings held at Fort Grahame and Fort McLeod that the Department establish a day school at Fort Grahame during the summer months instead of taking the children to the Residential School at Lejac as has been and still is the method used. At those meetings I did not make any definite promises although I saw the reasonableness of most of the recommendations brought up by the Indians, however I postponed the matter for the time being by telling them that owing to hard times generally it would not be possible for the Department to assume any further obligations in the matter of educational facilities. As I will be going into that Reserve again in a month I deem it advisable at this time to submit the whole proposition to the Department with a request that I receive a reply to this letter before I leave so that I can convey the contents of it to the Indians when I go North.

At present we are not getting any of the Fort Grahame children at the School at Lejac on account of the cost of transportation from there to the School, furthermore they are of a different tribe and different traits entirely than the other Indians in the Agency and those who have been in the School have either died or have returned to the Reserve in a sick condition. The same applies to Fort McLeod only of course in a lesser degree as the distance is not quite so great and the children do not pine for their homes to the same extent as their more Northerly friends do, however even at that we do not begin to get a fraction of the number of available children at Fort McLeod and if we ever propose to give them an education I think that something should be done if at all possible.

At the present time the manager of the Hudson's Bay at Fort McLeod is married to a woman who used to be a school teacher and I understand that she is prepared to take charge of the school for the Indians at Fort McLeod for three months in the summer when they are at the camp along with their parents, the rest of the year they are out on their hunting grounds and trap lines and do not spend any time on the Reserve. Would it be possible for the Department to consider establishing a day school at Fort McLeod for three months in the summer when these children could attend providing I can get this ex teacher to consider taking on the job and that we could get a suitable building on the reserve without any expense to the Department which could be used as a school? As I have not got any day schools in this Agency I am of course entirely at a loss to know just how they are operated but if some arrangements could be arrived at which would not entail the expenditure of too much money, I think that it would be a good thing.

In closing allow me to say that while I have not got a great deal of hope of getting anything this year or maybe next, still I would like to be advised on the question as fully as possible so that I might convey some definite information to the Indians as I know that they will be asking me if I ever did anything about submitting their former request to the Department. Kindly reply to this letter as soon as possible so that I may have it about the middle of June when I expect to leave for the North.

Sir:

I have your letter of the 24th ultimo, informing the Department that Mr. Gerard Beau-regard, who was appointed teacher of the Fort Grahame Summer Day School, was unable to accept and that the Church authorities nominated Mr. Edward J. Lambert in his place and that he has taken up duties.

In this connection I have to say that, while the appointment of Mr. Lambert is approved, considerable inconvenience has been caused in view of the fact that the change was made without first notifying the Department. All appointments have to be approved by the Honourable the Minister and the Treasury Board notified of the names of the persons appointed. You can, therefore, understand that when a change is made in the person officially appointed it causes considerable inconvenience and difficulty in having the appointment of the successor approved.

Cheques for one month's salary for the teachers of the Fort Grahame and Fort McLeod Indian Summer Schools for the period June 10th to July 10th will be sent in your care at an early date.

Your obedient servant,

A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT

Vanderhoof, B.C., June 24th. 1935.

Sir:-

I would respectfully refer you to your letter of the 4th. ultimo, File No. 163-13-1 approving of the appointment of Mr. Gerard Beauregard, B.A. as teacher for a 3 month period at Fort Grahame School.

At the last minute Mr. Beauregard was unable to get away from Edmonton for some reason or other, and the church authorities nominated Mr. Edward J. Lambert in his place and he duly arrived here at the same time as his application. I had no alternative but to send him to Fort Grahame then and there as it was time he was leaving and I could not refer the matter to the Department for approval. However, Mr. Phelan arrived here shortly afterwards and met both Mr. Lambert and Mr. Cormack before they left for their respective destinations.

Please refer to the last paragraph of your letter which says in part, "The teachers should prepare and forward a return, showing attendance, days taught, etc., at the end of each month, when cheque in payment of salary due will be sent." This arrangement is not practicable owing to the fact that mails do not arrive from or go to Fort Grahame every month, in fact it usually takes about ten weeks. I explained this to Mr. Phelan and he instructed that I should inform the Department and ask that the cheques be mailed to me here each month and then I can send them on, the attendance report will be submitted for the three months at the end of the term.

I would, therefore, request that the salary cheques for these two teachers be sent in my care upon receipt of this letter and I will have them sent in to Fort McLeod and Fort Grahame first chance. The time of commencement was June 10th. so payment for the month will be up to July 10th. Kindly arrange to have these cheques sent as soon as possible. Copy of Mr. Lambert's application is attached which I Trust will be approved.

Two additional positions of Teacher,
Indian School, one at Fort Grahame
and one at Fort McLeod, exempt.

May 23rd,
1935.

The Department reports the need of the above
in view of -

1. The Department proposes to conduct a Roman Catholic Indian Summer Day School at Fort Grahame Stuart Lake Agency, B.C. from June 15th to September 15th, there being 47 Indian children of school age at this point who should be receiving education. Funds have been provided in the appropriation for Indian education. It is proposed to pay a salary to the Teacher of \$90.00 per month.
2. The Department proposes to conduct a Roman Catholic Indian Summer Day School at Fort McLeod (McLeod Lake Reserve No.5 Federal District of Cariboo) B.C., from June 15th to September 15th, to provide for the education of 28 Indian children at McLeod Lake Reserve. Funds have been provided in the appropriation and it is proposed to pay the Teacher at the rate of \$90.00 per month.

The classification provides for a salary of from \$300 to \$1320 for the academic year, the amount in each case to be determined by the Department and the Civil Service Commission.

It is to be noted that the total amount to be paid these Teachers is less than the amount provided for the academic year under classification, but in view of the short school season such departure from provisions of the Civil Service Act may be deemed permissible and equitable.

The undersigned has the honour to report that the Department of Indian Affairs proposes to conduct a Roman Catholic Indian Summer Day School at Fort Grahame (Finley Forks Reserve, No. 1 - Federal District of Cariboo), Stuart Lake Agency, B.C., in the present fiscal year from June 15th to September 15th. There are forty-seven Indian children of school age at the above mentioned point who should be receiving an education. A few have attended the Lejac Indian Residential School, but the majority have never attended school. Funds have been provided in the appropriation for Indian Education to conduct the above mentioned school and to pay the salary of a Teacher at the rate of \$90.00 per month. The undersigned, therefore, begs to request the authorization of a position of Teacher, Indian School.

I beg to submit herewith the attendance report from the Fort Grahame Summer School from June the 11th. to September the 11th. together with monthly reports from the teacher in charge. These reports were submitted by the teacher at the end of each month but were held by me here until the close of the school when they, with the attendance report, could be sent the Department at the same time.

I have just got back from Prince George where I interviewed the teacher when he got out from Fort Grahame and gave him his salary cheque up to August 11th. ultimo. His final cheque for the last month of teaching which finished September 11th. instant should be sent direct to him at the address given below.

Apparently this young man got along quite well and had a very satisfactory attendance up until near the end of August when some of the Indians and their families had to go out hunting for food. He suggests however that next year the school could open earlier, and in view of information received, I am prepared to recommend that the school open the last week in May and close the last week in August. So far as is known now the same teacher will be available.

Some more equipment should be provided next year for the class room and also soft balls and bats, and a football, for recreation hours. Fuller information on this will be given at a later date. I asked the teacher before he left if he would let me have a copy of his daily curriculum at the school and he said he would send it to me, when he does I will send it to the Department for approval.

Please mail the cheque at your early convenience.

Dear Sir:-

Kindly accept the following as the monthly report of Fort Grahame Day School, for the period of June the 11th. to July the 11th. 1935. Desks and seats were constructed from material which you kindly sent.

The number of children attending school is twenty-nine. They are all from Fort Grahame.

The children with the exception of one boy, have not previously attended school. However, five of them know the alphabet and were able to read from almost nothing, to fifty % of the material in the primer, "Two Little Indians".

At the beginning, all of the children were given the same lessons, and the individuals were permitted to advance to their past knowledge and learning ability. This was followed by the formation of five groups.

The progress has been very good. Groups, 3, 4, and 5 have mastered the alphabet. Group 5 has completed the primer, "Two Little Indians", and the first twenty pages of the reader, "Corona Readers, Primer 1".

Group 4 has covered the first twenty pages of "Two Little Indians", and Group 3 has the first twelve pages of "Two Little Indians" to its credit. Groups 1 and 2, consisting mostly of six year old children, are still working with the alphabet.

Five children were strapped; since then, the discipline has been perfect.

Dear Sir:-

Kindly accept this as the second monthly report of the Fort Grahame Day School, for the period of July 11th. to August 11th. 1935.

I am again pleased to report favourable progress. Group 5 has the following to its credit:- the first seventy-five pages of the Corana Reader, Primer 1, the first forty-five pages of Friends, spelling tests and contests on the above material and Two Little Indians. In arithmetic, this group and also Group 5, has become quite proficient in addition and subtraction; the writing is fairly good in most cases.

Group 4 has completed Two Little Indians, the first twenty pages of Friends and ten miscellaneous pages of the Corona Reader. The writing of this group varies from ability to write the letters of the alphabet to rapid writing of about half of the words covered in their reading.

Group 3 has completed Two Little Indians and the first twelve pages of Friends. Addition had been mastered by all and two of them are able to subtract. In writing, the progress varies from ability to write the greater part of the letters of the alphabet to the writing of the word-list in Two Little Indians.

Of Groups 2 and 1, two children have completed the alphabet and can read the first nine pages of Two Little Indians. The remainder of these groups have learned an average of half of the alphabet.

During the month, the number of strappings was three, and the behaviour has greatly improved.

I am sorry to report a large decrease in attendance, which is due to the annual mid-summer game shortage in the vicinity of Fort Grahame. This occurs every year, and it forces the Indians, and their families, to leave the settlement for the bush, where game is more plentiful.

Therefore, I strongly recommend that, henceforth, the Fort Grahame Day School be opened on the first day of May. By adopting this policy, the greater part of the Indians children, of this district, would be able to get the full advantage of three months of school, per year, instead of one, or two months, as it is the case for many this year.

Yours truly,

Signed:- E.J. Lambert.

Dear Sir:-

Kindly accept this as the third monthly report of the Fort Grahame Day School, for the period of August the 11th. to September the 11th. 1935.

As the School register, which I am sending under separate cover, will inform you, there was an early closing of this school.

I again beg to lay stress on the fact that, at Fort Grahame, at least, the Indians are forced to leave the settlement at an early date. This is due to the fact that this immediate region, does not contain sufficient game to last the bulk of the Indians much past the first of August. This does not harmonize with the present school term. But it would, if the school term were advanced so that actual teaching could commence by the third week in May.

During this last part of the term the school work has continued its fine progress.

Group five has completed the first ninety pages of "Friends", the first fifty-five pages of the "Corona Reader", and has had considerable review work and drills in spelling and arithmetic.

Group four has seen changes, effected by allowing some members to proceed with group five; the remainder has covered some forty-two pages of "Friends", and and twenty pages of the "Corona Reader".

Group three likewise has been split, so that some of its members are with the remainder of group four in progress (which see)

Of the two lower groups, two and one, three children have now completed the alphabet, and are being introduced to arithmetic as well as their studies in "Two Little Indians", advanced to a dozen pages, (at time of leaving).

I have had an examination of the children's school progress by Mr. L.T. Kempple, Justice of Peace. If you would be interested in having this, I will gladly have a statement under oath by Mr. Kempple, J.P. sent to you, at my expense.

With the hope that the good progress which you initiated this summer may continue,

I remain,

Your faithful servant,

Fort Grahame Reserve

The School is very well received at Fort Grahame, the teacher, Mr. Downey, is splendid and has, I think, the proper ideas of teaching Indian children in an out-of-the-way place like this. He stresses cleanliness all the time and even makes some of them leave the class room to wash, should they come to school in a dirty condition. His discipline is also excellent and he has the children interested in games, principally softball, which they play during recess and in the evenings almost continually. The result of the school is also very evident in the fact that the health of the children here is much better than I have ever found it before and I put this down to the result of more regular habits and hours, as well as them being much cleaner. As it rained all day the flying weather was Nil. we had to stay at Fort Grahame all night, but finally got away from there the next morning and went another 90 miles North to the settlement of nomade Indians at Whitewater where they are living.

Memorandum:

The Honourable the Treasury Board.

The undersigned begs to report that the Department of Indian Affairs proposes to conduct a Roman Catholic Indian Summer Day School at Fort Grahame, Stuart Lake Agency, B.C., from about June 1st to September 30th, for approximately forty-seven Indian children at this point; and also a Roman Catholic Indian Summer Day School at Fort McLeod (McLeod Lake Reserve, No. 5, Electoral District of Cariboo), B.C., for the same period, for approximately twenty-eight Indian children. Similar educational facilities were provided last season for the children of the above mentioned districts, and funds are available in the appropriation for Indian Education to pay the two Teachers required, at the rate of \$90.00 per month.

The undersigned begs, further, to report that the Department of Indian Affairs proposes to conduct a Roman Catholic Indian Summer Day School for twenty-four children of school age of the Moberly Lake Reserve, Fort St. John (Electoral District of Cariboo), B.C., who have never attended school as educational facilities have hitherto not been provided. Funds have been provided in the appropriation for Indian Education to meet the cost of conducting the school and the salary of a Teacher at \$90.00 per month for a period of four months from June 1st to October 31st.

The undersigned has the honour, therefore, to request the authorization of three positions of Teacher, Indian School, for the above mentioned periods.

Report of Civil Service Commission

After investigation, the proposed increase is considered to be necessary if the work is to be carried on as outlined by the department.

Dear Sir:

I have your letter of the 17th instant, enclosing an application from Mr. P. J. Downey, Smithers, B.C., for the position as teacher of the Indian Summer School at Fort Grahame, together with copies of recommendations regarding his qualifications, etc.

While it is noted that Mr. Downey has no professional qualifications, yet, it would appear that his services will be satisfactory for this school for the period it will be open during the coming summer. It is noted that his appointment is approved by the church authorities. The salary allowed him during the period the school is in operation will be at the rate of \$90 per teaching month - this being the same rate as was allowed last summer. Please advise the church authorities and Mr. Downey of his appointment.

It is assumed that this school will be in operation for approximately a three month period, beginning about the first of June, next. The teacher should prepare and forward a return, showing attendance, days taught, etc., at the end of each month, when cheque in payment of salary due will be sent. The address to which the cheque should be forwarded should be stated.

I enclose a staff questionnaire, which you should have Mr. Downey fill in, as requested on the return, sign same, and mail to the Secretary of this Department.

Sir:-

I would respectfully direct your attention to my letter of March the 11th. inst. File No. N-3-S-583 relative to the Indian Day Schools at Fort McLeod and Fort Grahame Indian Reserves.

Regarding the second paragraph of my letter, I beg to enclose herewith an application to teach at Fort Grahame, from a Mr. P.J. Downey of Smithers, B.C., accompanied by recommendations from his Parish Priest, School Principal and Missionary of the Fort McLeod and Fort Grahame Indian Missions. It would appear as if this boy might be alright although he has not had any actual experience in teaching. After reviewing his letters of recommendation and qualification, I would esteem it a favour if you would please advise me if I may engage him as from May the 20th. next.

As mentioned in my last letter, Mr. Gormack who taught last year at Fort McLeod, is available again this year and I presume that I am safe in engaging him again this season? At all events I am not doing anything definitely until I hear from the Department.

Dear Sir:-

Rev. Father Ouellet has just informed me that you need further information about me before sending in my application to the Indian Department.

I am twenty years of age. I have finished my High School education which at Smithers goes as far as the Fourth year inclusive. I am enclosing a letter of reference from the Principal of the High School.

I am planning to continue my studies at the University of British Columbia and it is with this in mind that I am anxious to obtain the position of teacher at Fort Grahame. Without the financial aid that this position will give me, I would be unable to continue my studies.

While I have not made a Normal School Course, I feel that I would be able under your direction, to give satisfaction both to yourself and the Dept. My plan is to continue teaching each summer until I finish my University studies. My parents have lived in Smithers since 1913 and are well known in the District.

I enclose a letter of reference from the Parish Priest of Smithers

To whom it may concern:-

This is to certify that Mr. Patrick Downey completed his Junior Matriculation at Smithers High School, June 1935.

Pat was a good student interested in his work and regular and punctual in his attendance.

In addition to his school activities he takes an active interest in sport. He has considerable dramatic talent and takes an active interest in the social life of the community.

In work as an elementary teacher I think he would be particularly successful. For the work he will be called upon to do for the Indian Department I have no hesitation in recommending him.

I have no hesitation in recommending Mr. J.P.Downey to the position of teacher at the summer school at Fort Grahame.

Mr. Downey is a member of parish and I have had an opportunity of knowing him. You will find him industrious and conscientious and you will find also that he will put all his heart in the work. He has shown a certain appitude in dealing with boys specially in connection with sports of various kinds and he is fond of working with them and helping them.

The fact that he is anxious to earn money during several years in order to be able to complete his studies will make him all the more anxious to succeed.

Personally I shall be very pleased if the Department see fit to give him this opportunity of going ahead.

Dear Sir:-

The following is a report on the progress of the different groups:-

GROUP 1. These pupils are still on the alphabet and numbers. They are learning these quite good and are just about through with them. They are also learning the phonetic tables given in the back of the Catholic Carona readers.

GROUP 2. These pupils are still reading the readers, "Two Little Indians". They are almost through with this but will have to go over it for the second time next month. In arithmetic they are being taught addition and are at present taking addition of single digit numbers. They have completed the phonetic tables and have a good knowledge of them.

GROUP 3. This class has completed the reader, "Two Little Indians" and have started the Catholic Carona reader and "Friends". They are working the workbook in connection with "Two Little Indians". They are working book A of the individual arithmetics.

GROUP 4. This group is advancing quite rapidly. They have completed, "Friends" for the first time and we are reviewing it at present. They have started the workbook in connection with "Friends" and are progressing but slowly as this book is quite difficult. They have completed books A & B of the Individual Arithmetics and are ready to begin with book C. These pupils are also quite good writers. We are using the spellers in connection with Group 3 and 4 and we have gone as far as the sixth week.

All of the pupils have shown signs of being cleaner and there has been quite a few washings in the last month. The school is swept every day, scrubbed once a week and the children are quite anxious to do this.

Hoping this meets with your approval, I remain,

Yours truly,

Signed:- P.J. Downey.

Dear Sir ;

I am enclosing with the report form this letter in coalition with the report as the space provided for remarks isn't large enough.

I have segregated the pupils into four groups in accordance with their reading. I have gone by the reading in their grouping because I find that they are very poor in arithmetic and numbers as they never had either to any great extent last year. The arithmetic books sent up this year are very useful in teaching the fundamentals of that subject and they have taken a firm interest in them and are progressing rapidly.

GROUP 1.

These pupils are the younger and smaller ones and have been spending most of the ~~time~~ on the alphabet and figures up to ten. They are learning to count and read the alphabet but are progressing at a slow rate as it is extremely difficult to hold their undivided attention for any length of time.

GROUP 2.

This group has completely mastered all the letters in the alphabet and all the numbers to 15. They are being drilled upon sounds of letters and formation of simple words. They are also being taught the formation of letters as a course preceding writing and use of the readers. They might start writing at any time but we have not desks for them to place their exercise books on so they will be taught reading when they are ready for that stage. A few of them are writing.

GROUP 3.

This group is well advanced into the readers. They are reviewing "Two Little Indians" at present. Along with them a few of the more advanced in group 2 are taking the reader but for the first time only. This group is quite good in colouring and in the other work set out in the work book, to accompany "Two Little Indians". In arithmetic they are taking addition of numbers and are using the assigned arithmetic work books. They have also mastered the spellers up to grade 3 work.

GROUP 4.

This group is showing rapid progress in arithmetic and are through with the first stage of addition and are starting subtraction. They have completed the readers, "Two Little Indians" and are half way through "Friends". Their writing in most cases is very good. Much stress is being laid upon the formation of sentences and the sounds of various words which they have some difficulty in pronouncing correctly. They are familiar with the spellers up to Grade 4. but now their progress in this will be slower as the words become more difficult.

These Indians here are quite ignorant of any form of discipline in or out of school but are not really bad at any time but just mischevious. I have them now so they march out of school and are quite orderly around their desks.

They are very dirty but I have them wash themselves if they come to school dirty. They wash right in front of the school under my supervision. No strappings have been administered as yet. The school is swept.

Dear Sir,

The following is a detailed report of the progress of the Fort Graham Day School for the month ending August 15th.

Group 1.

These pupils are receiving the alphabet and numbers up to thirty and are being given writing exercises which they do on the blackboard. As yet they have not been given books or pencils. They are also being taught the first part of the phonetic tables and much stress has been put upon the correct pronunciation of words which they use in every day life. This last being done to all the groups from one to four.

Group 2.

They have completed the numbers

up to one hundred and all of them can count this far and several much farther. They are still reading "Two Little Indians" for the second time and are being drilled on the spelling exercises given in the back of this reader. They are just beginning to work the work book in connection with "Two Little Indians" and are able to distinguish colours quite well. In arithmetic other than equating they are learning to add the numbers up to ten and to subtract them.

Group 3.

In arithmetic they are advancing very well they have completed books A and B. of the Individual Arithmetics and have a good knowledge of them. They are going over "Two Little Indians" for the third time and have almost completed the work book in connection with it. They are also taking the Arithmetic.

in the spellers to the end of the 10th week.

Group 4.

These pupils' work in arithmetic has been advancing quite slowly as Book C of the Individual arithmetics is quite hard. They are about two thirds of the way through it and as far as they have gone have a thorough knowledge of it. They are reviewing the reader "Friends," again as there are no other readers to give them. Their work in the work-book in connection with "Friends" is advancing slowly as they find this book extremely difficult. In the spellers they have completed to the end of the 80th week and can spell the words very well.

General.

Throughout the term they have been given physical exercises whenever the weather permitted them to take them outside as the school is too small for any indoor exercises. They have taken

a great liking for the game of softball and we played almost every evening. Having them work at school has certainly had its effect and for the last month they have all come to school clean and tidy. There have only been two pupils made to work themselves since July 30th.

The main thing that has been taught them is discipline. This is very difficult as their parents have no control over them but they are improving gradually.

All of the school supplies have been crated up and left in the school where nothing will touch them and the winter's supplies have been left in the warehouse of the Hudson's Bay Co.

Please address any future correspondence to me at Smithers B.C.

I wish to advise that His Excellency, Bishop E.N. Bunoz, O.M.I. has nominated the following young men to teach summer school this year at Fort McLeod, Fort Grahame and Takla Lake:-

1. Mr. Patrick Downey for Takla Lake.
2. Mr. George W. Cormack for Fort McLeod.
3. Mr. John McKenzie for Fort Grahame.

The two former boys taught last year, except that Mr. Downey taught at Fort Grahame but this year I thought of moving him to Tacla Lake and having his place at Fort Grahame taken by Mr. McKenzie. I have not yet received a formal application from Mr. McKenzie but as soon as it comes I will send it on to the Department.

Please advise at your convenience if it will be in order to engage these three young men for the positions above mentioned.

With reference to your letter of the 5th instant, the Department approves the appointment of Mr. George N. Cormack as teacher of the Fort McLeod Seasonal School for the summer of 1937, also the appointment of Mr. John McKenzie as teacher of the Fort Grahame Seasonal School for the summer of 1937.

Salary at the rate of \$90 a teaching month will be allowed for each of the above two teachers.

I enclose staff questionnaire forms, which you should have them complete and return as soon as possible.

The appointment of Mr. Patrick Downey as teacher of the Takla Landing Seasonal School was approved by official letter of the 6th instant.

You should inform the Department definitely regarding the exact date on which each of the three teachers mentioned above begins duties. Returns showing the names of pupils in attendance, days taught, etc., should be forwarded at the end of each month and you should, also, state the addresses to which the teachers' cheques should be sent. It would be advisable, also, to have each teacher prepare a short report at the close of the summer season with reference to the work done during the time each school was in operation.

Dear Sir;

The following is a detailed report on the progress of the pupils at the Fort Grahame Day School for the month ending June 15th.

Group 1.

This group is composed of the younger pupils. At present they are learning the alphabet and figures up to twenty. They are progressing slowly as it is very difficult to hold their attention for any length of time.

Group 2.

The pupils in this group have learned the alphabet and the numbers up to one hundred. At present they are learning the formation of letters and numbers. They are half way through the reader, "Two Little Indians." Their work in the work book in connection with "Two Little Indians" is advancing quite rapidly.

Group 3.

The pupils in this group have completed the reader, "Two Little Indians" and are well advanced in the "Catholic Corona Reader." In arithmetic they are half way through the Individual Arithmetic Book A. They are progressing very slowly as they seem to have forgotten the arithmetic they learned last year. In spelling they have learned the words in the back of the reader, "Two Little Indians" and have completed the spelling exercises in the spellers to the end of the twenty-eighth week in the grade 2 work.

Group 4.

The pupils in this group are two thirds of the way through the reader, "Friends." Their work in the work book in connection with "Friends" is advancing quite slowly. In arithmetic they are advancing slowly as they seem to have forgotten the arithmetic they learned last year. To date they have completed Book A and have nearly completed Book B in the Individual Arithmetic. In spelling they have completed the grade 2 work and have just started on the grade 3 spelling exercises.

General.

If any of the children come to school dirty they are made to wash in front of the class. The school is swept everyday and scrubbed once a week. With regards to sports the children play football or softball nearly every evening.

Yours truly,

Signed:- *J. G. McLeung*

Dear Sir:

Regarding the teachers of the Indian summer schools at McLeod, Fort Grahame and Tackla, I beg to forward to your office the following information:-

1. G. Cormack has applied to return to McLeod, his application has been accepted by the ecclesiastical authority of the diocese.

2. Paul Edward Delcourt Parent, son of the Station Agent at New Hazelton has applied for the position of School Teacher at Tackla. Delcourt Parent is 25 years of age; he has completed his 4th year High School in B.C. and has spent most of his time since his early youth in Northern B.C.- His application is strongly endorsed by the ecclesiastical authority of the diocese.

3. Dick (Richard) MacDonald from Smithers, has applied for the position of School Teacher at Fort Grahame. Dick MacDonald is 24 years of age; he has gone thro. the 9th Grade; he is used to the life in the bush during the summer months; we have also endorsed his application.

The respective addresses of the last two applicants are:

Paul Edward Parent,
New Hazelton, B.C.

and
Dick MacDonald,
Smithers, B.C.

Kindly see that your Department advise them as soon as possible that their application had been accepted so that they may take the proper disposition for the coming summer.

Dear Sir:

With regard to that portion of your letter of the 18th instant which refers to the Fort Grahame Seasonal School the Department does not consider that Mr. Richard MacDonald is sufficiently qualified to take charge of this school.

I understand that the majority of the Indians do not return to Fort Grahame until early in June and there is therefore not much necessity for a teacher proceeding to Fort Grahame before that time. If it is possible to secure the services of Mr. John McKenzie who taught at the school last year the Department will approve of your taking such action. If, however, the Church authorities do not wish to approve Mr. McKenzie's re-appointment you should again consult Right Reverend J. L. Coudert, O.M.I., with a view to having him nominate someone other than Mr. MacDonald or Mr. McKenzie for this school.

In the event of the Church authorities sanctioning the appointment of Mr. McKenzie he will be allowed salary at the rate of \$90.00 a teaching month and you should advise me the exact date on which he begins duties.

W Regarding Richard MacDonald from Smithers I would respectfully point out that this boy has not advanced past the 9th Grade and I would respectfully request information advising me regarding his application. Mr. McKenzie who taught at Fort Grahame last year is at present attending Normal School in Vancouver prior to getting his teachers' certificate but it will not be possible for him to reach Fort Grahame before the 12th of June next. This date is about two weeks later than usual although in so far as Fort Grahame is concerned the Indians do not return to their camp very much sooner than the second week in June so that in reality the teacher coming in on or about the 15th of May would really have two or three weeks when not much work could be accomplished. Mr. McKenzie has also applied to me for the school, explaining the situation and advising that by teaching on the Saturdays that he would still be able to get three month's teaching in before the Indians would want to leave for their hunting grounds again about the end of August.

Please understand that Fort Grahame is approximately 350 miles by air from here and it means a great deal of inconvenience and extra expense to the Department in having a new teacher go into that outlying point each year because he neither knows the pupils nor the parents as well as being handicapped in opening the school himself without assistance on the ground. However, the principal drawback to McDonald's application, as I see it, is his own educational standing. Please advise fully regarding these various points.

The school was closed when I got there as it was after 3 o'clock, but I examined the register, books and other equipment. I also saw the children outside and spoke to most of them. The attendance this year is not so good as formerly, but there will be many more next year as there are a lot of young ones who will be old enough to start. Dear Sir,
I beg to submit a report on the work done during the quarter ending August 22nd, 1938.

The grading has been somewhat changed, chiefly for psychological effect. Since there were no beginners this year, the fourth grade has remained the highest.

The use of text books has been reduced to a minimum. Much time has been spent on vocabulary building in preparation for the use of texts. Two fifteen-minute periods each day have been devoted to language lessons for the class as a whole. In this way sentence structure and pronunciation have been improved. Lip and tongue formation and coordination have been stressed for the purpose of securing an improved articulation. A severe word-drill was found absolutely necessary as a preparation for reading. Phonetics has been taught in all the grades.

An attempt has been made to make the arithmetic lessons as practical as possible by applying them to the calculation of the value of fur catches, counting change etc.

Sanitation and discipline have been given special attention and religious instruction has been given daily. The Lord's Prayer and the Angelic Salutation have been learned by all.

The school supplies have been listed and packed. The requisition for 1939 will be forwarded under separate cover.

Yours very truly,

Sir:-

I have been advised by Bishop Bunoze that Mr. Walter Fitzgerald will not be able to go to Fort Grahame to teach the Indian Day School there this summer as he has injured one of his feet. The Bishop has appointed Mr. Joseph Villeneuve to take his place and both he and Mr. N. Cormack have been instructed to arrive in Prince George in order to proceed North on May 20th.

I beg to requisition a number of Forms No. 502-563, your Circular letter C150-52 in order that I may have Mr. Joseph Villeneuve fill one of them in for the information of the Department.

Your obedient servant,

Robert Howe

Dear Sir:

In view of the information contained in your letter of the 9th instant the Department approves the appointment of Mr. Josaph Villeneuve as teacher of the Fort Grahame seasonal school instead of Mr. Walter Fitzgerald.

Mr. Villeneuve will be allowed salary at the rate of \$90.00 a teaching month and you should advise me of the exact date on which he begins duties.

I enclose staff questionnaire which you should have Mr. Villeneuve complete and return.

Yours truly,

R. A. Hoey,

Sir:-

In reply to your letter of the 21st. ultimo, your File, 163-13-1 and with further reference to my letter of the 9th. instant, No. N-3-S-719, I wish to advise that on account of illness Mr. Joseph Villeneuve who was substituted for Mr. Walter Fitzgerald, the teacher re-appointed for the Fort Grahame seasonal school failed to put in an appearance, Mr. Edward Joseph Lambert arrived to take his place and left Prince George for Fort Grahame on the 20th. instant. His duties will commence June 1st. I may say Mr. Lambert taught at the Fort Grahame School in 1935 and that his appointment has been approved of by His Lordship, Bishop Buno.

I am enclosing herewith a staff questionnaire, duly completed. Kindly forward Mr. Lambert's salary cheque in care of this office.

Dated at

this 19.....

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

The low attednance of some of the pupils is due to their not coming in from their trap lines until some few days ago. School did not start until the 26th. day of May because I was not able to get up here till then as no boats were running but I left Prince George for here on May the 12th. and could only get as far as Ft. McLeod where I waited for a boat . The pupils are making good progress and are beginning to show signs of adapting themselves to a regular routine of study.

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation in this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of 10 teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent or to the Secretary, Department of Indian Affairs, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

R.H. Moore,
Indian Agent,
Vanderhoof, B.C.

Dear Sir;

The following is a detailed report on the progress of the pupils at the Fort Grahame Day School for the month ending July 15th.

Group 1.

The pupils in this group are learning the alphabet and the figures up to thirty. They are also learning the formation of figures.

Group 2.

The pupils in this group have read the reader "Two Little Indians" twice. They have just started "The Catholic Corona Reader." Their progress in the "Corona Reader" is very slow as they find it very difficult. In arithmetic they are half way through Book A of the "Individual Arithmetic." They practice writing nearly every day.

Group 3.

The pupils in this group have completed "The Catholic Corona Reader" and are well advanced in the reader "Friends." In arithmetic they have completed Books A and B of the "Individual Arithmetic." In spelling they have completed the spelling exercises to the end of the fifteenth week in the grade 3 work.

Group 4.

The pupils in this group have finished the reader "Friends." Their work in the work book in connection with "Friends" is advancing quite rapidly. They have just started to read "The Golden Mill." In arithmetic they have completed Books B and C of the "Individual Arithmetic" and are well advanced in the "Canadian Problem and Practice Arithmetic." In spelling they have completed the grade 3 spelling exercises.

Groups 2, 3, & 4 are being drilled on the phonetic tables. These groups are very good at drawing and colouring.

Yours truly,

Signed: J. G. McKenzie.

Dear Sir:

The following is a detailed report on the progress of the pupils at the Fort Grahame Day School for the month ending August 15th.

GROUP 1. The pupils in this group are reviewing the alphabet and have finished the numbers up to fifty. During the latter part of the term they were taught the formation of figures. As yet, they have not begun to read or write.

GROUP 2. The pupils in this group have completed Book A of the Individual Arithmetic. In reading they have completed "Two Little Indians" for the third time. Their progress in the Catholic Corona reader has been very slow as they find it very difficult. They are being given writing exercises nearly every day.

GROUP 3. The pupils in this group have completed Books A and B and have started Book C of the Individual Arithmetic. In reading, they have completed the reader "Friends." In spelling they are advancing quite rapidly. To date, they have completed the spelling exercises to the end of the Grade 3 work.

GROUP 4. The pupils in this group are advancing quite rapidly in Arithmetic. To date, they have completed to page 46 in the "Canadian Problem and Practice Arithmetic." In reading they have finished the reader called the "Golden Mill." They are well advanced in spelling, having completed the spelling exercises to the end of the 15th week in the Grade 4 work.

Groups 2, 3, and 4 are still being drilled on the phonetic tables. During the latter part of the term the above groups were given drawing lessons nearly every day.

The school supplies have been crated and left in the school. The janitor's supplies, etc. have been stored in the Hudson's Bay warehouse.

Yours truly
Signed: *J. E. McKenzie.*

and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the
quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the
figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and
31st December respectively, and be immediately thereafter in each case transmitted to the local
Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain
all the names, use another form, paging it as No. 2, and carry forward all totals, placing them
in the proper columns. Do not increase the length of the form by pasting another, or portion
of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the
total number of days attendance of all the pupils by the number of days school was open in the
quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in
the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the
Department.
12. This form to be used for Day Schools only.

Form No. 409

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon
session from 1 p.m. to 4 p.m., with a recess during each session of not less than
15 and not more than 20 minutes. No variation in this regulation should be
made without the Department's approval.
2. Salaries of teachers will be paid on a basis of 10 teaching months in each
school year. Summer holidays are not taken into account in payment of yearly
salaries.
3. Regarding the number of days school should be kept open and the
holidays allowed, teachers should be guided by the yearly instructions issued
by the Department. If a copy of these instructions is not in the school, the
teacher should apply immediately to the Indian Agent, or to the Secretary,
Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their
intention to resign.
5. All questions relating to the day school should be referred to the local
Indian Agent.

4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. 409

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation in this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of 10 teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent or to the Secretary, Department of Indian Affairs, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

Ottawa, May 4, 1935.

Sir:

I have your letter of the 6th ultimo, regarding the establishment of a summer school for the benefit of the Indian children at Fort Grahame and enclosing the applications which you received for the position as teacher.

In reply I have to say the Department will approve of this school being conducted for a three month period during the coming summer, from, approximately, June 15th to September 15th, next.

Approval is also granted for the appointment of Mr. Gerard Beauregard, B.A., of St. Joseph's Seminary, Edmonton, as teacher. He was nominated by the Roman Catholic Church authorities. The salary allowed him during the period the school is in operation will be at the rate of \$90 per teaching month.

A requisition has been forwarded to the Government Stationery Office to forward, addressed to you, the supply of classroom material considered necessary. You should arrange to have this forwarded to Fort Grahame, in due time.

With reference to the request that the Department make an advance of \$25 towards the cost of supplies while the teacher makes the journey in to the school and a like amount on his return, I have to say that the amount provided for salary is all we can allow. Present regulations do not permit making advances or payment of any part of the cost of transportation of teachers to and from a school.

Please advise the church authorities and Mr. Beauregard of his appointment and arrange that he arrive at Fort Grahame in time to commence duties on the date above mentioned. The teacher should prepare and forward a return, showing attendance, days taught, etc., at the end of each month, when cheque in payment of salary due will be sent. It is hoped that this school will meet with success during this summer.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:-

With further reference to my letter of June 8th. last, and in reply to your of 18th. June, File No. 163-12-3. regarding the forwarding of salary cheques to the Teachers at Fort Grahame and Fort MacLeod. I beg to advise that the cheques for June were received by me and forwarded to Mr Cormack and Mr Downey. However, no further cheques have been received and as the schools close on the 15th. of this month, I would respectfully request that cheques for July and August be forwarded direct to the Teachers at the addresses given below.

Mr P.J. Downey, Smithers B.C.

Mr Geo. N. Cormack, 11007-99 Avenue, Edmonton; Alberta.

The reason I ask for this to be done is on account of both these young men going to University this Fall and naturally they would like to have their pay as soon as possible after the Schools close.

Dear Sir:

I have your letter of the 11th instant, regarding the forwarding of salary cheques in payment of the salaries due the teachers at the summer schools at Fort Grahame and Fort McLeod.

In this connection I have to say that cheques in payment of the salaries of the above mentioned teachers for the month of July, last, were sent addressed to you.

It is noted that the schools closed on the 15th of this month, and cheques for the amounts due from the first of August to the fifteenth are being sent the teachers to the addresses given in your letter.

Full payment of the salaries due has been made for the period the schools were open during the present summer.

Yours truly,

J. D. Sutherland

Ottawa, April 27th, 1937.

Dear Sir:-

With reference to your letter of the 5th instant, the Department approves the appointment of Mr. George N. Cormack as teacher of the Fort McLeod Seasonal School for the summer of 1937, also the appointment of Mr. John McKenzie as teacher of the Fort Grahame Seasonal School for the summer of 1937.

Salary at the rate of \$60 a teaching month will be allowed for each of the above two teachers.

I enclose staff questionnaire forms, which you should have them complete and return as soon as possible.

The appointment of Mr. Patrick Downey as teacher of the Takla Landing Seasonal School was approved by official letter of the 6th instant.

You should inform the Department definitely regarding the exact date on which each of the three teachers mentioned above begins duties. Returns showing the names of pupils in attendance, days taught, etc., should be forwarded at the end of each month and you should, also, state the addresses to which the teachers' cheques should be sent. It would be advisable, also, to have each teacher prepare a short report at the close of the summer season with reference to the work done during the time each school was in operation.

Yours truly,

T. R. L. MacInnes.
Secretary.

E X T R A C T from letter of April 6th, 1935,
from R. H. Moore, Esq., Indian Agent, Vanderhoof,
B. C., re Fort Grahame and Fort McLeod Schools.

Original on File 163.-12-1.

It seems hard for me to get a list of just what articles of school equipment is required for each of these schools, and I feel as if it would be better to leave the matter in the hands of the Department entirely, with the request that you please send me here a shipment of supplies necessary for the Fort Grahame School with approximately 50 pupils, and for the School at Fort McLeod with approximately 30 or 35 pupils. These two shipments should be entirely separate and clearly marked. In making them up, please understand that practically all the pupils in each place will be beginners and consequently will not require any advanced books, etc. I would suggest that slates and pencils be sent if possible, as well as scribblers, etc. Pens and ink will not be required for this year at least. If you could attend to this part of it for me at Ottawa, I would appreciate a list of what you do send.

OFFICE OF
INDIAN AGENT

Vanderhoof, B.C., April 8th. 1937.

Sir:-

I beg to submit herewith requisitions for school material, one for Fort Grahame and one for Fort McLeod.

These supplies can all be procured locally except the school bells, arithmetics, blackboard brushes and scribblers. The rest of the list I can get here without any trouble if the Department authorises.

These supplies should be sent by express as soon as possible; one box marked for Fort Grahame and the other for Fort McLeod and sent in my care to Prince George. If you authorise me to purchase some of these supplies locally please advise just what items you are sending from Ottawa.

Kindly arrange to expitite these orders as I have just got about one month left until they will have to be sent in to the schools concerned.

Your obedient servant,

R.H. Moore,
Indian Agent.

During my last visit to Fort Grahame and Fort McLeod during June, 1932, I had several requests at meetings held at Fort Grahame and Fort McLeod that the Department establish a day school at Fort Grahame during the summer months instead of taking the children to the residential school at Lejac, as has been and still is the method used. At those meetings, I did not make any definite promises, although I saw the reasonableness of most of the recommendations brought up by the Indians. However, I postponed the matter for the time being by telling them that, owing to hard times generally, it would not be possible for the Department to assume any further obligations in the matter of educational facilities. As I will be going into that reserve again in a month, I deem it advisable at this time to submit the whole proposition to the Department with a request that I receive a reply to this letter before I leave so that I can convey the contents of it to the Indians when I go north.

Regarding Fort Grahame, I feel that we might be well advised to buy a few windows for the church building there, improve the roof a little and put some repairs on the floor, as it would be much cheaper than completing the building the Indians are going to put up, and will answer the purpose sufficiently well for three or four years at least until we can see with what degree of success our efforts in this connection are met by the Indians. Consequently, I would say that I could get along with \$100.00 for Fort Grahame. If the desks have got to be made you can figure on an equal amount to Fort MacLeod.

Referring to departmental letter 163-12-1 of June 8th, last, regarding the possibility of establishing summer schools at Fort Grahame and Fort McLedd,, I wish to report that at the former place there are 47 children of school age, none of whom have ever attended any school. No building is available, except the church, and it is not very suitable, owing to the fact that it is quite dark. However, when I discussed the matter with the Indians, they were quite prepared to put up a suitable log building providing the Department would assist them by supplying shingles for the roof, windows and door. There is no one available at this point who would be able to conduct the school, but the Principal of the Lejac Indian Residential School told me that if the Department would establish a school there, he would get qualified teachers and the salary would be very reasonable. He did not say the amount but I am sure that any figure the Department would set would be agreeable.

Memorandum:

MR. O R R, -

Fort Grahame: - To complete building for summer
day school purposes - \$100.00

Fort Grahame is located in the northern part of the Stuart Lake agency. Agent Moore reports there are 47 children of school age at this point, the majority of whom have never attended school. A request has been made by the Roman Catholic missionary and the Agent, that a summer school be conducted. There is a church building at this point, which, the Agent states, could be improved at much lower cost than erecting a new building. He estimates that, for the sum of \$100, building material could be supplied to fit up the church building - which would provide suitable accommodation for school purposes for a number of years.

I would suggest that, when funds are available, the Agent be authorized to purchase building material, at a cost not exceeding the above amount, forwarding detailed accounts, in triplicate. It is understood that the labour will be performed by the Indians, without cost to the Department.

Ottawa, February 20, 1935.

Sir:

With reference to your letter of the 12th instant, regarding the proposed establishment of a summer school at Fort Grahame, I have to inform you that the sum of \$100 is provided in the Appropriation for Indian Education for the coming fiscal year, to complete a building for school purposes. In your letter dated August 18th, last, you stated that it would be advisable to buy a few windows for the church building, carry out certain improvements to the roof and also some repairs to the floor. You indicated that this arrangement would be much cheaper than erecting a log building and would answer the purpose sufficiently well for three or four years, until it is ascertained what degree of success will result in the operation of the school. It is noted, also, that it would cost approximately \$75 to make the desks required.

The Department will approve of you arranging for the purchase of the building materials required to fit up the church building, to an amount not to exceed \$100. Purchase should be made from firms on the approved list. Further, you are authorized to incur an expenditure not exceeding \$75.00 in the purchase of the material required in building the desks. Please obtain itemized accounts, in triplicate, stating in detail the materials purchased. These accounts, you should attach to proper voucher forms, certify in the usual manner and forward for payment. It should be understood, however, that, as our appropriation will not be available until the first of April, next, payment of accounts cannot be made before that date. I would request that you take any action in having the improvements carried out to the church building.

If the building is in readiness to start classroom work early next summer, you should take up with the church authorities the question of nominating a suitable teacher. The name, qualifications and experience of the teacher nominated should be forwarded for the approval of the Department.

While on the subject of schools I wish to say that the total expenditure for school buildings both at Fort McLeod and Fort Grahame this year amounted to approximately \$120.00 out of the amount of \$450.00 authorized by the Department. The new school at Fort McLeod was not completed last spring in time to hold school in, so that the church was used. However, now it is ready, except for the roof, windows and other material which will have to be shipped in and which will cost approximately \$185.00 landed at the head of the waterways so that the Indians can get it. I would suggest that we allow the Indians sufficient gasoline to take the material down the river and lakes by boats and which should cost about \$30.00 so that the \$185.00 for material plus \$30.00 for gasoline would be \$215.00 and if agreeable to the Department I propose to make this purchase now of the money that is available and have it ready to go in first thing next May. This will make the total expenditure of \$335.00 and the balance of \$115.00 could be returned to the Treasury. Please advise me in this connection at your convenience.

FORT GRAHAME RESERVE

This reserve was visited in the afternoon, some sickness of a mild nature was also found here and treatment and medicine given by the doctor. The school was inspected by me and found to be operating quite successfully. Mr. McKenzie the teacher, is doing good work and the children looked quite happy and making progress. The Indians have cut logs for a new school building but at the time of my visit these logs were still in the bush and the Indians said they would haul them out and put them up as soon as they could get a set of harness for their horses. (The only use they put horses to up there is packing consequently they have not got harness for any other work.)

Fort McLeod: Regarding the possibility of
 establishing a summer school at
this point, I wish to report that there are 28 children
of school age in this reserve, some of whom have attended
the Lejac Indian Residential School. Here again there
is not a building available for a school, but the Indians
agreed to get logs out and put up the building if the
Department would assist with the roof, windows and door.
There is a woman at Fort McLeod who used to be a school
teacher before she married the Factor of the H. B. Co.'s
post at this point. I know that she would take over the
job of teaching but plans to go outside this Fall herself
with her own family so that they can attend school, it is
therefore doubtful whether she would be available next
year or not. However, the same arrangements can be made there
as at Fort Grahame, leave the matter of teacher up to the
Church, who has agreed to supply one. At all events, you
can instruct me on this point later.

In acknowledging receipt of your letter of the 13th instant, File No. 163-12-1, regarding the establishing of proposed day schools at Fort Grahame and Fort MacLeod, I beg to say that in my report of the 30th ultimo I stated the number of pupils available at each of the above points, viz. 47 at Fort Grahame and 28 at Fort MacLeod.

Regarding the approximate expenditure necessary for the completion of a suitable building at Fort MacLeod for a school, I think that \$200.00 would be the maximum required and should cover the cost of the floor, shingles and lumber for the roof, windows and doors, and might allow something for stove, stovepipe, and roof jack. If the Department would send in suitable desks of course it would be much better, otherwise we will have to buy material and have some of the old fashioned kind made, with seats attached and the full width of the building, which will cost another \$75.00.

Mission City, B.C., 29/3/35.

R.H. Moore,
Indian Agent,
Vanderhoof, B.C.

Dear Sir :

I understand that during the coming summer, a school, which will be in session during June, July and August, will be opened, for the Indian children at McLeod's Lake. I hereby make application for the position of teacher of this school.

I am the holder of a First Class B.C. Teacher's Certificate; Strathcona Trust Diploma; and certificates from the Provincial Summer School, in English, Literature, Expression, and Choral Singing. I have six years' experience as a teacher in rural schools, in British Columbia. I am privileged to refer you to Mr. G.H. Gower, Dept. of Education, Victoria, who was the Inspector of Schools who visited the schools I taught, during the greater part of the time I was teaching. Mr. Gower is well known in educational circles for the high standard he sets his teachers, both as regards achievement and discipline. I have no hesitation in referring you to him for an estimate of my ability. He would know me only as "Miss Connellan".

I realize that this type of school would differ considerably from the ordinary public schools. No doubt the ordinary curriculum subjects would be taught, with particular stress upon oral language? The children at McLeod, as you doubtless know, speak English - but very badly. I would suggest particular stress upon cleanliness, and the common rules of health, as with all beginners, and children unaccustomed to school discipline, considerable time would have to be devoted to handwork.

To give effective instruction, in addition to ordinary school supplies, at least the following would be required: for hand work :- crayons; paints; coloured folding papers; outline pictures to colour; sewing cards; kindergarten scissors; paste - preferably individual jars; and, of course, an adequate supply of drawing paper - which, one pre-supposes, would be included in "ordinary school supplies". For instance along the line of cleanliness and health - which instruction would, of necessity, take the form, to a considerable extent, of example, plus daily practice, - I consider the following to be highly advisable - (and, for effective instruction, imperative) :- a minimum of four wash basins; paper towels; an abundance of soap; individual paper drinking cups; a goodly supply of kleenex (paper handkerchiefs) for daily "handkerchief drill"; a tooth brush for each pupil, together with several shakers of common salt. While not urgently required, a supply of some antiseptic mouth wash would be used to great advantage, in the inculcation of good habits. In addition to these requisites, I would suggest that gold and coloured "stars" and "dots" be supplied. These items are invaluable in any school room where the mentality of a small child prevails. With these children, particularly, every means of encouragement should be employed. Of particular value, also, would be coloured chalks, counting blocks, and sticks, of varied lengths. There is, in addition, a particularly valuable book published, entitled, I think, "Reading Lessons for Beginners", by Miss J.E.R. Fisher. This book is used now in many beginners' classes. It retails at -75¢ a copy, and a copy is required by each child.

I presume that there is a standard salary paid to the teachers of these outlying Indian schools? It is possible that transportation is allowed, from Prince George, or some given point which would vary with the geographical location of the School? This would not be necessary in my case, as my husband is in charge of the Hudson's Bay Company's store at McLeod's Lake, and I should be there, in any event, during the summer months.

I

I might add that I have spent two winters there, so that I already know the residents of the village - both parents and children. Should you see fit to appoint me to the position in question, the children would not have to overcome their natural shyness with an utter stranger, at the outset.

Although I know Capt. Barrie, Inspector of Indian Schools, I cannot refer you to him as regards school work. He has never had experience of me as a teacher. The fact, however, that Mr. Gower suggested to me that I take the position (frequently held by Capt. Barrie) of teacher of one of the rural classes, in the Demonstration School, attached to the Provincial Summer School in Victoria, should convey to you some impression of the standard of my teaching.

Should you see fit to appoint me teacher of this school, I shall conscientiously endeavour to do all in my power for the mental, and physical advancement of the children. To such work I should bring, not only technical experience, but a not inconsiderable knowledge of the Indian mind and character, gained during six years' association with them in Kitwanga, and at McLeod's Lake.

I shall be at the above address until navigation opens on the Crooked River, in May. Thenceforth, letters should be addressed to me at McLeod, Via. Prince George.

Yours very truly,

Signed:- Sheila Utterstrom.

Sir:

I have your letter of the 6th ultimo, regarding the establishment of a summer school for the benefit of the Indian children at Fort McLeod and enclosing the applications which you received for the position as teacher.

In reply I have to say the Department will approve of this school being conducted for a three month period during the coming summer, from, approximately, June 15th to September 15th, next.

Approval is also granted for the appointment of Mr. George N. Cormack, St. Joseph's Seminary, Edmonton, as teacher. He was nominated by the Roman Catholic Church authorities. The salary allowed him during the period the school is in operation will be at the rate of \$90 per teaching month.

A requisition has been forwarded to the Government Stationery Office to forward, addressed to you, the supply of classroom material considered necessary. You should arrange to have this forwarded to Fort McLeod, in due time.

With reference to the request that the Department make an advance of \$25 towards the cost of supplies while the teacher makes the journey in to the school and a like amount on his return, I have to say that the amount provided for salary is all we can allow. Present regulations do not permit making advances or payment of any part of the cost of transportation of teachers to and from a school.

Please advise the church authorities and Mr. Cormack of his appointment and arrange that he arrive at Fort McLeod in time to commence duties on the date above mentioned. The teacher should prepare and forward a return, showing attendance, days taught, etc., at the end of each month, when cheque in payment of salary due will be sent. It is hoped this school will meet with success.

The Honourable the Superintendent General,-

Funds are provided in the Appropriation for Indian Education for the current fiscal year to fit up a building for summer day school purposes at Fort McLeod (McLeod Lake Reserve, No. 5 - Federal District of Cariboo), B. C.

Mr. R. H. Moore, Indian Agent, is arranging to have the building ready for classroom purposes, and the school will be conducted for a three months period this coming summer - June 15th to September 15th, next.

*Approved
W. G. M.*
There are 28 Indian children on this reserve, who have never attended any school, and they are all Roman Catholic. The Roman Catholic Church authorities have nominated the services of Mr. George N. Cormack, St. Joseph's Seminary, Edmonton, Alberta. Mr. Cormack has first class general standing in both Junior and Senior Matriculation and is at present enrolled at the above named Seminary, taking Philosophy in conjunction with courses in Arts at the University of Alberta.

I should be pleased to have your approval for the conducting of classroom activities during the coming summer months and also for the appointment of Mr. Cormack as teacher. The salary provided is at the rate of \$90.00 per teaching month.

I would respectfully refer you to official letter dated February 20th. last, File No. 163-12-5, relative to the proposed summer school at Fort McLeod. Also your letter on the same subject in connection with Fort Grahame, File No. 163-13-5.

In the above connection I wish to attach hereto copies of three applications I have received for the position of teacher at these points. You will note that those two received from St. Joseph's Seminary were nominated by the Church authorities, and the other application is from Mrs. Usterstrom, wife of the Manager of the Hudson's Bay Company's post at Fort McLeod. I might say that the reason this application was received was on account of me discussing the question with her last Summer while at Fort McLeod, as I found out while there that she had been a School teacher before she was married. At that time I asked her if she would consider putting in an application for the position should one be available this year, and she said that she would consider the matter and let me know definitely this year, hence the application. That of course was prior to the time that it was thought that it might be advisable to allow the Church authorities to nominate the teachers.

You will please note that the salary expected by these applicants is not mentioned and I would therefore suggest that you allow them the same salary as the Department usually pays to a first year teacher under the same conditions. If it is decided to appoint the two male teachers, I feel that the Church authorities will make arrangements for their transportation up there, but would like to recommend that a grant of \$25-00 be made to each one to cover the cost of supplies while making the journey in, and a like amount for the same purpose on their returning to the line of Railway at Prince George. I mean by that, that the supplies would not be bought for them until they are ready to leave Prince George en route North.

Both these schools should be ready to open by June 15th. and the teachers will be on the ground four or five days before that. That would allow them to run until August 15th. to make up the three months. I trust this will be satisfactory to the Department.

It seems hard for me to get a list of just what articles of school equipment is required for each of these schools, and I feel as if it would be better to leave the matter in the hands of the Department entirely, with the request that you please send me here a shipment of supplies necessary for the Fort Grahame School with approximately 50 pupils, and for the School at Fort McLeod with approximately 30 or 35 pupils. These two shipments should be entirely separate and clearly marked. In making them up please understand that practically all the pupils in each place will be beginners and consequently will not require any advanced books etc. I would suggest that slates and pencils be sent if possible, as well as scribblers etc. Pens and ink will not be required for this year at least. If you could attend to this part of it for me at Ottawa, I would appreciate a list of what you do send.

Your obedient servant,

R.H. Moore,
Indian Agent.

Dear Sir :

I understand that during the coming summer, a school, which will be in session during June, July and August, will be opened, for the Indian children at McLeod's Lake. I hereby make application for the position of teacher of this school.

I am the holder of a First Class B.C. Teacher's Certificate; Strathcona Trust Diploma; and certificates from the Provincial Summer School, in English, Literature, Expression, and Choral Singing. I have six years' experience as a teacher in rural schools, in British Columbia. I am privileged to refer you to Mr. G.H. Gower, Dept. of Education, Victoria, who was the Inspector of Schools who visited the schools I taught, during the greater part of the time I was teaching. Mr. Gower is well known in educational circles for the high standard he sets his teachers, both as regards achievement and discipline. I have no hesitation in referring you to him for an estimate of my ability. He would know me only as "Miss Connellan".

I realize that this type of school would differ considerably from the ordinary public schools. No doubt the ordinary curriculum subjects would be taught, with particular stress upon oral language? The children at McLeod, as you doubtless know, speak English - but very badly. I would suggest particular stress upon cleanliness, and the common rules of health, as with all beginners, and children unaccustomed to school discipline, considerable time would have to be devoted to handwork.

To give effective instruction, in addition to ordinary school supplies, at least the following would be required: for hand work :- crayons; paints; coloured folding papers; outline pictures to colour; sewing cards; kindergarten scissors; paste - preferably individual jars; and, of course, an adequate supply of drawing paper - which, one pre-supposes, would be included in "ordinary school supplies". For instance along the line of cleanliness and health - which instruction would, of necessity, take the form, to a considerable extent, of example plus daily practice, - I consider the following to be highly advisable - (and, for effective instruction, imperative) :- a minimum of four wash basins; paper towels; an abundance of soap; individual paper drinking cups; a goodly supply of kleenex (paper handkerchiefs) for daily "handkerchief drill"; a tooth brush for each pupil, together with several shakers of common salt. While not urgently required, a supply of some antiseptic mouth wash would be used to great advantage, in the inculcation of good habits. In addition to these requisites, I would suggest that gold and coloured "stars" and "dots" be supplied. These items are invaluable in any school room where the mentality of a small child prevails. With these children, particularly, every means of encouragement should be employed. Of particular value, also, would be coloured chalks, counting blocks, and sticks, of varied lengths. There is, in addition, a particularly valuable book published, entitled, I think, "Reading Lessons for Beginners", by Miss J.E.R. Fisher. This book is used now in many beginners' classes. It retails at -75¢ a copy, and a copy is required by each child.

I presume that there is a standard salary paid to the teachers of these outlying Indian schools? It is possible that transportation is allowed, from Prince George, or some given point which would vary with the geographical location of the School? This would not be necessary in my case, as my husband is in charge of the Hudson's Bay Company's store at McLeod's Lake, and I should be there, in any event, during the summer months.

Two additional positions of Teacher,
Indian School, one at Fort Grahame
and one at Fort McLeod, exempt.

May 23rd,

The Department reports the need of the
above in view of -

1. The Department proposes to conduct a Roman Catholic Indian Summer Day School at Fort Grahame Stuart Lake Agency, B.C. from June 15th to September 15th, there being 47 Indian children of school age at this point who should be receiving education. Funds have been provided in the appropriation for Indian education. It is proposed to pay a salary to the Teacher of \$90.00 per month.
2. The Department proposes to conduct a Roman Catholic Indian Summer Day School at Fort McLeod (McLeod Lake Reserve No.5 Federal District of Cariboo) B.C., from June 15th to September 15th, to provide for the education of 28 Indian children at McLeod Lake Reserve. Funds have been provided in the appropriation and it is proposed to pay the Teacher at the rate of \$90.00 per month.

The classification provides for a salary of from \$300 to \$1320 for the academic year, the amount in each case to be determined by the Department and the Civil Service Commission.

It is to be noted that the total amount to be paid these Teachers is less than the amount provided for the academic year under classification, but in view of the short school season such departure from provisions of the Civil Service Act may be deemed permissible and equitable.

It is recommended that the Department's request for authority to employ be submitted to Treasury Board for favourable consideration up to the 30th September, 1935.

The Honourable the Treasury Board.

B.P.

The undersigned has the honour to report that the Department of Indian Affairs proposes to conduct a Roman Catholic Indian Summer Day School at Fort McLeod (McLeod Lake Reserve, No. 5 - Federal District of Cariboo), B.C., in the present fiscal year from June 15th to September 15th. There are twenty-eight Indian children on the McLeod Lake Reserve who should be receiving an education and who have never attended any school. Funds have been provided in the appropriation for Indian Education to conduct the above mentioned school and to pay the salary of a Teacher at the rate of \$90.00 per month. The undersigned, therefore, begs to request the authorization of a position of Teacher, Indian School.

OFFICE OF
INDIAN AGENT

Vanderhoof, B.C., October 11th. 1935.

Sir:-

I beg to attach hereto the attendance report of the Fort McLeod Summer School, along with a report from the teacher, which I trust you will find satisfactory.

You will please note that the school closed September 9th. and it took the teacher two days to get out to Prince George so that September the 11th. would be the end of the third month. Please arrange to mail the salary cheque to Mr. G.N. Cormack to his present address at: 11007 - 99th. Avenue,
Edmonton, Alberta.

That would be final payment as from August 11th. to September 11th. ultimo.

While on the subject of Schools I wish to say that the total expenditure for school buildings both at Fort McLeod and Fort Grahame this year amounted to approximately \$120-00 out of the amount of \$450-00 authorised by the Department. The new school at Fort McLeod was not completed last spring in time to hold school in, so that the church was used. However, now it is ready, except for the roof, windows and other material which will have to be shipped in and which will cost approximately \$185-00 landed at the head of the waterways so that the Indians can get it. I would suggest that we allow the Indians sufficient gasoline to take the material down the river and lakes by boats and which should cost about \$30-00 so that the \$185-00 for material plus \$30-00 for gasoline would be \$215-00 and if agreeable to the Department I propose to make this purchase now of the money that is available and have it ready to go in first thing next May. This will make the total expenditure of \$335-00 and the balance of \$115-00 could be returned to the Treasury. Please advise me in this connection at your convenience.

Port McLeod #1
McLeod's Lake Day School Report

The school was opened on June 21st after spending some time on making up forms from the lumber supplied. Due to the lack of a school-building at present, the classes were held in the Church Building except when the priest was staying at Rt. McLeod, during which time the building could be used for no other purposes than as a church. The days on which the school was open are indicated by the register, June 21st--Aug. 21st. Five Saturdays were taught on to make the requisite number of days, i.e. to and including Sept. 9th.

At the opening of the school there were about 30 in attendance although there are 19 only registered as of school age. Older boys to about 20 years of age came to school and seemed quite anxious to learn. Later in the summer, the attendance of these older boys declined since, in the fall there is hunting and berrying to be done and they were unable to attend regularly. But the spirit of the whole village seemed to be ambitious in the matter of learning. Many of the boys and girls are self-educated, of course to a very limited extent, but they indicate the general attitude towards education. Thus the school is greatly appreciated by the village as a whole.

Discipline was quite good and there was very little trouble of this sort with either the children or the parents.

School hours were about four hours a day. For the first year, at least, on a new untried project with children unused to anything of this sort, I did not feel that a longer day was necessary, and indeed a longer day for the children would do more harm than good, at least until they are more used to school.

Progress Report.

There was no definite grading of the pupils although there was a classification into groups according to their advancement. Three boys Robert Harrisson Yalie?, Harry Chingee, Andrew Solanas had been to

Lejac, the first two for 1 year and the latter for 3 years. These of course were much advanced but could not very well be graded much beyond grade one. In some respects, ^{they} especially the latter were much beyond the first grade but in other respects were far behind. Although able to read very well for the length of time they were at school, yet they understood little of what they read. Their vocabularies both in speaking and reading are very limited and are confined to words with which they have daily contact. Then they do not understand anything written in a grammatical style for they understand only what is presented to them in the type of English which they use in speaking to white people. Thus, although advanced in the phonics of reading, they are retarded in its understanding, and in their speaking, far below grade one. Likewise although they have been practiced, through necessity, in the art of composition and writing (of letters), their knowledge of grammatical structure is completely nil. In number work the first two advanced this year to subtraction and the latter has been working on multiplication tables. In pencilled art work they are very good for low grade pupils. ~~in pencil work.~~

Writing.

The rest of the pupils advanced to a varying degree of knowledge in forming individual letters in chalk but not using pencils yet until they are quite familiar with the formation of all the letters. Only one boy, Achille Chingee writes all the letters and some words, using pencil and paper. There are of course, older boys who are learning to to write also with pencil and paper.

Phonics.

All advanced to varying stages in the recognition of individual letters and sounds and simple words (based on the phonics table at the back of the Corona Primer)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

Number-work.

All know the formation of the numbers and are in varying stages of counting except Achille Chingee who had advanced quite far into addition.

Vocabulary.

All the children except the very young ones have a knowledge of the simple concrete and action words and further training in this line was very handicapped and almost impossible without further facilities.

Religion.

Due to their simplicity of language and difficulty in understanding the abstract, or any type of logical English sequence of language it is almost impossible to give these children any kind of religious instruction by one who does not know their language without it going completely over their heads. This problem is one which would require very careful thought and a very definite plan of action before even attempting anything in this line.

Art.

The older pupils who can manage pencils easily are very good considering their former complete lack of art training. Further facilities such as art manuals and elementary art courses should be supplied for this part of the course.

Recommendations for further school supplies.

1 Phonics charts and flash cards are almost essential for any progress in phonics. 2 Number-work flash cards. 3 Blunt pointed scissors for cut outs in the work-books. These ^{last} are necessary for fixing a vocabulary in the mind of the child.

4 Elementary Art manuals and courses for art training.

Sir:

I have your letter of the 11th instant, enclosing a report from Mr. G. N. Cormack, teacher of the Indian Day School conducted at Fort McLeod during the summer months. A cheque for the balance of salary due him to the period the school closed, on September 11th, last, will be sent to his present address in Edmonton.

It is noted that the building at this point was not completed in time to carry on the school work and that the church was used for the purpose. You may arrange for the purchase and delivery of the materials required to complete the school building. It is noted that the cost, together with supplying the Indians with gasoline to take the material down the river and lakes by boat, will amount to approximately \$30.00, and this, in addition to the cost of the material - approximately \$185.00 - will cover the balance of the expenditure to complete the building. You should forward itemized accounts, in triplicate, properly certified, covering the cost of the materials and for the gasoline.

It is hoped that the building will be completed and ready for next summer.

Dear Sir:-

Regarding the teachers of the Indian Summer Schools at McLeod, Fort Grahame and Tackla, I beg to forward to your office the following informations :-

1. -G.Cormack has applied to return to McLeod, his application has been accepted by the ecclesiastical authority of the diocese.

2.-Paul Edward Delcourt Parent, son of the Station Agent at New Hazelton has applied for the position of School Teacher at Tackla. Delcourt Parent is 25 years of age; he has completed his 4th. year High School in B.C. and has spent most of his time since his early youth in Northern B.C.- His application is strongly endorsed by the ecclesiastical authority of the diocese.

3.-Dick (Richard) MacDonald from Smithers, has applied for the position of School Teacher at Fort Grahame. Dick MacDonald is 24 years of age; he has gone thro the 9th. Grade; he is used to the life in the bush during the summer months; we have also endorsed his application.

The respective addresses of the last two applicants are:
Paul Edward Parent,
New Hazelton, B.C.

and:-Dick MacDonald,
Smithers, B.C.

Kindly see that your Department advise them as soon as possible that their application had been accepted so that they may take the proper disposition for the coming summer.

Sir:-

As in previous years I would respectfully request that you send me the salary cheques for the teachers at Fort McLeod, Fort Grahame and Takla Landing and I will have them sent in as soon as monthly reports reach me. The Fort Grahame and Fort McLeod Schools commenced about May the 15th. , I am not quite sure yet of the exact date, ~~that~~ ^{but} the teachers were on the ground before that date and it depended on whether or not the Indians got into camp with their children by the 15th. Takla Landing was a little later in starting on account of desks etc having to be made and the building got in readiness.

The teachers' names are as follows:-

George N. Cormack, Teacher, Fort McLeod, B.C.

John McKenzie, Teacher, Fort Grahame, B.C. and

P.J. Downey, Teacher, Takla Landing, B.C.

If you would send these cheques to me I will then forward them to their respective owners. Hoping that you can give this matter prompt attention.

Memorandum:

The Honourable the Treasury Board.

The undersigned begs to report that the Department of Indian Affairs proposes to conduct a Roman Catholic Indian Summer Day School at Fort Grahame, Stuart Lake Agency, B.C., from about June 1st to September 30th, for approximately forty-seven Indian children at this point; and also a Roman Catholic Indian Summer Day School at Fort McLeod (McLeod Lake Reserve, No.5, Electoral District of Cariboo), B.C., for the same period, for approximately twenty-eight Indian children. Similar educational facilities were provided last season for the children of the above mentioned districts, and funds are available in the appropriation for Indian Education to pay the two Teachers required, at the rate of \$90.00 per month.

The undersigned begs, further, to report that the Department of Indian Affairs proposes to conduct a Roman Catholic Indian Summer Day School for twenty-four children of school age of the Moberly Lake Reserve, Fort St. John (Electoral District of Cariboo), B.C., who have never attended school as educational facilities have hitherto not been provided. Funds have been provided in the appropriation for Indian Education to meet the cost of conducting the school and the salary of a Teacher at \$90.00 per month for a period of four months from June 1st to October 31st.

The undersigned has the honour, therefore, to request the authorization of three positions of Teacher, Indian School, for the above mentioned periods.

Ottawa, March 26, 1936.

Dear Sir:

Referring to the last paragraph of your letter of the 17th instant, in which you recommend the re-engagement of Mr. George N. Cormack for the position as teacher of the Indian Summer School at Fort McLeod during the coming summer, I would say that the Department will approve of his re-engagement. The salary allowed him during the period the school is in operation will be at the rate of \$90 per teaching month - this being the same rate as paid last year.

Please advise the church authorities and Mr. Cormack of his appointment. He should arrange to be at Fort McLeod in time to re-open the school on or about June first, next. It is understood that the school will be in operation during the coming summer for a period of approximately three months.

Mr. Cormack should prepare and forward a return, showing attendance, days taught, etc., at the end of each month, when cheque in payment of salary due will be sent. Please request him to state definitely the date the school reopened and the address to which the cheque should be sent.

OFFICE OF
INDIAN AGENT

Vanderhoof, B.C., March 17th. 1936.

Sir:-

I would respectfully direct your attention to my letter of March the 11th. inst. File No. N-3-S-583 relative to the Indian Day Schools at Fort McLeod and Fort Grahame Indian Reserves.

Regarding the second paragraph of my letter, I beg to enclose herewith an application to teach at Fort Grahame, from a Mr. P.J. Downey of Smithers, B.C., accompanied by recommendations from his Parish Priest, School Principal and Missionary of the Fort McLeod and Fort Grahame Indian Missions. It would appear as if this boy might be alright although he has not had any actual experience in teaching. After reviewing his letters of recommendation and qualification, I would esteem it a favour if you would please advise me if I may engage him as from May the 20th. next.

As mentioned in my last letter, Mr. Gormack who taught last year at Fort McLeod, is available again this year and I presume that I am safe in engaging him again this season? At all events I am not doing anything definitely until I hear from the Department.

Your obedient servant,

R.H. Moore,

Sir:-

I beg to submit herewith for your consideration and approval a copy of a letter received from his Honour, Bishop Coudert, O.M.I. in connection with teachers for Takla Lake, Fort McLeod and Fort Grahame summer schools.

In connection with Cormack who has applied again this year for Fort McLeod School I wish to advise that this is satisfactory. In reference to Mr. Parent who His Honour, the Bishop nominates for Takla Lake, I wish to advise that this is also satisfactory although Mr. Downey who has taught for us for the past two years did a particularly good job of teaching both years but according to the Bishop his actions out side of the school work, and especially in connection with the church, was not all that could be desired. So far as I am personally concerned no complaint was ever made regarding the conduct of Mr. Downey although Bishop Coudert told me verbally a few days ago that he had had complaints about him drinking last year at Takla.

EXTRACT
163-26-1

Regarding Richard MacDonald from Smithers I would respectfully point out that this boy has not advanced past the 9th. Grade and I would respectfully request information advising me regarding his application. Mr. McKenzie who taught at Fort Grahame last year is at present attending Normal School in Vancouver prior to getting his teachers' certificate but it will not be possible for him to reach Fort Grahame before the 12th. of June next. This date is about two weeks later than usual although in so far as Fort Grahame is concerned the Indians do not return to their camp very much sooner than the second week in June so that in reality the teacher coming in on or about the 15th. of May would really have two or three weeks when not much work could be accomplished. Mr. McKenzie has also applied to me for the school, explaining the situation and advising that by teaching on the Saturdays that he would still be able to get three month's teaching in before the Indians would want to leave for their hunting grounds again about the end of August.

EXTRACT
163-13-1

Please understand that Fort Grahame is approximately 350 miles by air from here and it means a great deal of inconvenience and extra expense to the Department in having a new teacher go into that outlying point each year because he neither knows the pupils nor the parents as well as being handicapped in opening the school himself without assistance on the ground. However, the principal drawback to McDonald's application, as I see it, is his own educational standing. Please advise fully regarding these various points.

Your obedient servant,

FPRT MACLEOD BAND

I visited the school and found good progress being made, the building was clean and so were the children. The same teacher is there again this year and he has the work well in hand and keeps good discipline. Some of the articles asked for in the requisition for school supplies were not sent by the department and of course I had no way of finding out until I got in there. I am sure it was merely an oversight on the part of some one, as no mention of the shortages had been made in any of the correspondence in connection therewith which would lead me to believe that the articles in question were disallowed. I have sent a separate letter in this connection.

Sir:

EX'D.

Please refer to my letter of March the 18th. ultimo, File No. N-3-546 with reference to nominations of teachers for summer schools by His Honour, Bishop Coudert, O.M.I., With particular reference to the third paragraph of my letter I wish to advise that I have since received another letter from His Honour which says in part. "Reference to my letter of March the 16th. regarding the teachers for Indian Summer schools at Fort Grahame, McLeod etc. I beg to suggest that the application of Walter F. Fitzgerald be taken into consideration for the School at Fort Grahame rather than Dick McDonald's application. Walter Fitzgerald, seems, indeed, better qualified for the position in every respect. "

Since my last letter to the Department I have been advised by Mr. John McKenzie that it will be impossible for him to teach this year at Fort Grahame, Normal entrance examinations will not be until towards the end of June, which means that McKenzie's name can be forgotten in so far as Fort Grahame is concerned. I might say that Mr. Fitzgerald has been a school teacher in white schools for five or six years and seems to be quite well qualified. He has got a first class teachers' certificate and at the present time is studying philosophy at St. Joseph's Seminary in Edmonton. I would, therefore, recommend that Mr. Fitzgerald's application be approved.

Progress Report - McLeod's Lake

Group 1

Three of this group are progressing satisfactorily in reading writing and arithmetic. One of these in particular is advancing very rapidly in all branches. Leon 'nYelle has at last shown signs of a glimmering of understanding. After an intensive campaign of a couple of months he is becoming a little more sure of himself in telling the difference between 1,2,&3, although less sure of 4 & 5. His writing of individual letters is good, and although he seems to be able to distinguish letters better than numbers, still he becomes confused very easily. I am convinced he has a good deal of intelligence but, although he seems not to be bothered with such things as inhibitions (a more cheerful happy-go-lucky sort never existed), it would seem to require a psychologist to bring out that intelligence.

The fifth member of the group is about seven years old, has just started school and was away for the most of the term, so that his progress has been negligible.

Group 2

The three boys in this group are very satisfactory. One of them in particular, very slow in getting started, has in the last two years become really interested and has made good progress. These three are in the Corona Primer, are doing various degrees of addition and subtraction and are all good in writing although not in sentence composition.

The two girls in the group have had, in one case three, and in the other two, weeks of school this term. In addition to this handicap the girls just do not pick up English as well as the boys. This and their natural shyness retards their progress, particularly in reading. But their arithmetic is on a level with that of the rest of the group.

Group 3

One of this group (on the basis of his former work) has been away for the whole term, but since he has been to Lejac for three years he is still ahead of the others although Harry Chingee is advanced now almost as far. One of this group, Charlie Isidore, is not up to the level of the rest - but of the others two are reading the 1st Reader and two have finished it. Three of them are doing simple problems (one of these is the one who never attended - but he is graded on the basis of last summer) and the other two addition and subtraction. Four of them are advancing very well in the art of making sentences and the other one rather badly in this line.

In general - Their musical education has been directed along the line of Church music which is of course their chief contact with that art. I have even been able in the last summer to teach six or seven to read music in at least one key.

Their cleanliness is problematical. During the summer they can be kept in a reasonable state. But after a long winter a certain carelessness may be detected. However I notice that as they grow older their lessons in cleanliness seem to stick better, so that in general as they grow older they become much more careful in this matter.

Practical religious knowledge is satisfactory especially since they have the added advantage of a permanent mission.

END.

Sir:-

I beg to attach hereto the monthly report from the McLeod Lake seasonal day school as submitted to me by the teacher, George N. Cormack. I wrote to Mr. Cormack regarding the date he closed the school and he explained as follows:-

"I received your letter of August 7 and I am herewith enclosing the report for August. The school at Fort McLeod was closed this year at approximately the same date as it has been for the past four years. Owing to the fact that many of the Indians leave the village in August to hunt, and that all of them are occupied picking berries for their winter supplies, it is difficult to keep the pupils in attendance during that month. Therefore Mr. Moore instructed us we might teach on Saturdays and substitute these for the last 12 days of the term. This is what was done this year so that the full number of days was made up. "

"The school was closed on Aug. 3. This was one day earlier and was because I had the opportunity, as noted in the report, of obtaining transportation to Prince George, the last opportunity at that time for, probably ten days. This was also in accord with Mr. Moore's past instructions which he gave us in view of the difficulty of getting boats or planes in that country at any specified time. "

Trusting that Mr. Cormack's report will be found satisfactory.

Your obedient servant,

Jas. H. F. Lacey.

GENERAL INSTRUCTIONS AS TO THE USE OF FORM N.D.T. 1

To be accorded married, householder, widow or widower status, or to be allowed any tax credit in respect of dependents, an employee must complete and file Form N.D.T.1 in duplicate with his employer.

Subsequent to receiving such forms from an employee, the employer is to forward one copy thereof to the Inspector of Income Tax for his district at the time of making his first remittance for National Defence Tax. The other copy of Form N.D.T.1 is to be retained on file by the employer where it is available at any time for inspection by officers of this Division.

In cases where Form N.D.T.1 is not completed and filed, the employee is to be regarded for tax purposes as a single person without dependents. Where an employee claiming married, householder, widow or widower status or a tax credit in respect of dependents, is engaged by more than one employer during the year it will be necessary for such employee to complete and file Form N.D.T.1 in duplicate with each employer.

Moreover, if during the year any change occurs in the status of an employee, the employee must complete and file with his employer a new Form N.D.T.1 in duplicate.

Form N.D.T.1 may be obtained from local banks, post offices or from the office of any District Inspector of Income Tax. Section 91 of the Income War Tax Act (National Defence Tax) as amended by Chap. 18 of the Statutes of Canada, 1941, is printed on the reverse of this Form.

Further information with respect to operation of this Form, and after 1st July, 1941, may be obtained from any District Inspector of Income Tax. (SEE REVERSE)

SECTION 91 OF THE INCOME WAR TAX ACT

(Being Section 26, 4 Geo. VI., Ch. 34, 1940 (Second Session) as Amended by Section 30, 5 Geo. VI., Chap. 18, 1941.)

NOTE—Section 91, as reproduced below has been declared by Act of Parliament to have come into force on the first day of July, 1941, and to be applicable to all payments on and after that date; provided, however, that the rate of National Defence Tax applicable to the total income of any taxpayer for the calendar year 1941 is to be 3½% wherever 5% is mentioned, and 5% wherever 7% is mentioned in subsection 1 of Section 91.

To Whom Applicable

"91. (1) In addition to any other tax imposed by this Act, there shall be levied and paid upon the income of every person described in paragraphs (a) to (e), both inclusive, of subsection one of section nine of this Act a tax to be known as the National Defence Tax at the rate:

Tax Rates

- (a) in the case of a married person whose spouse is resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, of five per centum if the income exceeds \$1,200 per year; and in the case of a husband and wife having each a separate income, of five per centum if the income of each is in excess of \$660 per year;
- (b) in the case of a single person, or a married person whose spouse is not resident in Canada, or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, of five per centum if the income exceeds \$660 per year and does not exceed \$1,200 per year; or of seven per centum if the income exceeds \$1,200 per year;
- (c) in the case of a widow or widower with a son or daughter resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada, and under twenty-one years of age who is wholly dependent upon such parent for support, or with a son or daughter similarly resident and twenty-one years of age or over likewise so dependent on account of mental or physical infirmity, of five per centum if the income exceeds \$1,200 per year;
- (d) in the case of an individual who maintains a self-contained domestic establishment and who actually supports therein a person wholly dependent upon him and connected with him by blood relationship, marriage or adoption, of five per centum if the income exceeds \$1,200 per year;
- (e) in the case of a minister or clergyman in charge of a diocese, congregation or parish, whose duties require him to maintain, at his own and sole expense, a self-contained domestic establishment, and who employs therein on full time a housekeeper or servant, of five per centum if the income exceeds \$1,200 per year;
- (f) in the case of income taxable as provided by subsections two and four of section eleven of this Act, of seven per centum;

Proviso

Provided that there shall be allowed a tax credit of four dollars for the year 1940, fourteen dollars for the year 1941 and twenty dollars for the year 1942 and each year thereafter for each of the following persons resident in Canada or any other part of the territory of the British Commonwealth of Nations or in a country contiguous to Canada and wholly dependent upon the taxpayer:

- (i) a child, grandchild, brother or sister of the taxpayer under twenty-one years of age, or if twenty-one years of age or over wholly dependent on account of mental or physical infirmity;
- (ii) a parent or grandparent of a taxpayer wholly dependent on account of mental or physical infirmity;
- (iii) a child maintained by the taxpayer in Canada under a co-operative scheme sponsored by the Governments of the United Kingdom and of Canada or any of the provinces of Canada for children brought from the United Kingdom under a Government plan,

except one such dependent on whose account the taxpayer is entitled to have the tax calculated as provided in paragraphs (c) or (d) of this subsection.

Tax Not to Reduce Basic Income

(2) If the tax exigible under the provisions of this section shall cause the income of a single person or a husband or wife to be reduced below the amount of \$660, or in the case of those persons referred to in paragraphs (a), (c), (d) and (e) of this section (except a husband or wife where each have an income in excess of \$660) below \$1,200, then to the extent that it would so reduce the income of the taxpayer such tax shall not be payable.

Extra Tax

(3) Taxes imposed by this section, which have not been deducted at the source, shall be increased by the following amounts, which shall be imposed and collected with the tax:

If the tax is \$25.00 but not more than \$100.00, by \$1.00.
If the tax is more than \$100.00, by three per centum of the tax payable.

Persons Not Liable

(4) Income of the following persons shall not be liable to tax under this section:—

- (a) incorporated companies;
- (b) persons and institutions mentioned in paragraphs (a) to (i), both inclusive, and in paragraphs (p) and (q) of section four of this Act;
- (c) municipalities or municipal or public bodies which in the opinion of the Minister perform a function of Government;
- (d) the service pay and allowances of:—
 - (i) warrant officers, non-commissioned officers and men of the Canadian Naval, Military and Air Forces while in the Canadian active service forces, and
 - (ii) commissioned officers of the said forces while on active service in Canada, or on active service in Canada whose duties are of such a character as are required normally to be performed afloat or in aircraft.

Deduction by Employer

Every employer at the time of payment of earnings to an employee shall deduct and collect the tax imposed on the employee under this section out of the earnings of the employee paid on or after the first day of January, one thousand nine hundred and forty-one, if the amount paid (including living expenses or the value of subsistence, if any, furnished to the employee, and the value of the employee's services, if any, furnished by the employer), daily, weekly, monthly or for such longer period as may be determined by the Minister, would cause the earnings of the employee to be in excess of the relevant amount mentioned in subsection one of this section.

Remittance by Employer

(6) Every employer shall, on or before the fifteenth day of the month next following that in which the earnings were due, pay to the Receiver General of Canada the full amount of the taxes so deducted, the first remittance to be made on the sixteenth day of September, 1940.

Deduction From Interest and Dividends

(7) Any person paying interest on bonds, debentures or other like obligations or dividends in respect of shares of stock, irrespective of the amount, to persons registered as the holders of bonds, debentures or like obligations or shares shall deduct and collect an amount of five per centum from each and every such payment made to residents of Canada on or after the first day of July, one thousand nine hundred and forty-one.

Remittance by Corporation

(8) Each incorporated company referred to in subsection seven hereof shall remit the amounts collected to the Receiver General of Canada, on or before the fifteenth day of the month immediately following the date of payment of the interest or dividends, the first remittance to be made on the sixteenth day of September, 1940.

Returns

(9) Every person required to make deductions under this section shall make a return at such time and in such form as the Minister may prescribe showing all deductions made.

Persons Deemed Trustees

(10) Every person deducting any amount under this Act shall be deemed to hold the same in trust for the Receiver General of Canada.

Legal Immunity

(11) No one shall have any right of action against an employer or incorporated company in respect of any moneys deducted as a tax and paid over to the Receiver General of Canada in compliance with or intended compliance with this section.

Forms and Returns Required

(12) Every employee who comes within one of the classes described in paragraphs (a), (c) and (d) of subsection one of this section shall be required to complete such form as the Minister may prescribe as to personal status and dependents and shall file the form with his employer;

Provided that a like form shall be so filed in each case where the facts as given in the form last filed are changed by altered status or by a change in the number of dependents.

Tax Not Fully Paid by Deduction

(13) Every person liable to taxation under this section whose tax hereunder has not been fully paid by deduction at the source, shall, on or before the thirty-first day of March in each year, without any notice or demand, deliver to the Minister a return, in such form as the Minister may prescribe, of his total income during the last preceding year and shall pay any tax due at such times and in such manner as in this Act provided.

Offences and Penalties

(14) Every person failing to deduct or remit or to deduct and remit the tax due pursuant to the provisions of this section at the time prescribed therefor shall be liable to a penalty equal to the amount of tax which should have been deducted and remitted, but the penalty shall not exceed five hundred dollars.

Failure to File Form

(15) Every employee failing to file the prescribed form with his employer pursuant to the provisions of subsection twelve hereof shall have the tax deducted at the source at the rates applicable to an unmarried person, and without regard to the tax credits to which he would otherwise have been entitled in respect of persons dependent upon him for support.

"Employee"

(16) "Employee" shall for the purposes of this section include any person who receives as income any salary, wage, remuneration, compensation, hire, emolument, stipend, perquisite, or any similar payment or any indemnity, pension or director's fee, howsoever paid for any services, functions or duties rendered or performed in Canada.

"Employer"

(17) "Employer" shall for the purposes of this section include any person who makes any payment of the descriptions referred to in subsection sixteen of this section.

Records to be Kept

(18) Every person required to deduct the tax hereby imposed from any payment made by him, shall keep an accurate record of all persons to whom any such payments are made, showing their names, residential addresses, the dates and the amounts of such payments and such other information as the Minister may require.

Refunds

(19) The Minister may make a refund to the taxpayer of any amount collected under this section which was not exigible or which the Minister is reasonably satisfied was not exigible under this section, provided the taxpayer applies in writing for such refund within twelve months from the close of the calendar year in which the amount was collected.

Deductions

(20) Income (except salary or other fixed payments referred to in subsection sixteen hereof) shall for the purposes of this section be subject to the deductions provided by paragraphs (a), (b), (f), (k), (l) and (o) of subsection one of section five and to the provisions of section six of this Act.

Exemptions

(21) Save as provided in subsection twenty of this section, income shall be taxed under this section without exemptions, deductions, allowances or credits, and without deductions of contributions by civil servants referred to in section thirteen of the *Civil Service Superannuation Act*, chapter twenty-four of the Revised Statutes of Canada, 1927.

Time for Making Deductions, Etc., May Be Varied

(22) The time for making deductions and remittances as provided in this section may be varied by regulations made hereunder."

I beg to quote hereunder in part a letter received from Mr. Jack McKenzie who taught for the period May 27th. to June 20th., 1942 at the McLeod Lake Indian Seasonal School which is self explanatory:-

" I am in receipt of the Indian Department's cheque for seventy-eight dollars and fifty-seven cents."

" I thought I would receive my salary of ninety dollars and a cost of living bonus, less the usual deductions."

" Please let me know whether or not I am entitled to the cost of living bonus."

Kindly advise for Mr. McKenzie's information how his salary was made up and whether or not he is entitled to cost of living bonus.

Sir:-

With reference to your letter of the 10th. ultimo I beg to quote hereunder a letter received from Mr. John G. McKenzie with regard to his salary for the above mentioned period:-

"Dear Mr. Howe, I am in receipt of your letter of September 22nd. Apparently my salary was not compiled on a basic salary of ninety dollars per teaching month as was our agreement. If you will check on the salaries paid to some of the teachers in former years, you will note that they taught under the same agreement."

"As you probably know, by teaching on Saturdays and one holiday (The King's Birthday) I taught the required number of teaching days for the period May 27th. to June 26th. by June 20th. Therefore I think my salary should be ninety dollars plus bonus less N.D.Tax."

"If you are in agreement with me, please communicate with the Department and endeavour to get them to forward the balance of my salary."

"Very Sincerely Yours,

J.G.McKenzie."

It has been customary for Seasonal Day School teachers in this Agency to teach on Saturdays and Statutory Holidays, therefore it is considered a salary adjustment is in order.

His Lordship highly recommends Father Dougherty for the

In former years students from various Universities were
available but it is no longer possible to obtain teachers from

Dear Sir,

I would like to submit my
application for the position as teacher
at the Seasonal School at Fort M.Leod.

I am a student in third year
Philosophy at St. Joseph's Seminary. I
am twenty-six years of age and
am in good health.

Although I have had no experience
in teaching, I feel quite confident
that I will be able to give
satisfactory results.

Hoping my application will

On November 18 the Most Reverend A. Jordan, O.M.I., D.D., visited this office and brought to our attention the possibility that the above day school might be run on a full time basis. Our files show that a small school was erected at this site in the summer of 1934, at the time when Mr. Moore was Indian Agent at Vanderhoof.

It is understood that the Provincial Authorities intend to construct a road which will open up the country around Fort McLeod. It would be appreciated if at some time during the winter Mr. Howe could let us have his comments upon this suggestion.

On November 18, 1946, The Most Reverend A. Jordan, O.M.I., D.D., Bishop of Prince Rupert, visited the office and brought the following matters to our attention:-

1. That there is a need for an Indian Day School on a permanent basis at Fort McLeod.
2. That if the British Columbia Government puts a road through to the Peace River, there will eventually be need of an Indian Residential School at Fort St. John.
3. That next to the need for a school at Fort McLeod, there is a school required on a permanent basis at Fort St. James.
4. That the school at Rocher Deboule (at present closed) is in bad condition and in urgent need of repair.

I am in receipt of the following letter from
Mr. Frank Prosser, Edmonton, Alta., who taught at the
Takla Landing Indian Seasonal School last year:

"I received word today from Father Royer
that there is a vacancy at Fort McLeod for
a teacher and would like to apply for that
position. I wouldn't mind returning to
Takla this year, but feel that, as my health
has been none too good this year, Fort
McLeod will be the better place for me.

"Hoping to hear from you in the near
future, I remain."

The Reverend A. Royer advises that it is
impossible for him to teach at McLeod this year.
Therefore, I would recommend that Mr. Prosser be
appointed for the McLeod Lake Seasonal School for the
season, 1946, and I will endeavour to obtain another

The Department is in receipt of a letter from Indian Agent Howe, suggesting that the salary of \$90.00 a month for the seasonal schools at Fort McLeod and Takla is too low. He points out that the teachers are usually secured in Edmonton and transportation from Edmonton to the points mentioned is approximately \$75.00. He suggests that we pay the travelling expenses.

Owing to present regulations, it is impossible for the Department to consider payment of travelling expenses of teachers. However, before replying to Indian Agent Howe, I would like to hear from you regarding what amount you consider would be reasonable for these teachers. I was thinking possibly a salary of \$100.00 or \$110.00 a month, plus bonus, would provide most of the funds, at least, that a teacher would require for the payment of travelling expenses. An early reply would be appreciated.

Is the Mission School at McLeod's Lake large enough to accommodate ten or twelve children from here for the summer? Could it be arranged to send them to school in the summer? The families are all related at Ware and there is a lot of dissatisfied young men and women. If a few of the older girls were sent with the younger ones, it is possible they would marry into that band. Hoping I have not asked for the impossible.

With reference to the appointment of teachers for the Fort McLeod and Takla Seasonal Schools for the 1945 school season. It is extremely difficult to secure teachers at the salary rate of \$90.00 per month.

In the past, some teachers have been obtained from Edmonton. Transportation costs from this point to Takla and Fort McLeod are in the neighborhood of \$75.00 return. By the time the teachers pay board and lodging which is extremely higher in these remote areas there is very little of their salary left.

I would recommend that transportation costs to and from the schools be paid by the Department. May I be advised if this meets with approval so that I may be in a position to quote the exact salary to prospective candidates.

I do not understand the statement in Indian Agent Howe's letter that the teacher has not received any increase. We have no record on our file of an increase having been requested for him. On June 8, 1944, Indian Agent Howe wrote to us stating that Father Doherty's services were again available for the summer of 1944, but made no mention of any increase in salary. In a letter of June 15, a copy of which was sent to you, we advised that we would allow \$90 a teaching month and no exception was taken to this decision. When the returns are received from Father Doherty showing the period he operated the school during the summer of 1944 salary will be paid to him at the rate stated.

Fort McLeod (seasonal) Indian Day School.

We have your letter of the 11th instant, with reference to the appointment of a teacher for the Fort McLeod School. In your letter you refer to a previous communication of April 22. We did not receive this letter but on checking in the Records Branch this morning I found a letter dated April 2, with which you enclosed a letter from Mr. Bruinsma.. Unfortunately, this letter was incorrectly filed and was not sent to our office.

The Department approves the appointment of Mr. Ignatius Bruinsma at a salary of \$150.00 a teaching month for the period the Ford McLeod Seasonal School is open this summer. I enclose T.D.1 A form and one of our regular application forms, both of which he should complete and return as soon as he begins duties. Otherwise we will be unable to place his name on the pay-list.

This morning we received a telegram from Superintendent Robertson at Edmonton, requesting authority to issue Mr. Bruinsma a warrant for transportation and in reply we have sent Superintendent Robertson the following Army Signal:-

Re: Fort McLeod Indian Day School

I am enclosing copies of an exchange of correspondence with Mr. Indian Agent Howe following receipt of Mr. Neary's letter of November 30th, together with school Inspector Davey's memorandum of March 27th. The information provided indicates that it will be advisable to operate the school on a full time basis as from September 1st, providing we can secure the services of a suitable full time teacher.

It is thought that the present building will meet the requirements for the present and in any case it is considered that no new construction should be made at this point until the School Inspector is in a position to determine what priority should be given in the matter of school construction at various points in the Province.

The two letters from Mr. Howe dated January 21st and February 3rd are in response to a request from the Department for information concerning the advisability of running the Seasonal School at Fort McLeod on a full time basis.

Mr. Howe has suggested that a new school be built but I feel that since the present building was erected in 1934 there are more urgent requirements in other parts of the Province and that these should be met before a new school is built there. However, as you are aware I have not seen the present building and it may be in a much poorer condition than I anticipate.

The anticipated enrolment at this school indicates that the present building is large enough.

Re: your file No. 215-13-5924.

I wish to refer to your letter dated December 3rd, 1946, with respect to the suggestion of the Most Reverend A. Jordon, O.M.I., D.D., that the Seasonal School at Fort McLeod, B.C., might be operated on a full time basis in future.

Owing to the fact that this Band primarily derive their living from trapping and their more or less Nomadic habits, I was skeptical about a full time School at this Reserve. However, the parents have been consulted, and they are all in favour of the proposal. Therefore, I would recommend that the suggestion of the Right Reverend Bishop Jordon be carried out.

I would suggest that the 3 months Seasonal School term commencing about May 15th operate as usual, and if we are able to locate a full time teacher, the new full term could open Sept. 1st. In event that the Department approves, may I be advised at the earliest convenience so that we have ample time to locate a teacher, also, will the Department advise as to salary and allowances for a full time teacher.

The present School building is inadequate and unsuitable for a permanent full time purpose. I would suggest that consideration be given to building a new School during the next fiscal year. An item of \$2,200.00 was included in the 1947-48 estimates for this purpose. There are some good axemen amongst this Band capable of constructing a suitable log building. It will not be necessary to provide teacher's quarters, as I am confident lodging can be obtained from the Hudson's Bay Co. Post.

Dear Sir:-

Hereby I return the circular letter found in your letter of March 29 - 49 (File 853-1(E)).

To-day I received from Mr. Howe a letter. He sent me also a copy of a writing from your Department. The letter reads as follows a.o.:
"Would you please ensure that this Teacher (Mr Brumina) gives ample warning of the closing date of this school (i.e. Ft McLeod Lake Day School). You will recall the long correspondence which occurred last year as a result of lack of notification to the Department. We do not want a recurrence and must insist on adequate notification of the date on which his salary should be stopped". So far the letter. Now my explanation is: Mr. Howe Superintendent of Stuart Lake Agency. Told me last year that he would inform your Department. Moreover I filled out on the monthly returns when the school was closed viz on Aug 7/48. - Besides that which I regret very much, I did not receive any school supplies which I ordered last year. But I must add that Mr. Howe told me to buy here what I need. - So it's not my fault and if you think it is I wish to apologize for the negligence of my part.

Further I would kindly ask you whether you could allow me a bonus. My way up and down amounts to \$50.00 and everything is extremely dear here in the bush. Moreover I am a student and an immigrant. I know neither of us, your department and I are charitable institutions, so that I think it reasonable that not everything comes from one side.

Thanking you in anticipation and hoping to receive a favorable answer

CHIEF TREASURY OFFICER

Fort McLeod Indian Day School, No. 853

MR - IAB - 853 - 3000

The Department has again appointed Mr. Ignatius Bruinsma as teacher at this school effective June 18, 1949. His salary should be at the rate of \$155.00 a teaching month up to the end of August. As Mr. Bruinsma is a university student working for the summer holidays, T.D. 1 forms are not necessary. His cheque should be sent to the Fort McLeod Indian Day School, Fort McLeod, B. C.

Your file No. 859-1 (E)

I have an application from Mr. I. Bruinsma, Edmonton, Alta., for the position of Teacher at the above mentioned School for the three months term, commencing about June 12th, 1949.

This is a month later than usual, but Mr. Bruinsma is unable to take over before this date. In view of the fact we have no other applicants, I would recommend that the Department engage Mr. Bruinsma.

Mr. Bruinsma taught at McLeod last year and his services were quite satisfactory.

Re: Fort McLeod Seasonal School #853.

In my memorandum of June 2nd I advised you regarding the appointment of Mr. Ignatius Bruinsma.

We have just been advised by Indian Superintendent Howe that the above mentioned teacher taught the school for the period May 27th to August 7th, 1948, both dates inclusive.

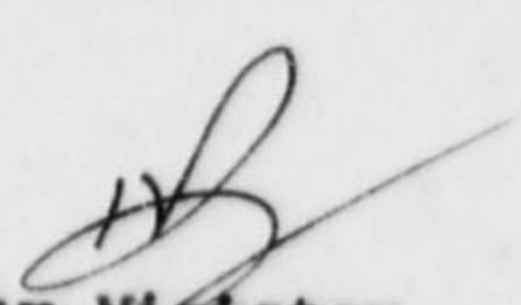

The following letter has been received from the teacher:

"This morning I received a cheque of \$150. dated 30 Sept. from the Chief Treasury Officer, Indian Affairs, Ottawa. As I got only once before a cheque of \$24.19 dated 11 June from the same office. I expected two more - I do not quite well understand why I get this one and I am not sure whether I have the right to cash it as I did not teach after the 7th of August.

"Kindly inform me what I have to do in this case. Thanking you in anticipation."

Please let me hear from you as soon as possible regarding the above.

Re: Fort McLeod Seasonal School

I wish to advise that the above mentioned school closed August 11th last. It has been necessary for the Indians of this Band to migrate to points south to obtain work this summer and the attendance at this school has been very poor indeed. Only seven pupils were in attendance during the last teaching month.

In view of the poor attendance it was considered advisable to close the school rather than continue for the full three months term.

Dear Sir:

Enclosed please find the Indian
School Survey. I filled it out as carefully as
I could. As there are no records here re. building
school I've asked here and there and I found
out that the closest is '35 or '36.

I take a great interest in
teaching. Last year was the first time of my life
that I met an Indian. I've done my utmost
to make it as interesting and useful as I could.
Seeing that a seasonal school is open only
for 3 teaching months one cannot expect too
much, but as far as I am concerned I am
pretty pleased and satisfied. As foreigner
and immigrant I appreciate the kind
cooperation of your department.

The school is closed now
for good and I am glad that some pupils
will attend the Residential School at Regina
for a better training.

Dear Sir:

I have for answer your letter of October 15th.

We have checked with our Treasury Branch and have found all payments have been made to you. You were hired at the rate of \$155. a teaching month which was \$5. a month more than was paid last year.

In 1948 you were clearly notified that the Department does not pay the travelling expenses of teachers, by Mr. Indian Superintendent Robertson.

We find that the following payment cheques have been sent to you:

	<u>Gross Amount</u>	<u>Tax Deduction</u>	<u>Balance</u>
July 18, 27798	\$139.17	--	\$139.17
July 31, 27799	83.00	\$9.25	\$ 73.75
August 15, 23079	72.00	-	72.00
August 31, 41272	83.00	-	83.00

*not to be
sent to him*

Note: Cheque 41272 \$9.25 was taken off for Income Tax but cheque returned for adjustment and now Mr. Bruinsma has been overpaid \$2. which must be returned.

I hope that this clarifies the situation with regard to these cheques.

Mr. I. Bruinsma,

Mr. Richards stated that we should forward T.D.1 forms for seasonal teachers also. If we had forwarded this man's T.D.1 form (which is on our file) to Treasury, he would not have been deducted \$9.25 for Income Tax. However, this will be refunded when he submits an annual form.

Dear Mr. Bruinsma:

I have for answer your letter of October 15.

We have checked with our Treasury Branch and have found all payments have been made to you. You were hired at the rate of \$155.00 a teaching month which was \$5.00 a month more than was paid last year.

In 1948 you were clearly notified that the Department does not pay the travelling expenses of teachers, by Mr. Indian Superintendent Robertson.

In cheque No. 41272 \$9.25 was taken off for Income Tax deductions. In fact, you have been overpaid \$2.00 if this tax deduction is correct.

Please find attached T.D. 1 Income Tax forms which should be completed. We would have been able to clarify this situation with regard to Income Tax deduction had we received such forms previously.

 Oct 15/49

I the undersigned J. Brumina,
 9948 110th St. Edmonton Alta, was teacher at Ft McLeod
 Seasonal Indian School at Ft McLeod B.C. (Shush Lake
 Agency). - this summer. I opened the school on Friday
 17th of June and closed the same on Thursday Aug 11, advi-
 ced by Mr R. Howe, Superintendent at Vanderhoof B.C. So
 so as attendance was very poor in comparison with last
 year summer 1948.

As I had to go thru many difficulties
 and as I pleaded this summer already for pay of fare
 (which was affirmed, at least Mr Howe mentioned that it
 would be paid by the Department) and because I am
 immigrant and student I am very anxious for the
 last cheque. I did not receive any pay for the fare
 which is estimated to \$44- and neither did I receive
 the cheque for the last teaching month which was
 broken off on the advice of Mr Howe.

As my financial status is very low
 and expenses are high (books are tremendously dear)
 I am very anxious to receive the cheque on which
 I have right as far as I can see.

Mr. Richards says that Mr. Bruinsma is not entitled to cheque 41272 in the amount of \$83.00 and dated August 31 as he resigned effective August 15. This cheque was sent to him in error but was reclaimed from him.

In other words, he has received all the salary to which he is entitled:-

cheque 27798	-	\$139.17
cheque 27799	-	\$ 83.00
cheque 23079	-	\$ 72.00
Total		<u>\$294.17.</u>

In fact, according to Mr. Richards, he is overpaid \$2.00.

He taught from June 18 to August 15 at the rate of \$155.00 a month.

Dear Sir:-

I wish to acknowledge receipt of
your letter of d.d. Oct 21. 1949.

I can inform you that the main
point in doubt in my mind is with regard to the last cheque
of your list. I am sorry to say that I did not receive
41272 in the amount of \$83.00.

I received the following cheques:

July 18.	A9-J027798	Pross amount	\$139.17	Tax deduction	—	Balance	\$139.17
July 30	A9-J027799	"	\$83.-	"	\$9.25	"	\$73.75
Aug 15.	A2-B023079	"	\$72.-	"	—	"	\$72.-

So cheque 41272 of Aug 31. mention-
ed in your letter was not received.

To clear up a few things
I presume it has gone lost in the mail. It would not
be the first time that a letter destined for Mr McLeod
was lost. Last year I got air-letters from home (Holland)
and the first letter ever lost was one destined for Mr McLeod.

I am not the first and only one complaining about the St. John's mail. For that reason also I wanted my cheques mailed to Denise George Inc. during holidays. But this was not done for one or other reason.

It may be that this mail business solves also the question about the difficulties which sprang from the school-date-closing of last year '48. To tell you the truth, Mr. Meary, I do not see why I had to mail those monthly returns, in which was stated every exact date and school supplies etc. I am surprised and disappointed because: I had lots of trouble to get rid of the extra cheque \$15000 last year, for it took me 3 times to write about it and finally I was told that it was my fault. Further I did not receive any school supplies this last summer.

Another point is: You can Mr. Howe say that my wages would be paid. I am not looking for promises which are not kept. I call a spade a spade. If I do not get it, I'll do without it and I'll give up more. I gave up home and country and life is but a shock and I'll fight my way through. Well Mr. Meary, this is not meant for you, I know and realize that you cannot do everything what an odd fellow asks.

Re: Fort McLeod Seasonal School

I have your letter of October 19, 1949 enclosing a letter from Mr. I. Bruinsma, formerly teacher at the above mentioned school, having reference to his salary and transportation costs.

It was made very clear to Mr. Bruinsma by myself and apparently by Mr. Indian Superintendent Robertson that the Department would not pay travelling expenses of teachers, and I cannot understand why he indicates in his letter that I mentioned his transportation would be paid by the Department.

I would point out, however, that Mr. Bruinsma was retained for three teaching months and that due to extremely poor attendance caused by the necessity of the Indian families to migrate to Prince George to secure work, the school was closed at the end of the second month. If it is possible, I would recommend that Mr. Bruinsma be paid for the full three months, particularly in view of his heavy travelling costs.

With regard to the future operation of this seasonal school, 14 of the children were enrolled in the Lejac Residential School last September, and in view of the nomadic tendencies of these Indians and the poor attendance, I can see no good purpose in keeping it open and would recommend the school be closed permanently.

Please advise if this meets with the Department's approval, so that the building used for school purposes may be turned over to a member of the Band for living quarters.

I am returning Mr. Bruinsma's letter herewith.

Dear Bishop Jordan:

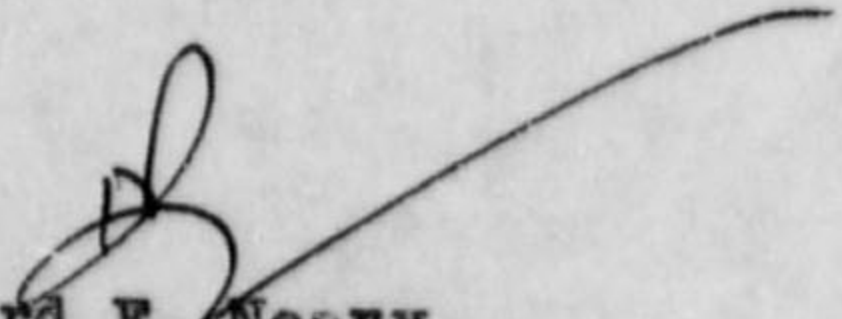

Re: Fort McLeod Seasonal School

You will recall our conversation of November 18th, 1946, in which you pointed out the need for an Indian school on a permanent basis at Fort McLeod.

Unfortunately, the Indians, this summer, attended the seasonal school very poorly. In fact, most of the Indian families migrated to Prince George and it was necessary to close the school at the end of the second month.

We have now received a recommendation that this school be closed permanently, and I would appreciate hearing from you concerning this recommendation.

Re: Fort McLeod Seasonal School

I have now received a report from Mr. Howe at Vancouver, concerning your claim in regard to the payment of travelling expenses. He confirms that he made it very clear to you that the Department could not pay the travelling expenses of teachers. He cannot understand why you have claimed that he told you that his transportation would be paid by the Department.

However, he has also recommended that payment be made to you to the end of August, and as indicated in my previous letter of October 31st, an adjusted cheque will be sent to you.

I believe that this will clarify the entire situation at this seasonal school, and believe that you have now been paid in full so far as our regulations permit.

Dear Mr. Neary:-

Thanks very much for your letter of the 2nd inst. I am awfully sorry that I cause so much trouble and I admire you and my own patience. Honestly it's very painful for me to write again and again.

First of all I do not worry about the Income tax, I hope to get that back some time next year. Neither have I any complaint about the cheques no 27798 (July 18) no 27499 (July 31) no 23079 (Aug 15), but I have about cheque no 41272. (\$83.00) Aug 31. which one got lost and was not substituted. If it was substituted by the last one of Nov 12. (\$73.00) then I wonder where the other \$10.00 are. If it not was substituted by no 95111 of Nov 12 \$73.00, then I wonder where the substituted cheque is.

I compute as follows:

1 st teaching month	June 18 - July 12	= \$155.00
"	July 12 - Aug 5	= \$155.00
3 rd	Aug 5 - Aug 29	= \$155.00
<u>3 teaching months</u>		<u>\$465.00</u>

Now I agree on 3 teaching months equivalent to \$465.00. Therefore I claim (with stress) for another cheque:

- 1) As I am entitled by law to the payment of my salary
- 2) Because \$73.00 is not the payment till Aug 29.

Please! Please! Please! send the resting money \$83.00
If I had known beforehand that there would arise so much
trouble I would not have accepted this teaching job.
I do not want that you have pity (with) me, but I do
not wish any body to have such a teaching job as I had
last summer, but I have done it with love and
done my duty as I had accepted it. But I assure you,
Mr. Meary it's no fun. And I can quite well see, though
not approve that an Indian Agent pays so little attention
to Indians. I regret that I did not stay in Edmonton
I could have made the money necessary for this study year
but now I am broke. But Providence will provide
I hope.

Now it has no sense to write more. I trust that
you will see that this is unbearable for me. I do
not ask for an unjust payment. I'll fight my
way through life. I am sure that you will reply
this my cry of distress in a favorable way.

I wish you a very happy and holy Christmas

Dear Mr. Bruinsma:

I have for answer your letter of November 18. The misunderstanding seems to be that my letters of October 31 and November 9 referred to exactly the same cheque and not to two separate cheques as you seem to have concluded.

The following cheques have been sent to you, and this concludes payment for your services as a teacher at Fort McLeod for the period June 18 to August 29, 1949:-

<u>Cheque Number</u>	<u>Date</u>	<u>Period</u>	<u>Gross Salary</u>	<u>Income Tax</u>	<u>Net Salary</u>
27798	18-7-49	June 18 to 30 plus July Interim	\$139.17	-	\$139.17
27799	18-7-49	Last half of July	83.00	9.25	73.75
23079	15-8-49	August Interim	72.00	-	72.00
95111	12-11-49	Adjusting salary to August 29	73.00	7.65	65.35.

The Income Tax payments will be returned in due course when you submit your Income Tax form to the local Income Tax Office if you are eligible for tax exemption.

This means that you have been paid a total of \$367.17 in return for your teaching services for the period June 18 to August 29, 1949. This was at the rate agreed upon,

First of all I wish to thank you for your letters of Oct 31 and Nov 9.

The letter of 31 Oct made me quite happy as you stated that an adjusted cheque would be sent to substitute the lost one no 41272. (Aug 31)

The second one of Nov 9. made me still happier as I learned from it that Mr. Howe recommended payment to be made to me to the end of August. and your own statement about the adjusted cheque. So I was quite pleased and I thought that is the end of this painful affair.

Now yesterday Thursday Nov 17 I received \$65.35, cheque no A2. E095111. I was surprised and disappointed that instead of \$155. - I only received \$65.35. I am in good hope that the next cheque substituting cheque no 41272 (\$83) - will arrive in the near future.

Dear Mr. Bruinsma:

We have for answer your letter of December 6 and trust that you will have received by now a cheque for \$10.00 (less \$1.60 for Income Tax) which was sent to you on December 21.

This last cheque for \$10.00 together with cheque 95111 for \$73.00 totals \$83.00, therefore, cheque 41272 dated August 31 in the amount of \$83.00 has been fully substituted.

We hope that the following outline will help to clarify the matter for you:-

<u>Cheque Number</u>	<u>Date</u>	<u>Period</u>	<u>Gross Salary</u>	<u>Income Tax</u>	<u>Net Salary</u>
27798	18-7-49	June 18 - June 30 inclusive -\$67.17 + July 1 - July 15 inclusive -\$72.00 (Total - \$139.17)	\$139.17	-	\$139.17

I have today forwarded cheque to Mr. Bruinsma to cover 30th and 31st August, in the amount of \$8.40 (\$10 gross less \$1.60 income tax = \$8.40).

I have filled in the statement to the best of my ability but as you will understand the \$72.00 does not represent 15 days' salary for the period 1st to 15th July and 1st to 15th August. That is interim pay and represents approximately one-half the monthly salary less one-half deductions. However I think he will be satisfied now that the pay for the last two days in August has been straightened out.

Dear Mr. Neary:

I am just back from a little holiday so that I could not answer yours of Dec 27/49. I also wish to acknowledge receipt of cheque Ag - 9011981. (\$10 - \$1.40 = \$8.60).

When I wrote to you on Dec 6. I thought it would be the last one concerning this painful business. but it's not true I have to write again.

I could ask you a lot more but I am fed up with the whole thing because I hate to bother people and still I write because I cannot see why I don't receive more.

To cut short:

June 18 - 30 = 13d. but 19 and 26 were Sundays: left 11 days
July 1 - 31 = 31d. but 3-10-17-24-31 were Sundays: left 26 days
Aug 1 - 31 = 31d. but 7-14-21-28 were Sundays: left 27 days.

Total teaching days: 64 days

X
no. 1 Teaching month consists of 21 days. (That's what Mr. Howe told me)
We have 64 days. $64 : 21 = 3 \frac{1}{3}$ months.. (+1 day over).
1 teaching month's salary is \$155.00

I received \$377.17. which is not the amount for 3 months.

So I kindly ask \$465.00 - \$377.17 = \$87.83. where are the remaining \$87.83.

Once more it's very painful for me to write and write again. If I had plenty of money I would say: why should I bother Mr. Keary and myself so long, though I have the right and am entitled to this salary.

It's altogether a great mysterious puzzle to me. The same for income tax. (I do not doubt that I get it back some time) but this is what I mean. ~~For~~ Some cheques income tax is deducted others not!

Anyway I hope that I get there too. I am of good will and honest and I repeat I hate to write and trouble you. It's painful!

Dear Mr. Bruinsma:

We have received your letter of January 7. A teaching month consists of twenty-one days only because you are expected to teach twenty-one days (more or less) of the thirty or thirty-one days in a calendar month.

This means that you are free from teaching duties or responsibilities for the Saturday and Sunday of each week.

Your salary, however, covers the period from the first day of each month up to the thirty-first day of each month and was at the rate previously specified, namely, \$155.00 a teaching month. In other words, your salary covers thirty-one days, but you are only required to teach for twenty-one days (more or less - depending on the number of Saturdays, Sundays and holidays in the month).

This misunderstanding has arisen with you because of the vocabulary in common use in all schools. If you had taken any Normal School training, the matter would be quite clear as we follow what is common practice in all provincial Departments of Education.

Fort McLeod Indian Seasonal School

Dear Mr. Bruinsma:

We have received your letter of January 20 and regret your misunderstanding of the proper method of computing the number of teaching days in a given calendar month.

We have on file your Monthly Day School Returns for the Fort McLeod Indian Seasonal School. The first one is dated July 12, 1949, and it states that school was in session for twenty-one days. The second one is dated August 5, 1949, and it indicates that school was in session for twenty-one days. No other forms have been received. Even when including the extra days from August 5 to 11, you can not claim to have taught for sixty-three days.

May we again point out that, regardless of the number of teaching days in a calendar month, your salary covers the period from the first day of each month up to the thirty-first day of the same calendar month. You have, therefore, been paid in full for the period June 18 to August 31, 1949, as follows:-

June 18 - June 30 inclusive	\$ 67.17 (13/30 x \$155.00)
July 1 - July 31 inclusive	\$ 155.00
August 1- August 31 inclusive	\$ 155.00

Total..... \$ 377.17.

Sincerely yours,

Bernard F. Neary,
Superintendent of Education.

Neary.

Thanks for your letter of January 17.
I regret I can say but I sincerely think that I am fooled
by this whole Indian business. I'll explain you what I mean.
I know very well that a teaching month consists of 21
days only because I am expected to teach 21 days of the 30
or 31 days in a calendar month. But Mr R. Howe
told me (in 1948) to teach on Saturdays and complete
a teaching month as soon as possible i.e. make 21 days,
and then start counting for a new month. This was the
practice of ^{nearly} all the teachers at Ft McLeod which appeared
and seemed from the register. The reason was because
the Indians are only for a short time at Ft McLeod
they stay only (as a rule) till round about Aug 15.
Therefore Mr Howe said: "In order to make 63 days
at least, teach as often as possible." Therefore we
did not keep any holidays and taught on Saturdays
as for myself, I can't see

by it does not work during the summer of 1949 as it did during the summer of 1948. If you read the monthly returns you will notice that in 1948 I practised the same. As Mr. Howe told me to act as described I trusted that this was in conformity with the rules and laws of your department. Now again I see I am fooled, but I do not wish to be the victim of somebody else's tricks and therefore I claim the rest of the salary. You know as well as I do that I was pretty late at 44 McLeod. But I informed Mr. Howe per wire that I could not come earlier but he agreed that it was all right and you yourself answered the same in your letter of March 29/1949. Otherwise if not worth while I wouldn't have gone. I know that you Mr. Neary cannot help that this all goes like hopelers, but I cannot help it either. You understand, I am sure, that this is not pleasant for me and I hope and trust that I will be retributed.

I wrote Mr. Howe long ago about the travel expenses, but (I think because he sees that he was wrong) he did not answer. I do not want to talk behind anyone's back and I wish neither to hurt a man but I fight for my rights. Not only England but everyman (may) expects every body ^{else} to do his duty and to be just. Well I must close now. Thanking you for all your kindness.

Sincerely yours

J. N. Bruinsma

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the McLeod's Lake Summer School for the Month Quarter ended June 16 1940.

Teacher George H. Cormack
P.O. Address 11007 - 99 Avenue
Edmonton, Alberta.

Dated June 15 1940.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

Robert Howe
Indian Agent.

Dated at Vanderhoof B.C.
this 22nd June 1940.

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.

All are making satisfactory progress with the exception of Leon n'Yelle whose intelligence I have previously commented on. Group 2 - Two girls who are old pupils but who are still hopelessly backward in reading although doing satisfactory work in Arithmetic one of them doing addition and subtraction of Grade 2 standard. They cannot however handle problems which require an understanding of a stated question in the text. The two boys, more recent comers, are rather slow on reading but one of them is making good progress in addition and subtraction and the other less so. Group 3 - One boy, David Chingee who started with the three boys previously mentioned but who is making excellent progress in reading and also in the understanding of his reading and satisfactory progress in Arithmetic. Also two other boys one of whom, William Solonas, is very intelligent but has been held up by many absences from school with his father. The other is now doing very well, although of a very slow disposition, since he finally seemed to take hold at the beginning of last summer. Group 4 - Albert n'Yelle, although at school only for a few days as yet, still shows an excellent comprehension and is far advanced both in reading and in Arithmetic in which he is doing multiplication and simple problems. Allen n'Yelle is as far advanced in the mechanics of reading but not as well in comprehension. His Arithmetic, addition and subtraction, is satisfactory but not brilliant. Walter Solonas is further behind in reading but since he has advanced to multiplication and is generally of a sharp perceptive nature, I have included him in Group 4. Cleanliness generally satisfactory and discipline much improved.

Report - May 17-June 16, 1940

REMARKS (continued)

As mentioned last summer the pupils show a tendency towards greater cleanliness, at least in the summer. However, judging from their appearance in the early spring as they arrive from the traplines, this would seem to be principally a summer failing. Nevertheless the bigger boys and the girls do seem to be permanently affected in the right direction although there are three families whose members it seems quite impossible to change. The smaller boys are not affected in the least - it is only as they grow older that they take kindly to washing. As long as they come to school or are under the teacher's eye they of course have to make an attempt at it. But left alone a few hours, it is remarkable what grime appears on faces and hands - perhaps only a common failing of small boys, who lack the advantage of watchful parents. Baths, however, do not enter into the life of any of them, young or old, until the water becomes warm enough for swimming.

Absentees - Mary Ann Todick - ill.

Sabina Todick - ill.

Marie n'Yelle - simple minded.

These cases of illness are chronic so that the girls are not included on the register at all.

REPORT - McLeod's Lake July 19 - August 18, 1941.

REMARKS (cont.)

Reading - is, I think, better this year than it has ever been. The boys in Group 3 and the girl (even though she still does not read as well as the boys) are showing much more intelligence in this line. This is reflected also in a better grasp of phonetic values (something which has generally been very very hazy heretofore) and in an ability to do simple arithmetic problems, and in a better attempt at sentence construction. Group 2 is also showing a greater enthusiasm and a better grasp of the subject, although not so far advanced as the other group.

As to texts, I mentioned last year my conviction as to the need for texts more adapted to their primitive life in order that they might gain the necessary facility in reading which they need to read more advanced material. I am still convinced of this, but nevertheless, the new Primer "Happy Days" is, in my opinion, a vast improvement over either of the former Corona Primers I or II, and I have experienced much less difficulty in getting them to understand this Primer.

Spelling and sentence construction are improving gradually with the older children (the spelling of these Indian is generally atrocious since they spell, naturally, by ear - and the sounds in their own language are very different from those of English, which latter language they speak as if it were Sekenais - and the sentence construction tends to be even worse, for the same reason).

Arithmetic, as usual, is quite satisfactory except in the case of one boy in Group 2 who is still floundering quite hopelessly. But the others, both Group 2 and 3 are very good. And this year 7 of them are doing simple problems very well. The Arithmetic involved in these problems is, of course, very simple, but I use them rather as an exercise in understanding and sentence construction - and I think it has been quite successful. Group 1 is just beginning, and next summer some of them will be doing simple Arithmetic - and the others will still be beginning.

All of the foregoing still excludes the perennial Group 1er Leon n'Yallie who is still as much a problem as ever. After 5 summers or so of schooling he is very little, if any, ahead of two of the children who started this summer - even his knowledge of English still is exceedingly sketchy. He needs, I suppose, a psychologist to teach him. His physical development, however, parallels his mental development - so I gather that there must be some constitutional defect.

Writing is never much of a problem since they love to write and scribble all over everything. They thus develop a remarkably good hand in comparison with white children who would be ^{far} ahead of them in other lines.

Cleanliness - in general has certainly greatly improved since the school was opened. Some of the younger children are still hard to convince - but on the other hand two of the new children (only 6 years old) have been remarkably clean right from the first day of school. It is noticeable that some of the families in the village look upon 'reasonable' cleanliness as a virtue. And then of course there are others. And with all the young children the case for cleanliness is not quite hopeless since they all love to swim - even the little girls.

This summer a school garden was attempted. And, considering the fact that everything was planted in almost pure dry sand, it has been remarkably successful. We planted flowers around the school building and a vegetable garden a few yards away. The planting was late since the school starts after the 15th of May but, for purposes of experience in gardening for the children, this made no difference at all. We also attempted a little beautifying with some rock-bordered paths down to the lake shore, and with ploughing the reclaimed wilderness that served as a playground for planting to grass. The results of this schooling in practical and not so practical gardening are still in the future - and time alone will tell if they have learned these lessons well enough to put them into practice. I think, though, that if this angle is followed up and emphasized sufficiently, the time and effort will not be wasted. At any rate this summer they have learned how to spade (and even plough), prepare the ground for planting, plant, weed, transplant, and keep the garden watered. With sufficient repetition and more practice - who knows - perhaps they might absorb some enthusiasm.

REMARKS (cont.)

McLeod's Lake - Month ending June 18, 1941

improvement along this line. In general however their knowledge of English has improved greatly since the school was opened. I have noticed too that the younger children of a family know a certain amount of English when they start to school, indicating that the children who do go to school speak more English in the home than was formerly the case. This was especially so in the case of Pat n'Yallie who quite surprised me by the amount of English that she knew when she arrived at school for the first time - and when she had recovered from her first shyness.

Cleanliness is still the problem it has always been, the older boys being quite used to the idea, the younger children requiring the threat of sanctions. In this connection though, a great deal depends upon 'which side of the tracks' they come from - so that I have noticed in the case of several families, even the youngsters of pre-school age are kept remarkably neat and tidy, while with other families it is completely the opposite.

REPORT - McLeod's Lake - July 17-August 17, 1940

REMARKS (cont.)

Reading is improving generally, especially when a little more emphasis is placed on phonics. The pupils in Groups 2 and 3 are all improving, except Walter Solonas who is lacking somewhat in ambition in this field, and those in Group 1 who have just started school will, I have no doubt, advance very quickly next summer.

Their comprehension of what they read is improving also since I have been insisting on this before they go on to read further. This has, perhaps, the effect of slowing them down but I think that they are now grasping the idea that reading is more than just saying the words. In this connection however, they are up against great obstacles because of the matter to be read. The experience of these people in northern B.C. is very limited - and what they have learned about white customs and life has come mostly from trappers, prospectors and traders. Thus when they must learn to read from books which, in content, style and thought, are meant for white children, they are handicapped tremendously. A beginning at overcoming this has been made with the Pre-Primer "Two Little Indians", but apparently there are no other books so designed especially for Indian children. It seems to me that if these northern Indians are ever to take the intelligent interest in affairs which is to be desired, then the children should be taught that reading is one of the main keys to this active interest. The danger, at present, is that they might very easily learn to read and write without in the least realizing that these arts are of any value beyond the perennial writing of letters. In reading such books as deal with things familiar to every white child but almost incomprehensible to the Indian, it is very hard to make them realize that the story is telling them something, and that there is anything on the page beyond a mere jungle of words. I believe that these children should learn to read intelligently from books designed in every way solely for them.

Arithmetic is in every stage, from two of the new pupils who are still learning counting and simple addition to those who are doing multiplication and division and simple problems. Here again problem work is hampered by a lack of understanding.

Writing is generally very good under the circumstances but anything in the way of composition or sentence structure is very primitive. Several of the boys, however, are improving along this line. Here too, readers constructed with the Indian children in mind would aid in giving them models to imitate so that they would have a better chance of escaping from their very primitive idiom in which they express themselves.

Religious knowledge has been fairly well absorbed and prayers learned well.

Cleanliness - as usual - not very permanent in the younger children, but apparently appreciated and adhered to by the girls and the older boys.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

Arthur H. Home
Indian Agent.

Dated at Vanderhoof, B.C.
this July 2 1941.

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.

1	Mable Frank.	6		1	H ^B McLeod.	1																		14 1/2	8 1/2	The school was closed for 5 days during the month on account of widespread sickness among the children but those days were made up at the end of the month and the 23 days required for the 3 ^d month were thus completed. There was no holiday. Two children were discharged on account of irregular attendance and those two were over school age being 16 y. old both of them. Five children of the first group are making good progress in writing and arithmetic. The other groups are progressing satisfactorily. The attendance of the children is somewhat neglected and this should be brought at the parent's attention by the Indian Department.

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return must be added and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.

The poor attendance of Felix was due to sickness but Paul, Sarah and Laurence could have attended if proper action was taken by the one who is in charge and has the duty to see to their attendance. The Indian Agent could take positive action was taken by the one who is in in this regard. By way of suggestion the Family Allowance of those parents who do not send their children to school could be suspended for a short period. Progress is quite satisfactory under present circumstances. Pupils are handicapt by the short term. Application has been made for regular day school. Better results will surely be forthcoming.

Mr. Robert Howe,
Vanderhoof, B. C.,

Dear Mr. Howe;

I regret to inform you that I shall be unable to finish my three months here as teacher. I received word from my superior in Montreal to begin my course the second of August in that city. I plan on leaving here the fourteenth of this month and have Mr. Boyer teach the remaining two and a half weeks. I hope that this will be satisfactory to you. Will you kindly have the Department send my cheque to my home address which is: Rev. J. L. Grosser,

Sutton West,
Ontario.

Thanking you in advance for any trouble which I may cause you and wishing you every success, I remain

yours sincerely,
Frank Grosser

1 Solonas Edward	15	X							1					1		B	47	15	Holidays: Corpus Christi June 5 th Kings Birthday June 9 th Dominion Day July 1 st Jack Isidore did not attend school. Was sick during the winter. The children showed a great interest in learning as a whole. The short period of three months does not give one an opportunity to bring out the good qualities which a favourable number have in them. as far as I am concerned, I feel that the parents are more of a drawback, as far as attendance, than the children themselves. They always seem to need their children when they are at school. But I am sure with patience this could be overcome. There should be some way to instruct the parents in the importance of schooling for their children. The Report Card is one way and I'm glad to see that there is a good one out.

1	Solonas Edward	16	X								X				X		B		45	18		Jack Isidore did not attend at all, and therefore I did not consider him as a "registered pupil." No reason to regret. Quite a few of the children made a remarkable progress in writing and reading. They liked it very much and I laid special stress on those two branches. Some of them are really artists in drawing and it would be fine that they got an opportunity to develop this ability. I enclose a drawing made by Paul Solonas. It's just their own idea as I have no examples they can copy from. — The parents make on the whole too many excuses to keep their ch. home. — I enjoyed school very much and I pity that these ch. go only for such a short time to school. There was laid also on: neatness, cleanliness and "etiquette".

163-12-1

Ottawa, May 4, 1935.

Sir:

I have your letter of the 6th ultime, regarding the establishment of a summer school for the benefit of the Indian children at Fort McLeod and enclosing the applications which you received for the position as teacher.

In reply I have to say the Department will approve of this school being conducted for a three month period during the coming summer, from, approximately, June 15th to September 15th, next.

Approval is also granted for the appointment of Mr. George N. Cormack, St. Joseph's Seminary, Edmonton, as teacher. He was nominated by the Roman Catholic Church authorities. The salary allowed him during the period the school is in operation will be at the rate of \$90 per teaching month.

A requisition has been forwarded to the Government Stationery Office to forward, addressed to you, the supply of classroom material considered necessary. You should arrange to have this forwarded to Fort McLeod, in due time.

With reference to the request that the Department make an advance of \$25 towards the cost of supplies while the teacher makes the journey in to the school and a like amount on his return, I have to say that the amount provided for salary is all we can allow. Present regulations do not permit making advances or payment of any part of the cost of transportation of teachers to and from a school.

Please advise the church authorities and Mr. Cormack of his appointment and arrange that he arrive at Fort McLeod in time to commence duties on the date above mentioned. The teacher should prepare and forward a return, showing attendance, days taught, etc., at the end of each month, when cheque in payment of salary due will be sent.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:

Referring to the last paragraph of your letter of the 17th instant, in which you recommend the re-engagement of Mr. George N. Cormack for the position as teacher of the Indian Summer School at Fort McLeod during the coming summer, I would say that the Department will approve of his re-engagement. The salary allowed him during the period the school is in operation will be at the rate of \$90 per teaching month - this being the same rate as paid last year.

Please advise the church authorities and Mr. Cormack of his appointment. He should arrange to be at Fort McLeod in time to re-open the school on or about June first, next. It is understood that the school will be in operation during the coming summer for a period of approximately three months.

Mr. Cormack should prepare and forward a return, showing attendance, days taught, etc., at the end of each month, when cheque in payment of salary due will be sent. Please request him to state definitely the date the school reopened and the address to which the cheque should be sent.

Yours truly,

Sir:-

In view of the fact that it is impossible to get the report from the schools at Fort McLeod and Fort Grahame regularly and every month, on account of their being no regular mail service either to or from these points, I would respectfully request that you forward the salary cheques to the teachers, direct and before the monthly reports reach you. I will see that these are sent on as soon as they are received by me. Mr. Cormack is teaching at Fort McLeod and Mr. Downey at Fort Grahame.

While teaching did not start until May the 15th. the teachers were on the ground from May the 14th. getting the supplies unpacked and the buildings ready, so that their time should really commence May 15th.

Please advise if you will send the cheques direct or if it will be necessary to have the reports first.

Your obedient servant,

Dear Sir:

With reference to your letter of the 8th instant, the Department will forward to you, at the end of this month, salary cheque of Mr. Cormack and Mr. Downey for the period May 15th to June 30th. Cheques will also be issued in favour of these men at the end of July and August. These cheques will be forwarded to you, in order that you may send them to the teachers.

A supply of quarterly return forms is enclosed, which you should also forward to the teachers, in order that they may prepare their returns on the proper forms. Last year they used improvised forms, which were difficult to check.

Dear Sir,-

With reference to your letter of the 5th instant, the Department approves the appointment of Mr. George N. Cormack as teacher of the Fort McLeod Seasonal School for the summer of 1937, also the appointment of Mr. John McKenzie as teacher of the Fort Grahame Seasonal School for the summer of 1937.

Salary at the rate of \$90 a teaching month will be allowed for each of the above two teachers.

I enclose staff questionnaire forms, which you should have them complete and return as soon as possible.

The appointment of Mr. Patrick Downey as teacher of the Takla Landing Seasonal School was approved by official letter of the 6th instant.

You should inform the Department definitely regarding the exact date on which each of the three teachers mentioned above begins duties. Returns showing the names of pupils in attendance, days taught, etc., should be forwarded at the end of each month and you should, also, state the addresses to which the teachers' cheques should be sent. It would be advisable, also, to have each teacher prepare a short report at the close of the summer season with reference to the work done during the time each school was in operation.

Dear Sir:

With reference to your letter of the 1st instant the Department approves the re-appointment of Mr. George N. Cormack as teacher of the Fort McLeod Seasonal School for the period this school is open during the summer of 1940.

He will be allowed salary at the rate of \$90.00 a teaching month and the school should be in operation for approximately 3 months.

As he was in charge of this school last year it will not be necessary to secure another staff questionnaire but you should advise me later regarding the exact date on which this school is opened.

Yours truly,

Philip Phelan,
Chief, Training Division.

E X T R A C T from letter of April 6th, 1935,
from R. H. Moore, Esq., Indian Agent, Vanderhoof,
B. C., re Fort Grahame and Fort McLeod Schools.

Original on File 163.-12-1.

It seems hard for me to get a list of just what articles of school equipment is required for each of these schools, and I feel as if it would be better to leave the matter in the hands of the Department entirely, with the request that you please send me here a shipment of supplies necessary for the Fort Grahame School with approximately 50 pupils, and for the School at Fort McLeod with approximately 30 or 35 pupils. These two shipments should be entirely separate and clearly marked. In making them up, please understand that practically all the pupils in each place will be beginners and consequently will not require any advanced books, etc. I would suggest that slates and pencils be sent if possible, as well as scribblers, etc. Pens and ink will not be required for this year at least. If you could attend to this part of it for me at Ottawa, I would appreciate a list of what you do send.

OFFICE OF
INDIAN AGENT

Vanderhoof, B.C., April 11th. 1936.

Sir:-

Schofield
For the attention of Mr. Phelan.

I am enclosing herewith a letter received from Mr. George Cormack, Indian School Teacher at Fort McLeod, wherein he asks for some supplies for the school at that point this year. I am of the opinion that everything else that is required is already on the ground.

I would suggest that you send a duplicate order of this list which I can send to Fort Grahame, they should be in separate boxes. I would like to have this as soon as possible. You might please advise regarding the janitor supplies which he mentions near the end of his letter. May I have the necessary authority to purchase these at Prince George for both schools?

Kindly return the letter when you are finished with it. The reason I didn't make a copy of it is because it is so chopped up and I thought it would be more understandable to you than to me.

Your obedient servant,

R.H. Moore

Dear Sir:

With reference to your letter of the 11th instant, the supplies required for the Fort Grahame and Fort McLeod Indian Day Schools are being ordered from the Government Stationery Office. We are giving directions to have these shipped by express at the earliest possible date addressed to you at Prince George, B.C. You might get in touch with the express agent at that point and have him notify you when the goods arrive, in order that you may accept delivery.

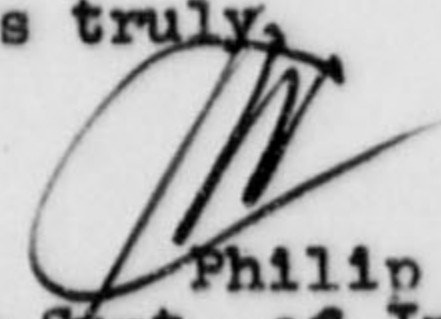

You will be forwarded from the Department two school registers - one for each school.

We have not supplied all the articles requested by Mr. Cormack, but I think the supplies that we are forwarding should be sufficient.

You may arrange for the purchase of whatever janitor supplies you consider are necessary. When forwarding accounts covering the cost of these, a separate account should be sent for each of the two schools.

As requested in your letter, I return Mr. Cormack's letter.

Yours truly,

Philip Phelan,

Sir:-

I beg to submit herewith requisitions for school material, one for Fort Grahame and one for Fort McLeod.

These supplies can all be procured locally except the school bells, arithmetics, blackboard brushes and scribblers. The rest of the list I can get here without any trouble if the Department authorises.

These supplies should be sent by express as soon as possible; one box marked for Fort Grahame and the other for Fort McLeod and sent in my care to Prince George. If you authorise me to purchase some of these supplies locally please advise just what items you are sending from Ottawa.

Kindly arrange to expitite these orders as I have just got about one month left until they will have to be sent in to the schools concerned.

Sir:-

82/ Under date of April the 5th. last I submitted a requisition for school supplies for the Fort McLeod Indian Summer School and on April the 19th. I received a letter from the Department File No. 163-12-4 authorising me to purchase certain articles locally which were included on that requisition. These were eventually got and shipped to McLeod Summer School but upon my arrival there recently on an inspection trip to the school I found that one bale of oakum, eight window locks and six pairs of hinges were missing. As it is imperative that these articles be sent in this summer so that the school can be properly sealed up at the end of the term, I would respectfully request that I be granted authority to purchase these articles locally and have them sent in.

Dear Mr. Howe:

Re Seasonal Schools.

We are endeavouring to send in supplies for seasonal schools well ahead of time so that the Indian Agents concerned will have them on hand before the teachers report for duty. I understand that supplies have already gone forward to you for the Fort McLeod and North Takla Seasonal Schools.

On your requisition of November 21st, you refer to the "McLeod Lake Seasonal School" at the top of the requisition and then at the bottom to the "North Takla Seasonal School". It is presumed that this is the school to which we refer as the "Fort McLeod Seasonal School" and is an entirely separate school from the Takla Landing Seasonal School.

Yours sincerely,

Bernard P. Neary,
Supt. of Indian Education.

Seasonal Schools.

I wish to refer to your letter dated March 9th, 1948, having reference to my requisition of November 21st for School material which was headed at the top - "McLeod Lake Seasonal School" and at the bottom "North Takla Seasonal School."

The requisition was actually for the Fort McLeod Seasonal School. However, we have recently received supplies for both Seasonal Schools above referred to, therefore, please cancel my requisition of November 21st last.

Howe,
Indian Agent.

Dear Sir:-

I have the honour to forward my report on an Educational Survey of the situation at Quatsino, Kwawkwalth Agency.

You will see from my report that I did not consider it necessary to go to Quatsino, as I had suggested to you I might do, it being very difficult to arrange for such a trip owing to the break down of the engine of the Department's launch, "Gikumi". It was easy to obtain all the necessary details from the Agency records, and I had the help of the Indian Agent, Mr. M.S.Todd. Mr Todd would have found it difficult to arrange to be with me had I decided to go to Quatsino, as he was engaged on other Departmental business.

A copy of my survey report is being sent to Mr. Indian Agent Todd, MARKED CONFIDENTIAL, as he was so closely identified with me in making this investigation.

Your obedient servant,

Gerald H. Barry

REPORT ON EDUCATIONAL SURVEY QUATSINO
KWAWKEWLTH AGENCY.

Investigation:

The facts brought out in this Survey Report were obtained while at Alert Bay on other Departmental business. No expense of any sort was incurred in carrying out this brief survey of conditions and needs at Quatsino. My investigation took the form of a conference with the Indian Agent, Mr. M.S. Todd, who was able to supply the required information from his records.

I did not consider that it was necessary to proceed to Quatsino, as this trip would have cost more in time and money than it could possibly be worth. Other factors also had to be taken into consideration, such as the break down in the engine of the Department's launch "Gikumi", and the fact that the Indian Agent was very busy. I came to the conclusion that it would be better to visit the school when this had been established.

This survey was undertaken with reference to the facts reported by Mr. Indian Agent Todd in his letter of October 30th 1934, the last paragraph in particular, and the second paragraph of your letter 3/38402 addressed to Mr. Todd on February 6th 1935.

General:-

The Anglican Church has lately erected a Church at the village of KOSKEMO, and it is proposed to establish an Indian Day School in this building.

I understand from Mr. Indian Agent Todd that the Department of Indian Affairs has sanctioned the establishment of such a school, and that an item has been inserted in the 1935-36 Estimates of the Department to cover the salary of a teacher here as well as the provision of the necessary school desks, blackboards, text books and other necessary requirements.

I am assured by Mr. Indian Agent Todd that this Quatsino area is an Anglican Mission and not as I had believed a United Church territory.

Children:

The list of Indian children for whom a school is desired is given on the next page of this survey. It will be seen from this list of thirteen boys and five girls, who would in the ordinary course of things attend a school if one were established at Koskemo, three boys and two girls are now attending the St. Michael's Indian Residential School, Alert Bay. It will be seen from my recommendation that only two of the five children now attending the Residential School be permitted to remain there after the Day School is established, these two being the sons of the two Chiefs. We would have if my recommendations are carried out at least sixteen children to start this new Day School and as I understand that the Indians are anxious for education, it may be that we could get an average attendance of nearly fifteen. This would seem to me to be sufficient in this case as the Anglican Church is available for school purposes.

The question of a teacher is taken up in a later paragraph of this report.

There are shown above thirteen boys and six girls, but of these there are at present three boys and two girls attending the St. Michael's Indian Residential School. I would recommend that MOSES JOHNNY and JOHN CHARLIE be permitted to continue their education at St. Michael's as they may be Chiefs later, but that the three other children at present at St. Michael's (Two girls and a boy) attend the Day School when this is established. This is also the wish of the Indian Agent.

Teacher: It is very necessary that a well qualified and experienced teacher be chosen to open this school should it be decided to establish one at Koskemo.

It would be possible for a teacher to live in Quatsino, just half a mile away from the location of the school. There would be no difficulty, I understand, in finding a suitable boarding place.

Mr. Indian Agent Todd and I agree that it would be much better to obtain the services of a married teacher if this were possible. I hope that it may be possible for the Department to authorize the purchase of the necessary lumber locally so that a small teacher's residence, quite a small one is all that is necessary, could be erected near the proposed school and on the Indian Reserve. The Indian Agent and I agree after a discussion on the matter that it would be far better to have such a married couple amongst the Indians, rather than living away from the Reserve, so that one could help in the case of the ordinary illness of any of the Indians and could dispense the simple drugs as a rule supplied to out of the way schools by the Department.

Such a small teacher's residence might be constructed by the Indians under supervision.

I should like to suggest that if this school is authorized, and the other recommendations of the Indian Agent and myself meet with the approval of the Department, the present teachers at the Lakalsap Indian Day School, Skeena River Agency, Mr. and Mrs. John Hayhurst be given the opportunity to transfer to the proposed Koskemo Indian Day School.

Mrs. Hayhurst has I understand proved a great success as a teacher at the Lakalsap Day School, I am to inspect this school in May, and Mr. J. Hayhurst has also been a success with the boys and young men of the village. They also have been able to dispense the ordinary simple drugs supplied to them.

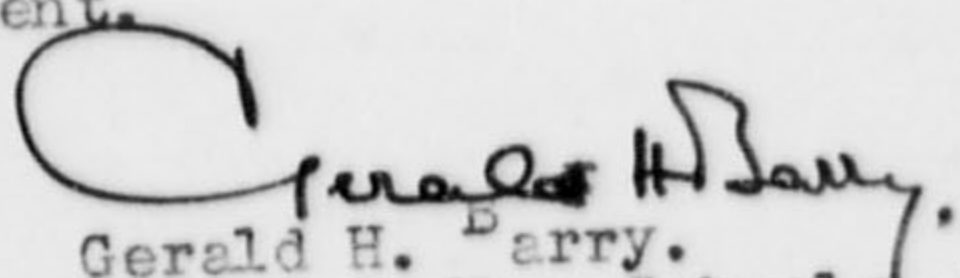

While Mr. and Mrs. Hayhurst do not wish to resign their positions at the Lakalsap School or to sever their connection with the educational work of the Department of Indian Affairs, they have asked me to consider them as applicants for a transfer to another Indian Day School working under Anglican auspices should such a school become vacant.

Mr. John Hayhurst being by profession a Contractor and Builder, would be well suited to supervise the construction of a small teacher's cottage, should this be decided on at Koskemo. Their only reason for wishing for a transfer is that the Nass River climate does not suit their little five year old daughter.

I should be very glad to see the above transfer made though the salary paid at the proposed Koskemo Indian Day School would of course be less than that now paid to the Hayhursts.

The whole of the above is submitted with respect for the information of the Department.

Sir,-

I beg to acknowledge the receipt of your 15/6/39353 of the 13th ultimo, enclosing a report from Inspector Barry with reference to the request he has received for the establishment of a day school at Quatsino.

No provision was made in our appropriation for the current fiscal year for the establishment of a day school at this point and, consequently, the Department is unable to consider the matter at the present time.

Sir:

I have your letter of the 27th ultimo, relative to the establishment of a day school at Quatsino. In this connection I have to say that the report of Mr. Inspector Barry, regarding the matter, was received. During a recent visit of the Assistant Indian Commissioner, this matter was discussed with him.

No provision was made in our Appropriation for the current fiscal year for the establishment of a school at this point, and I regret, therefore, that the Department will be unable to consider providing the classroom equipment and teacher's salary during the present fiscal year. A note of this requirement has been made for inclusion in our Estimates for the next fiscal year.

Sir,-

Inspector Barry has forwarded me copy of his report to the Department on the proposed school at Quatsino, and I am in accord with his views on this matter.

As the Department has been offered the use of the new Church building for school purposes, I would like to be advised whether it will be possible to establish a Day School at Quatsino after the summer holidays and provide the necessary equipment and supplies. The Indians are very anxious that they have a school on their reserve, and I feel certain the incentive of education for the children will go a long way towards raising the standard of living of this Band, which at the present time leaves much to be desired.

Ottawa, May 23, 1935.

Sir:

I have your letter of the 13th instant, in further reference to the establishment of a day school at Quatsino.

In reply I have to say that, in view of your report, the Department has given favourable consideration to providing the funds required to fit up a classroom and to pay the salary of a teacher. It is noted, from your letter, that a teacher's salary and classroom equipment would not cost more than \$1,100. It is noted, further, from the report on the survey made by Mr. Inspector Barry of the situation at Quatsino, that the Anglican Church, who lately erected a church building in the village of Koskemo, would allow this building to be used for classroom purposes. The Department is informed that there would be at least 16 children who could attend when the school is opened.

I have to request, therefore, that you will state what equipment is necessary to fit up the classroom in the church building, giving particulars regarding any desks required, the size of same and the number of each size, also dimensions - length and width - of any blackboard required.

The Department will provide salary for a teacher as from September first, next, the beginning of the new school year. I may add that, while no appropriation was specially provided to meet the expense in establishing the school and for teacher's salary, it has been found possible to arrange for the funds from our general appropriation for Indian Education.

At a later date, you might take up with the authorities of the Anglican Church, under whose auspices the school will be conducted, the matter of nominating a qualified teacher, and, in due time, you should forward the name, qualifications and experience of the teacher nominated. If a fully qualified teacher is obtained, we would be prepared to allow salary at the rate of \$90 per teaching month.

Your reply, giving full information as to the desks and other equipment required, will be appreciated, in order that the classroom will be ready by the date above mentioned. It is noted that the teacher could obtain living accommodation in the white village at Quatsino.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Sir,-

Your letter dated May 4th, No.156-36-1 in reference to the proposed Indian Day School being established at Quatsino has been received, and I am sorry to learn the Department feel nothing can be done this year. It might be as well for me to review the circumstances leading up to this request for a school.

On my first visit to Quatsino after taking over the Agency I discovered very little had been done for the Indians of this place. Their living conditions were deplorable and practically none of the children had ever been to school, with the result they were growing up uneducated and living in an unfortunate state. I undertook to help these particular Indians but felt before the Department could do much to assist them the first step would be the amalgamation of the bands in order that we could establish them in one village. This matter was discussed with them and explained thoroughly, after which the Indians responded to my wishes and the amalgamation took place, and was approved by the Department.

At that time I promised to undertake to get a Day School established at their village providing they would amalgamate as there were not sufficient children to warrant it otherwise. The amalgamation has taken place, and with a building now provided which could be used for that purpose, I feel an effort should be made if at all possible to open a school there this year. A teacher's salary and classroom equipment should not cost more than \$1100.00. If necessary we could get a local teacher who could live at the white village at Quatsino for this year. It is my plan to eventually have a teacherage erected there where we could employ a married man who would live right on the reserve; his presence I am sure would be the means of improving conditions in this village.

When the 1935 Estimates were being prepared the Department stated it was not necessary to include educational requirements for the year, but a Supplementary List showing school requirements was forwarded to Mr. C.C. Perry, Assistant Commissioner at Victoria, and I was under the impression he had forwarded the same to Ottawa, but evidently this was not done. I do not want the Indians to feel we are letting them down, and if the Department could reconsider their decision it would be appreciated very much.

His Excellency

The Governor General in Council:

The undersigned has the honour to recommend the establishment of an Indian Day School, under Section 9 (a) of the Indian Act, to provide educational facilities for the benefit of the Indian children at Quatsino, Kwawkwalth Agency, British Columbia. There are twenty children of school age on the reserve, for whom at present no school facilities are provided.

Funds have been included in the Main Estimates for Indian Education for the current fiscal year, 1935-36, to provide the cost in the establishment of a school at Quatsino.

Synopsis of Memorandum to Council of May 25th, 1935.

19

*JP
checked*

A number of small Bands of Indians were recently amalgamated at Quatsino, Kwawkwalth Agency, B. C. There are 20 Indian children of school age, the majority of whom have never attended school and for whom no educational facilities are provided. It is intended to fit up a classroom in the Anglican Church building and engage a teacher's services. The local Indian Agent, the Inspector of Indian Schools and the authorities of the Church of England in Canada, under whose auspices the school will be conducted, have strongly urged the establishment of day school facilities. Funds to provide for the fitting up of the classroom and for the payment of teacher's salary are available in our Estimates for the current fiscal year.

Sir,-

His Lordship Bishop Schofield has recommended Mr. Edward A. Hill-Tout of 1115 Collinson Street, Victoria, B.C. for the position of Indian Day School teacher in our new school at Quatsino which is to be opened on September 1st. While in Victoria recently Bishop Schofield discussed with Mr. Hill-Tout's application, and requested me to forward it to the Department for their approval. I am therefore enclosing herewith copy of this application for the Department's consideration, and would request you to advise me if it is approved.

I think I should inform the Department in my opinion it is necessary to appoint a man teacher to this position for the present, as it will be necessary for him to board at the white village of Quatsino, some half mile distant which will necessitate rowing back and forth from his boarding house to the school.

Personally I would prefer to have a married man and his wife living on the reserve, but as we have no teacher-age there at present this will be impossible for the time being.

The Indians have presented me with the enclosed picture of their new Church at Quatsino which we are going to use for a school and which was built entirely by Indian labour. As this is the only picture I have, would you be good enough to return it to me at your convenience.

Your obedient servant,

M. S. Todd

Mr. M.S. Todd,

Alert Bay, B.C.

Dear Sir,-

I beg to make application for the position of teacher of the Quatsino Indian School. I am a graduate of the Victoria Normal School, holding a first-class interim certificate, with the additional credit of the second year at the Victoria College. I have also registered for the summer School course, and I intend taking the Primary Grade Course and the Rural School Problems Course.

I have been Signalling Instructor in the Boy Scouts and I am now a member of the 11th. C.M.G.C. here at Victoria. During the last year and a half I have been doing tutoring of public and high school subjects, and have been teaching Sunday School to Grade 5 boys.

My interests in sports lie along the line of tennis, baseball, basketball and football. I am interested in music, both vocal and instrumental, and in amateur dramatics.

I have seen Captain Barry at his office here and he mentioned that it would be advantageous to have a teacher's residence on the reserve, and that the pupils might help in its construction. I feel capable to supervise the building of such a residence, as I have had training with my father, who is an interior decorator and painter, besides a technical course at the Victoria High School.

I will be twenty years old in September of this year, and stand about five feet six inches tall, and weigh 132 lbs.

I have had an interview with the Bishop of Columbia on this matter, and lacking his recommendation which I had hoped to get, he said that he would be quite willing for me to have the position.

If I am appointed to the position, I shall give you my very best services.

Yours respectfully,

(Sgd) "Edward A. Hill-Tout.

Additional position of a Teacher,
for the Indian Day School, Quatsino,
Kwawkwalth Agency, B.C.

June 26, 1935.

The Department reports that an additional position of Teacher, Indian School, is required for the Indian Day School, Quatsino, Kwawkwalth Agency, B.C., authority for the establishment of which school was granted by Order in Council. It is reported that there are twenty children of school age on this reserve for whom it is necessary to provide school facilities, and that funds are available in the vote for Indian Education to meet the expenditure and to pay the salary of a Teacher at the rate of \$90 per month, and that for the present the school will be continued only in the summer months.

It is recommended that this position be approved.

The undersigned has the honour to report that by an Order of His Excellency the Governor General in Council of June 1st, 1935, P.C. 1453, authority has been granted to the Department of Indian Affairs for the establishment of an Indian Day School at Quatsino, Kwawkwalth Agency, British Columbia. There are twenty children of school age on the reserve for whom at the present time no school facilities are provided, and the majority of the children have never attended school. Funds have been included in the Main Estimates for Indian Education for the current fiscal year 1935-36, to provide for the salary of a Teacher at the rate of \$90.00 per teaching month. It is the intention to fit up a classroom and to open the school on September 1st, next. The undersigned, therefore, begs to request the authorization of a position of Teacher, Indian School.

Acknowledging your letter dated October 20th, in reference to the establishment of an Indian Day School at Quatsino Sound, I beg to advise this matter has been contemplated by this office, but no action has been taken as yet.

I might state certain steps are being taken for the eventual amalgamation of all the bands on Quatsino Sound, with a central village at the location where the Church is now being erected by the Diocese of Columbia, and when this is done the Department will be approached with a view to establishing a Day School at this point, having already received the consent of the Church to use the Church as a school building.

Dear Sir,-

Your letter of December 3rd has been received and in reply I beg to advise all that has taken place so far in connection with a Day School at Quatsino Indian reservation is that arrangements have been made with the Church to hold school in the new church which is now being built. I might add I have included in my Estimates for 1935 a request for teacher's salary and necessary funds to operate the school during that year, but of course I cannot say whether the Department will agree to it or not.

The selection of a teacher is generally made by the Church, then approved by myself and forwarded to the Department for final approval. In this instance it will be the Anglican Church which will make the selection.

Replying your letter of August the 10th. I beg to advise in connection with the appointment of a School teacher at Quatsino, Mr. Nordstrom application was not found to have sufficient qualifications to warrant our School Inspector and the Church to recommend his appointment to this position.

In many ways we regret that a local person could not be employed and that it was found necessary to bring in an outsider to fill this position, for your information a Mr. Hill Tout has been recommended to the position by His Lordship Bishop Scofield and I am expecting to get word on any mail the Department approval of the appointment.

We expect the school to open after the present summer holidays are over providing we can get the necessary equipment installed by that time.

Dear Mr. Todd:

We have had correspondence re the appointment of a school teacher at Quatsino, and I have a strong impression that I had a letter from you saying that Mr. Nordstrom's application was rejected on some ground, which you mentioned. I think it was that he had not the necessary certificates, but I am not sure of this, as I cannot locate the letter, probably mislaid in the confusion of the election. I have your letters to me on the subject dated January 15th, 1935, and December 7th, 1934. I would be much obliged if you would send me a copy of any other letters you have written me on that subject, and such other information or copies of letters that will convince Mr. Nordstrom that he has not been discriminated against. For awhile he blamed you but now he would seem to suggest that I was responsible for his not getting it, and you know how much truth there is in that. I think at one time he suggested that you had some friend you wanted for the position.

Would you please send me the correspondence showing the whole transactions so that we can disillusion his mind.

Your letter of April 14th in connection with the appointment of the school teacher at the Quatsino Day School has been received for acknowledgment, and I cannot understand how Mr. Nordstrom could possibly blame either you or myself in not being successful in his application.

This was purely a matter of the Church, who nominated the successful applicant. As it is difficult to explain in correspondence, I am sure if you interviewed the Department officials at Ottawa they would be pleased to give you any information they could on procedure. I am writing them giving any details which I have in this connection.

I might add the teacher nominated by the Church was a total stranger to me.

Dear Mr. Neill,-

I have your letter of the 4th instant, with reference to the appointment of the teacher at the Quatsino Indian Day School.

When it was decided to open a school on this reserve, Mr. Agent Todd was written as follows on May 23rd, 1935:-

"The Department will provide salary for a teacher as from September first, next, the beginning of the new school year. I may add that, while no appropriation was specially provided to meet the expense in establishing the school and for teacher's salary, it has been found possible to arrange for the funds from our general appropriation for Indian Education.

"At a later date, you might take up with the authorities of the Anglican Church, under whose auspices the school will be conducted, the matter of nominating a qualified teacher, and, in due time, you should forward the name, qualifications and experience of the teacher nominated. If a fully qualified teacher is obtained, we would be prepared to allow salary at the rate of \$90 per teaching month.

Band are members of the Anglican Church and it has always been the practice in such cases to allow the Church to nominate the teacher. On August 8th, 1935, Right Rev. Charles D. Schofield, D. D., Bishop of Columbia, wired the Department nominating Mr. Edward Hill-Tout. He was stated to be a graduate of the Victoria Normal School holding a first class interim certificate, with the additional credit of the second year at Victoria College. He had, also, taken a special summer course in primary work and rural school problems.

In view of the Bishop's nomination, the Department approved the appointment of Mr. Hill-Tout in official letter of August 16th, 1935. He was the only one nominated by the Bishop.

With regard to that part of your letter which refers to Mr. Todd, I may say that, yesterday, the Department received a communication from him enclosing copy of your letter to him of April 14th, last, and his reply of April 27th.

Yours very truly,

Deputy Superintendent General.

Dear Dr. McGill:

I have had some trouble over the appointment of the teacher at the Indian School at Quatsino Sound. A local man thinks he was unfairly treated in the matter. Would you please advise me what the regular procedure is as to appointing these teachers and how it was carried out in this case as well as the respective dates concerned. Also if you have any correspondence from Mr. Todd on the subject I would like a copy of it and if you have anything to show that Mr. George Nordstrom applied for the position and why he did not get it. I applied to Mr. Todd for this information but he passed the buck to you. I mention this so that you will not be referring me back to him. Here again I have the same thing I complained of before. He apparently is going to give as little information as possible. I have not the slightest reason to suggest that Todd or any other Indian Department officer did anything improper in this matter, but I am entitled and want the full information so that I can convince this man who is complaining, or if I cannot convince him at least answer him.

Yours faithfully,

A. W. Neill.

Alert Bay, B. C.,

Sir,-

I am in receipt of a letter from Mr. A.W. Neill, M.P., dated April 14th, copy of which I am enclosing, requesting information and copies of correspondence in connection with Mr. Nordstrom's application for the position of Indian Day School teacher at Quatsino. I wish to be very frank in this matter, as I do not feel correspondence in this connection should be directed to myself.

When it was first learned that a Day School might be established at Quatsino in the Church building which was then under construction, Mr. Nordstrom apparently wrote to Mr. Neill asking him to assist him in getting this position. Mr. Neill wrote to me under date of October 20th requesting particulars regarding the opening of this school, and I replied to his subsequent letters but as it was not a matter for me to deal with, very little information could be given him.

When it was finally decided that a school would be established, Mr. Nordstrom's application I understand was put in along with others to the Church. I was further informed, more or less confidentially, Mr. Nordstrom's qualifications were not sufficient for him to be nominated. I understand the only qualification he had was a Permit or third class Certificate issued in 1901 as shown on the record of the Department of Education, although Mr. Nordstrom claims to have taught school two or three years after this.

Mr. Nordstrom claims to be fifty-five years of age, has a grown-up family, and lives at Quatsino village.

I am enclosing a copy of my reply to Mr. Neill's letter, and would kindly ask the Department to deal with the matter if approached by Mr. Neill at Ottawa, as I do not consider correspondence of this nature should be directed to this office.

Dear Mr. Todd:

We have had correspondence re the appointment of a school teacher at Quatsino, and I have a strong impression that I had a letter from you saying that Mr. Nordstrom's application was rejected on some ground, which you mentioned. I think it was that he had not the necessary certificates, but I am not sure of this, as I cannot locate the letter, probably mislaid in the confusion of the election. I have your letters to me on the subject dated January 15th, 1935, and December 7th, 1934. I would be much obliged if you would send me a copy of any other letters you have written me on that subject, and such other information or copies of letters that will convince Mr. Nordstrom that he has not been discriminated against. For awhile he blamed you but now he would seem to suggest that I was responsible for his not getting it, and you know how much truth there is in that. I think at one time he suggested that you had some friend you wanted for the position.

Would you please send me the correspondence showing the whole transactions so that we can disillusion his mind.

Yours faithfully,

Dear Sir,-

Your letter of April 14th in connection with the appointment of the school teacher at the Quatsino Day School has been received for acknowledgment, and I cannot understand how Mr. Nordstrom could possibly blame either you or myself in not being successful in his application.

This was purely a matter of the Church, who nominated the successful applicant. As it is difficult to explain in correspondence, I am sure if you interviewed the Department officials at Ottawa they would be pleased to give you any information they could on procedure. I am writing them giving any details which I have in this connection.

I might add the teacher nominated by the Church was a total stranger to me.

Memorandum:

MR. BUSKARD,-

P. C. 1453, dated June first, 1935, authorized the establishment of an Indian day school for the benefit of the Indian children at Quatsino, Kwawkwalth agency (Electoral District of Vancouver North), British Columbia. The Treasury Board authorized the establishment of the position of teacher, with salary rating at \$90.00 per teaching month.

Approved
The Indians of this Band are members of the Anglican Church, and the school will be conducted under the auspices of that denomination. His Lordship Bishop Schofield, Victoria, B. C., has recommended the services of Mr. Edward A. Hill-Tout for the position as teacher. He possesses a first class interim certificate with the additional credit of the second year at Victoria College. His appointment is also approved by Mr. M. S. Sir,-

The enclosed copy of letter received from Mr. A.W. Neill, M.P., dated Ottawa May 4th, 1936, has been received and I am enclosing the same with copies of all correspondence in connection with the establishment of the Indian Day School at Quatsino and the appointment of a teacher to that position which were received from Mr. Neill and my replies thereto.

I am also enclosing, for the Department's information and attention, copy of letter received from Mr. George Nordstrom, applicant for the position of teacher at the Quatsino Indian Day School and my reply to him.

Shortly after Mr. Nordstrom's application had been received I was in Victoria and His Lordship Bishop Schofield communicated with me requesting to see me on some matters pertaining to our Schools. His Lordship advised me the Rev. Mr. Govier of Port Alice had been in communication with him in reference to Mr. Nordstrom's application and stated he was in favour of a local man being employed, however when he had learned of Mr. Nordstrom's qualifications he hardly felt Mr. Nordstrom was the man for the position.

Later His Lordship recommended our present teacher for the position, which recommendation was forwarded the Department for their approval and under date of August 16th the Department advised me they had approved of Mr. Hill-Tout's nomination by the Bishop, at which time this office notified Mr. Hill-Tout to report for duty on September 3rd.

In my reply to Mr. Neill's letter dated August 10th written on August 14th, I mentioned Mr. Nordstrom's application was not found to have sufficient qualifications to warrant our School Inspector and the Church to recommend his appointment to the position. For the Department's confidential information, I quote from a letter received from Inspector Barry regarding the appointment of a teacher for the Quatsino Indian Day School as follows:-

"With regard to a teacher, I may say that I have made the usual confidential investigation with regard to the candidate you mention, Mr. George Nordstrom. In confidence for your information and if necessary for the information of the Department of Indian Affairs in Ottawa, I may say that I could not possibly recommend that he be engaged even for one year as teacher at Quatsino. The only record that we could discover was that he had been granted a THIRD CLASS CERTIFICATE or PERMIT in 1901. This was before there was a Normal School in B.C. There is no record, as far as I could find that he has ever had any professional training either at a Normal School or at a Provincial Summer School. As his Permit does not appear to have ever been made permanent, I do not understand how he can have any certificate at the present time.

Indian Affairs. (RG 10, Volume 6418, file 854-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

In addition I would draw your attention to the fact that this man was given his Temporary (?) Permit or Third Class Certificate in the year 1901 as shown on the records in the Department of Education. Even if he were only just out of High School then, and there is nothing to show his age, he would be well over fifty now. I expect that you will find that he is older than this. Now, as you of course know quite well, a man of this age who has not been teaching for many years and whose original training is to say the least of it quite doubtful, would be quite useless to us in establishing a modern Indian Day School.

"There are a large number of teachers with First Class B.C. Certificates out of work and many of them are Anglicans with good Church recommendations. I would be most careful in making a recommendation to the Department that a teacher be appointed to your new school.

"I hope that you will consider this letter CONFIDENTIAL. I do not believe that it is any use whatever starting an Indian Day School at Quatsino if we are to appoint untrained and obviously quite unsuitable people to teach it."

I am presuming in view of the above, that His Lordship Bishop Schofield could not conscientiously entertain Mr. Nordstrom's application, and it was through this that Mr. Nordstrom's application was not successful.

This is all the information which I have, and I would appreciate, if Mr. Neill calls upon the Department, that they endeavour to explain the matter satisfactorily to him. As far as this office was concerned it was a matter entirely in the Bishop's hands as far as the appointment was concerned, and I might add I did not know the present teacher until after the nomination was made.

Sir,-

Two years ago the Department opened a new Day School at Quatsino for the Quatsino Band of Indians, and at that time I recommended and included in my Estimates sufficient funds to build a teacherage on this reserve, having in mind that a married man would be most suitable for this particular school and location. However this matter was left in abeyance as a single teacher was appointed and he was able to board in the white village of Quatsino.

Since that time we have come to the conclusion it is very essential in the interests of this school and the Indians on this reserve that a married man be employed as teacher, and live on the reserve. I have recently been advised by our present teacher that he intends to resign at the end of the present school term, and I am herewith recommending to the Department that sufficient funds be provided in the 1937-38 Estimates for the purpose of building a teacherage on this reserve. There are no buildings available within reach of the school that could be used, and as the weather is very bad there it is impossible for the teacher to live any distance from the school.

We also feel the teacher's presence on the reserve is very desirable for many reasons, and I would appreciate if you would give this matter your consideration and approve of the recommendation.

I would suggest that you discuss the matter with Mr. School Inspector Barry, as he is familiar with our difficulty there and can give you first-hand information as to our problems in that connection.

I would request that fifteen hundred dollars be included in the Estimates for the erection of a teacherage, and would ask that it be included in the 1937-38 Estimates so that it may be built and ready for occupancy when the new school term opens on September 1st, 1937, and a new teacher is appointed to this school.

Sir,-

Recently we have experienced some difficulty with our Day School at Quatsino, and it was necessary for me to make a hurried trip there to have the matter straightened out, which I am pleased to advise the Department was cleared up satisfactorily.

While there, the teacher informed me he intends to resign at the end of the present school year, and in view of his pending resignation and the difficulties we have experienced during the past two years through a teacher not living on the reserve, we are now making a report to the Department together with recommendations.

The Quatsino Band has never had very much done for them towards improving conditions at their village and when the Department established a school on this reserve it was my opinion if a married man could be employed to live on the reserve and make his home there, it would be a solution to our difficulty, and would do a great deal towards helping the Indians, not only from the school point of view but for other reasons as well. This tribe is very keen to respond to assistance, but although I have done everything I can during the past three years to assist them and encourage them, nevertheless it is very evident until they have someone to live on the reserve and set the example, we shall never get conditions on this reserve improved as they should be. I feel the only solution is to have a married man employed as teacher of the Day School to live on the reserve.

I had hoped this could be done when the school was first established, and that the Department would build a teacherage on the reserve at that time, but as a single man was appointed who was able to obtain board at the white village about a mile distant, the matter of the teacherage was left in abeyance. However, now that the present teacher is resigning, and a new one will have to be appointed, I am bringing this matter to the Department's attention.

I am therefore requesting the Department to include in my 1937-38 Estimates sufficient funds to build a small teacherage on this reserve, which could be built and ready for occupancy by September 1st next when the new school term opens. I feel fifteen hundred dollars would be sufficient although as this is an isolated location it will cost more to erect the building than it would elsewhere. It would be my intention to erect a small building of four rooms sufficiently large to accommodate a married man and his wife, and would be pleased to submit suitable plans if the Department so desired.

I can see no other way out than to build a teacherage if we are to carry on at Quatsino satisfactorily and at the same time clear up our other problems which we are faced with, and I would appreciate if the Department would kindly include this in our Estimates.

On December 3rd I received a wire from Mr. E. Hill-tout, teacher of the Quatsino Indian Day School, submitting his resignation, requesting that it take effect immediately. Upon receipt of this wire I communicated with him by long-distance telephone and advised him I would proceed there immediately to look into his difficulties. Upon arrival I discussed the matter with him and then held a meeting of all the Indians with their teacher present and it was found that one of the Chief's sons was giving considerable trouble to the teacher in school and when he was corrected by the teacher the Indians interfered. I was able to get their difficulties straightened out, the teacher withdrew his resignation, and school reopened the following morning. I do not think there will be any further trouble at this school from now on. I might add, however, the teacher advised me he intended to resign at the end of the present term and this matter has already been referred to the Department with a request that funds be provided for the erection of a teacherage in order that a married man and his family may be located on the reserve rather than have to depend on transportation to get to the school from the adjacent village some distance away.

There are no buildings available within reach of the school that could be used, and as the weather is very bad there it is impossible for the teacher to live any distance from the school.

We also feel the teacher's presence on the reserve is very desirable for many reasons, and I would appreciate if you would give this matter your consideration and approve of the recommendation.

I would suggest that you discuss the matter with Mr. School Inspector Barry, as he is familiar with our difficulty there and can give you first-hand information as to our problems in that connection.

I would request that fifteen hundred dollars be included in the Estimates for the erection of a teacherage, and would ask that it be included in the 1937-38 Estimates so that it may be built and ready for occupancy when the new school term opens on September 1st, 1937, and a new teacher is appointed to this school.

Sir,-

Two years ago the Department opened a new Day School at Quatsino for the Quatsino Band of Indians, and at that time I recommended and included in my Estimates sufficient funds to build a teacherage on this reserve, having in mind that a married man would be most suitable for this particular school and location. However this matter was left in abeyance as a single teacher was appointed and he was able to board in the white village of Quatsino.

Since that time we have come to the conclusion it is very essential in the interests of this school and the Indians on this reserve that a married man be employed as teacher, and live on the reserve. I have recently been advised by our present teacher that he intends to resign at the end of the present school term, and I am herewith recommending to the Department that sufficient funds be provided in the 1937-38 Estimates for the purpose of building a teacherage on this reserve. There are no buildings available within reach of the school that could be used, and as the weather is very bad there it is impossible for the teacher to live any distance from the school.

We also feel the teacher's presence on the reserve is very desirable for many reasons, and I would appreciate if you would give this matter your consideration and approve of the recommendation.

Dear Sir:

With reference to your letter of the 23rd ultimo please inform Indian Agent Todd that the Department accepts the resignation of Mr. E. A. Hill-Tout as teacher of the Quatsino Indian Day School to be effective on June 30, 1938.

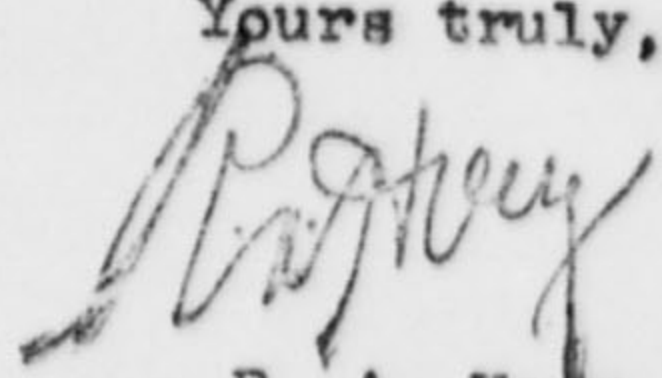

You may communicate with Right Reverend H. E. Sexton with a view to having him nominate a teacher to take charge of this school after the summer holidays.

In view of the information contained in your letter it is not considered necessary to secure a married teacher for the coming academic year. Bishop Sexton might be requested to nominate two or three qualified teachers and Inspector Barry and yourself can decide which would be the most suitable for the Quatsino School.

Full particulars regarding the teacher you select should be forwarded for the Department's approval.

It was not found possible to provide funds for the erection of a teacher's residence at Quatsino and, as you point out in your letter, such action would not be justified at the present time in view of the fact that we have no school at that point but are using the Church.

Dear Sir:-

I am forwarding herewith copies of correspondence forwarded by Mr. Indian Agent Todd, Kwawkwalth Agency, in regard to the resignation of Mr. Edward A. Hill-Tout, at present teacher of the Quatsino Indian Day School.

It is assumed that Mr. Indian Agent Todd has already informed you of the resignation of this teacher, to take effect as from June 30th, 1938.

With regard to Mr. Todd's recommendations, as contained in his letter of February 19th, I may say that this matter has been discussed with Inspector Barry. He informs me that the Quatsino Indian Day School is administered under the auspices of the Anglican Church, Diocese of British Columbia, and that school is held in the Anglican Church building located on Quattishe Reserve No. 1. The teacher lives in Quatsino, which is a scattered village not far from the Indian Reserve, from which it is separated by a short stretch of water having strong tidal currents. The present Bishop of the Anglican Diocese of British Columbia is the Right Rev. H. E. Sexton, Victoria, B. C.

I am further informed by Inspector Barry that, while it would no doubt be better to have a married and well-qualified man as teacher of the Quatsino Indian Day School, particularly if his wife were also qualified to give a certain amount of medical attention to the Indians of the Quattishe Reserve, the appointment of such persons would involve the erection of a suitable teacherage.

With reference to your letter No. 156-36-1, dated 29th January, 1937, I may say that a sum of \$1500.00 was included by Mr. Indian Agent Todd in the Estimates for the fiscal year commencing April, 1938, to cover the cost

of the erection of such teacherage. Inspector Barry however points out that in a number of places in British Columbia, Indian Day Schools are far more urgently required either as replacements or to accommodate Indian children at present without education. He feels that, as the Quatsino Indian Day School is conducted in an Anglican Church building, which for the time being is satisfactory, the building of a teacherage at this point where we have no Departmentally-owned School would hardly be justified.

I should like to have instructions from the Department with reference to the selection of a suitable teacher to succeed Mr. Edward A. Hill-Tout. In this connection, would suggest that it might possibly be best if the Rt. Rev. Bishop Sexton were requested to submit to this Office the names of one or two well-qualified teachers. After consultation with our Inspector of Indian Schools, I should then be in a position to recommend the appointment of a suitable person for the Quatsino Indian Day School, effective from 1st September, 1938.

Yours faithfully,

Dear Sir:-

Enclosed please find copy of Mr. Edward A. Hill-Tout's resignation as teacher of the Quatsino Indian Day School, to be effective on June 30th, 1938.

Would you please take the matter up with a view to having a suitable teacher appointed to succeed Mr. Hill-Tout at the opening of the new school term on September 1st next.

For your information, I feel if a married man could be appointed to this position and live on the reserve, it would go a long way towards improving village conditions. This location is somewhat isolated and I feel if it were possible to make such an arrangement it would be in the best interests of all concerned.

We have in this year's Estimates an amount of \$1500.00 to build a teacherage and if you could find your way clear to appoint a married man and undertake to build this teacherage, I would be very glad to assist in any way I can.

Would you please advise me your views and decision in the matter.

The day schools at Campbell River, Cape Mudge, and Alert Bay are in splendid shape and a real credit to the Department. While the Missionary schools at Village Island, Kingcome Inlet, Quatsino and Smiths Inlet which were built by various Missions with assistance from the Department are in fair state of repair, they are difficult to administrate. I feel the Department should own these schools and have full administrative powers as the buildings are on reserves. I would recommend if and when funds are available the Department should purchase any equity the Missions may have in these buildings to avoid any future complications which may arise between the Indians and interested parties.

Dear Sir,-

The Department is in receipt of your 15/6/47823 of the 18th instant, with reference to the Quatsino Indian Day School.

It is not possible, at the present time, to give any definite promise that funds can be secured from the appropriation for the next fiscal year for the erection of a teacher's residence. Agent Todd was so informed in official letter of the 23rd ultimo and he was instructed to write again about the first of May, at which time the matter would receive further consideration.

Mr. Todd's suggestion that a married man be secured as teacher has also been noted. This would depend, of course, on the erection of a residence. If it is found possible to provide funds for the residence, the recommendation that a married man be engaged as teacher will be kept in mind.

Dear Sir:

I beg to submit herewith a letter from Indian Agent Todd regarding the desirability of having a married male teacher at Quatsino Indian Day School and the need for the construction of suitable accommodation for a married teacher. I have discussed the Quatsino School problems with Inspector Barry and would recommend favorable consideration of Mr. Todd's request. It is noted that in the matter of the teacherage a request is made that \$1500 be included in the 1937-38 estimates for this purpose but as the estimates for this period were presented in September, last, and the House is now in session it is understood this cannot be done. It may still, however, be possible for the Department to provide this sum for the purpose required before September, 1937, provided of course the item is approved.

Sir,-

I am just in receipt of Inspector Barry's reports on his recent inspection of several Indian Schools in this Agency, and it is regrettable that I find it necessary to correct mis-statements he has made in his reports in respect to one or two schools.

It is noted in his report on the Quatsino Indian Day School on Page 2, second to the last paragraph, he states as follows:

"I am very sorry to learn from the teacher that two boys whose ages are a little over 15 years were expelled from the school on January 27th 1938 by the Indian Agent without any reference to me and without any report on the matter. These boys apparently refused to do their school work. These boys were Moses Johnny and Philip Nelson. The fact that boys can get out of going to school by refusing to either behave themselves or do their work is a very bad precedent here. I could have suggested a very different solution had I been consulted before definite action was taken."

First let me say I did not expel these boys from school nor did I instruct the teacher to do so. On April 29th last I visited this school and asked the teacher if he made this statement to Captain Barry, and he told me he had not. I asked him what he did tell the Inspector, and he informed me he advised Inspector Barry he was having trouble with these two boys not attending school regularly and that when I had visited the school on or about January 27th last he had mentioned it to me that they were absent from school at that time but no action had been taken owing to the boys continually giving trouble in the school and that they were nearing the age of graduation.

The teacher also informed me he had mentioned to Captain Barry having similar trouble with the boys when the Inspector had made his previous inspection, but at that time the Inspector had offered no solution to the difficulty.

Inspector Barry's remarks are also noted in reference to accommodation for the new teacher. He states in the second paragraph of Page 3 that the teacher does not live in the village, but has rooms in Quatsino and comes to the school daily in a small boat and also there would be no difficulty in finding a suitable place for a married man and his wife to live in Quatsino.

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

For the Department's information, the present teacher found it very difficult in going from the Quatsino white village to the reserve each day to hold school on account of the rough waters in that particular place, and later in order to be closer to the school has lived in a tent for over two years about half a mile from the school.

It is my contention and honest belief that the Department should erect a small teacherage on the reserve as the present teacher has found it impossible through storms to get to the school and some time has been lost through this.

I agree with Captain Barry that a married man and his wife is what is needed at Quatsino. This village is one of the dirtiest and unkept in my whole Agency, and as these Indians have considerable money in their Capital and Interest Account which they intend to use for the improvement of the village, they need someone living there continuously to assist them and bring about better living and moral conditions. This is a great opportunity for the Department to help these Indians by putting a married man and his wife there in a small teacherage.

I have asked in my Estimates for funds for three years to build a small teacherage, and while I am aware the Department do not own the school building nevertheless if a suitable married man was living in the village it would go a long way towards cleaning up the problem we have on our hands. Even if the school were closed in years to come, which I do not anticipate, it would pay the Department to build a teacherage there now and then give the building to the Indians if it was of no further use to us.

I hope the Department will see their way clear to build this teacherage this year if a married man is appointed to this position. I can understand Captain Barry's views are only from an educational point of view and that he does not understand the many other angles which enter into recommendations I make in the matter of spending public funds.

Right Reverend Sir:

I desire to acknowledge receipt of your letter of the 1st instant nominating Mrs. Hilda Maud Cuttle as teacher of the Quatsino Indian Day School.

It is noted that Mrs. Cuttle is married and that her husband is living with her. Present regulations do not permit our appointing a married woman as a teacher of an Indian Day School. Under these circumstances, it is not possible for the Department to approve of Mrs. Cuttle's appointment.

Please let me have another nomination for this school.

QUATSINO INDIAN DAY SCHOOL,
Vancouver Island.

I have pleasure in nominating Mrs. Hilda Maud Cuttle, 5489 Elm Street, Vancouver, to the vacant post of teacher at the above school. She is very well-equipped for the position, and I believe the Provincial Inspector of Indian Schools would heartily welcome her appointment.

I am,

Yours faithfully,

Harold Columbia:
Bishop British Columbia

PARTICULARS of (Mrs.) Hilda Maud Cuttle

Age 47.

She holds a second-class B.C. Certificate, and was trained under the Board of Education in England 1911. She had 7 years' experience in Church of England Schools in England, and 10 years in Provincial Schools in British Columbia, as well as 4 years in private schools in B.C. Her Inspector's reports are excellent.

She would be accompanied by her husband, whose help would be invaluable in the peculiar conditions at Quatsino.

Dear Sir:

With reference to your letter of the 12th instant it has been decided to approve the appointment of Mrs. Eileen Lilian McCorriston as teacher of the Quatsino Indian Day School for the academic year 1940-41.

It should be understood that her appointment is being approved in view of present conditions and lack of teachers.

She will be allowed salary at the rate of \$90.00 a teaching month and the school should be operated from October 1, 1940, to May 31, 1941.

I enclose staff questionnaire which you should have Mrs. McCorriston complete and return.

Dear Sir:

AIRMAIL

With reference to your letter 156-36-1 of the 25th of July in connection with the nomination of a teacher to succeed Mrs. H.M. Cuttle as teacher of the Quatsino Indian Day School, Rt. Rev. Bishop H. Sexton, D.D., Bishop of British Columbia, has nominated Mrs. Eileen Lilian McCorriston as teacher of the Quatsino School for the coming term, October 1, 1940, to May 31, 1941. Mrs. McCorriston, whose address is 268 East 5th St., North Vancouver, B.C., is a young married woman. Her husband is serving with the Canadian Active Service Force. She received her professional training at the Victoria Normal School, 1931-32, and has a First Class Interim Teachers Certificate in B.C.

There is, as the Department is no doubt aware, a very great shortage of qualified teachers in B.C. and it is almost impossible to find candidates for the vacancies still existing in the Indian Day Schools. Mrs. McCorriston is the daughter of Dr. Dunn of Massett and is a well-educated girl, having passed her Senior Matriculation in Prince Rupert in 1931. Her influence in the Quatsino Reserve would no doubt be extremely good. She wishes to teach as a war time activity during her husband's absence overseas.

Mrs. McCorriston is well known to Inspector Barry who considers that although she has not had much actual teaching experience in Provincial schools, she is the type of girl who ought to be quite successful at Quatsino. He suggests that the Departmental regulations with regard to the employment of married women be waived in this case under present war time conditions and lack of teachers but that the appointment, if made, be of a temporary nature.

I would recommend that the nomination of the Rt. Rev. Bishop of British Columbia be accepted and that Mrs. E.L. The Department has previously notified me that a salary of \$90 per teaching month would be allowed at this school. I should be glad, however, to receive, by airmail, approval of the appointment of Mrs. McCorrison as recommended above and confirmation of the salary to be allowed her at the rate of \$90.00 per teaching month.

Dear Major Mackay:

I have pleasure in nominating Mrs. Eileen L. McCorrison of 268 East 5th St., North Vancouver, as the teacher for the Quatsino Indian Day School. Her qualifications for this position are already well-known to Captain Barry the Inspector of Indian Schools.

As Mrs. McCorrison is a married woman the nomination might not be regarded as being in order. Her husband is serving in the Canadian Active Service Force and in view of the dearth of teachers, I would strongly recommend that this nomination be accepted, it being understood that the appointment, if made, be of a temporary character.

August 26, 1938.

Dear Sir:

With reference to official letter of March 2 last advising you that Mr. E. A. Hill-Tout would give up duties at the Quatsino School on June 30 Right Reverend H. E. Sexton nominated Mrs. Hilda Maud Cuttle for the position. Bishop Sexton supplied the following information regarding the new teacher:

"Age 47. She holds a second-class B.C. Certificate, and was trained under the Board of Education in England 1911. She had 7 years' experience in Church of England Schools in England, and 10 years in Provincial Schools in British Columbia, as well as 4 years in private schools in B. C. "She would be accompanied by her husband, whose help would be invaluable in the peculiar conditions at Quatsino."

With regard to Mrs. Cuttle's husband His Lordship advises that he is permanently disabled.

It has been decided to approve the appointment of Mrs. Cuttle for the academic year 1938-39 and the following radiogram was, therefore, sent to you on August 24:

AIR MAIL

Alert Bay, B. C.,
November 23, 1940.

Sir,-

I have received a special request from Mrs. E. L. McCorrison, teacher of the Quatsino Indian Day School, to have her school close on December 13th next for Christmas vacation instead of December 20th, the regulation date.

Mrs. McCorrison's husband, who is on active service in Eastern Canada, has been granted two weeks' furlough starting December 13th, and she wishes to be able to spend the holiday with her husband before he proceeds overseas. Mrs. McCorrison is now teaching each Saturday and will continue to hold school on Saturday until the full number of days have been made up with the hope that the Department will approve of her request.

I realize this is unusual procedure, but in view of the circumstances, which may be the last opportunity she will have to see her husband before he proceeds overseas, I would strongly recommend that the Department grant this request so that her holiday could start on December 13th next.

I might add Mrs. McCorrison has so far been very successful in her work at Quatsino, and I would appreciate very much if the Department would do this for her as I am anxious to cooperate with her in every way possible.

Would the Department kindly wire me advising if her request may be granted, as mail service to Quatsino is rather intermittent and she would like to make her plans in advance.

Monthly Report of M.S. Todd, Indian Agent

EDUCATION:

On the 24th of September, Captain Barry arrived at Alert Bay and inspected the Indian Summer School as well as St. Michael's Residential School. A report by myself to the Department on the Summer School will be made shortly as requested by Major H.M. D.M. MacKay Indian Commissioner.

As the Cape Mudge and Campbell River Day Schools are supposed to open on October 1st, I regret I cannot make any comment on these schools to date I have not been notified that teachers have been appointed. It is hoped the Department will do everything possible to get these particular schools opened as the children are in the villages and ready to attend. In respect to the Quatsino Indian Day School the same situation exists there as I have not been notified of any teacher being appointed; however in this particular school it is not quite so important as the pupils have not all returned to the village as yet.

I am feeling rather upset in respect to Miss Uphill, teacher of the Campbell River School. In her case she was quite willing to remain there provided the Department gave her an increase in salary to cover her increased cost of accommodation, and personally I think she was entitled to it, but instead of giving her the increase, she was permitted to be transferred to the Nanaimo Day School at an increased salary, which resulted in the Campbell River School being left without a teacher and the necessity of breaking in a new one.

Dear Sir:

I wish to refer to Departmental letter 156-36-1 of October 24th and to say that the resignation of Mrs. Eileen McCorriston as teacher of the Quatsino Indian Day School, Kwawkewlth Agency, resulted in the vacancy at that school which is in the diocese of British Columbia.

The Rt. Rev. H. Sexton, D.D., Bishop of British Columbia, Victoria, B.C., has been asked to nominate a teacher to fill this vacancy, as stated in paragraph 2 of my letter 15/6/3802 of August 22, 1941.

There has been such a shortage of qualified teachers in British Columbia this year that so far the Rt. Rev. Bishop Sexton has not been able to find a suitable candidate and we are still awaiting a nomination from him in regard to the Quatsino school.

The Rt. Rev. G. Rix, D.D., Bishop of Caledonia, was in communication with Mrs. McCorriston with regard to the vacancy at the Metlakatla Indian Day School, Skeena River Agency, as explained in the second paragraph of my letter 15/6/3935 of August 30, 1941, but as Mrs. McCorriston later accepted a position in a Provincial school she was not available for Metlakatla.

October 30, 1941.

The Rt. Rev. G. Rix, D.D., has been requested on several occasions to nominate a suitable teacher to fill the vacancy at Metlakatla but, as apparently he has been unable to locate a teacher, I have not as yet received this nomination.

I trust that the information contained in this letter will clarify the situation.

Yours faithfully,

D.M. MacKay,

EDUCATION

All Day Schools in the Agency, with the exception of
the following, were opened on schedule. The Campbell River School,
due to open October 1st, has not been opened due to the fact that
we have been unable to get the services of a teacher. It is hoped,
however, that the school will be opened shortly. The Quatsino School
was also supposed to open on this date but as no teacher has yet
been appointed the school has not yet started.

Dear Sir,

Schools
I taught at the Quatseno Indian Day School from Oct. 1940 to the end of May 1941 and had I believe four dollars and fifty cents taken off my cheque each month for superannuation.

As I am no longer working for your department I would like my money refunded as soon as possible.

Thank you,

Yours very truly,

Quatsino Indian Day School

In view of the information contained in your letter, we are prepared to re-open this school. As you are probably aware, this school was closed in 1942 after operating for some seven years. At that time we were unable to secure a teacher.

The school desks and blackboards were provided in 1935 and should be in fairly good condition. We will anticipate receiving a school supply requisition for this school and would request that a priority slip be attached to the front so that we can rush it through the Printing Bureau.

I would also suggest that Mr. Todd prepare a requisition for janitor supplies so that the school will be fully equipped by 1 September, 1949. We are requisitioning for a new register, report cards and a Monthly Day School Return pad. The Department is prepared to approve the appointment of Mrs. Mary Hawkes as teacher at this school on a temporary basis for the 1949-50 academic year. Would you please arrange to have her forward the usual documents. I am sending Employee Questionnaire forms and Oath of Allegiance and Oath of Office and Secrecy forms under separate cover for completion by this and other teachers as required. She would be classified as a Grade III teacher at a salary of \$1,800.00 an academic year.

Sir:

I have your letter of the 7th instant, regarding the nomination, by His Lordship Bishop Schofield, of Mr. Edward A. Hill-Tout for the position as teacher of the new Indian Day School at Quatsino.

In reply I have to inform you that the Department approves the appointment of Mr. Hill-Tout, to begin duties on September third, next. The salary allowed him will be at the rate of \$90 per teaching month.

His Lordship is being informed of the approval granted for the appointment of Mr. Hill-Tout, to begin duties on the date mentioned above. I would request that you give him every possible assistance in his work at this school, where it is hoped he will meet with success. The qualifications which he possesses are noted. Mr. C. C. Sir,-

While visiting the Quatsino Indian Day School on January 27th last I discovered there was no toilet at the school for the use of the teacher, and as this situation had to be rectified immediately, I arranged to have an Indian by the name of Louis Nelson who happened to have some building material on hand, erect the toilet, and agreed to pay him \$15.00, this to include all material and labour.

I enclose herewith account covering this and as it was a most necessary emergency matter, I would recommend that the Department approve of same and issue a cheque in favour of Louis Nelson, addressed to him at Quatsino, B.C.

Re: Quatsino Indian Day School

The above mentioned school has no provision for teacher accommodation and the only available building which might be used for such a purpose is in the white community across the bay from the reservation. The teacher, Mrs. Mary Hawkes, who has recently been appointed, is buying a small boat to enable her to travel back and forth daily. It is felt therefore that an allowance should be made to Mrs. Hawkes towards the rental of a teacherage, plus fuel allowance. It is recommended that a grant of \$25.00 a month be approved for this. The building will be furnished by the teacher.

An item will be included in the 1950-51 estimates for a teacherage on the reservation and should the attendance warrant the school's continued operation we will recommend the construction of this building.

With the new salary schedule, Mrs. Hawkes will be receiving a salary of \$2,280.00 an academic year instead of the \$1,800.00 originally allowed her under the old schedule.

Therefore, the Department feels that an allowance of \$10.00 per month towards the rental of a teacherage is all that can be allowed. We are finding that these rentals are increasing in size and are taking up too great a proportion of our Vote.

Re: Quatsino Indian Day School

With reference to Mr. Neary's letter of June 25th (file 854-1 E) regarding the re-opening of the above mentioned school, Mr. Todd has advised that an expenditure of approximately \$200 will be necessary to repair the building which has deteriorated to a certain extent since it was closed in 1942. The amount mentioned is required largely for labour and I would suggest that the full \$200 be forwarded to Mr. Todd.

Mr. M.S. Todd,
Supt. of Indian Agency,
Alert Bay, B.C.,

This refers to your requisition
for school supplies for the Quatsino Indian Day School.

Inspector Davey placed a
requisition for this school in June and these should
be reaching the school shortly. There were some
items left out by him and we are having these sent now.

The janitor supplies for the school
have not been ordered. Attached, you will find a list
of these, that you may purchase locally. The cost of
these should not exceed \$95. The prices shown are to
act as a guide.

Plastic tumblers and water coolers
are being ordered.

The Department authorizes \$10. for
the purchase of domestic science materials.

Sir:

I have to inform you that the Department is approving of the appointment of Miss Helen Earl as teacher of the new school which is to be established for the benefit of the Indian children of the Campbell River Indian reserve. Miss Earl has had long experience as a teacher, under the direction of the Department and the Church. The school will be conducted under the auspices of the United Church of Canada, who nominated the services of Miss Earl.

At the present time, the Department is not aware when the school will be completed and ready for occupation, but Miss Earl will take charge when the classroom is ready. I would request that you give her every assistance you can in her work at this school. The salary allowed her will be at the rate of \$35.00 per teaching month.

MEMORANDUM:-

Representative of the Treasury.

The Department has approved the appointment of Miss Helen Earl as teacher of the new Campbell River Indian Day School, with salary at the rate of \$85 a teaching month. (Copy of Memo to Minister dated July 30th, 1935, also questionnaire, attached herewith).

In official letter of December 30th, 1935, Mr. Agent Todd advises that Miss Earl began duties on November 18th, 1935, and she is, therefore, entitled to 13/30 of salary for November (\$36.83); plus salary for December (\$85.00); and salary for January (\$85.00); or a total of \$206.83.

The following entry should appear on the payroll for the month of January:-

855 - Campbell River - Helen Earl - Campbell River, - \$850 - \$206.83

Re: Campbell River Indian Day School

District School Inspector Davey, following his last visit to the above-mentioned school referred to the need for repairs to the building and painting the interior of both the teacherage and the classroom. The required repairs include material and labour for the construction of a brick chimney to replace the present Yukon chimney, covering the teacherage ceiling and the walls of the living room with Donnacona board, repairs to the roof which is leaking in several places and painting the entire interior of the building two coats.

Supt. Todd has secured and submitted a tender from Mr. Robert E. Yeatman covering all materials and labour necessary in the amount of \$382.78 and I would recommend that the Department endeavour to make funds to this extent available.

W. S. Arneil, Esq., Indian Commissioner for B. C., P.O. Box No. 70,
VANCOUVER, B. C.

Attached please find tender received from Mr. Robert E. Yeatman of Campbell River, B. C., in connection with Campbell River Indian Day School Teacherage amounting to \$237.60. It was the Department's intention to have the teacherage site cleared of stumps and second growth last year but due to our inability to obtain any one to do the work it was not done. The location was not cleared at the time the teacherage was built other than the needed spot where the building was located. I am recommending that this work be approved and Mr. Yeatman's tender of \$84.00 be accepted.

On my last visit to Campbell River Mr. Yeatman informed me the teacherage was so cold last winter it was almost impossible to live in the building. Last year we insulated the ceiling of the teacherage, the front room and kitchen, but the walls of the bedroom, bathroom, front and hall were not undertaken. It is these rooms that is making the teacherage so cold. In addition to this it is necessary to build some cupboards which should have been provided when the teacherage was built. The painting of these rooms is also necessary.

Mr. Yeatman has offered to provide all the materials, paint and labour and complete this work for \$153.60 and I am recommending that the work be approved and Mr. Yeatman's tender accepted.

When this work is completed it will not be necessary to spend any more money on the interior of this teacherage for sometime as it should then be comfortable to live in. If funds are not available the amount of this tender \$237.60 could be transferred from the Gilford Island Indian Day School appropriations.

RE: Repairs - Campbell River Indian Day School.

Attached please find tender from Robert E. Yeatman, Campbell River, B. C., covering interior decorating at Campbell River Indian Day School. This decorating was to have been done last year but due to our inability to obtain labour the work was not done. As I am anxious that this decorating be done during the summer holidays I am recommending that approval be received so that we can get the work under way at an early date. Mr. Yeatman has informed me if his tender is accepted he can start immediately and have the work done and the school all in order before September 1st.

To Dr. Duncan C. Scott, Esq.

Deputy Supt General of Indian Affairs, OTTAWA

Sir,- We, the undersigned chief and head men of the Wewiakim Band of Indians located at Campbell River B.C. beg respectfully to ask that your Dept establish an Indian day school at Campbell River for the education of our children.

There are 18 children of school age now either on the reserve or at a boarding school and there will be several more eligible next fall.

Our reason for this request is that at present we have to send them to a boarding school at Chilliwack which is two days journey from here and a rather expensive trip. If our children get sick or die at school we have no chance to see them until it is too late. We do not know what goes on at a school so far away and have no chance to see our children except once or twice a year and after ten years our children are almost strangers to us.

The education of our children was guaranteed to us by the white Man's Govt. and we were not told that we had to lose our children during almost all their youth as they marry soon after leaving school. We were promised day schools adjacent to our reserves. It is said that there is a day school at Cape Mudge which is only a few miles away but it is across water which is often dangerous for adults to cross let alone children.

It is said that day schools are not useful because the Indians move about so much. This is often the case but our women live here all the time and would keep up the home.

There are 80 of us all told in the band and a population of eighty white people always have a school and we have the same rights, have we not?

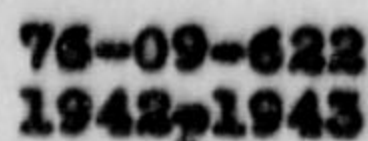

Please help us, Dr Scott.-

Sir,-

Attached please find invoices submitted by Mr. G.B. Capes of the Courtenay Builders Supply Co., Courtenay, B.C., covering building material supplied the Department for the erection of the Campbell River Indian Day School, in the amount of \$853.65.

When this material was delivered it was all checked by the foreman and later the check slips and invoices were rechecked by myself, and I have found them to be in order, and would therefore request the Department to honour this account and forward a cheque to Mr. Capes for the above stated amount.

I might add this concludes all the material supplied for the building proper, outbuildings and fence, as well as some hardware which it was necessary to purchase from this firm. There were a few pieces of lumber and a small amount of hardware such as nails left over, and this I brought back with me from Campbell River on my last trip there after my final inspection, and am keeping it here at the Agency headquarters to be used for any purpose required.

Would the Department kindly forward payment of this account at your earliest convenience, as I know Mr. Capes is in need of the money.

There are still a few small accounts outstanding in connection with the erection of this school, and as soon as these are received a complete statement of the total cost will be forwarded the Department.

Sir:

I have your letter of the 28th ultimo, enclosing a requisition for the desks and classroom equipment required for use at the Campbell River Indian Day School.

You may arrange for the purchase, from the Tait Pipe & Foundry Company, Limited, Vancouver, who are the manufacturers of the Crown desks, of the following school desks, front and rear seats:-

5	No. 5	single	school	desks,
5	"	4	"	"
5	"	3	"	"
5	"	2	"	"

You may also purchase a front and rear for each of the above numbered sizes of desks, making a total of 20 single desks, 4 fronts and 4 rears.

Besides the above, you may arrange for the purchase of a teacher's table, large size and stained, and also a work table for the children and a teacher's chair. It would be advisable for you to obtain prices from the above firm, which should be f. o. b. Campbell River or the nearest transportation point to the school.

Further, you may arrange, also, for the purchase and delivery of 6 sheets of asbestoslate blackboard, 4 ft. x 8 ft. each, with the necessary chalk trough and moulding, and the following supplies:-

2	brooms,	1	scrub brush,	1	wash basin,
1	bucket	for	drinking	water,	
1	bucket	for	washing	water,	
6	yards	towelling	and	6	cakes carbolic soap.

I have also your letter of the 27th ultimo, forwarded through the office of the Assistant Indian Commissioner, regarding the purchase of a stove for the above named school.

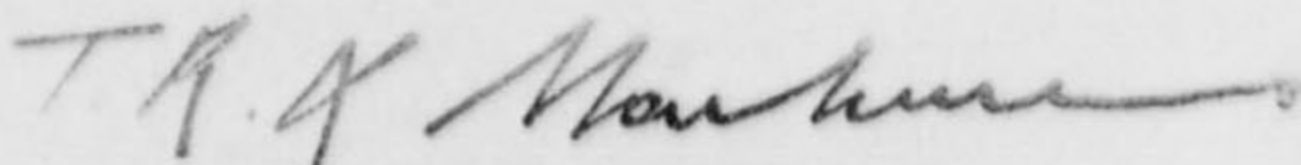

You may arrange for the purchase, from a firm on the approved list, of a stove suitable to meet the requirements. It is noted the cost will be approximately \$50, including freight charges.

After the above purchases have been completed and the goods delivered at the school, you should obtain itemized accounts, in triplicate, covering the cost. These, you should attach to proper voucher forms, certify in the usual manner and forward for payment. Receipts for any freight charges should be attached to the account.

You should give immediate attention to the purchase of the desks and other equipment, in order that same will be on hand, as it is noted that it is desired to open this school on November first, next.

An order is being placed with the Government Stationery Office here to forward to Miss Earl's address, Campbell River, B. C., the classroom supplies, text books, etc., considered necessary, and these should arrive before the date the school opens.

In the latter case SIX sheets of by 8 ft. each or 192 square feet, costing in the neighbour of 60¢ per square foot, would be the minimum necessary. The total cost of the blackboards would be about \$115.80. The Teacher's Table might well be a simple kitchen table large size and stained. The cost would be about \$10.00. A second WORK TABLE, for the children, with legs shorter than stock size and costing about \$10.00 would be of great use.

An ordinary hard wood chair at \$2.50 would be satisfactory.

September 27, 1935.

Sir,-

Replying to your letter No. 156-7-5 dated September 3rd in regard to the erection of the new Indian Day School at Campbell River, I beg to advise upon receipt of your letter I immediately proceeded to Campbell River.

On arrival, I staked out the site for the school, arranged for the purchase of material, employed Mr. Norman Smith as foreman at the rate of six dollars per eight hour day as well as arranging a helper to assist him who is to receive wages at the rate of \$4.50 per eight hour day. I also arranged with the Chief to supply all the Indian labour they could in order that the erection of the school will be rushed and if possible, completed by November 1st next.

I might add I purchased the lumber and building material from the Courtenay Builders Supply Company at Courtenay, B.C., and am arranging to purchase the hardware from McLennan, McFeeley & Prior, Ltd., at Vancouver, B.C. I bought the lumber personally and was able to use No.2 material for most of the dimensions, sheeting and roof boards as the No.2 grades of the people supplying this material are equal to No.1 grades elsewhere.

It was found necessary, owing to the necessity of having the building located in a certain position, to make a few alterations in the plan submitted by the Department. These changes however do not affect the size of the building, but rather re-arrange the plan a little.

We are doing our best to keep the cost of the building as low as possible and hope to have it completed by November 1st.

OFFICE OF
INDIAN AGENT

Alert Bay, B. C.,
July 18, 1935

Sir,-

I am just in receipt of a letter from our Assistant Commissioner, Mr. C.C. Perry at Victoria, enclosing copy of a letter dated Ottawa, July 9th, No. 156-7-5 in connection with the proposed Indian Day School at Campbell River, B.C.

It is noted the Department are requesting the Indians to donate a site of approximately one acre, and also request me to locate this site.

It appears to me we are not getting on very fast with the final arrangements for the erection of this school. A lot of correspondence and delay is taking place through matters being referred from this office to Mr. Perry, and from him back here again; I think either one of us should be appointed to look after the building of this school, it does not matter who, but the main thing is to get started on the building. Half of July is gone already and we only have six weeks left to complete the school if it is to be ready for the opening of the fall term, and unless we put it into one person's hands I cannot see how it is going to be ready for occupancy by September.

A few days ago I visited the reserve and located a site but owing to the Indians all being away fishing it was impossible to get enough together to hold a meeting to get a resolution passed for them to donate this land for school purposes. I have, however, seen most of the Indians and they have agreed to do this and as soon as I can get them together a meeting will be called and a resolution taken to this effect. It will not be necessary to compensate anyone for the location which we decided upon;

If the Department will advise me when they have decided to let the contract to start the building, I will proceed to Campbell River and show the contractor the exact location and position where the school is to be erected. I will look after and arrange to have the land set aside for school purposes but this cannot be done until the Indians return from the fishing grounds. I would suggest the Department immediately decide on the school they intend to build, let it by contract, to be completed by the end of August at the latest. If there is anything I can do to assist the Department in hurrying it along, I will be pleased to do so.

Sir:

I have your 15/6/40272 of the 25th ultimo, enclosing copy of a communication which you received from Mr. Agent Todd regarding a site for the proposed Indian day school at Campbell River, B.C.

In this connection it is noted that the Agent and the Indians chose a site about seven or eight hundred feet along the Spit road from the main entrance. It is considered that the Indians, by a resolution of their Council, should agree to set aside, without cost, approximately one acre as a site for the new school building. As the school will be in the interests of their children, they should consent to set aside the site. Mr. Todd should take this matter up with the Indians, and, if possible, obtain a resolution. It should be stated therein, as definitely as possible, the boundaries of the site set aside. If, however, there is an Indian located on the proposed site, it might be necessary to compensate him for his improvements, obtaining a Quit Claim Deed. It is considered that the Agent should be able to give a description of the site, i.e., width and depth, beginning at a well defined point. If it is necessary to pay for Indian improvements, the name of the locatee should be stated and a sufficient description of the boundaries of the land given. I shall be pleased if you will take this matter up with the Agent at once, as it is proposed to proceed with the building at an early date.

This school will be conducted under the auspices of the United Church of Canada, as the Department understands that this Band are members of that Church. The Church authorities are considering the transfer of Miss Earl from her present position as teacher of the Kispiox Indian Day School to take charge of the Campbell River School when it is ready for occupation.

Regarding plans and specifications for the new school building, you will be later advised.

IN YOUR REPLY REFER TO

No. 15/6/4027

ALSO TO DATE OF THIS LETTER

Sir:

I have the honour to refer to Departmental letter No. 156-7-5, dated May 20th, ultimo, in regard to the proposed Indian Day School building and site at Campbell River, B. C.

I now beg to report that owing to the remoteness of this Village from a convenient centre for obtaining supplies, I would recommend that the School be erected by contract.

In regard to the site, this has been tentatively chosen by arrangement between Agent Todd and the Indians. A copy of a letter dated June 21st received from the Agent is sent herewith and I would be glad to have the Department kindly refer to the concluding paragraph of my letter of 5th September, 1933, in which the matter of a site was referred to. I am anxious to avoid, if possible, the purchase of a site if we can get the Indians to allot a site for school purposes. A play-ground is not considered necessary as the area around the site is considerable. At the same time it is considered that some definite understanding should be had with the Indians and the Department's policy as to a School site of this kind determined so that no question may later arise either from Church or Indians as to the ownership of the site. Since the Department has not mentioned in its letter what are its wishes in regard to the method of acquiring the site, I consider it advisable to ascertain the views of the Department so that I may make suitable reply to the Agent's inquiries.

The blue-print mentioned by Agent Todd was not enclosed with his letter. In any event, those plans were for a school to accommodate a maximum of 20 children, while in the school to be erected accommodation for 25 children has been previously recommended. There is no specification on file here in connection with any plan. May I further ask if it is the intention of the Department to have its Architect prepare a plan and specification, or if not, am I authorized to obtain a suitable plan locally?

I shall appreciate having the Department's further instructions.

United Church

It is presumed that the question of the denomination under which the proposed school is expected to function has been already decided upon by the Department, and that a denominational teacher will likely be sought for the conduct of the School, which is the usual practice. No doubt, Departmental instructions will issue in due course on these matters.

It is deemed of importance to suggest that if this School is erected, the available children in the Village should not be drawn upon for any of the Residential Schools. This is mentioned since some recruiting has been previously done in this Village by the Office of Coqualeetza Indian Residential School, B. C.

Dear Sir,-

As requested in your letter No. 15/6/39867 dated May 29th, I have been to Campbell River and accompanied by the Indians, decided on the location for the new Indian Day School..

There were two sites available, in my opinion the one out on the Spit a short distance from their cemetery was the more suitable, but the Indians felt they wanted it centrally located so that the children would not have so far to go to school, and we finally compromised and chose a site about seven or eight hundred feet along the Spit Road from the main entrance. There is a well close by which could be used, and I feel this site will be quite satisfactory.

OK
You state in your letter, "With reference to the site, it is considered that the Indians should donate a site free of cost." We are not quite clear in regard to this and would appreciate if you would kindly advise the procedure to be followed in erecting a school on a reserve, whether it is necessary to have the site surveyed and a Surrender taken from the Indians so that the ownership of the property will remain with the Department and not with the Band concerned.

You requested to know my views as to whether the building should be erected by day labour or by contract; in view of the Indians now being away to the fishing grounds, and the necessity of having the school completed in time to start the new term on September 1st, I feel there is only one way to build the school and that is by contract. I am therefore enclosing the blueprint which Captain Barry very kindly gave me the last time I was in Victoria, and which I believe was used for the Indian Day School recently built near Victoria. I gather from the Department's letter you will be looking after this entirely, so I am enclosing these papers for your files.

Memorandum:

DR. MCGILL,-

The Estimates for the current fiscal year provide the sum of \$1,500 to erect a new school building on the Campbell River Indian Reserve, (No. 11, Kwawkwalth Agency - Electoral District of Nanaimo) B. C.

The United Church authorities, under whose auspices the school will be conducted, as the Indians of the Band are members of that church, have been pressing for the erection of the school. It will be necessary to provide classroom accommodation for 24 children. This reserve is in a more or less organized centre, so that it would be unnecessary to provide living quarters for a teacher.

I discussed this matter with Mr. C. C. Perry, Assistant Indian Commissioner, and he advised that the work in erecting the building be carried out by contract. It will be necessary to furnish a plan of the building. Mr. Barry, Inspector of Indian Schools, states that he could obtain from the Provincial Department of Public Works plans and specifications of a one-roomed school, designed to accommodate the children on the reserve. I understand that the Architect prepared plans for a day school which was built on the Tsartlip reserve a few years ago, and these would be satisfactory for the school at Campbell River.

If a school is to be ready for classroom purposes at the beginning of the next school year, it will be necessary to have the contract for its erection let as soon as possible. I understand from Mr. Perry that the nearest firms who would be likely to tender for the erection of the building are at Nanaimo or Cumberland, the latter point being the nearest large centre to the proposed school.

Might I suggest that Mr. Orr be requested to give early attention to the matter of the erection of the building.

VICTORIA, B.C., September 5, 1933.

Dear Sir:

As it is understood that Mr. E.G. Newnham, Acting Indian Agent at Alert Bay, Kwawkwalth Indian Agency, B.C., has recently written to the Department as well as having discussed with Doctor McGill the proposal to repair and put into use an old Indian house at Campbell River Reserve for Indian Day School purposes, I have the honor to transmit herewith a letter dated July 27th, 1931, addressed to the late Commissioner Ditchburn by Captain G. H. Barry, District Inspector of Indian Schools for British Columbia, in which he advocated the construction of a small building for which he had obtained plans and specifications. Such a building would cost in the neighborhood of one thousand dollars.

A school of this type was constructed by the Department on the Tsartlip Reserve, Cowichan Agency, at a cost of about \$1300.00 and is most satisfactory in every way in meeting the needs of a small community having approximately twenty pupils.

I would recommend that the Department erect a slightly larger substantial new school on the Campbell River Reserve at a cost of about \$1500.00 for the accommodation of approximately twenty-five (25) children. This Inspector Barry and I consider preferable to spending money on the repair of an old Indian house which we do not own and which might easily become a bone of contention later on through some whim or fancy of the Indian owner.

I would advocate the acquisition also of a suitable site from the Band, if possible, for the purposes of the school. It may be possible, by negotiation, to acquire such a site at a reasonable price. If not, the Department could either expropriate a suitable site in the reserve or have the children sent to a residential school as an alternative in the event of any difficulty arising which is not at present foreseen.

Dear Mr. Ditchburn:

I have your 15/6/21988 of the 30th ultimo, with reference to a day school for the Campbell River Indian Band. There are no funds for the establishment of a school this year, but a note has been taken for next year's Estimates. I am so informing Mr. A. W. Neill, M. P., who is interested. You might let me know if a teacher's residence will be required at this point, so that the exact amount needed can be determined.

Dear Sir:-

Re-Indian Day School - Campbell
River Band.

Further to my letter to you of the 21st instant referring to a petition received from A.W. Neill, Esq., M.P., from the Campbell River Indians asking that a Day School be built on their reserve, I beg to say I am now in receipt of a communication from Mr. Indian Agent Halliday pointing out that as a result of the census recently taken by him of the Indians of the Campbell River Band, it is shown that while there are 35 children on this reserve, 15 of this number are of ages ranging from 6 to 14 years of age. There are also a few children of 16 years and over who at present are attending the Coqualeetza Indian Residential School at Chilliwack. Agent Halliday and School Inspector Barry are both in favor of a Day School being established and in view of the fact that there is a sufficient number of children of school age to warrant a fair average attendance and also a considerable number coming up, I feel disposed to recommend that a school be established of about the same size as that intended for the South Saanich Indians of the Cowichan Agency, the dimensions being 18' x 24'. The Architect of the Provincial Public Works Department has kindly furnished me with a stock plan used by the Educational Department in the construction of rural schools which cost in the vicinity of \$1,000.00, and this would suit our purpose admirably for the future in cases of this kind. The dimensions can be increased according to the number of pupils to be taken care of.

A copy of the Petition referred to by Mr. Neill is attached hereto for your information. Upon perusal of the signatories to this Petition it was found that besides those from Campbell River there were names of a number of Indians from Cape Mudge, Comox and Salmon River, but this point is not important, the main fact being that there are sufficient children on Campbell River Indian Reserve to warrant the construction of a Day School for them as set out in the Petition. It may not be possible to obtain funds for the construction of this school during the present fiscal year, but I am of the opinion that the matter should not be lost sight of in order that the needs of the Indians may be satisfied during the next fiscal year.

resid?

I am also forwarding a copy of Agent Halliday's list of children on the Campbell River Reserve who are not at present being educated.

Alert Bay, B.C.,
26th October, 1942

Sir,-

On a recent visit to Campbell River, the teacher of the Indian Day School on that Reserve pointed out to me the unsafe condition of the school stove. Upon examination it was found that the lining was completely gone, and unless immediate repairs were effected a fire hazard would be created and further use of the stove would result in irreparable damage.

I therefore instructed Mrs. Yeatman to make arrangements to have the stove repaired and eliminate if possible the necessity of the purchase of a new stove this year. She has now had the work done, and reports that the stove is in first-class condition.

Voucher No. 165 is herewith enclosed covering the cost of this work at a price of \$8.00, which I consider is reasonable, and would recommend that the same be paid by the Department.

The Secretary, Indian Affairs Branch, Department of Mines
and Resources, Ottawa, Canada.

For two (2) years I have made provision in my estimates for the re-decorating of the Campbell River Indian Day School, but owing to the shortage of labour and our inability to get someone to do this work, it was not possible to have it done. The labour situation is still acute.

Last winter while visiting the Campbell River school, Miss Hill, teacher, informed me she thought that she could get an Indian lady to wash the ceiling and walls; in fact, everything in the building, and if this were done it would make it possible for us to carry on for another year without having the building painted.

The building was built in 1935 and there has never been any decorating done since, with the result that it was filthy and not healthy for the children. When Miss Hill informed me of the availability of an Indian lady, I examined the walls and found the paint was in good shape, and that if we could wash the interior thoroughly, the school would be nice and clean.

I, therefore, took it upon myself and instructed Miss Hill to obtain the services of an Indian lady to have this work done and asked her to supervise the job. This was a large undertaking and meant scaffolding in order to reach the high ceiling. I told Miss Hill that the department would pay Twenty-Five Dollars (\$25.00) to any Indian lady who would make a good job of it.

The Secretary, Indian Affairs Branch, Department of

Replying to your letter of January 6th last,
file #156-7-5, in respect to the School Inspector's
Report on the Campbell River Indian Day School, I
beg to advise you as follows:-

I have been trying for two years to obtain the
services of someone to paint the interior of this
classroom, but so far with the shortage of help, I
have been unable to get anyone. However, I am still
trying and as soon as anyone can be obtained, the work
will be undertaken. Provision has been made in our
estimates for this work.

With regard to the lighting of the classroom,
I might state I am aware that during the Winter months
it is very dark at times, and I understand some local
temporary arrangement is being made by the Indians until
such time as the matter can be permanently dealt with
by the department.

In regard to the other recommendations made by
the Inspector, these are now being attended to, and I
am waiting to hear from the teacher in respect to same.

The following is an extract from a report of Inspector Gower regarding his inspection of the Campbell River Indian Day School on December 9:

"As noted in a previous report the classroom is in need of a fresh coat of light paint.

"The classroom is rather dark during the winter months. Artificial lighting would greatly facilitate working conditions."

You might make inquiries and let me know the cost of decorating the interior of the classroom.

It should be possible to secure a suitable container for drinking water at a reasonable cost and you may arrange for purchase of same.

Recently at a general meeting of the Campbell River Band of Indians they requested permission from the department to install electric lights in the Campbell River Indian Day School, and passed a Resolution authorizing the department to pay for the installation and cost of lighting from Band Funds. As there was no signed Resolution received at that time, this will have to be obtained later.

The classroom is somewhat dark during the long winter days, and the Indians would like to provide better lighting for their children while attending school and I thoroughly agree with them, and when they have agreed to pay for the cost from their own Band Funds, I would appreciate if the department would approve of this and notify me by Airmail so that I may have the lights installed before the next school term opens.

I enclose you a copy of the estimate received from Vancouver Island Utilities Ltd. in the amount of Fifty-Nine Dollars and Fifty Cents (\$59.50).

Therefore:
A signed Resolution from the Indians concerned will be forwarded as soon as I can get them together.

This is to acknowledge receipt of your letter of
April 14th last, file #215-6-109, enclosing Inspector
Morrison's Report on Campbell River Indian Day School.

For your information, requisition covering the
supplies recommended by Inspector G. H. Gower was forwarded
Ottawa, and a portion of the requisition was authorized by
Ottawa for local purchase and was supplied so far as it was
possible to obtain. There were some items which could not
be purchased as they were not available. Just what Ottawa
shipped direct, if any, this office is not aware of, as we
are never advised. Notice of Shipment is sent direct to the
teacher for her signature, and she in turn mails it direct
to Ottawa, and we never get to know just what has been supplied
on the requisition until I visit the school and check up with
the teacher. In my opinion, a copy of the Notice of Shipment
should be forwarded to this office so that we could have a
record of what has been supplied direct from Ottawa.

Upon checking up our file I find, due to the change
of teachers at the end of November, 1944, Mrs. Waywell did
not purchase locally some articles authorized by the Depart-
ment, and due to this office being so busy, it escaped our
notice that this was not done. However, I am writing to
Mrs. Yeatman today and requesting her to forward a further
requisition covering the supplies she needs, and at the
same time requesting a list of the goods which have already
been received.

This office has done everything possible to supply
the materials recommended by the School Inspector. Requisitions
were forwarded Ottawa and I am sure Ottawa approved of every-
thing they felt was necessary. Nothing has been neglected

The Secretary, Indian Affairs Branch, Department
of Mines and Resources, Ottawa, Canada.

Recently while inspecting the Campbell
River Indian Day School I found quite a number
of pickets off the fence and quite a number
loose which needed re-nailing. I asked Mrs.
Yeatman our teacher to find out the cost of
replacement and she now informs me it will be
approximately Ten Dollars (\$10.00).

I would, therefore, appreciate if the
department would authorize the purchase of the
necessary pickets and nails to have this fence
repaired. Mrs. Yeatman will have the older boys
do the work if we will provide the material.

As it is getting near the end of our
year, I would recommend that authority be granted
for the work to be done immediately after April
1st, 1945.

An early reply from the department would
be appreciated.

Alert Bay, B. C.,
June 29th, 1945.

Indian Commissioner for B. C., Department of Mines and
Resources, Vancouver, B. C.

After a great deal of effort I have finally found
someone who will redecorate the Campbell River Indian Day
School, both interior and exterior, as well as out-buildings,
and I enclose you, herewith, tender submitted to this office
by Mr. Robert E. Yeatman of Quathiaski Cove, B. C., which
will be self-explanatory.

As the interior and exterior of this building require
decorating and as we have at last found someone who will do
the work, I would recommend that the Department approve of
this at an early date, as Mr. Yeatman informs me he must
take advantage of dry weather and wishes to have it fin-
ished shortly after July 15th, as he has other work to do
after that date. It will, therefore, be necessary to have
the Department wire me at once if they approve, so that I
can instruct him to proceed with the work, otherwise he
will not be able to do it.

I consider the price asked is exceptionally good
when the building is to receive two coats inside and out.

If we miss this opportunity to have it done now, I
can give no assurance when I will be able to find anyone
else to undertake the work. I, therefore, again request
the Department to communicate with me by wire, as I would
like to take advantage of this opportunity to get this
work done.

This will acknowledge receipt of your letter
of November 5th last, file #156-7-5, returning our
voucher No. 187.

For your information, this voucher in the
amount of \$1.82, covered electricity used in the
Campbell River Indian Day School for the month of
September only.

When Mr. Todd inspected that school last
month, Mrs. Yeatman, teacher, informed Mr. Todd
she had paid the electric light accounts for the
months of July and August. I enclose you copies
of the accounts for July and August which were
rendered to this office before Mrs. Yeatman paid
the account.

Voucher No. 187, as forwarded the Department,
is correct, and is being returned herewith.

Mr. M. S. Todd, Indian Agent,
Alert Bay, B. C.

The Treasury Branch has referred back to me your voucher No. 187. The meter reading on the account for the quarter ended June 30 was 123 while the enclosed account shows the previous meter reading as 132. Did the teacher pay for one account? The total account presumably covers the three month period.

If this is so, it may explain the fact that you did not make any deduction for a payment made by Mrs. Yeatman, as you did on your voucher No. 84. I therefore return your voucher No. 187 and would appreciate an explanation which I can give to the Treasury Division.

At the time Mr. Robert E. Yeatman was painting
the Campbell River Indian Day School, he discovered
there were twenty window panes loose and needed re-
puttying as well as replacing three panes.

As it was necessary to have this work done at
that time, I instructed him to go ahead, and I enclose
you, herewith, voucher #135 covering this work in the
amount of \$8.12, and would appreciate if you would
kindly approve of same and forward a cheque direct

ff ✓
I enclose herewith Mr. Indian Agent Todd's letter of June 29th and tender from Mr. R.E. Yeatman covering the supply of materials and labour required to paint the interior and exterior of the Campbell River Indian Day School building and the outbuildings at a cost of \$214.00. It will be noted that Mr. Yeatman, if given the contract, is anxious to proceed with the work at once as he has other employment in view after July 15th, in view of which it is recommended that the Department advise Mr. Todd by airmail if funds are available for painting this school. An amount of \$100.00 is provided in the estimates for this particular project, and as the question of painting this building has been the subject of comment by the School Inspector it is recommended that Mr. Todd be authorized to have the work done.

I may say that I am writing to the Agent pointing out to him that he has given us very little time to deal with this matter as his letter was not received at this office until July 3rd.

Indian Commissioner for B.C.

Alert Bay, B. C.,
June 29th, 1945.

Indian Commissioner for B. C., Department of Mines and
Resources, Vancouver, B. C.

After a great deal of effort I have finally found someone who will redecorate the Campbell River Indian Day School, both interior and exterior, as well as out-buildings, and I enclose you, herewith, tender submitted to this office by Mr. Robert E. Yeatman of Quathiaski Cove, B. C., which will be self-explanatory.

As the interior and exterior of this building require decorating and as we have at last found someone who will do the work, I would recommend that the Department approve of this at an early date, as Mr. Yeatman informs me he must take advantage of dry weather and wishes to have it finished shortly after July 15th, as he has other work to do after that date. It will, therefore, be necessary to have the Department wire me at once if they approve, so that I can instruct him to proceed with the work, otherwise he will not be able to do it.

I consider the price asked is exceptionally good when the building is to receive two coats inside and out.

If we miss this opportunity to have it done now, I can give no assurance when I will be able to find anyone else to undertake the work. I, therefore, again request the Department to communicate with me by wire, as I would like to take advantage of this opportunity to get this work done.

Encs.

this

Early this year/office advised the Department it was necessary to install a circulating oil heater in the Campbell River Indian Day School due to the fact that we were unable to get wood, and that the wood-burning heater was no longer safe.

In the Department's letter dated July 4th last, file #156-7-5 (WT1), they requested information regarding type required and its approximate cost. Following this, Commissioner MacKay in his letter dated July 25th last, file #6-11-4, requested to know if we could buy a suitable heater locally, and if so, to forward quotations so that the necessary Purchasing Order could be issued. The Commissioner further stated that if we were unable to buy one locally to advise him and they would endeavour to secure one in Vancouver.

Recently while in Vancouver I was informed that they were unable to buy one in Vancouver. At that time the B. C. Packers Ltd., Quathiaski Cove, wired me they could supply a stove but required immediate reply. As we had made arrangements with the oil company to obtain necessary stove oil, and as it was necessary to give them an immediate reply without forwarding it to Ottawa or the Commissioner's Office, I instructed them to supply this stove and have it installed in the Campbell River Indian Day School; as they were without heat due to the old stove having collapsed.

I attach hereto voucher #553 covering this purchase and recommend that it be paid. I might add this stove is of the larger type required for a school and is giving perfect satisfaction.

Acknowledging your letter dated July 4th
last, file #156-7-5 (W.T.1), authorizing supplies
for Campbell River Indian Day School, and requesting
information regarding a new heater, I wish to re-
commend as follows:

For several years we have had difficulty in
obtaining wood for both Cape Mudge and Campbell
River Schools. Last year we purchased an HH-50
Norge Oil Heater for the Cape Mudge School at an
approximate price of \$125.00. This heater is
proving very satisfactory and has overcome our
difficulty with fuel.

I should like to supply the same type of
stove for Campbell River School. It is very
difficult for teachers to have a fuel problem
when they live so far from the Agency, and I
would like to install an oil burner here. If
you would please advise me I will arrange to
purchase a circulating oil heater at an approximate
cost of \$125.00.

With reference to Mr. Neary's letter of November 29th regarding the supply of a new heater for the Campbell River Indian Day School, Kwawkwalth Agency, voucher No. 553 in the amount of \$136.50 in favour of B.C. Packers Limited is returned herewith, together with supporting purchase order.

The information set out in Mr. Todd's letter of November 21st returned to you herewith is not entirely in accordance with the facts as our file indicates that we had secured quotations on suitable oil heaters in Vancouver but were awaiting information from Mr. Todd with respect to a guaranteed supply fuel oil, which information was requested by letter on August 22nd.

Inasmuch as the purchase was approved by the Department and a new heater is no doubt necessary the voucher is recommended for payment.

P.O. Box 70, Vancouver, B.C.

We have your letter of the 22nd instant,
file 6-11-3, with reference to Turnour Island Indian
Day School.

In view of your recommendation we will
arrange to transfer from some other project an amount
of \$3,000. to complete the Campbell River and Turnour
Island Day Schools. It is noted that an amount of
\$500.00 will be required at Campbell River and \$2,500.
at Turnour Island.

As recommended in the last paragraph
of your letter, an accountable advance of \$2,000.
will be forwarded to Agent Todd, as soon as the
transfer of funds is completed.

Bernard F. Neary
Superintendent of Education.

Re: Campbell River and Cape Mudge Schools

I am enclosing a memorandum dated June 14th, from District School Inspector Davey, with regard to the admission of Indian children to the Provincial schools, Cape Mudge and Campbell River.

You will note that new Provincial schools are being erected at these points and that in the case of the Campbell River School, seventeen Indian children can be enrolled. On the basis of enrolment, the contribution required from the Department towards the capital cost of buildings and equipment will be \$18,700.00.

In the case of the Provincial school being erected on Quadra Island, twenty-three Indian children can be enrolled and on the basis of enrolment, the contribution required from the Department towards the capital cost of buildings and equipment will be approximately \$30,000.00.

Mr. Davey has covered the matter fully in his memorandum and there would appear to be no need to enlarge on the subject at this time.

In a letter to you of even date with regard to our school building program, I have suggested that some priority should be given in the allotment of available funds to

Memorandum:

DEPUTY MINISTER

Campbell River Indian Day School.

Cape Mudge Indian Day School.

In accordance with the recommendation of the Joint Parliamentary Committee that Indian children, wherever possible, be educated in association with other children, our field officials have been carrying on negotiations with various provincial departments of education.

These talks have been particularly successful in British Columbia where we have our own School Inspector. Mr. Davey, a former provincial department of education official, has been able to make considerable progress in having Indian children admitted to provincial schools. The total of such children now enrolled in these schools has risen to 458.

For some time Inspector Davey has been in discussion with the Campbell River School District concerning the two new provincial schools being erected at Campbell River and on Quadra Island (near the Cape Mudge Reserve). Please find attached a complete memorandum from him, clearly outlining the situation at each of these schools insofar as it concerns the Indian children who might be educated in them. As these are children of the United Church faith, there will be no objection from local missionaries to the proposals outlined by Inspector Davey. A summary of his suggestions is as follows:

- (a) Campbell River - size of school 21 rooms including library, home economics and industrial arts.

Cost of school - \$485,599 plus 6% architect's fees and \$61,961 equipment.

Indian Affairs. (RG 10, Volume 6418, file 855-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

White enrolment - 439
Indian enrolment - 17

Estimated contribution from Indian Affairs
Branch on basis of enrolment - \$18,700.

(b) Cape Mudge (Quadra Island Provincial School) -

Size of school 4 rooms (Superior)

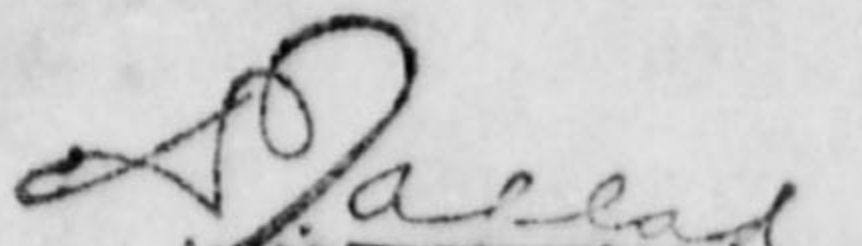

Cost of school, anticipated \$98,310
and equipment at 11,834.

Transportation - one mile walk to bus and
5 mile trip by bus.

White enrolment - 72
Indian enrolment - 23

Estimated contribution from Indian Affairs
Branch on basis of enrolment - \$30,000.

You will note Inspector Davey recommends that we continue both our small one-room schools as primary and kindergarten rooms. I concur in his recommendation as too often the first two years of school are taken up with teaching these Indian children to speak English. Mr. Indian Commissioner Arneil has recommended that the Department make a contribution towards the capital costs of provincial schools at both Campbell River and Quadra Island. I concur in his recommendation and would request that we be authorized to prepare an agreement to be entered into with the Campbell River School District, along similar lines to the draft agreement attached hereto.

Acting Director.

AGREEMENT made this day of A.D. 1949.

BETWEEN:

HIS MAJESTY KING GEORGE THE SIXTH in
right of Canada, represented herein by
The Minister of Mines and Resources,
hereinafter called the "Minister"

- and -

THE ASHCROFT SCHOOL DISTRICT NO. 30
in the Province of British Columbia
hereinafter called the "School District"

WHEREAS the St. George's Indian Residential School is
situated near the town of Lytton in the Province of British Columbia;

AND WHEREAS this school is graduating into high school
an increasing number of Indian pupils;

AND WHEREAS Lytton High School operated by the School
District is now overcrowded and will require an extra classroom
to accommodate these pupils;

AND WHEREAS nine of the additional twenty pupils for
whom high school educational facilities are required are Indian
children;

AND WHEREAS the School District estimates that the cost
of this addition will be approximately fourteen hundred dollars
plus two hundred and fifty dollars for additional equipment or a
total of sixteen hundred and fifty dollars;

AND WHEREAS THE Minister is of the opinion that these
Indian children can best receive high school education in the
Lytton High School and that the financial assistance agreed upon
in the terms hereinafter mentioned is fair and reasonable;

NOW this Agreement Witnesseth that the parties hereto
mutually covenant and agree as follows:

1. That this Agreement shall commence on the first day
of January, 1949, and shall be subject to the terms,
conditions and stipulations hereinafter expressed,

2. The Minister shall pay to the School District an amount of seven hundred and forty-two dollars and fifty cents (\$742.50) which sum represents nine twentieths of the estimated expenditure for the establishment of an additional high school classroom.
3. The Minister shall pay to the School District, tuition fees for these Indian High School pupils in accordance with the provisions of Section 133 "Public Schools Act" of the Province of British Columbia.
4. The School District shall render each quarter to the Minister a statement of the tuition fees to be paid; this statement shall be in the form as prescribed by Section 133, "Public Schools Act" of the Province of British Columbia.
5. It is understood and agreed upon between the parties hereto that neither the execution of this Agreement nor anything contained herein nor the expenditure of any funds hereunder by His Majesty in right of Canada shall be deemed to confer upon the Minister or any officer or department of the Government of Canada any right of supervision or control over any school or educational institution operated by the School District, with respect to which any funds are expended under this Agreement, nor any supervision or control over the administrative or teaching personnel or the curriculum or the methods of instruction or the materials of instruction of any such school or educational institution.
6. The Minister shall endeavour to maintain a standard of health, cleanliness and clothing among these Indian pupils such as would be comparable to that of white
